POLICE DEPARTMENT.

NOTICES.

The 28th December 1891.

A headless body of a male person was found on the 10th October 1891, in a bush of Attikuttehalla, about 150 yards to the west of Mysore-Hassan High road on the 6th furlong of the 27th mile.

It is described to be the body of a middle sized brown colored person aged 25 or 30 years. An iron ring was found on one of the toes of its right foot.

The claimants of the above person, or other persons who may know anything about him are hereby requested to place themselves in communication with the Assistant Superintendent of Police, French Rocks Sub-Division, Mysore District.

L. RICKETTS,
Inspector General of Police in Mysore.

The 12th December 1891.

Descriptive Roll of a person wanted by the Devanhalli Taluk Police.

Name.—Chikmuniga. *Resident.*—Channandahalli. *Hobli.*—Vadigenhalli. *Taluk.*—Devanhalli. *Caste.*—Balagai. *Occupation.*—Cultivator and Toti. *Father's name.*—Not known. *Age.*—About 32. *Height.*—5 feet 2½ inches. *Complexion.*—Brown. *Face.*—Round.

The accused absconded after severely kicking a woman, who ultimately died from the injuries sustained. Has relatives, residing in Sidlaghatta Taluk, Kolar District, Cantonment, Bangalore, and at Kandakur in Her Majesty's Territories and likely to go to these places.

C. HAUDIN,
Assistant Superintendent,
Bangalore District.

The 28th December 1891.

Notice is hereby given to Madar Sab, a jatka driver of Bowringpet, whose whereabouts are now reported to be unknown, that he should appear before the undersigned within 6 months from this date to receive Rs. 0—12—0 (annas twelve only), a moiety of fine inflicted on him in Criminal Case No. 76 of 1891 on the file of this Court, which has been ordered to be refunded to him in Appeal No. 299 of 1891, after which time, the amount will be credited to the Government.

BANGALORE DISTRICT.

NOTIFICATION.

The 22nd December 1891.

Necessity for re-allotment of shop sites in new Taragupete, Bangalore City, having arisen in consequence of the proposal to take a Branch Railway line through the grain mart, a meeting of the purchasers was convened this morning at 8 A. M., and in accordance with the settlement arrived at, the aforesaid shop sites lying to the west of the Fort will be sold by public auction by such officers as may be deputed by the undersigned, on the spot, on the 9th, 10th and 11th January 1892, commencing at 8 A. M., each day.

2. The sites will be knocked down to the highest bidder.

3. The purchaser will be required to deposit 25 per cent of the purchase money immediately after the bid is knocked down, and if the remainder is not paid within 15 days from the date of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up within the 15 days, the site shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale will be required to state whether they bid on their own account or as agents for others, and in the latter case, shall deposit a written authority signed by their principals; otherwise their bids will be rejected.

6. The sale will not become absolute until it has been confirmed by the undersigned, with whom rests the right to accept or reject any bid or bids without assigning any reason therefor.

7. The purchasers will, as soon as the sale is confirmed by the undersigned, be placed in possession of the property purchased and certificates of sale granted at the cost of applicants.

8. On completion of the sale, purchasers shall build, on the sites purchased, shops on designs approved of by the undersigned. The shops to be completed within 6 months from date of conveyance of the sites. In default, the sites will be resumed and resold.

9. The plan of the sites may be had for inspection at the Municipal office during office hours.

KUMARASAWMI NAIK,
for *Deputy Commr.*

SHIMOGA DIVISIONAL JAIL.

NOTIFICATION.

The 15th December 1891.

Notice is hereby given that sealed tenders will be received on Friday the 15th January 1892 at 8 A. M., by the Superintendent of the Shimoga Jail, for the supply, by contract of all articles of diet, &c., required for the use of prisoners confined in the Shimoga Jail from 1st April 1892 to 31st March 1893, both days inclusive ; and also of the articles for the Manufacturing Department for the same period.

2. This contract will be subject to the confirmation of the Inspector General of Prisons in Mysore.

3. No tenders will be received after the time fixed above.

4. Tenders may be submitted for all the articles together in one tender, with deposit of Rs. 300 or separately for I Grain with deposit of Rs. 100 ; II Condiments with Rs. 50 ; III Mutton with Rs. 50 ; IV Firewood with Rs. 25 ; V Kerosine oil, &c., with Rs. 25 ; VI Other necessaries with Rs. 25 and VII Articles required for Manufacturing Department with Rs. 25.

5. No tenders will be received unless accompanied with the above deposit amounts. Such deposit amount may be in cash or in Currency Note.

6. Tenders may be superscribed " Tenders for the supply of provisions and other articles for the Shimoga Jail, as the case may be.

7. Tenders will be opened by the Superintendent of the Shimoga Jail, at the Jail Office, on the above date and hour, in the presence of such tenderers as may choose to attend.

8. All tenders must specify the rate at which the articles, as per list attached, can be supplied in pound weights per rupee, except those otherwise mentioned under heads V Kerosine oil, VI Other necessaries and VII Articles required for Manufacturing Department which must give different quantities, and rates at which the various articles will be supplied.

The figures in tenders should neither be erased nor altered, so that there may be no room for doubt.

9. When the Jail supply of vegetables, earthen pots, including large and small lotas and plates falls short, the contractor will be bound to supply.

10. The contractor will supply ragi grain to be ground by convicts, and it will be issued as flour. The supply to be calculated and payment made upon the quantity of flour so issued at the price of the ragi grain.

11. The rice, ragi, dál, ballar and all other articles to be supplied by the contractor must be of good quality and thoroughly cleaned.

12. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

13. The deposit of the successful tenderer will be retained and will be forfeited, if he fails to execute the contract bond, within one week from the date of the acceptance of his contract being made known to him.

14. No advance of cash will be made to the contractor. Payments of the articles supplied will be made by the Superintendent of the Shimoga Jail, as soon as possible after the first of each month.

15. A store-room will be made over to the contractor in which he can keep all non-perishable articles including rice and ragi, of which not less than a week's supply must always be kept in store. Perishable articles, such as meat, vegetables, milk, tyre, &c., must be at the Jail at 8 A. M. daily for inspection.

16. The contract must not be sub-let.

17. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Shimoga Jail for any infringement of the stipulation of the contract, or for the supply of any inferior articles, and, if frequently violated, the contract will be annulled and the deposit money confiscated to Government.

If any articles be rejected at the time of inspection as inferior in quality, and if the contractor fails to recoup immediately the same in good quality, the same will be purchased, if necessary, by the Jail authorities, in the local market, at the then existing rate, and the payment will be made to the owner of such articles, after deducting from the contractor's bill.

18. The decision of the Superintendent of the Shimoga Jail to be final in all questions of infringement of contract.

19. If any more information on the subject is required, it can be obtained by applying to the Superintendent of the Shimoga Jail.

20. The Superintendent will purchase, elsewhere whenever required, any other articles that is not mentioned in this notification.

21. In case the contractor after taking the contract is not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the deposit money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure or by Government having to purchase the articles specified in the contract bond in the local markets at higher rates than those contracted for.

N. B.—No concession of any description will be allowed in the above contract.

K. NAGESA RAO,
Supt., Shimoga Jail.

MYSORE DISTRICT JAIL.

NOTICE.

The 5th December 1891.

Notice is hereby given that sealed tenders will be received up to the 15th January 1892 by the Superintendent of the Mysore Jail for the supply by contract of all articles of diet, &c., required for the use of prisoners confined in the Mysore Jail from 1st April 1892 to 31st March 1893, both days inclusive.

II. No tenders will be received after the date above mentioned.

III. Tenders to be superscribed "Tenders for the supply of the provisions, &c., for the Mysore Jail."

IV. No tenders will be received unless accompanied by a deposit of (Rs). 500 in cash or currency notes for the supply of provisions and (Rs). 100, for the supply of raw materials for the manufactory.

V. Tenders will be opened by the Superintendent of the Mysore Jail at the Jail Office on the date above named in the presence of such tenderers who may choose to attend at 7-30 A. M.

VI. All tenders must specify the rate at which the following articles can be supplied in pound weights per rupee of good quality :—

1. Rice, boiled and unboiled, 2. Ragi, 3. Dhal, 4. Ballar, 5. Tyre, 6. Meat (without bones), 7. Gingelly-oil, 8. Ghee, 9. Tamarind, 10. Salt, 11. Onions, 12. Garlic, 13. Curry powder, 14. Vegetables, 15. Sugar, 16. Bread, 17. Milk, 18. Firewood (dry), 19. Kerosine-oil without tins.

VII. The contractor will supply ragi grain to be ground by convicts and it will be issued as flour. The supply to be calculated and payments made upon the quantity of flour so issued at the price of the ragi grain.

VIII. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

IX. No advance of cash will be made to the contractor. Payment for the articles supplied will be made by the Superintendent, Mysore Jail, as soon as possible after the first of each month.

X. The deposit of the successful tenderer will be retained and will be forfeited if he fails to execute the contract bond or to furnish security to the amount of Rs. (500) in cash or Government bonds for the supply of provisions, and to the amount of Rs. (100) for the supply of raw materials within one week from the date of acceptance of his contract being made known to him.

XI. A store-room will be made over to the contractor in which he can keep all non-perishable articles. Perishable articles such as meat, &c., must be at the Jail by 7-15 A. M. daily.

2. The estimates of receipts and expenditure prepared in the District Office were read as below.

Receipts for 1891-92.

Balance on 31st March 1891, as per Comptroller's No. 3753, dated 7th November 1891.	Rs. 37,930
Receipts as per Proceedings of Government dated 13th May 1891	„ 60,137
Total Rs....	98,067

Expenditure during the year.

Public Works	Rs. 52,209—0—0
Civil Charges	„ 4,859—0—0
Moiety of charges for Dodballapur midwife	„ 130—0—0
Total....	57,198—0—0
Probable balance on 1st April 1892	Rs. 40,869—0—0
Estimated receipts as per abstract statement accompanying for 1892-93	„ 63,794—0—0
Total assets for the new year 1892-93	„ 1,04,663—0—0

3. The Board note that the estimates are based on past year's collections ; but are of opinion that owing to the impending famine, the income estimated may not be realized, and that it would be safe to limit the expenditure to the amount of the probable revenue, leaving the balance untouched, to meet any deficit in the collections.

4. The Board accordingly proceed to consider the estimates of expenditure submitted by the Executive Engineer and the Amildars of Taluks for the coming year.

5. The Executive Engineer's statement (copy attached) showing the annual maintenance allowance for the District Fund roads (measuring in all 410 miles) at Rs. 25,145, is sanctioned, with an increase of Rs. 10 extra, per mile, or Rs. 200 for the whole line for the Closepet-Magadi road as the traffic on it has increased.

6. The reserve grant of Rs. 10,855 against Rs. 12,055 for 1891-92, is also sanctioned.

7. The President remarked that the costly stone parapet now being put up to the Bidarkuppe Tank bund was a waste of money. A few crossings as proposed for Arlamallige and Madhure Tanks in Dodballapur would have amply sufficed to ensure the safety of carts passing on the bund.

8. *Original Works.*—A provision of Rs. 3,000 to be made for opening the Kodihalli-Satnur road, the estimate for which was sanctioned in November 1891 and on which an outlay of about Rs. 2,000 has already been incurred. Similarly a provision of Rs. 2,000 to be made for opening out the Devangondi Railway feeder and for connecting it with the Hoskote-Malur road, the northern portion to be first put in hand and then the southern section to be taken up.

9. The Board consider that the present Hoskote-Jangamkote road passes through comparatively unfrequented tract and may be treated as a cart-track for the future, the allotment for its maintenance being reduced.

10. The Hoskote-Sulebele road is more popular, as it passes through populated villages and traffic, even now, with all the breaks and interruptions on the road, prefers this to the Jangamkote road. The Sulebele road also passes along the bunds of valuable tanks and these will be incidentally strengthened by a good road being taken on them.

11. The Sulebele road may be extended and joined on to Jargamkote road. The country is easy for road making, and the work will improve this part of the Taluk in every way. The Board therefore resolve that a provision of Rs. 2,000 be made for this extension.

12. The usual provision of the Public Works Department establishmental cost of Rs. 10,000 per year, and of about Rs. 5,000 for civil charges are passed.

13. The total grants will be as follows :—

	Rs.
Under "Repairs, Communications"	37,200
Original works	12,000
Public Works Department establishment charges ..	10,000
Civil charges	4,989
Total Rs...	64,189
Estimated income for 1892-93 Rs...	63,794
Deficit Rs....	395

14. It will be seen that the fixed annual charges and the cost of the three small original works to be carried out by Public Works Department have wholly swallowed up the estimated income and there is a deficit of Rs. 395 to be made good from some other source.

15. There is no money for carrying out some of the very useful projects brought forward by the Amildars. The Board are unanimously of opinion that a strong appeal should be made to Government for an allotment of at least Rs. 20,000 from the Local Funds General for taking up some of the valuable works brought forward by the Amildars. The total cost of these is Rs. 46,997.

16. There is also no money available for starting the various petty improvements necessary for improving the health of villages on which Government, in para 3 of its Proceedings No. 7259-66—L. 576, dated 25th September 1891, lays so much stress.

17. In anticipation of such a grant from Government, the Board resolve to allot the following sums to each Taluk for effecting sanitary improvements in villages where they may most urgently be wanted and for carrying out such other works, out of those suggested by the Amildars, as may be considered to be urgent by the President :—

	Rs.	
Bangalore Taluk	3,500	
Closepet	2,500	(500 for Channapatna Sub-Taluk.)
Hoskote	1,500	
Anekal	2,500	(500 for sanitary improvements of Bannerghatta.)
Kankanhalli	1,500	
Magadi	2,000	
Nelamangala	1,500	
Dodballapur	2,500	
Devanhalli	2,500	
Total Rs...	20,000	

PROPOSITION I.

18. The Board proceed to consider, the first Proposition, *i. e.*, filling up the vacancy caused by the death of Mr. Doddi Venkataramana Chetti. Names of 5 gentlemen noted below were proposed. At the suggestion of the President, the votes of the members present were taken and the following is the result :—

Mr. A. Narainsami Mudaliar, R. B., secured 7 votes.

,, B. Ramaswamaiengar, do 5

,, Gangadhara Chetti, do 4

,, Vairagi Chetti Nanjundappa, do 1 vote.

None voted for Mr. Vélu Mudaliar.

19. The Board accordingly resolve to submit the name of Mr. A. Narainsami Mudaliar, B. B., to Government for nomination as a member of the Board.

PROPOSITION II.

20. The Executive Engineer's recommendation to appoint 4 watchmen for the 4 Inspection Lodges noted in the margin, at Rs. 5 each, is sanctioned. It would appear that hitherto the item was being met from the maintenance allowance of the District Fund Roads.

Tavarekere,	Magadi	Taluk.
Kaglihalli,	Kankanhalli	do
Vadavatta,	Closepet	do
Hindignal,	Hoskote	do

PROPOSITION III.

21. Resolved that Rs. 400 recommended by the Senior Surgeon, for supply of furniture for Local Fund Dispensaries, be allowed.

PROPOSITION IV.

22. Regarding sanitation, one or two villages should be taken up at a time in each hobli and their sanitation placed on a satisfactory footing with the help of the villagers and village servants. Any expenditure necessary may be met from the funds set apart for each Taluk in para 17 of these Proceedings.

23. The first thing to do is to remove the manure pits from the heart or close neighbourhood of villages. Government waste should be selected at some distance from the villages and the manure heaped, so that it may not be in the direction of the prevailing winds. It should be deposited to the north-west or south-east of a village.

24. When no waste is available within a reasonable distance, the raiyats may be induced to deposit their manure in a portion of their own fields. When this cannot be managed, a field may be purchased by Government on payment of a reasonable compensation and the raiyats made to store the manure in portions to be allotted to them. A sum of Rs. 200 may be appropriated in each Taluk for this purpose.

25. Another source of danger to health is the practice of burying and burning corpses in tank bed and near sources of water supply. For abating this nuisance and allotting lands for these purposes in distant unobjectionable places for each village, a sum of Rs. 100 will be set apart.

26. Next attention should be given to levelling and draining streets in the larger villages. A sum of Rs. 100 is assigned for this purpose.

27. For planting of topes and removing prickly pear, &c., from the vicinity of villages, another sum of Rs. 50 is allotted per Taluk. Thus, there is a total amount of Rs. 450 for each Taluk, allotted for sanitary purposes. Sanitary works should receive prior consideration in expending the sums allotted to each Taluk in para 17.

28. The improvements made by the Amildars under sanitation, should be specially brought to the notice of jamabandi officers who will inspect, as many of them as possible, and embody the result of their inspection in their annual jamabandi reports.

29. With regard to the question of providing good drinking water to villagers, and of preserving existing wells from pollution, separate orders have been passed.

PROPOSITION V.

30. Government Proceedings No. 6591-600—L. 451 of 10th September 1891, sanctioning Budget Estimates of the Local Funds of the District for current year, are read and recorded.

PROPOSITION VI.

31. Also Government Proceedings No. 7259-66—L. 576 of 25th September 1891, prescribing revised forms of accounts are read and recorded for guidance.

PROPOSITION VII.

32. Read City Vice-President's letter No. 766 E. 4, dated 13th October 1891 about the necessity for a road from Gavipuram to Rudrasami's Temple, and promising to contribute ¼th cost from the City Municipal Funds.

33. The proposal of the City Municipal Board is accepted. A sum of Rs. 532 is sanctioned for the purpose. The work to be carried out by the City Municipal agency.

PROPOSITION VIII.

34. Yele Puttasami Chetti's petition, dated 15th September 1891, about opening a road to Kadamalleswara Temple, was read.

35. Resolved that, as the want of the road is greatly felt, provision be made for it. It is estimated by the Amildar to cost about Rs. 2,000.

PROPOSITION IX.

36. Read petition of Kodihalli villagers received with Chief Secretary's Official Memo No. 52, dated 30th June 1891. The petitioners are stated by the Amildar of Kankanhalli to have no cause for complaint, as some good wells are stated to be in existence in the village.

PROPOSITION X.

37. It was brought to the notice of the Board that there is no Accountant or Clerk allowed for checking and compiling the Local Funds accounts and for carrying on the correspondence in the Local Fund Department. The Statistical Clerk maintained from the Local Funds has more than enough of his own special work to do. The Proceedings of the Government No. 8196-206—L. 650, dated 29th October 1891, are read, and a provision of Rs. 30 per month is made for employing a Clerk for doing Local Fund work in the District Office.

PROPOSITION XI.

38. Read Government Proceedings No. 6999-7008—Cir. 123 about supply of Amrut Mahal bulls for breeding purposes. Resolved that as the present season is unfavorable, the question of purchasing bulls be allowed to stand over for the present.

PROPOSITION XII.

39. Read Government Proceedings No. 8170-8—L. 646, dated 28th October 1891, about the appointment of a Special Engineer for Local Fund works with suitable establishment.

Resolved that a separate report be submitted on the subject.

40. The Board in conclusion desire to remark that owing to paucity of funds, many very desirable works have had to be left out and that the cost of the annual maintenance of roads is very heavy in this District.

41. The Board would therefore request that Government may be pleased to transfer the Bangalore-Mysore road *viâ* Kankanhalli, to the Provincial Budget and thus relieve the District Funds to the extent of nearly Rs. 4,000 per annum. In anticipation of this concession, the Board have made provision for the grants made under Propositions 2, 3, 7, 8 and 10 amounting in all to Rs. 3,532 which otherwise will have to be met from any available balance which may be left at the credit of the District Funds in the year 1892-93.

MYSORE STATE LIFE INSURANCE.

CIRCULAR No. 4.

Dated Mysore, 29th November 1891.

The Secretary to the Insurance Committee has the honor to request that District Treasury officers and Amildars will, from December next, maintain the marginally noted two Registers in the accompanying forms for recording the names &c., of the Insured paying premium at the Treasury and the amount of premium credited.

No. I. General Register of Insured paying premium at the Treasury.
No. II. Daily Register of Premiums credited at the Treasury.

The following instructions should be carefully observed in recording entries in the above Registers.

On the receipt of Policies from this Office for delivery to the Insured or on the receipt of an intimation of the transfer of an Insured from another station as prescribed in Circular No. 5 of this date, they should be immediately entered in Register No. I.

Only the names of such Insured as draw their pay from the Treasury on separate pay bills signed by themselves need be shown in Register No. II. When payments are made on Establishment Pay Abstracts accompanied with a statement of premiums as required in this Office Circular No. 3, dated 27th November 1891, the total amount of premiums shown in the said statement should be posted in this Register; but before doing so the statement in question should be thoroughly scrutinized as to its correctness with reference to the deductions made in the Pay Abstract as per Circular orders.

Immediately after the close of the month, each Amildar will send a copy of the entries in his Register No. II, with the Departmental statements, to the District Treasury Officer who will check the statements, enter them in the District Treasury Register No. II and submit to this office a consolidated statement in abstract supported by Taluk and other Departmental statements. This consolidated statement will be called the District Monthly Return of Premiums collected (*vide* sample statement hereto appended).

NOTIFICATION.

The December 1891.

No. —It is hereby notified for public information that the undermentioned Jodi Ablatti village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidar, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Deputy Commissioner may, at his option, instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before sunset on the day previous to that appointed for the sale.

7. The sale of the property will not become absolute until the sale has been confirmed by the Dewan.

8. Purchaser having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Dewan, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 30 days from the day of sale and the purchase shall be conditional on the final order in such appeal.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by Subbabhatta and others, revenue defaulters, the undermentioned immovable property will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the 25th January 1892. The sale will commence at 11 A.M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is Rs. 306—9—3 as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf or claiming an interest in the property, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale, shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale, and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final order in such appeal.

CIVIL AND MILITARY STATION, BANGALORE.

IN THE COURT OF THE DISTRICT JUDGE.

Mis. Application No. 454 *of* 1891.

In the matter of the estate of Somappa .. .. *Deceased.*
Kalappa (Minor) by guardian Dodda Virappa .. .. .. *Applicant.*

Whereas Kalappa (Minor) by guardian Dodda Virappa, resident of Alsur, Civil and Military Station, Bangalore, claiming to be the son of the said Somappa, deceased, has applied to this Court for a certificate under Act VII of 1881 to collect debts payable in respect of the estate of Somappa, deceased, resident of Civil and Military Station, Bangalore.

Notice is hereby given of the said application; and all claimants in the estate of the said Somappa deceased, are invited to appear in this Court on Wednesday the 17th day of February 1892, at 11 A. M., when the petition of the said Kalappa (Minor) by guardian Dodda Virappa, applicant, will be heard, and the right to the certificate will be determined.

Given under my hand and the seal of this Court, this 24th day of December 1891.

P. S. KRISHNA RAO,
District Judge.

NOTICE.

The 2nd January 1892.

Is hereby given to the public that Mr. J. G. McDonnell, Excise Assistant Commissioner in Mysore, Toddy Department, and Mr. B. Gopalaiengar, Special Revenue Officer, will arrive at the places named in the margin on the dates indicated against each place to open and dispose of the Taluk Toddy tenders at the Taluk Cutcherry and all tenderers are invited to be present. In case of illiterate men, tenders will be received personally before the others are opened. Tenderers should bring their sureties to the Taluk Cutcherry. Cash will be accepted if tendered in lieu of personal security if desired by the tenderer to the extent of one-fourth of the total amount of the contract.

2. Should there be reason to apprehend any combination amongst the tenderers or on any other grounds which will affect the interests of Government, each farm by itself or all the farms together of the Taluk will be put up to auction, either before or after, or both before and after the tenders are opened, and the highest approved bid secured by open competition will be noted and submitted for the orders of the Deputy Commissioner and Government, if the Amildar is satisfied of the tenderer's or bidder's solvency, and capabilities for performing his engagements with Government. To obviate disappointment on this head, intending tenderers and bidders from other places are advised to bring a certificate from the Amildar of the Taluk, or any other responsible officer of Government, to that effect.

3. The right of accepting or rejecting the highest or any tender put in or bid offered whatsoever, without assigning any reason therefor, is reserved.

J. G. MCDONNELL,
Excise Asstt. Commissioner,
Toddy Department, Mysore.

MYSORE STATE LIFE INSURANCE.

CIRCULAR No. 4.

Dated Mysore, 29th November 1891.

The Secretary to the Insurance Committee has the honor to request that District Treasury officers and Amildars will, from December next, maintain the marginally noted two Registers in the accompanying forms for recording the names, &c., of the Insured paying premium at the Treasury and the amount of premium credited.

No. I. General Register of Insured paying premium at the Treasury.
No. II. Daily Register of Premiums credited at the Treasury.

The following instructions should be carefully observed in recording entries in the above Registers.

On the receipt of Policies from this Office for delivery to the Insured or on the receipt of an intimation of the transfer of an Insured from another station as prescribed in Circular No. 5 of this date, they should be immediately entered in Register No. I.

Only the names of such Insured as draw their pay from the Treasury on separate pay bills signed by themselves need be shown in Register No. II. When payments are made on Establishment Pay Abstracts accompanied with a statement of premiums as required in this Office Circular No. 3, dated 27th November 1891, the total amount of premiums shown in the said statement should be posted in this Register; but before doing so the statement in question should be thoroughly scrutinized as to its correctness with reference to the deductions made in the Pay Abstract as per Circular orders.

4. Immediately after the close of the month, each Amildar will send a copy of the entries in his Register No. II, with the Departmental statements, to the District Treasury Officer who will check the statements, enter them in the District Treasury Register No. II and submit to this office a consolidated statement in abstract supported by Taluk and other Departmental statements. This consolidated statement will be called the District Monthly Return of Premiums collected (*vide* sample statement hereto appended).

NOTIFICATION.

The December 1891.

No. —It is hereby notified for public information that the undermentioned Jodi Ablatti village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidar, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Deputy Commissioner may, at his option, instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before sunset on the day previous to that appointed for the sale.

7. The sale of the property will not become absolute until the sale has been confirmed by the Dewan.

8. Purchaser having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Dewan, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 30 days from the day of sale and the purchase shall be conditional on the final order in such appeal.

2. The sale will be conducted by the Chikballapur Sub-Division Officer on the 15th February 1892 from 11 A. M. to 5 P. M.

3. After the sale is concluded no bid will be entertained.

4. The highest bidder will be required to deposit one-fourth of the purchase money immediately after the sale is closed and to pay up the rest within 15 days from the date of the sale. If the highest bidder fails to pay the full amount within this period, the deposit will be liable to forfeiture and the lands will be sold at the expense and risk of the first purchaser.

5. The sale will not become absolute until the same has been confirmed by the Deputy Commissioner.

6. If the sale is confirmed by the Deputy Commissioner, the lands will be registered in the name of the purchaser from and including the year Nandana 1892-93 and he will be put in possession of the same at the close of the year Khara 1891-92. It is to be understood that Government are not responsible for errors of description or in estimated extent.

7. The sale will be conducted on the spot number by number.

8. For further particulars, apply to the Amildar of the Goribidnur Taluk.

A. KRISHNASWAMAIENGAR,
Sub-Division Officer.

MYSORE DISTRICT.

NOTIFICATION.

The December 1891.

No. —It is hereby notified for public information that the undermentioned Jodi Ablatti village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidar, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Deputy Commissioner may, at his option, instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before sunset on the day previous to that appointed for the sale.

7. The sale of the property will not become absolute until the sale has been confirmed by the Dewan.

8. Purchaser having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Dewan, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 30 days from the day of sale and the purchase shall be conditional on the final order in such appeal.

EDUCATION DEPARTMENT.

INDUSTRIAL SCHOOL, MYSORE.

PROSPECTUS.

The 11th January 1892.

1. An Industrial School will be shortly opened at Mysore to teach most or all of the following industries :—

1 Carpentry.	4 Stone-cutting.
2 Masonry.	5 Pottery.
3 Blacksmith's work.	6 Rattan-work.

2. The school will be open to boys of any caste or creed. Orphans, sons of artisans and poor, but deserving boys will be preferred to others.

3. The minimum age for admission will be 10 and the maximum 18 years.

4. Candidates for admission must be able to pass at least the Lower Primary Vernacular Standard in Reading, Writing and Arithmetic.

[Rules 3 and 4 will be relaxed at the discretion of the Committee in the case of sons of artisans and boys already engaged in some industry.]

5. Pupils that have not passed an examination of the Upper Primary Vernacular Standard in Reading, Writing and Arithmetic will be expected to obtain instruction in the Night School at Mysore, till they pass the Upper Primary Standard in the above subjects.

6. Drawing and modelling will be compulsory subjects for all pupils.

7. Pupils of distinguished abilities will be permitted to learn more than one trade.

8. The school will be open every day except Sundays and holidays from 7 to 10 A. M. and 2 to 5 P. M. Pupils of other schools will be allowed by the Superintendent to attend the Industrial School for a portion of the day if they can do so without interference with their general studies.

9. The course of instruction will extend over three years, at the end of which an examination will be held equal in difficulty to the Lower or Elementary Examinations of the Madras Government in Science, Art and Industries. Those who pass these examinations will obtain an Industrial certificate.

10. A monthly scholarship not exceeding Rs. 3 will be given to poor and deserving pupils. The number of scholarships will be limited to 50.

11. Pupils that fail to pass the periodical examinations or the final examination will be liable to forfeit their scholarship.

12. A register will be kept of the work turned out by the pupils when it has a marketable value. At the end of each quarter, a valuation will be made of the work turned out by each pupil and the net earnings after the cost of material and the amount of scholarships received by him are deducted, will be paid as a bonus to the pupil.

13. Annual exhibitions may be held, of the work produced by the pupils, at which prizes will be awarded to them for the best specimens of workmanship.

14. Applications for admission should be made to the Superintendent or the Writer of the school.

NOTIFICATION.

The 5th January 1892.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

N. B.—No tolls will be levied on foot passengers.

The 19th January 1892.

The exclusive right of transporting passengers, goods, vehicles, animals, &c., and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildars or Sheristadars of each Taluk, subject to the confirmation of the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed and will, if necessary, be continued on the following days.

3. The ferries will be leased out for one year from 1st April 1892 to 31st March 1893.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid and the collection of tolls therefor except by, or on behalf of, the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce, before the officer conducting the sale, one-fourth of the accepted bid, failing which, the lease will be resold at the first purchaser's risk.

6. The accepted bidder shall, within 4 days from the date of the acceptance of the bid, execute, in favor of the Deputy Commissioner, a mutchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said mutchalika to enter into his contract. If the accepted bidder fails to execute and deliver the mutchalika, the lease will be re-sold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*a*) Government mails, stores and remittances and all persons, animals and vehicles employed in carrying the same.

(*b*) All Government officials including troops travelling on duty and also in the case of Police officers, prisoners and property in their custody.

(*c*) All parties employed by Government servants to carry official reports, when so carrying such reports.

(*d*) Children under 12 years of age.

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in six monthly instalments commencing from 1st June 1892, and the deposit will be credited to the last 2 "Khists." All payments shall be made in the Taluk Treasuries in which the ferry lies.

11. At each ferry, a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

14. Every passenger crossing a ferry is allowed to carry with him his luggage not exceeding in weight an Indian maund without any additional fee for the same. Any quantity in excess of the above will be liable to an additional fee of one anna for each Indian maund or less.

15. Should the contractor be found to have acted contrary to any of the above rules, he shall, for every breach of such rules, be liable to a fine not exceeding Rs. 50 or as the Deputy Commissioner may deem fit.

The 12th January 1892.

Notice is hereby given for general information the right to tap Bagani trees and to sell Bagani Toddy in the undermentioned Taluks of the Shimoga District for two years, *viz.*, from 1st April 1892 to 31st March 1894, will be sold villagewar or in groups of villages by public auction by the Amildars or Sheristadars of the respective Taluks before the Taluk Cutcherry on the dates specified against each subject to the conditions hereinafter set forth :—

Taluks.	*Date of Sale.*
1. Shikarpur	Friday, the 4th March 1892.
2. Sorab	Monday, the 7th March 1892.
3. Sagar	Wednesday, the 9th March 1892.
4. Nagar	Monday, the 14th March 1892.
5. Tirthahalli	Thursday, the 17th March 1892.

2. The farm in each case will be knocked down to the highest bidder (the bids as far as possible not being less than those of previous years) subject to the confirmation of the Deputy Commissioner, to whom the sale proceedings will be sent and who reserves to himself the power of rejecting the highest or any bid without assigning any reason for so doing.

3. Parties intending to bid must attend either in person or by duly constituted agents and no person will be permitted to bid until he has deposited a sum equal to 5 per cent of the upset annual rent fixed. The deposits of all unsuccessful bidders will be returned to them at the close of the sale.

4. The highest bidder whose bid is accepted by the Deputy Commissioner will be required, in the case of the bid being Rs. 10 or less than Rs. 10, to pay up the entire sum of his bid then and there to the Officer conducting the sale, and in all other cases to deposit at once a sum equal to $\frac{1}{12}$th of the annual rent engaged for, inclusive of the deposit already made by him. On the decision of the Deputy Commissioner being announced, he will be required within 8 days of such announcement to deposit with the Amildar, inclusive of the previous deposits, a total sum equal to one-fourth of the annual rent engaged for, either in cash or in Government securities duly endorsed in favor of the Deputy Commissioner, as security for the due fulfilment of the contract, or he may furnish one-half of the security above required in cash or in Government securities duly endorsed as above and the remaining half in immovable property of value equal to double the amount, free of all claims and encumbrances. He shall further execute an agreement in the usual form on proper stamp paper, binding himself to confirm to the conditions herein set forth.

5. If he fails to furnish the deposits required in the preceding para or refuses to execute the agreement required, any deposits already made will be forfeited to Government, and the farm resold or otherwise disposed of, any losses resulting from such resale or other disposal of the farm being recovered from him by attachment and sale of his property under the rules in force for the recovery of arrears of land revenue.

6. The conditions prescribed for the fulfilment of the date or Ichal Toddy contract are applicable to the farm of Bagani Toddy also.

7. Any information respecting the revenue and other particulars of the Bagani Toddy of the past years may be obtained on application to the Amildars or Sheristadars concerned.

The 21st January 1892.

It is hereby notified for general information that the right of collecting Minor Forest produce in Government waste lands and District Forests as per accompanying list in the following Taluks of the Shimoga District for a period of one year commencing from 1st April 1892 to 31st March 1893, will be sold by public auction (subject to confirmation by the Deputy Commissioner) at each of the central hoblis of each Taluk where the produce is abundant by the Amildar or Sheristadar of the respective Taluk on the dates and hours specified opposite to each Taluk:—

1	Shimoga Taluk	Tuesday, 15th March 1892.

5	Sorab do	Saturday, 26th do
6	Sagar do	Monday, 28th do
7	Nagar do	Wednesday, 30th do
8	Tirthahalli do	Thursday, 31st do

2. The highest bidder shall, immediately on the contract being knocked down to him, pay a deposit of 25 per cent of the entire contract amount and also furnish tangible surety for the due fulfilment of the contract. If he fails to do so, the contract will be resold at once at his risk and he will be liable for any loss that may be caused to Government by the resale.

3. The accepted bidder shall enter on his contract on the 1st April 1891 and pay the balance of his contract amount in 4 equal monthly instalments commencing from 15th May 1892. Instalments not paid within the time fixed will be charged with interest at 6 per cent per annum.

4. Local cess of one anna per rupee will be charged on the entire contract amount to be paid.

5. Should there be failure or delay in the payment of any one of the instalments as aforesaid, the deposit money will be forfeited to Government and the balance remaining recovered as land revenue demand from the contractor primarily and in default from the surety.

6. The contractor shall not interfere with the recognized rights of Inamdars.

7. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

The 15th January 1892.

The right to collect tolls at the toll gates at Hyderghar and Lakshmipur Ghats in the Nagar Taluk of the Shimoga District from 1st April 1892 to 31st March 1893 will be sold by public auction at Nagar by the Amildar of Nagar on Monday the 7th March 1892.

2. The contractor who purchases the right can collect tolls at the rates mentioned in the accompanying schedule and no higher rates are leviable by him. He should conform himself to the rules published with the late Chief Commissioner's Notification No. 274, dated 4th November 1876. The Government property and the Government servants travelling on duty are exempt from the tolls.

3. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

4. The person whose bid is accepted will, at once, deposit one sixth of the amount bid for in advance and shall pay the remaining amount by ten equal monthly instalments on the 20th of every month commencing from 20th April 1892, the deposit being appropriated for the 11th and 12th instalments. He shall also furnish a surety for the regular payment of the monthly instalments.

5. If the deposit is not made and the surety is not furnished, the contract will be sold again at the risk of the bidder. If default is made in the payment of the instalments, interest at one pie per rupee per month will be levied till the date of payment and the contract will also be liable to be sold again at the discretion of the Deputy Commissioner at the request of the surety, and the deficit if any will be recovered from the contractor or the surety.

6. In addition to the amount bid for, the contractor is, subject to the conditions stated in paras 4 and 5, bound to pay local cess at one anna per rupee of the contract amount paid into the Treasury.

7. The contractor is also bound to keep an account showing the daily collections and it shall be open to inspection by the Taluk and District authorities.

8. The contractor will have the use of ghat toll house and gate and he will be required to keep them in good repair.

NOTIFICATION.

Lease of Tolls, Harihar Bridge, for 2 years.

The 16th January 1892.

Notice is hereby given that the lease of the right of collecting tolls on the Harihar Bridge for 2 years, *viz.*, from 1st April 1892 to 31st March 1894, will be sold by public auction in the District Office at Chitaldroog, at 1 o'clock P. M., on the 20th March 1892 by the Deputy Commissioner, Chitaldroog District, or in his absence by the Treasury Officer. Written tenders will also be received by Deputy Commissioner up to the time above stated.

2. The highest tender, if approved, will be accepted by the Deputy Commissioner subject to the sanction of the Dewan. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

3. The person, whose tender is provisionally accepted by the Deputy Commissioner, will be required to deposit at once, a sum equal to one-sixth of the amount of the tender plus local cess, and on the confirmation of the tender, to pay the remaining amount with local cess by 20 equal monthly instalments to the Davangere Taluk Treasury on the 20th of every month commencing from 20th of April 1892, the deposit being appropriated for the 21st, 22nd, 23rd and 24th instalments. He shall furnish two sureties for the regular payment of the monthly instalments, and execute the requisite agreement on stamp paper within three days from the date of (intimation of confirmation of) the sale. Failure to conform to these conditions shall render the contract liable to resale at the risk of the purchaser and any loss that may accrue to Government will be summarily recovered by the distraint and sale of his or of the surety's property.

4. Any instalment that may not be paid on or before the prescribed date shall be charged with interest at the rate of 6 per cent per annum.

5. The contractor shall be required to pay local cess at the rate of one anna per rupee on the amount of his contract.

6. The arrears due by the contractor or his sureties shall be recovered under the rules in force for the recovery of arrears of land revenue.

7. The contractor will be required to bind himself to have an account kept, showing the daily collections, and it shall be open to inspection by the Deputy Commissioner or others deputed by him.

8. The contractor will further be bound to levy no tolls other than those enumerated in the schedule annexed and to conform to the rates therein laid down on pain of being prosecuted for a criminal offence and forfeiture of his contract.

9. The contractor shall levy no tolls for the passage of troops or military stores or equipages or of Police and other officers on duty, or of any property *bonâ fide* belonging to Government as established by the production of a certificate from the Head of the Department to which it belongs.

10. A table of the tolls authorized to be taken shall be legibly written in English and Kanarese and put up by the contractor in a conspicuous place near the toll gate.

11. The contractor shall not collect tolls at any place other than that fixed by Government, *viz.*, at the toll gate.

12. Further particulars (if any) required can be obtained on application to the Deputy Commissioner, Chitaldroog District.

BOTANICAL GARDENS.

The 7th January 1892.

The public are hereby informed that owing to the failure of rain and the impending scarcity of water, the Horticultural Show will not be held as usual this season.

J. CAMERON,
Supt., Govt. Botanical Gardens, Bangalore.

SEASON REPORTS FOR THE MONTH OF DECEMBER 1891.

Bangalore District.

Rain-fall.—Nil.

State of the Crops.—The standing crops were generally reported to be withering and in parts to have withered away, the same being cut for straw. Sugar-cane and paddy were in fair condition, where water was available. Paddy, sugar-cane, eleusine corocana, cow and horse-gram, pigeon pea, panicum milliaceum and wild gingelly were harvested. Out-turn 1 to 6 annas.

Public Health.—Generally good.

Mortality.—There were 649 deaths in the month of November against 664 in the preceding month.

Cattle.—Two thousand four hundred and eighty-three head of cattle died during the month, of which 140 were killed by wild beasts.

Lands.—Lands assessed at Rs. 464—2—7 were taken up for cultivation.

M. ANNAJI RAO,
for *Dy. Commissioner.*

Mysore District.

Rain-fall.—Eighteen cents of rain fell at Gundlupet.

Crops.—Bengal-gram and coriander were sown. Paddy, black gram, horse-gram, green gram, tuvar, sugar-cane, jola, harka and hutchellu, &c., were harvested. The standing crops jola, horse-gram, tuvar, castor oil-seeds, &c., are reported to be withering owing to the past failure of rains.

Cattle.—Murrain prevailed in parts of Mysore, Gundlupet, Chamrajnagar and Krishnarajpete Taluks; the number of deaths from this was 123 and from other causes 1,285, making a total of 1,408.

Want of fodder for cattle appears to be felt in some of the Taluks.

Health.—Public health was reported to be good in all the Taluks of the District.

Prices.—Rice, 1st sort, 6¾ seers per rupee.

N. B.—No tolls will be levied on foot passengers.

The 19th January 1892.

The exclusive right of transporting passengers, goods, vehicles, animals, &c., and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildars or Sheristadars of each Taluk, subject to the confirmation of the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed and will, if necessary, be continued on the following days.

3. The ferries will be leased out for one year from 1st April 1892 to 31st March 1893.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid and the collection of tolls therefor except by, or on behalf of, the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce, before the officer conducting the sale, one-fourth of the accepted bid, failing which, the lease will be resold at the first purchaser's risk.

6. The accepted bidder shall, within 4 days from the date of the acceptance of the bid, execute, in favor of the Deputy Commissioner, a mutchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said mutchalika to enter into his contract. If the accepted bidder fails to execute and deliver the mutchalika, the lease will be resold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*a*) Government mails, stores and remittances and all persons, animals and vehicles employed in carrying the same.

(*b*) All Government officials including troops travelling on duty and also in the case of Police officers, prisoners and property in their custody.

(*c*) All parties employed by Government servants to carry official reports, when so carrying such reports.

(*d*) Children under 12 years of age.

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in six monthly instalments commencing from 1st June 1892, and the deposit will be credited to the last 2 "Khists." All payments shall be made in the Taluk Treasuries in which the ferry lies.

11. At each ferry, a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

14. Every passenger crossing a ferry is allowed to carry with him his luggage not exceeding in weight an Indian maund without any additional fee for the same. Any quantity in excess of the above will be liable to an additional fee of one anna for each Indian maund or less.

15. Should the contractor be found to have acted contrary to any of the above rules, he shall, for every breach of such rules, be liable to a fine not exceeding Rs. 50 or as the Deputy Commissioner may deem fit.

The 12th January 1892.

Notice is hereby given for general information the right to tap Bagani trees and to sell Bagani Toddy in the undermentioned Taluks of the Shimoga District for two years, *viz*, from 1st April 1892 to 31st March 1894, will be sold villagewar or in groups of villages by public auction by the Amildars or Sheristadars of the respective Taluks before the Taluk Cutcherry on the dates specified against each subject to the conditions hereinafter set forth :—

Taluks.	*Date of Sale.*
1. Shikarpur	Friday, the 4th March 1892.
2. Sorab	Monday, the 7th March 1892.
3. Sagar	Wednesday, the 9th March 1892.
4. Nagar	Monday, the 14th March 1892.
5. Tirthahalli	Thursday, the 17th March 1892.

2. The farm in each case will be knocked down to the highest bidder (the bids as far as possible not being less than those of previous years) subject to the confirmation of the Deputy Commissioner, to whom the sale proceedings will be sent and who reserves to himself the power of rejecting the highest or any bid without assigning any reason for so doing.

3. Parties intending to bid must attend either in person or by duly constituted agents and no person will be permitted to bid until he has deposited a sum equal to 5 per cent of the upset annual rent fixed. The deposits of all unsuccessful bidders will be returned to them at the close of the sale.

4. The highest bidder whose bid is accepted by the Deputy Commissioner will be required, in the case of the bid being Rs. 10 or less than Rs. 10, to pay up the entire sum of his bid then and there to the Officer conducting the sale, and in all other cases to deposit at once a sum equal to $\frac{1}{12}$th of the annual rent engaged for, inclusive of the deposit already made by him. On the decision of the Deputy Commissioner being announced, he will be required within 8 days of such announcement to deposit with the Amildar, inclusive of the previous deposits, a total sum equal to one-fourth of the annual rent engaged for, either in cash or in Government securities duly endorsed in favor of the Deputy Commissioner, as security for the due fulfilment of the contract, or he may furnish one-half of the security above required in cash or in Government securities duly endorsed as above and the remaining half in immovable property of value equal to double the amount, free of all claims and encumbrances. He shall further execute an agreement in the usual form on proper stamp paper, binding himself to confirm to the conditions herein set forth.

5. If he fails to furnish the deposits required in the preceding para or refuses to execute the agreement required, any deposits already made will be forfeited to Government, and the farm resold or otherwise disposed of, any losses resulting from such resale or other disposal of the farm being recovered from him by attachment and sale of his property under the rules in force for the recovery of arrears of land revenue.

6. The conditions prescribed for the fulfilment of the date or Ichal Toddy contract are applicable to the farm of Bagani Toddy also.

7. Any information respecting the revenue and other particulars of the Bagani Toddy of the past years may be obtained on application to the Amildars or Sheristadars concerned.

The 15th January 1892.

The right to collect tolls at the toll gates at Hyderghar and Lakshmipur Ghats in the Nagar Taluk of the Shimoga District from 1st April 1892 to 31st March 1893 will be sold by public auction at Nagar by the Amildar of Nagar on Monday the 7th March 1892.

2. The contractor who purchases the right can collect tolls at the rates mentioned in the accompanying schedule and no higher rates are leviable by him. He should conform himself to the rules published with the late Chief Commissioner's Notification No. 274, dated 4th November 1876. The Government property and the Government servants travelling on duty are exempt from the tolls.

3. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

4. The person whose bid is accepted will, at once, deposit one sixth of the amount bid for in advance and shall pay the remaining amount by ten equal monthly instalments on the 20th of every month commencing from 20th April 1892, the deposit being appropriated for the 11th and 12th instalments. He shall also furnish a surety for the regular payment of the monthly instalments.

5. If the deposit is not made and the surety is not furnished, the contract will be sold again at the risk of the bidder. If default is made in the payment of the instalments, interest at one pie per rupee per month will be levied till the date of payment and the contract will also be liable to be sold again at the discretion of the Deputy Commissioner at the request of the surety, and the deficit if any will be recovered from the contractor or the surety.

6. In addition to the amount bid for, the contractor is, subject to the conditions stated in paras 4 and 5, bound to pay local cess at one anna per rupee of the contract amount paid into the Treasury.

7. The contractor is also bound to keep an account showing the daily collections and it shall be open to inspection by the Taluk and District authorities.

8. The contractor will have the use of ghat toll house and gate and he will be required to keep them in good repair.

CHITALDROOG DISTRICT.

NOTIFICATION.

Lease of Tolls, Harihar Bridge, for 2 years.

The 16th January 1892.

Notice is hereby given that the lease of the right of collecting tolls on the Harihar Bridge for 2 years, *viz.*, from 1st April 1892 to 31st March 1894, will be sold by public auction in the District Office at Chitaldroog, at 1 o'clock P. M., on the 20th March 1892 by the Deputy Commissioner, Chitaldroog District, or in his absence by the Treasury Officer. Written tenders will also be received by Deputy Commissioner up to the time above stated.

2. The highest tender, if approved, will be accepted by the Deputy Commissioner subject to the sanction of the Dewan. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

3. The person, whose tender is provisionally accepted by the Deputy Commissioner, will be required to deposit at once, a sum equal to one-sixth of the amount of the tender plus local cess, and on the confirmation of the tender, to pay the remaining amount with local cess by 20 equal monthly instalments to the Davangere Taluk Treasury on the 20th of every month commencing from 20th of April 1892, the deposit being appropriated for the 21st, 22nd, 23rd and 24th instalments. He shall furnish two sureties for the regular payment of the monthly instalments, and execute the requisite agreement on stamp paper within three days from the date of (intimation of confirmation of) the sale. Failure to conform to these conditions shall render the contract liable to resale at the risk of the purchaser and any loss that may accrue to Government will be summarily recovered by the distraint and sale of his or of the surety's property.

4. Any instalment that may not be paid on or before the prescribed date shall be charged with interest at the rate of 6 per cent per annum.

5. The contractor shall be required to pay local cess at the rate of one anna per rupee on the amount of his contract.

6. The arrears due by the contractor or his sureties shall be recovered under the rules in force for the recovery of arrears of land revenue.

7. The contractor will be required to bind himself to have an account kept, showing the daily collections, and it shall be open to inspection by the Deputy Commissioner or others deputed by him.

8. The contractor will further be bound to levy no tolls other than those enumerated in the schedule annexed and to conform to the rates therein laid down on pain of being prosecuted for a criminal offence and forfeiture of his contract.

9. The contractor shall levy no tolls for the passage of troops or military stores or equipages or of Police and other officers on duty, or of any property *bonâ fide* belonging to Government as established by the production of a certificate from the Head of the Department to which it belongs.

10. A table of the tolls authorized to be taken shall be legibly written in English and Kanarese and put up by the contractor in a conspicuous place near the toll gate.

11. The contractor shall not collect tolls at any place other than that fixed by Government, *viz.*, at the toll gate.

12. Further particulars (if any) required can be obtained on application to the Deputy Commissioner, Chitaldroog District.

2. Should there be reason to apprehend any combination amongst the tenderers or on any other grounds which will affect the interests of Government, each farm by itself or all the farms together of the Taluk, will be put up to auction, either before or after, or both before and after the tenders are opened, and the highest approved bid secured by open competition will be noted and submitted for the orders of the Deputy Commissioner and Government, if the Amildar is satisfied of the tenderer's or bidder's solvency, and capabilities for performing his engagements with Government. To obviate disappointment on this head, intending tenderers and bidders from other places are advised to bring a certificate from the Amildar of the Taluk, or any other responsible officer of Government, to that effect.

3. The right of accepting or rejecting the highest or any tender put in or bid offered whatsoever, without assigning any reason therefor, is reserved.

BANGALORE DISTRICT.

NOTIFICATIONS.

The 26th January 1892.

It is hereby notified for the information of the public that Sri Chempakadhamaswami's temple at Bannerghatta, Anekal Taluk, and Sri Venugopalaswami's temple at Devanhalli Kasaba, have to be thoroughly repaired. Under Chief Commissioner's Circular No. 4, dated 3rd October 1874, Government will only pay half the cost.

The managers of the temples and the communities interested in their preservation, who have to bear at least a moiety of the cost, are requested to send whatever they are willing to contribute to the District Muzarayi Officer who will receive the moneys, and grant receipts. The Deputy Commissioner will see that the money is properly applied for the purpose for which it is collected.

V. P. MADHAVA RAO,
Dy. Commissioner.

The 2nd February 1892.

1. It is hereby notified for public information that the lac contract of the Bangalore District Jungles including those attached to the Forest Department for the official years 1892-93, 1893-94 and 1894-95 that is from 1st April 1892 to 31st March 1895 will be sold by public auction at 12 O'clock on Wednesday the 16th March 1892 in the District Office at Bangalore.

2. The highest bidder shall, on the bid being knocked down to him, deposit in Currency Notes or ready money, equal to the amount of 6 khists or monthly instalments, each of such instalments being equal to $\frac{1}{12}$th of the year's bid or $\frac{1}{36}$th of the amount of the entire contract. If he fails to do so, the contract will be resold at once at his risk and any loss that may thereby be caused to Government will be recovered from him as a revenue demand.

3. The accepted purchaser shall enter on his contract on the 1st April 1892 and shall pay his first monthly khist or instalment on or before the 15th May 1892 and subsequent monthly instalment on or before the 15th of each successive month such monthly payments being made without reference to the amount deposited, which will be taken in payment of the last 6 instalments on the expiration of the contract.

4. Local cess at the prescribed rate will be charged on the monthly instalments to be paid by the contractor.

5. Should there be any failure or delay in the payment of the said instalments for two consecutive months or should any infringement of other conditions affecting the safety of the jungles be committed, the contract will be liable to be cancelled summarily, the holder thereof being held responsible for the damage, and the contract will be resold at the risk of the defaulting contractor, who will further forfeit his deposit amount.

E. P. LOVERY,

HASSAN DISTRICT.

NOTIFICATIONS.

The 29th January 1892.

Notice is hereby given that the undermentioned lands in the Belur Taluk, Hassan District, applied for for coffee cultivation, will be sold by public auction at 11 A. M. on Tuesday the 1st March 1892 near the lands applied for before the Amildar of the Belur Taluk, subject to the confirmation of the Deputy Commissioner of this District.

2. The sale shall be by public auction under the usual conditions and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 per acre. The deposit of one-fourth of the upset price made by the applicant shall of the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees, except sandal, which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay a deposit of 25 per cent of the purchase money inclusive of the deposit referred to in para 2 and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force; in default, the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale, but will have no claim to the excess, if any.

5. The land sold under these rules shall be held free of assessment for the first three years and on half assessment for the next two years, full assessment being payable from and after the sixth year. But before the concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any *bonâ fide* attempt to bring under cultivation the arable area included in it.

SHIMOGA DISTRICT.

NOTIFICATIONS.

The 6th February 1892.

The exclusive right of transporting passengers, goods, vehicles, animals, &c., and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildars or Sheristadars of each Taluk, subject to the confirmation of the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed and will, if necessary, be continued on the following days.

3. The ferries will be leased out for fifteen months from 1st April 1892 to 30th June 1893.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid and the collection of tolls therefor except by, or on behalf of, the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce, before the officer conducting the sale, one-fourth of the accepted bid, failing which, the lease will be resold at the first purchaser's risk.

6. The accepted bidder shall, within 4 days from the date of the acceptance of the bid, execute in favor of the Deputy Commissioner, a mutchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said mutchalika to enter into his contract. If the accepted bidder fails to execute and deliver the mutchalika, the lease will be re-sold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*a*) Government mails, stores and remittances and all persons, animals and vehicles employed in carrying the same.

(*b*) All Government officials including troops travelling on duty and also in the case of Police officers, prisoners and property in their custody.

(*c*) All parties employed by Government servants to carry official reports, when so carrying such reports.

(*d*) Children under 12 years of age.

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in seven monthly instalments commencing from June 1892, the deposit being credited to the last 2 "Khists." All payments shall be made in the Taluk Treasuries in which the ferry lies.

11. At each ferry, a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

14. Every passenger crossing a ferry is allowed to carry with him his luggage not exceeding in weight an Indian maund without any additional fee for the same. Any quantity in excess of the above will be liable to an additional fee of one anna for each Indian maund or less.

15. Should the contractor be found to have acted contrary to any of the above rules, he shall, for every breach of such rules, be liable to a fine not exceeding Rs. 50 or as the Deputy Commissioner may deem fit.

The 12th January 1892.

Notice is hereby given for general information the right to tap Bagani trees and to sell Bagani Toddy in the undermentioned Taluks of the Shimoga District for two years, *viz.*, from 1st April 1892 to 31st March 1894, will be sold villagewar or in groups of villages by public auction by the Amildars or Sheristadars of the respective Taluks before the Taluk Cutcherry on the dates specified against each subject to the conditions hereinafter set forth :—

Taluks.	*Date of Sale.*
1. Shikarpur	Friday, the 4th March 1892.
2. Sorab	Monday, the 7th March 1892.
3. Sagar	Wednesday, the 9th March 1892.
4. Nagar	Monday, the 14th March 1892.
5. Tirthahalli	Thursday, the 17th March 1892.

2. The farm in each case will be knocked down to the highest bidder (the bids as far as possible not being less than those of previous years) subject to the confirmation of the Deputy Commissioner, to whom the sale proceedings will be sent and who reserves to himself the power of rejecting the highest or any bid without assigning any reason for so doing.

3. Parties intending to bid must attend either in person or by duly constituted agents and no person will be permitted to bid until he has deposited a sum equal to 5 per cent of the upset annual rent fixed. The deposits of all unsuccessful bidders will be returned to them at the close of the sale.

4. The highest bidder whose bid is accepted by the Deputy Commissioner will be required, in the case of the bid being Rs. 10 or less than Rs. 10, to pay up the entire sum of his bid then and there to the Officer conducting the sale, and in all other cases to deposit at once a sum equal to $\frac{1}{12}$th of the annual rent engaged for, inclusive of the deposit already made by him. On the decision of the Deputy Commissioner being announced, he will be required within 8 days of such announcement to deposit with the Amildar, inclusive of the previous deposits, a total sum equal to one-fourth of the annual rent engaged for, either in cash or in Government securities duly endorsed in favor of the Deputy Commissioner, as security for the due fulfilment of the contract, or he may furnish one-half of the security above required in cash or in Government securities duly endorsed as above and the remaining half in immovable property of value equal to double the amount, free of all claims and encumbrances. He shall further execute an agreement in the usual form on proper stamp paper, binding himself to confirm to the conditions herein set forth.

5. If he fails to furnish the deposits required in the preceding para or refuses to execute the agreement required, any deposits already made will be forfeited to Government, and the farm resold or otherwise disposed of, any losses resulting from such resale or other disposal of the farm being recovered from him by attachment and sale of his property under the rules in force for the recovery of arrears of land revenue.

6. The conditions prescribed for the fulfilment of the date or Ichal Toddy contract are applicable to the farm of Bagani Toddy also.

7. Any information respecting the revenue and other particulars of the Bagani Toddy of the past years may be obtained on application to the Amildars or Sheristadars concerned.

The 6th February 1892.

It is hereby notified for general information that the right of collecting Minor Forest produce in Government waste lands and District Forests as per accompanying list in the following Taluks of the Shimoga District for a period of 15 months from 1st April 1892 to 30th June 1893, will be sold by public auction (subject to confirmation by the Deputy Commissioner) at each of the central hoblis of each Taluk where the produce is abundant by the Amildar or Sheristadar of the respective Taluk on the dates and hours specified opposite to each Taluk :—

6	Sagar do	Monday, 28th do
7	Nagar do	Wednesday, 30th do
8	Tirthahalli do	Thursday, 31st do

2. The highest bidder shall, immediately on the contract being knocked down to him, pay a deposit of 25 per cent of the entire contract amount and also furnish tangible surety for the due fulfilment of the contract. If he fails to do so, the contract will be resold at once at his risk and he will be liable for any loss that may be caused to Government by the resale.

3. The accepted bidder shall enter on his contract on the 1st April 1891 and pay the balance of his contract amount in 4 equal monthly instalments commencing from 15th May 1892. Instalments not paid within the time fixed will be charged with interest at 6 per cent per annum.

4. Local cess of one anna per rupee will be charged on the entire contract amount to be paid.

5. Should there be failure or delay in the payment of any one of the instalments as aforesaid, the deposit money will be forfeited to Government and the balance remaining recovered as land revenue demand from the contractor primarily and in default from the surety.

6. The contractor shall not interfere with the recognized rights of Inamdars.

7. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

The 15th January 1892.

The right to collect tolls at the toll gates at Hyderghar and Lakshmipur Ghats in the Nagar Taluk of the Shimoga District from 1st April 1892 to 31st March 1893 will be sold by public auction at Nagar by the Amildar of Nagar on Monday the 7th March 1892.

2. The contractor who purchases the right can collect tolls at the rates mentioned in the accompanying schedule and no higher rates are leviable by him. He should conform himself to the rules published with the late Chief Commissioner's Notification No. 274, dated 4th November 1876. The Government property and the Government servants travelling on duty are exempt from the tolls.

3. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

4. The person whose bid is accepted will, at once, deposit one sixth of the amount bid for in advance and shall pay the remaining amount by ten equal monthly instalments on the 20th of every month commencing from 20th April 1892, the deposit being appropriated for the 11th and 12th instalments. He shall also furnish a surety for the regular payment of the monthly instalments.

5. If the deposit is not made and the surety is not furnished, the contract will be sold again at the risk of the bidder. If default is made in the payment of the instalments, interest at one pie per rupee per month will be levied till the date of payment and the contract will also be liable to be sold again at the discretion of the Deputy Commissioner at the request of the surety, and the deficit if any will be recovered from the contractor or the surety.

6. In addition to the amount bid for, the contractor is, subject to the conditions stated in paras 4 and 5, bound to pay local cess at one anna per rupee of the contract amount paid into the Treasury.

7. The contractor is also bound to keep an account showing the daily collections and it shall be open to inspection by the Taluk and District authorities.

8. The contractor will have the use of ghat toll-house and gate and he will be required to keep them in good repair.

ABDUL RAHMAN,
Deputy Commissioner

CHITALDROOG DISTRICT.

NOTIFICATION.

Lease of Tolls, Harihar Bridge, for 2 years and three months.

The 16th January 1892.

Notice is hereby given that the lease of the right of collecting tolls on the Harihar Bridge for 2 years and three months, *viz.*, from 1st April 1892 to 30th June 1894, will be sold by public auction in the District Office at Chitaldroog, at 1 o'clock P. M., on the 20th March 1892 by the Deputy Commissioner, Chitaldroog District, or in his absence by the Treasury Officer. Written tenders will also be received by Deputy Commissioner up to the time above stated.

2. The highest tender, if approved, will be accepted by the Deputy Commissioner subject to the sanction of the Dewan. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

3. The person, whose tender is provisionally accepted by the Deputy Commissioner, will be required to deposit at once, a sum equal to $\frac{4}{27}$ths of the amount of the tender plus local cess, and on the confirmation of the tender, to pay the remaining amount with local cess by 23 equal monthly instalments to the Davangere Taluk Treasury on the 20th of every month commencing from 20th of April 1892, the deposit being appropriated for the 24th, 25th, 26th and 27th instalments. He shall furnish two sureties for the regular payment of the monthly instalments, and execute the requisite agreement on stamp paper within three days from the date of (intimation of confirmation of) the sale. Failure to conform to these conditions shall render the contract liable to resale at the risk of the purchaser and any loss that may accrue to Government will be summarily recovered by the distraint and sale of his or of the surety's property.

4. Any instalment that may not be paid on or before the prescribed date shall be charged with interest at the rate of 6 per cent per annum.

5. The contractor shall be required to pay local cess at the rate of one anna per rupee on the amount of his contract.

6. The arrears due by the contractor or his sureties shall be recovered under the rules in force for the recovery of arrears of land revenue.

7. The contractor will be required to bind himself to have an account kept, showing the daily collections, and it shall be open to inspection by the Deputy Commissioner or others deputed by him.

8. The contractor will further be bound to levy no tolls other than those enumerated in the schedule annexed and to conform to the rates therein laid down on pain of being prosecuted for a criminal offence and forfeiture of his contract.

9. The contractor shall levy no tolls for the passage of troops or military stores or equipages or of Police and other officers on duty, or of any property *bonâ fide* belonging to Government as established by the production of a certificate from the Head of the Department to which it belongs.

10. A table of the tolls authorized to be taken shall be legibly written in English and Kanarese and put up by the contractor in a conspicuous place near the toll gate.

11. The contractor shall not collect tolls at any place other than that fixed by Government, *viz.*, at the toll gate.

12. Further particulars (if any) required can be obtained on application to the Deputy Commissioner, Chitaldroog District.

THE COMMISSIONER OF COORG.

NOTIFICATION.

Dated Mercara, 13th January 1892.

Tenders are invited for the exclusive right of the sale of (1) Opium (including Maddat) (2), Ganja (including Majim) respectively in the Province of Coorg for 3 years, *viz.*, from the 1st April 1892 to 31st March 1895. The tenders for the above must be made separately and subject to the following conditions :—

2. A deposit of Rs. 100 must accompany each tender. The covers should be superscibed with the words—

I. "Tender for the sale of Opium, including Maddat." II. "Tenders for the sale of Ganja including Majim," and must be sent to the Commissioner of Coorg on or before 12 A. M., on the 4th March 1892 after which no tender will be received.

3. The tenders shall specify the amount which the parties tendering undertake to pay to Government annually as rent for the exclusive privilege of sale of (1) Opium including Maddat, and (2) Ganja including Majim respectively. Under the rules framed by the Chief Commissioner of Coorg (*Vide* Notification No. 1, dated 1st April 1882, and No. 9, dated 19th May 1882) the rent in both cases will be payable quarterly in advance that is on 1st April, 1st July, 1st October and 1st January of each year.

4. The tenders both for Opium and Ganja will be opened by the Commissioner or in his absence by one of the Assistant Commissioners at Mercara at noon on Saturday 5th March 1892, in the presence of those applicants who may be present. The final disposal of the tenders will, however, rest with the Chief Commissioner of Coorg who reserves to himself full power to reject any or all of the tenders without assigning any reason. The deposits made by the applicants whose tenders are rejected will be returned to them.

5. The applicants whose tenders may be accepted by the Chief Commissioner shall be required to deposit within 3 days a further sum in cash or currency notes, or Government Promissory notes to make up together with the deposits previously made, a sum equal to half of the annual payment or rent guaranteed, such deposit being eventually credited towards the instalments due for the half year ending with 31st March 1895, and further they shall within 10 days of the acceptance of their tenders by the Chief Commissioner execute an agreement in the prescribed form on stamp paper binding themselves to conform to the rules prescribed under the Opium Act I of 1878, and the Excise Act XXII of 1881 respectively and shall give security for the due fulfilment of the engagements entered into by them, and if they fail to do so, the deposits already made shall be forfeited to Government and the contracts shall be otherwise disposed of.

6. In the event of the contractors in either case failing to pay up any instalment on the date on which it falls due, the Commissioner of Coorg shall be at liberty at once to cancel the contract, and to confiscate the deposit, the lease being resold at the contractor's risk.

7. The number of shops to be opened for sale of Opium in Coorg is restricted to three, *viz*: one at Mercara (Mahadeopet), one at Virajendrapet and one at Fraserpet.

8. The number of shops to be opened for sale of Ganja is restricted to six *viz* : one at Mercara (Mahadeopet), one at Virajendrapet, one at Fraserpet, one at Somvarpet, one at Gonikoppal and one at Sanivarsante.

9. No other shops than those specified in paras 7 and 8 above, shall be opened except under the special sanction of the Commissioner.

10. The persons appointed by the contractors to vend by retail at the several shops above enumerated must be furnished by the farmer with licenses approved and countersigned by the Commissioner of Coorg according to the forms prescribed by law.

11. All Opium required for vend must be procured through the Commissioner of Coorg on payment of price fixed by the Chief Commissioner and on the expiry of the contract the incoming contractor shall be bound to take over at the price fixed by the Commissioner any Opium that may remain unexpended belonging to the former contractor. The consumption of Opium in any form in the premises is strictly prohibited.

12. Further particulars may be ascertained on application to the Commissioner of Coorg, Mercara.

G. F. MEIKLEJOHN,
Commissioner.

The 6th February 1892.

The following gentlemen have been appointed to form the Committee for the management of the Government Kannada Girls' School at Nyamti in accordance with the rules of the 25th March 1891.

President.

Hurakadle Bullappa.

Members.

1. Nagar Sante Virappa.
2. Kanchigarhalli Basappa.
3. Patel Sinappa.
4. Guru Basappa.
5. Nyamti Venkappa.

H. J. BHABHA,
Education Secretary.

SHIMOGA DISTRICT.

NOTIFICATIONS.

The 6th February 1892.

The exclusive right of transporting passengers, goods, vehicles, animals, &c., and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildars or Sheristadars of each Taluk, subject to the confirmation of the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed and will, if necessary, be continued on the following days.

3. The ferries will be leased out for fifteen months from 1st April 1892 to 30th June 1893.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid and the collection of tolls therefor except by, or on behalf of, the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce, before the officer conducting the sale, one-fourth of the accepted bid, failing which, the lease will be resold at the first purchaser's risk.

6. The accepted bidder shall, within 4 days from the date of the acceptance of the bid, execute, in favor of the Deputy Commissioner, a mutchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said mutchalika to enter into his contract. If the accepted bidder fails to execute and deliver the mutchalika, the lease will be re-sold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*a*) Government mails, stores and remittances and all persons, animals and vehicles employed in carrying the same.

(*b*) All Government officials including troops travelling on duty and also in the case of Police officers, prisoners and property in their custody.

(*c*) All parties employed by Government servants to carry official reports, when so carrying such reports.

(*d*) Children under 12 years of age.

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in seven monthly instalments commencing from June 1892, the deposit being credited to the last 2 "Khists." All payments shall be made in the Taluk Treasuries in which the ferry lies.

11. At each ferry, a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

14. Every passenger crossing a ferry is allowed to carry with him his luggage not exceeding in weight an Indian maund without any additional fee for the same. Any quantity in excess of the above will be liable to an additional fee of one anna for each Indian maund or less.

15. Should the contractor be found to have acted contrary to any of the above rules, he shall, for every breach of such rules, be liable to a fine not exceeding Rs. 50 or as the Deputy Commissioner may deem fit.

The farm in each case will be knocked down to the highest bidder (the bids as far as possible not being less than those of previous years), subject to the confirmation of the Deputy Commissioner, to whom the sale proceedings will be sent and who reserves to himself the power of rejecting the highest or any bid without assigning any reason for so doing.

3. Parties intending to bid must attend in person or by duly constituted agent and no person will be permitted to bid until he has deposited a sum equal to 5 per cent of the upset rent-fixed for the 1st period, *viz.*, from 1st April 1892 to 30th June 1892 and from 1st July 1892 to 30th June 1894. The deposits of all unsuccessful bidders will be returned to them at the close of the sale.

4. The highest bidder whose bid is accepted by the Deputy Commissioner will be required, in the case of the bid being Rs. 10 or less than Rs. 10, to pay up the entire sum of his bid then and there to the Officer conducting the sale, and in all other cases to deposit at once a sum equal to one-third of the rent engaged for, for the 1st period *viz.*, from 1st April 1892 to 30th June 1892 and shall pay first Khist of one-third the amount on the 20th April and the 2nd Khist of one-third on the 20th May 1892, the deposit being appropriated for the last instalment. The person whose bid is accepted by the Deputy Commissioner for the 2nd period, *viz.*, from 1st July 1892 to 30th June 1894 for two years, will deposit at once a sum equal to $\frac{1}{12}$th of the annual rent engaged for, inclusive of the deposit already made by him. On the decision of the Deputy Commissioner being announced, he will be required within 8 days of such announcement to deposit with the Amildar, inclusive of the previous deposits, a total sum equal to one-fourth of the annual rent, engaged for, either in cash or in Government securities duly endorsed in favor of the Deputy Commissioner, as securities for the due fulfilment of the contract, or he may furnish one-half of the security above required in cash or Government securities duly endorsed as above and the remaining half in immovable property of value equal to double the amount, free of all claims and encumbrances. He shall further execute an agreement in the usual form on proper stamp paper, binding himself to conform to the conditions herein set forth.

5. If he fails to furnish the deposits required in the preceding para or refuses to execute the agreement required, any deposits already made will be forfeited to Government, and the farm resold or otherwise disposed of, any loss resulting from such resale or other disposal of the farm being recovered from him by attachment and sale of his property under the rules in force for the recovery of arrears of land revenue.

6. The conditions prescribed for the fulfilment of the date or Ichal Toddy contract are applicable to the farm of Bagani Toddy also.

7. Any information respecting the revenue and other particulars of the Bagani Toddy of the past years may be obtained on application to the Amildars or Sheristadars concerned.

The 6th February 1892.

ABDUL RAHMAN,
Deputy Commissioner.

BANGALORE DISTRICT.

NOTIFICATIONS.

The 26th January 1892.

It is hereby notified for the information of the public that Sri Chempakadhamaswami's temple at Bannerghatta, Anekal Taluk, and Sri Venugopalaswami's temple at Devanhalli Kasaba, have to be thoroughly repaired. Under Chief Commissioner's Circular No. 4, dated 3rd October 1874, Government will only pay half the cost.

The managers of the temples and the communities interested in their preservation, who have to bear at least a moiety of the cost, are requested to send whatever they are willing to contribute to the District Muzarayi Officer who will receive the moneys, and grant receipts. The Deputy Commissioner will see that the money is properly applied for the purpose for which it is collected.

V. P. MADHAVA RAO,
Dy. Commissioner.

The 2nd February 1892.

1. It is hereby notified for public information that the lac contract of the Bangalore District Jungles including those attached to the Forest Department for the official years 1892-93, 1893-94 and 1894-95, that is from 1st April 1892 to 31st March 1895 will be sold by public auction at 12 O'clock on Wednesday the 16th March 1892 in the District Office at Bangalore.

2. The highest bidder shall, on the bid being knocked down to him, deposit in Currency Notes or ready money, equal to the amount of 6 khists or monthly instalments, each of such instalments being equal to $\frac{1}{12}$th of the year's bid or $\frac{1}{36}$th of the amount of the entire contract. If he fails to do so, the contract will be resold at once at his risk and any loss that may thereby be caused to Government will be recovered from him as a revenue demand.

3. The accepted purchaser shall enter on his contract on the 1st April 1892 and shall pay his first monthly khist or instalment on or before the 15th May 1892 and subsequent monthly instalment on or before the 15th of each successive month, such monthly payments being made without reference to the amount deposited, which will be taken in payment of the last 6 instalments on the expiration of the contract.

4. Local cess at the prescribed rate will be charged on the monthly instalments to be paid by the contractor.

5. Should there be any failure or delay in the payment of the said instalments for two consecutive months or should any infringement of other conditions affecting the safety of the jungles be committed, the contract will be liable to be cancelled summarily, the holder thereof being held responsible for the damage, and the contract will be resold at the risk of the defaulting contractor, who will further forfeit his deposit amount.

E. P. LOVERY,

NOTIFICATION.

Lease of Tolls, Harihar Bridge, for 2 years and three months.

The 16th January 1892.

Notice is hereby given that the lease of the right of collecting tolls on the Harihar Bridge for 2 years and three months, *viz.*, from 1st April 1892 to 30th June 1894, will be sold by public auction in the District Office at Chitaldroog, at 1 o'clock P. M., on the 20th March 1892 by the Deputy Commissioner, Chitaldroog District, or in his absence by the Treasury Officer. Written tenders will also be received by Deputy Commissioner up to the time above stated.

2. The highest tender, if approved, will be accepted by the Deputy Commissioner subject to the sanction of the Dewan. The Deputy Commissioner reserves to himself the power of refusing or accepting the highest or any bid that may be offered.

3. The person, whose tender is provisionally accepted by the Deputy Commissioner, will be required to deposit at once, a sum equal to $\frac{4}{27}$ths of the amount of the tender plus local cess, and on the confirmation of the tender, to pay the remaining amount with local cess by 23 equal monthly instalments to the Davangere Taluk Treasury on the 20th of every month commencing from 20th of April 1892, the deposit being appropriated for the 24th, 25th, 26th and 27th instalments. He shall furnish two sureties for the regular payment of the monthly instalments, and execute the requisite agreement on stamp paper within three days from the date of (intimation of confirmation of) the sale. Failure to conform to these conditions shall render the contract liable to resale at the risk of the purchaser and any loss that may accrue to Government will be summarily recovered by the distraint and sale of his or of the surety's property.

4. Any instalment that may not be paid on or before the prescribed date shall be charged with interest at the rate of 6 per cent per annum.

5. The contractor shall be required to pay local cess at the rate of one anna per rupee on the amount of his contract.

6. The arrears due by the contractor or his sureties shall be recovered under the rules in force for the recovery of arrears of land revenue.

7. The contractor will be required to bind himself to have an account kept, showing the daily collections, and it shall be open to inspection by the Deputy Commissioner or others deputed by him.

8. The contractor will further be bound to levy no tolls other than those enumerated in the schedule annexed and to conform to the rates therein laid down on pain of being prosecuted for a criminal offence and forfeiture of his contract.

9. The contractor shall levy no tolls for the passage of troops or military stores or equipages or of Police and other officers on duty, or of any property *bonâ fide* belonging to Government as established by the production of a certificate from the Head of the Department to which it belongs.

10. A table of the tolls authorized to be taken shall be legibly written in English and Kanarese and put up by the contractor in a conspicuous place near the toll gate.

11. The contractor shall not collect tolls at any place other than that fixed by Government, *viz.*, at the toll gate.

12. Further particulars (if any) required can be obtained on application to the Deputy Commissioner, Chitaldroog District.

II. List of works to be inserted in the Budget for 1892-93.

Resolution.—Resolved that a Sub-Committee composed of the following Members be appointed to examine and report upon the works proposed to be carried out during the next official year 1892-93 :—

The Executive Engineer, Bangalore Division.
The Vice-President.
Dr. F. F. L. Penno.
Mr. Gangaiya.
Mr. S. V. Annaiyappa Chetti.
Mr. J. Cameron.
Mr. Sherkhan.

III. Proceedings of the Bangalore City Rate Payers' Association at a meeting held on the 3rd January 1892.

Resolution.—Read and recorded.

IV. Correspondence in *re* setting apart of the portion of the burial ground near Jakrayan tank for interment of prisoners dying in the Central Jail.

Resolution.—The Board is of opinion that the area of the burial ground recently acquired for the use of the general public near Jakrayan tank is small and may meet the requirements of the City for 5 or 6 years.

The Inspector General of Prisons may be asked to move the Government to acquire a separate site for the burial of Jail convicts.

V. Draft budget estimates of receipts and disbursements of Municipal Funds for the year 1892-93.

Resolution.—Before adoption of the draft budget, the same be referred to the Sub-Committee appointed under Resolution No. II adding to it the name of the Taluk Amildar for examination and report.

VI. The list of prizes to be awarded at the City Market Show and other details connected therewith.

Resolution.—Resolved that the usual Market Show be held on the 13th February 1892, and the expenditure to be incurred therefor not to exceed Rs. 200. The date of the Show is subject to alteration with reference to His Highness' movements.

VII. Docket, dated 7th December 1891, from the City Amildar, submitting a statement showing the articles subject to Octroi duty in Mysore and recommending its introduction into this City.

Resolution.—Resolved that the question be referred to a Sub-Committee composed of the Vice-President, Mr. T. T. Leonard, Mr. Sringaravelu Mudaliar, Mr. Sherkhan, and the Taluk and City Amildars for consideration and report.

VIII. List of wells to be deepened and restored.

Resolution.—The Board in sanctioning the works referred to in the above, observes that the estimated expenditure in connection therewith is small and that it be raised to Rs. 3,000. The works in question being of a very urgent nature, the same be carried out forthwith.

IX. Proposal to make a provision in the Municipal budget for feeding and other charges connected with the chattram for Tirupati pilgrims.

Resolution.—This matter also be referred to the Budget Committee for consideration.

X. Proposal to levy a cart-tax on all carriages and vehicles within the City Municipal limits under the Mohatarfa Rules.

Resolution.—The Board observe that in Mysore and other places, carriages of all descriptions are subjected to payment of cart tax and it is not the case in this City. The Board resolve that a rough estimate of the anticipated revenue from this source be prepared and submitted to Government with a prayer for the introduction of the tax.

M. ANNAJI RAO,
for *President.*

NOTICE

The 15th January 1892.

Is hereby given to the public that Mr. J. G. McDonnell, Excise Assistant Commissioner in Mysore, Toddy Department, and Mr. B. Gopalaiengar, Special Revenue Officer, will arrive at the places named in the margin on the dates indicated against each place to open and dispose of the Taluk Toddy tenders at the Taluk Cutcherry and all tenderers are invited to be present. In case of illiterate men, tenders will be received personally before the others are opened. Tenderers should bring their sureties to the Taluk Cutcherry. Cash will be accepted if tendered in lieu of personal security if desired by the tenderer to the extent of one-fourth of the total amount of the contract.

BANGALORE DIVISION.

ADVERTISEMENT.

The 5th February 1892.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Bangalore Division, up to 20th February 1892, for improving the Government Press Building at Bangalore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of September 1892.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Bangalore between the hours of 11 A. M. and 5 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 100 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for improving the Government Press Building at Bangalore"; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

FINANCIAL DEPARTMENT.

ANNUAL EXAMINATION OF REVENUE AND JUDICIAL DEPOSIT ACCOUNTS AND DETAILED STATEMENTS NOS. 4, AND 5, LOCAL REMITTANCES.

To—The Deputy Commissioners of Districts, Treasury Department, and the Officer in charge of the Huzur Treasury, Bangalore, Circular Letter No. 5273-25, *dated* 19*th February* 1892.

With reference to standing orders, the Comptroller has the honor to request that the Deputy Commissioners will be good enough to scrutinize their revenue and judicial deposit accounts and the detailed statements of local remittances under entries Nos. 4 and 5 and take *immediate measures* for clearing them off in the accounts for March next.

(1). Deposit items not exceeding one rupee unclaimed for 12 months, (2) balances not exceeding one rupee partly repaid during the year, (3) deposits of whatever amount unclaimed for more than three complete account years ending 31st March 1892, should be credited to Government.

The sale proceeds of stray cattle kept in deposit for three months and unclaimed within that time should be transferred to credit of the "Municipal" or "District Funds" to which they belong.

Fines and all other items improperly credited to deposits or local remittances should likewise be transferred to credit of the heads to which they belong.

The District Treasury Officers aided by their Head Accountants should personally scrutinize the entries under the head Local Remittances Nos. 4 and 5, which, it is observed, contain many items belonging to revenue and other heads. They should be rectified by transfers in the District Treasury accounts and the Amildars should be instructed to correct their accounts accordingly.

Detailed statements of all items transferred under these instructions should be appended to the Treasury accounts for March 1892, which should contain the corresponding credits.

H. EAGLES,
for *Comptroller.*

FOREST DEPARTMENT.

NOTIFICATIONS.

The 22*nd February* 1892.

The following revised list of retail rates, at which sandalwood will be sold at the Government Kotis in Mysore from February 1892, is published for general information in supersession of Notification, dated 19th April 1890, published at page 198, Part II of the *Mysore Gazette* of the 3rd May 1890 :—

1st sort,	Rs.	850	per ton.	Bagaradad	Rs.	550	per ton.
2nd	do	800	do	Powder	,,	500	do
3rd	do	750	do	Coita chilta	,,	450	do
4th	do	700	do	Hatri chilta	,,	450	do
5th	do	650	do	Ain Chilta	,,	400	do
Jajpokal	Rs.	600	do	Milva chilta	,,	150	do

2. All applications should be made to the Deputy Commissioners, or Assistant or Sub-Assistant Conservators in charge of Kotis.

3. For the convenience of travellers and others who may not have easy access to the Kotis, Amildars will be entrusted with a certain number of small sandalwood billets stamped at both ends with the "sold" stamps, with the weight and price marked thereon. The stock with the Amildar will be replenished on the imprest system. The Amildar should give intimation of sales to the Forest Officer for the necessary entry in the accounts.

4. No application for quantities exceeding one ton will be entertained.

5. Terms for all retail sales will be cash and immediate removal.

6. These reduced retail rates have been fixed for the convenience of the public who may wish to purchase small quantities of sandalwood for their domestic use and for affording facilities for obtaining sandalwood for curving, for samples, and for similar purposes. Whenever therefore a District Forest Officer has reason to believe that the retail rates are being utilized for speculative purposes, he should stop such retail sales at once, reporting the same for the information of the Inspector General of Forests through the Deputy Commissioner of the District.

L. RICKETTS,
Inspector General of Forests.

The 6th February 1892.

The following gentlemen have been appointed to form the Committee for the management of the Government Kannada Girls' School at Nyamti in accordance with the rules of the 25th March 1891.

President.

Hurakadle Bullappa.

Members.

1. Nagar Sante Virappa.
2. Kanchigarhalli Basappa.
3. Patel Sinappa.
4. Guru Basappa.
5. Nyamti Venkappa.

H. J. BHABHA,
Education Secretary.

SHIMOGA DISTRICT.

NOTIFICATIONS.

The 6th February 1892.

The exclusive right of transporting passengers, goods, vehicles, animals, &c., and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildars or Sheristadars of each Taluk, subject to the confirmation of the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed and will, if necessary, be continued on the following days.

3. The ferries will be leased out for fifteen months from 1st April 1892 to 30th June 1893.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid and the collection of tolls therefor except by, or on behalf of, the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce, before the officer conducting the sale, one-fourth of the accepted bid, failing which, the lease will be resold at the first purchaser's risk.

6. The accepted bidder shall, within 4 days from the date of the acceptance of the bid, execute in favor of the Deputy Commissioner, a mutchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said mutchalika to enter into his contract. If the accepted bidder fails to execute and deliver the mutchalika, the lease will be resold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only the reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*a*) Government mails, stores and remittances and all persons, animals and vehicles employed in carrying the same.

(*b*) All Government officials including troops travelling on duty and also in the case of Police officers, prisoners and property in their custody.

(*c*) All parties employed by Government servants to carry official reparts, when so carrying such reports.

(*d*) Children under 12 years of age.

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in seven monthly instalments commencing from June 1892, the deposit being credited to the last 2 "khists." All payments shall be made in the Taluk Treasuries in which the ferry lies.

11. At each ferry, a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

14. Every passenger crossing a ferry is allowed to carry with him his luggage not exceeding in weight an Indian maund without any additional fee for the same. Any quantity in excess of the above will be liable to an additional fee of one anna for each Indian maund or less.

15. Should the contractor be found to have acted contrary to any of the above rules, he shall, for every breach of such rules, be liable to a fine not exceeding Rs. 50 or as the Deputy Commissioner may deem fit.

REVISED NOTIFICATION.

The 9th February 1892.

Notice is hereby given for general information the right to tap Bagani trees and to sell Bagani Toddy in the undermentioned Taluks of the Shimoga District from 1st April 1892 to 30th June 1892. and from 1st July 1892 to 30th June 1894, will be sold villagewar or in groups of villages by public auction by the Amildars or Sheristadars of the respective Taluks before the Taluk Cutcherry on the dates specified against each, subject to the conditions hereinafter set forth :—

Taluks.	*Date of Sale.*
1. Shikarpur	Wednesday, 16th March 1892.
2. Sorab	Saturday, 19th do
3. Sagar	Monday, 21st do
4. Nagar	Thursday, 24th do
5. Tirthahalli	Saturday, 26th do

2. The farm in each case will be knocked down to the highest bidder (the bids as far as possible not being less than those of previous years), subject to the confirmation of the Deputy Commissioner, to whom the sale proceedings will be sent and who reserves to himself the power of rejecting the highest or any bid without assigning any reason for so doing.

3. Parties intending to bid must attend in person or by duly constituted agent and no person will be permitted to bid until he has deposited a sum equal to 5 per cent of the upset rent-fixed for the 1st period, *viz.*, from 1st April 1892 to 30th June 1892 and from 1st July 1892 to 30th June 1894. The deposits of all unsuccessful bidders will be returned to them at the close of the sale.

4. The highest bidder whose bid is accepted by the Deputy Commissioner will be required, in the case of the bid being Rs. 10 or less than Rs. 10, to pay up the entire sum of his bid then and there to the Officer conducting the sale, and in all other cases to deposit at once a sum equal to one-third of the rent engaged for, for the 1st period *viz.*, from 1st April 1892 to 30th June 1892 and shall pay first Khist of one-third the amount on the 20th April and the 2nd Khist of one-third on the 20th May 1892, the deposit being appropriated for the last instalment. The person whose bid is accepted by the Deputy Commissioner for the 2nd period, *viz.*, from 1st July 1892 to 30th June 1894 for two years, will deposit at once a sum equal to $\frac{1}{12}$th of the annual rent engaged for, inclusive of the deposit already made by him. On the decision of the Deputy Commissioner being announced, he will be required within 8 days of such announcement to deposit with the Amildar, inclusive of the previous deposits, a total sum equal to one-fourth of the annual rent, engaged for, either in cash or in Government securities duly endorsed in favor of the Deputy Commissioner, as securities for the due fulfilment of the contract, or he may furnish one-half of the security above required in cash or Government securities duly endorsed as above and the remaining half in immovable property of value equal to double the amount, free of all claims and encumbrances. He shall further execute an agreement in the usual form on proper stamp paper, binding himself to conform to the conditions herein set forth.

5. If he fails to furnish the deposits required in the preceding para or refuses to execute the agreement required, any deposits already made will be forfeited to Government, and the farm resold or otherwise disposed of, any loss resulting from such resale or other disposal of the farm being recovered from him by attachment and sale of his property under the rules in force for the recovery of arrears of land revenue.

6. The conditions prescribed for the fulfilment of the date or Ichal Toddy contract are applicable to the farm of Bagani Toddy also.

7. Any information respecting the revenue and other particulars of the Bagani Toddy of the past years may be obtained on application to the Amildars or Sheristadars concerned.

The 6th February 1892.

HASSAN DISTRICT.

NOTIFICATIONS.

The 29th January 1892.

Notice is hereby given that the undermentioned lands in the Belur Taluk, Hassan District, applied for for coffee cultivation, will be sold by public auction at 11 A. M. on Tuesday the 1st March 1892 near the lands applied for before the Amildar of the Belur Taluk, subject to the confirmation of the Deputy Commissioner of this District.

2. The sale shall be by public auction under the usual conditions and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 per acre. The deposit of one-fourth of the upset price made by the applicant shall if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees, except sandal, which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay a deposit of 25 per cent of the purchase money inclusive of the deposit referred to in para 2 and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force; in default, the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale, but will have no claim to the excess, if any.

5. The land sold under these rules shall be held free of assessment for the first three years and on half assessment for the next two years, full assessment being payable from and after the sixth year. But before the concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any *bonâ fide* attempt to bring under cultivation the arable area included in it.

MYSORE MUNICIPALITY.

Proceedings of the Sub-Committee dated 12th January 1892.

Present.	*Absent.*
H. Karvi, Esq.	A. Annaiya Pandit, Esq.
Narayanaswami Mudaliar, Esq.	Subbrayar, Esq.
Muhammad Shek Ibrahim, Esq.	
T. Raghavendra Rao, Esq., Vice-President.	

The Budget for 1892-93 has been gone through under its various heads.

I. The estimated income is Rs. 1,04,975 plus opening balance 19,791, in all 1,24,766.

II The estimated expenditure is Rs. 1,04,181.

This will leave a balance of Rs. 20,585 which will be reserved as directed by the Government.

2. The following changes are proposed under the I Head Office Establishment :—

1 Manager on 60 Rs. per mensem.
1 Cashier on 30 do
1 Munshi on 20 do
1 Record and Store-keeper on 20 Rs. per mensem.
1 English Clerk on 20 Rs. per mensem.

3 Peons 6+10=16 do
8 Mutsaddis—
4 on 15 Rs. a month.
4 on 10 do
1 Shekdar on 20 Rs. a month.
9 Peons at 5 Rs. a month.

III. Conservancy Establishment.

3 Overseers on 20 Rs. per mensem. | 4 Overseers on 15 Rs. per mensem.

Each Mohalla should have two coolies at 5 Rs. each besides the sweepers and scavengers attached to each Mohalla to look after the avenue trees and the petty repairs of streets and drains.

IV. Market.

1 Daroga 8 Rs. | 2 Peons one to each Market, 10 Rs.

V. Lighting.

The present number of lights ought to be raised to 500 in full, and the allotment under this head may be raised to Rs. 6,000.

VI. Octroi.

The present establishment of peons seems to be very large. This be curtailed by reducing the number to 36 peons.

The saving thus caused should be utilized in giving better pay to the officials, whose work seems to be hard and onerous.

VII. An increase may also be given to the water-works Overseer and Peons under him.

VIII. Cattle Pounds.

One more pound, 1 Mutsaddi on Rs. 6 a month.
1 Peon on Rs. 4 a month.
No alterations under other heads.

FOREST DEPARTMENT.

NOTIFICATIONS.

The 22*nd February* 1892.

The following revised list of retail rates, at which sandalwood will be sold at the Government Kotis in Mysore from February 1892, is published for general information in supersession of Notification, dated 19th April 1890, published at page 198, Part II of the *Mysore Gazette* of the 3rd May 1890 :—

1st sort,	Rs.	850	per ton.	Bagaradad	Rs.	550	per ton.
2nd	do	800	do	Powder	,,	500	do
3rd	do	750	do	Coita chilta	,,	450	do
4th	do	700	do	Hatri chilta	,,	450	do
5th	do	650	do	Ain Chilta	,,	400	do
Jajpokal	Rs.	600	do	Milva chilta	,,	150	do

2. All applications should be made to the Deputy Commissioners, or Assistant or Sub-Assistant Conservators in charge of Kotis.

3. For the convenience of travellers and others who may not have easy access to the Kotis, Amildars will be entrusted with a certain number of small sandalwood billets stamped at both ends with the "sold" stamps, with the weight and price marked thereon. The stock with the Amildar will be replenished on the imprest system. The Amildar should give intimation of sales to the Forest Officer for the necessary entry in the accounts.

4. No application for quantities exceeding one ton will be entertained.

5. Terms for all retail sales will be cash and immediate removal.

6. These reduced retail rates have been fixed for the convenience of the public who may wish to purchase small quantities of sandalwood for their domestic use and for affording facilities for obtaining sandalwood for carving, for samples, and for similar purposes. Whenever therefore a District Forest Officer has reason to believe that the retail rates are being utilized for speculative purposes, he should stop such retail sales at once, reporting the same for the information of the Inspector General of Forests through the Deputy Commissioner of the District.

for *President.*

SHIMOGA DISTRICT.

NOTIFICATIONS.

The 6th February 1892.

The exclusive right of transporting passengers, goods, vehicles, animals, &c., and of collecting tolls at the ferries specified in the annexed list will be put up to auction on the dates specified therein by the Amildars or Sheristadars of each Taluk, subject to the confirmation of the Deputy Commissioner.

2. The auction will begin at 12 noon on the days fixed and will, if necessary, be continued on the following days.

3. The ferries will be leased out for fifteen months from 1st April 1892 to 30th June 1893.

4. The monopoly covers only so much of the river as lies within 500 yards on each side of the ferry. The Deputy Commissioner forbids both the transports, within these limits, of passengers, &c., as aforesaid and the collection of tolls therefor except by, or on behalf of, the lessee or other person authorized by the Deputy Commissioner.

5. The accepted bidder shall, immediately on the declaration of the acceptance of his bid, produce, before the officer conducting the sale, one-fourth of the accepted bid, failing which, the lease will be resold at the first purchaser's risk.

6. The accepted bidder shall, within 4 days from the date of the acceptance of the bid, execute in favor of the Deputy Commissioner, a mutchalika on a stamped paper with two tangible sureties for the due fulfilment of the contract and deliver it to the Amildar or Sheristadar as the case may be, and thereupon the Deputy Commissioner will authorize the executant of the said mutchalika to enter into his contract. If the accepted bidder fails to execute and deliver the mutchalika, the lease will be resold or otherwise disposed of at the defaulting bidder's risk, the deposit already made being forfeited to Government.

7. Where there are no boats or "Tokaras," they shall be provided by the lessees at all the ferries. The boats kept by the lessees shall always be of the size and quality approved by the Deputy Commissioner, Executive Engineer or Amildar.

8. Wherever boats and platforms are provided by Government, they shall be returned to Government on the termination of the lease or on being demanded by the Deputy Commissioner or other officer authorized by him on the same condition in which they were supplied to him, subject only to reasonable wear and tear. Loss or damage arising from neglect or want of care shall be made good by the lessee. The lessee shall always be bound to keep the ferries or boats in good order and clean.

9. The lessee shall be entitled to collect tolls at the rates specified in the list hereto annexed, and no fee or toll shall be demanded in the cases enumerated below :—

(*a*) Government mails, stores and remittances and all persons, animals and vehicles employed in carrying the same.

(*b*) All Government officials including troops travelling on duty and also in the case of Police officers, prisoners and property in their custody.

(*c*) All parties employed by Government servants to carry official reparts, when so carrying such reports.

(*d*) Children under 12 years of age.

(*e*) The Deputy Commissioner is, at any time and for any length of time, at liberty to attach the ferry boats for the conveyance of troops, camp equipage and followers, and the contractors and their servants will be bound to give all reasonable assistance to ensure their speedy and safe carriage.

10. The balance of the contract amount shall be paid by the lessee to Government in seven monthly instalments commencing from June 1892, the deposit being credited to the last 2 "khists." All payments shall be made in the Taluk Treasuries in which the ferry lies.

11. At each ferry, a board showing the rates and the weight to be carried should be put up in a conspicuous place by the lessee at all times when the ferry is worked, excepting those places where provision is made by the Deputy Commissioner.

12. The Deputy Commissioner reserves to himself the power of accepting or rejecting any bid without assigning any reasons therefor.

13. The contractor shall have a sufficient number of boats in readiness at either side of the ferry and shall take care that mails, travellers, passengers, animals, carriages, &c., are not unnecessarily delayed whether by day or night, but are ferried over with expedition.

14. Every passenger crossing a ferry is allowed to carry with him his luggage not exceeding in weight an Indian maund without any additional fee for the same. Any quantity in excess of the above will be liable to an additional fee of one anna for each Indian maund or less.

15. Should the contractor be found to have acted contrary to any of the above rules, he shall, for every breach of such rules, be liable to a fine not exceeding Rs. 50 or as the Deputy Commissioner may deem fit.

2. Sorab	Saturday, 19th do
3. Sagar	Monday, 21st do
4. Nagar	Thursday, 24th do
5. Tirthahalli	Saturday, 26th do

2. The farm in each case will be knocked down to the highest bidder (the bids as far as possible not being less than those of previous years), subject to the confirmation of the Deputy Commissioner, to whom the sale proceedings will be sent and who reserves to himself the power of rejecting the highest or any bid without assigning any reason for so doing.

3. Parties intending to bid must attend in person or by duly constituted agent and no person will be permitted to bid until he has deposited a sum equal to 5 per cent of the upset rent fixed for the 1st period, *viz.*, from 1st April 1892 to 30th June 1892 and from 1st July 1892 to 30th June 1894. The deposits of all unsuccessful bidders will be returned to them at the close of the sale.

4. The highest bidder whose bid is accepted by the Deputy Commissioner will be required, in the case of the bid being Rs. 10 or less than Rs. 10, to pay up the entire sum of his bid then and there to the Officer conducting the sale, and in all other cases to deposit at once a sum equal to one-third of the rent engaged for, for the 1st period *viz.*, from 1st April 1892 to 30th June 1892 and shall pay first Khist of one-third the amount on the 20th April and the 2nd Khist of one-third on the 20th May 1892, the deposit being appropriated for the last instalment. The person whose bid is accepted by the Deputy Commissioner for the 2nd period, *viz.*, from 1st July 1892 to 30th June 1894 for two years, will deposit at once a sum equal to $\frac{1}{12}$th of the annual rent engaged for, inclusive of the deposit already made by him. On the decision of the Deputy Commissioner being announced, he will be required within 8 days of such announcement to deposit with the Amildar, inclusive of the previous deposits, a total sum equal to one-fourth of the annual rent, engaged for, either in cash or in Government securities duly endorsed in favor of the Deputy Commissioner, as securities for the due fulfilment of the contract, or he may furnish one-half of the security above required in cash or Government securities duly endorsed as above and the remaining half in immovable property of value equal to double the amount, free of all claims and encumbrances. He shall further execute an agreement in the usual form on proper stamp paper, binding himself to conform to the conditions herein set forth.

5. If he fails to furnish the deposits required in the preceding para or refuses to execute the agreement required, any deposits already made will be forfeited to Government, and the farm resold or otherwise disposed of, any loss resulting from such resale or other disposal of the farm being recovered from him by attachment and sale of his property under the rules in force for the recovery of arrears of land revenue.

6. The conditions prescribed for the fulfilment of the date or Ichal Toddy contract are applicable to the farm of Bagani Toddy also.

7. Any information respecting the revenue and other particulars of the Bagani Toddy of the past years may be obtained on application to the Amildars or Sheristadars concerned.

HASSAN DIVISION.

ADVERTISEMENT.

The 17th February 1892.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Hassan Division, up to 20th March 1892 for constructing a Munsiff's Court at Hole-Narsipur. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Hassan between the hours of 11 A. M. and 4 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200—0—0 in cash or Government Promissory Notes as earnest money, and be superscribed "Tender for constructing a Munsiff's Court at Hole-Narsipur;" in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

FOREST DEPARTMENT.

NOTIFICATIONS.

The 22nd February 1892.

The following revised list of retail rates, at which sandalwood will be sold at the Government Kotis in Mysore from February 1892, is published for general information in supersession of Notification, dated 19th April 1890, published at page 198, Part II of the *Mysore Gazette* of the 3rd May 1890 :—

1st sort,	Rs.	850	per ton.	Bagaradad	Rs.	550	per ton.

5th	do	650	do	Ain Chilta	,,	400	do
Jajpokal	do	600	do	Milva chilta	,,	150	do

2. All applications should be made to the Deputy Commissioners, or Assistant or Sub-Assistant Conservators in charge of Kotis.

3. For the convenience of travellers and others who may not have easy access to the Kotis, Amildars will be entrusted with a certain number of small sandalwood billets stamped at both ends with the "sold" stamps, with the weight and price marked thereon. The stock with the Amildar will be replenished on the imprest system. The Amildar should give intimation of sales to the Forest Officer for the necessary entry in the accounts.

4. No application for quantities exceeding one ton will be entertained.

5. Terms for all retail sales will be cash and immediate removal.

6. These reduced retail rates have been fixed for the convenience of the public who may wish to purchase small quantities of sandalwood for their domestic use and for affording facilities for obtaining sandalwood for carving, for samples, and for similar purposes. Whenever therefore a District Forest Officer has reason to believe that the retail rates are being utilized for speculative purposes, he should stop such retail sales at once, reporting the same for the information of the Inspector General of Forests through the Deputy Commissioner of the District.

The 4th March 1892.

The public are hereby informed that owing to institution of elephant catching operations, all shooting of any game whatsoever in the undermentioned forests is strictly prohibited until further notice.

Persons entering such forests in pursuit of game and for sporting purposes will be liable to be prosecuted.

NOTICE

The 5th March 1892.

Is hereby given to the public that Mr. J. G. McDonnell, Excise Assistant Commissioner in Mysore, Toddy Department, and Mr. B. Gopalaiengar, Special Revenue Officer, will arrive at the Head-quarters of the Taluks named in the margin on the dates indicated against each place to open and dispose of the Taluk Toddy tenders or otherwise dispose of the Toddy farms at the Taluk Cutcherry and all tenderers, shop-keepers, Idigas and others engaged in the Toddy trade are invited to be present. In case of illiterate men, tenders will be received personally before the others are opened. Tenderers or bidders selected must be prepared to deposit three (3) months' khist (including cess) in the Taluk Cutcherry.

The Comptroller observes that notwithstanding circular instructions on the subject, Treasury Officers do not appear to scrutinize as they should the entries made in the Deposit Register received from Taluks, but simply compile and pass them on to this office. The provisions of the Civil Account Code, Chapter XIV, should be strictly observed and only such items as may properly be held in Deposit should be so held. Items that can be transferred to the proper heads of account should not be permitted to be held in Deposit.

Treasury officers are requested to see that the Codal rules and circulars on the subject of Deposit accounts are strictly attended to in future.

PERMANENT ADVANCE.

Circular Letter No. 1764, *dated* 14*th March* 1892.

The Comptroller has the honor to request that the Deputy Commissioners, District Judges and Sub-Divisional Officers will be so good as to furnish this office on 1st April 1892 with a statement of the permanent advance held by them and the officers subordinate to them. The Amildars will send their certificates to the Deputy Commissioner or the Sub-Divisional Officer to whom they are subordinate, who will include them in their statements.

Messrs. Khazi Abid Sheriff Sahib .. .. Sher Khan Sahib .. .. M. Rama Rao	Muhammadan Community.
Messrs. P. Swamidas Pille .. .. A. Singarvelu Mudaliar .. .. M. Ramaswami Chetti	Native Christians.

8. The allotment will be made at the Municipal Offices at 8 A. M., on the 7th of April 1892.

9. No member of one caste will be given sites set apart for other castes.

10. The price of each site other than that for a bungalow shall not exceed Rs 50 or be less than Rs. 25.

11. Each site will be taken up and offered to the applicants present at Rs. 25 per site. If there are more than one applicant, the site shall be put up to auction until the bid goes to Rs. 50.

12. The price fixed by the Committee shall be paid in full within one week of the application being granted.

13. Within six months from the date of the grant of the site, the applicant shall collect the building materials on the site and within twelve months complete the building.

14. If the applicant fails to pay the price fixed by the Sub-Committee or to complete the building within the time fixed, the site shall be liable to be resumed without any claim for compensation.

15. The buildings are expected to be substantial ones and to have a presentable frontage with necessary arrangements for conservancy purposes in the rear.

16. No transfer of any site will become valid unless and until it has been sanctioned and recognized by the President.

17. No site will be granted to any body who is not actually in need of a house or who does not want it for *bonâ fide* purposes of building a house.

18. The President reserves the right of refusing any application without assigning any reason therefor.

19. Bungalow sites will be knocked down to the highest bidder on the 23rd of April 1892 at a sale to be held before the President or Vice-President at 8 A. M., at the Municipal Office.

20. Any information regarding the locality and sites may be obtained at the Municipal Office during office hours. The plans also will be on inspection.

The 10*th March* 1892.

It is hereby notified for general information that from and after 1st April next, the rate on excisable articles in the City will be the same as that in the Civil and Military Station Municipality as shown below :—

NOTICE.

The 1st March 1892.

FIREWOOD SUPPLY TO THE GOLD MINES.

Sealed tenders will be received by the Deputy Commissioner, Kolar District, up to 31st March 1892, for the exclusive privilege of cutting and removing firewood from the block hereunder described as No. III of the Kamasandra Jungles in the Bowringpet Taluk for a period of from 1 to 2 years.

2. Each tender shall contain the highest rate of seigniorage offered per ton of 68 cubic feet stacked with sawn wood. No tenders shall be received unless accompanied by a deposit of Rs. 300 in cash or currency notes.

3. The trees and the part of the block in which they are to be felled will be marked out by the Forest Department. The contractor shall bind himself in a reasonable penalty to fell only such trees in the manner required. No trees of reserved kinds or fruit trees or trees bearing minor produce or trees reserved as standards shall be lopped or cut down.

4. The felling by contractor should include the tree on the demarcation line within the block.

5. Further particulars together with the conditions of contract can be ascertained by applying at the Deputy Commissioner's Office.

6. Tenders will be opened by the Deputy Commissioner, or any officer nominated by him, at his office at noon on the 31st March 1892 in the presence of such tenderers as may choose to attend.

7. The Deputy Commissioner reserves to himself the right of rejecting any tender without assigning any reason for so doing.

8. The deposit of the successful competitor will be retained and will be forfeited if he fails to execute the necessary agreement on proper stamp or to furnish security to the amount of Rs. 500 in cash within 10 days from the date of acceptance of his offer being made known to him, for the regular working and the due fulfilment of the terms of the agreement.

9. Tenders to be superscribed "Tenders for the exclusive privilege of cutting firewood from Block No. III of the Kamasandra Jungles."

FRENCH ROCKS SUB-DIVISION.

NOTIFICATIONS.

The 29th February 1892.

It is hereby notified for public information that the right of collecting kuranga or whet stones in the Krishnarajpete Taluk will be put up to public auction on the 15th April 1892 at the above Taluk Cutcherry commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The acceptance of the highest offer will be subject to confirmation by the Sub-Division Officer, French Rocks.

4. The lease will be in force up to 30th June 1893.

5. Persons bidding at the sale should state whether they bid on their own account or as agents and in the latter case should deposit authority signed by their principals otherwise their bids will be rejected.

6. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within 7 days from the date of his being informed by the Amildar of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

7. The lessee is not to collect the stones on occupied lands, except with the consent of the occupants who, however, are not authorized to collect the stones on their lands or to sell them to any person other than the lessee.

8. The lessee is not to interfere with grazing right of the hulbanni izardars or renters of pasture.

9. The lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stones wherever found in them.

10. The lessee shall not dig up the lands for the collection of the stones and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

The 22nd March 1892.

It is hereby notified for public information that the undermentioned Jodi village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidars, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Sub-Division Officer, French Rocks, may, at his option instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, before the property is knocked down, or gives satisfactory proof that the amount of arrears, &c., has been paid up.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Sub-Division Officer, French Rocks, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

8. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 90 days from the day of sale and the purchase shall be conditional on the final order in the appeal.

MEMORANDUM.

Office of the Director-General of the Post Office of India, dated Calcutta, the 3rd March 1892.

A number of Government officers were recently consulted regarding a proposal that service stamps in payment of the postage on prepaid official parcels should in future be affixed by the senders to the receipts handed in at the post office with the parcels, instead of as at present to the parcels themselves; and from the opinions expressed, it would appear that the proposed system is generally regarded as a convenient one. It has, therefore, been decided to introduce it with effect from the 1st April 1892, and the following Notification No. 540, dated the 9th February 1892, has accordingly been published by Government in the *Gazette of India* of the 13th February 1892 :—

"In exercise of the powers conferred by Section 63 of the Indian Post Office Act, XIV of 1866, the Governor-General in Council is pleased, with reference to the rules published with the Notification of the Government of India in the Finance Department, No. 1446, dated the 28th February, 1873, to prescribe the following rule regarding the manner of prepaying the postage on official parcels posted on and after the 1st April, 1892, at any Indian Post Office :—

"In the case of official parcels on which the postage is to be prepaid, the service postage stamps should be affixed by the senders to the receipts handed in at the Post Office with the parcels, and not to the parcels themselves."

2. It has been pointed out by some of the officers consulted that the space in the form of ordinary parcel receipt may be insufficient for the necessary number of stamps in the case of heavy parcels, and it has been suggested that the form should be enlarged. It has, however, to be remembered that the maximum limit of weight of an official parcel is 600 tolas on which the postage is Rs. 4, so that if service stamps of the value of 8 annas are used, only eight stamps will be required to prepay the postage, and it will be found that the blank space available in the form is quite sufficient for eight stamps. It may happen of course that stamps of a lower denomination than 8 annas will have to be used at times even in the case of heavy parcels, and the difficulty can then be met, as it is met by the Post Office in the case of private parcels, by affixing the stamps to a slip of paper and pasting the slip securely to the receipt.

3. In the case of insured official parcels, the stamps in payment of the insurance fee will also from the 1st April 1892, like those in payment of the postage, be required to be affixed by the senders to the receipts handed in with the parcels, instead of to the parcels themselves.

A. U. FANSHAWE,
Director-General of the Post Office of India.

3. The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner of the Tumkur District.

4. The lease will be in force from 1st June 1892 up to 30th June 1893.

5. Persons bidding at the sale should state whether they bid on their own account or as agents and in the latter case should deposit authority signed by their principals, otherwise their bids will be rejected.

6. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale and if the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, is not paid within 7 days from the date of his being informed by the Amildar of the confirmation of the sale, the money so deposited shall be liable to forfeiture. If such deposits be not made or the remaining purchase money be not paid up, the right will be resold at the expense and risk of the first purchaser.

7. The lessee is not to collect the stones on occupied lands, except with the consent of the occupants who, however, are not authorized to collect the stones on their lands or to sell them to any person other than the lessee.

8. The lessee is not to interfere with grazing right of the hulbanni izardars or renters of pasture.

9. The lessee should not object to unoccupied lands being given and for cultivation by Government, reserving to himself the right of collecting the stones wherever found in them.

10. The lessee shall not dig up the lands for the collection of the stones and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

Dy. Commissioner.

FRENCH ROCKS SUB-DIVISION.

NOTIFICATIONS.

The 22nd March 1892.

It is hereby notified for public information that the undermentioned Jodi village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidars, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Sub-Division Officer, French Rocks, may, at his option instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, before the property is knocked down, or gives satisfactory proof that the amount of arrears, &c., has been paid up.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Sub-Division Officer, French Rocks, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

8. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 90 days from the day of sale and the purchase shall be conditional on the final order in the appeal.

HASSAN DISTRICT.

NOTIFICATIONS.

The 14th March 1892.

Notice is hereby given that the undermentioned lands in the Manjarabad Taluk, Hassan District, applied for coffee cultivation, will be sold by auction at the place and on the date mentioned in the statement below, before the Amildar of the Manjarabad Taluk, subject to the confirmation of the Deputy Commissioner of the District.

2. The sale shall be by public auction under the usual conditions and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 per acre. The deposit of one-fourth of the upset price to be made by the applicant shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money payable under clause 4 of this notice and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees, except sandal which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay 25 per cent of the purchase money, and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force; in default, the money so deposited shall be liable to forfeiture and the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale.

5. The land sold under these rules shall be held free of assessment for the first 3 years and half assessment for the next two years, the full assessment being payable from and after the sixth year. But before this concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year, in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any (*bonâ fide*) attempt to bring under cultivation the arable area included in it.

II. Proceedings of the Government of Mysore, No. 12785-6—L. 1284, passing orders on the Board's Resolution No. 4 passed on the 23th January 1892, regarding the acquisition of a site for the burial of the Jail convicts.

Resolution.—It was unanimously resolved that the site lately acquired by the Municipality for a burial ground near Jakarayan tank for the general public may also be used for the burial of Jail convicts, subject to the usual caste distinctions.

III. Report from the Sub-Committee on the proposed works to be carried out during 1892-93.

Resolution.—That the house tax be revised under the provisions of the Municipal Regulations and that Government be solicited to sanction the introduction of wheel and toll tax simultaneously into this City. The Board also resolve that the introduction of lighting tax as now recommended by the Sub-Committee be submitted to Government for sanction. The question of dispensing with the services of Orderly Peons as recommended by the Sub-Committee was next considered ; 8 Commissioners were for their retention and 3 against it, *viz.*, Messrs. C. M. Leonard, J. Cameron and Dr. Penno. The Board therefore resolve that the services of the Peons be retained. The other matters recommended by the Sub-Committee are generally approved.

IV. Letter No. 492, dated 6th January 1892, from the Honorary Secretary, Friend-in-need Society, stating that certain inmates belonging to the Mysore Province who are now kept in the Girdlestone Ward be removed to the Petta Ward.

Resolution.—The Vice-President be requested to make the necessary enquiries and dispose of the matter.

V. Statement showing the expenditure incurred on account of the Langarkhana together with the report from the City Amildar.

Resolution.—The excess expenditure which is due to the present high prices of grain be recommended for the sanction of Government.

VI. Proposal to remove the Arlepete Dispensary to a building in the Municipal Garden.

Resolution.—It is undesirable to remove the present dispensary to the locality proposed. The construction of a separate dispensary building is under consideration.

VII. Reconsideration of the resolution passed by the Board at a meeting held on the 30th September 1891, regarding allowances claimed by the Hospital Assistant in charge of Arlepete Dispensary.

Resolution.—The Hospital Assistant has very heavy duties to perform as medical officer in charge of the dispensary in addition to attending to the cholera patients and to the pilgrims in the Chattram and fully deserves the extra allowance recommended by the Senior Surgeon.

VIII. Government Proceedings No. D. 155, dated 15th February 1892, sanctioning a special grant of Rs. 1,000 towards the Langarkhana.

Resolution.—Read and recorded with thanks to Government.

IX. Re-appropriation of Municipal Funds under Public Works Department for the current official year.

Resolution.—Approved. The same be submitted to Government for sanction.

X. Docket Nos. 455 and 491, dated 16th and 22nd February 1892, respectively, requesting that increased allotment may be made under "Maternity and Market Branch Dispensary."

Resolution.—The extra expenditure is sanctioned subject to approval of Government.

Notice given to the public under Section 30 of the Code of Civil Procedure.

The public are hereby informed that the above named plaintiffs have filed this suit for a declaration that the undermentioned wet land situated in the bed of Kalasappaiyana tank attached to the Kempapur Agrahar, Bangalore Taluk, belongs to all the 60 vrittidars of Kempapur Jodi Village, and that all the vrittidars are entitled to share either in the kandayam or produce of the land in proportion to the number of vrittis which each vrittidar owns; and for the recovery of Rs. 20 from the defendants by way of damages on account of the invasion of their right by the defendants. All those who are interested in the subject matter of the suit, may appear before this court on the 21st April 1892 to which date the case stands posted for settlement of issues, and intimated to the court, if they are willing to be made parties to the suit.

SCHEDULE.

The description of property in respect of which the suit is brought is as follows :—

Wet field in the bed of Kalasappaiyana tank attached to Kempapur Jodi Village, Bangalore Taluk, is bounded on the east by Duggenahalli Krishna Sastri's field; on the west by Ranga Sastri's field; on the north by Akkannamma and Ranga Sastri's field; and on the south by the tank bed. The land within the said boundaries is called "Gudegudde" and it is common or "Maddika" land measuring 6 Kudus in extent.

KADUR DISTRICT.

NOTIFICATION.

The 23rd March 1892.

Notice is hereby given that the undermentioned land in the Koppa Taluk, Kadur District, applied for coffee cultivation, will be sold by auction at 11 A. M. on Monday the 2nd May 1892, at Hariharpur before the Amildar of the Koppa Taluk, subject to the confirmation of the Deputy Commissioner of the District.

2. The sale shall be, by public auction, under the usual conditions which will be explained at the time of sale by the Officer conducting it and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 per acre. The deposit of one-fourth of the upset price to be made by the applicant, shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money payable under clause 4 of this notice and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees except sandal, which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay 25 per cent of the purchase money, and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force; in default, the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale.

5. The land sold under these rules shall be held free of assessment for the first three years and half assessment for the next two years, the full assessment being payable from and after the sixth year. But before this concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any *bonâ fide* attempt to bring under cultivation the arable land included in it.

Secretary to the Insurance Committee.

HASSAN DIVISION.

ADVERTISEMENT.

The 27th March 1892.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Hassan Division, up to 27th April 1892, for re-constructing 2 blocks of Barr Lines at Hassan. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of July 1893.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Hassan between the hours of 11 A. M. and 4 P. M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of Rs. 200 in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for reconstructing 2 blocks of Barr Lines at Hassan"; in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within 8 days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.

T. J. MCGANN, F. R. C. S. E.,
Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

MEMORANDUM.

Office of the Director-General of the Post Office of India, dated Calcutta, the 3rd March 1892.

A number of Government officers were recently consulted regarding a proposal that service stamps in payment of the postage on prepaid official parcels should in future be affixed by the senders to the receipts handed in at the post office with the parcels, instead of as at present to the parcels themselves; and from the opinions expressed, it would appear that the proposed system is generally regarded as a convenient one. It has, therefore, been decided to introduce it with effect from the 1st April 1892, and the following Notification No. 540, dated the 9th February 1892, has accordingly been published by Government in the *Gazette of India* of the 13th February 1892 :—

"In exercise of the powers conferred by Section 63 of the Indian Post Office Act, XIV of 1866, the Governor-General in Council is pleased, with reference to the rules published with the Notification of the Government of India in the Finance Department, No. 1446, dated the 28th February, 1873, to prescribe the following rule regarding the manner of prepaying the postage on official parcels posted on and after the 1st April, 1892, at any Indian Post Office :—

"In the case of official parcels on which the postage is to be prepaid, the service postage stamps should be affixed by the senders to the receipts handed in at the Post Office with the parcels, and not to the parcels themselves."

2. It has been pointed out by some of the officers consulted that the space in the form of ordinary parcel receipt may be insufficient for the necessary number of stamps in the case of heavy parcels, and it has been suggested that the form should be enlarged. It has, however, to be remembered that the maximum limit of weight of an official parcel is 600 tolas on which the postage is Rs. 4, so that if service stamps of the value of 8 annas are used, only eight stamps will be required to prepay the postage, and it will be found that the blank space available in the form is quite sufficient for eight stamps. It may happen of course that stamps of a lower denomination than 8 annas will have to be used at times even in the case of heavy parcels, and the difficulty can then be met, as it is met by the Post Office in the case of private parcels, by affixing the stamps to a slip of paper and pasting the slip securely to the receipt.

3. In the case of insured official parcels, the stamps in payment of the insurance fee will also from the 1st April 1892, like those in payment of the postage, be required to be affixed by the senders to the receipts handed in with the parcels, instead of to the parcels themselves.

A. U. FANSHAWE,
Director-General of the Post Office of India.

CIVIL AND MILITARY STATION, BANGALORE.

FRENCH ROCKS SUB-DIVISION.

NOTIFICATIONS.

The 22nd March 1892.

It is hereby notified for public information that the undermentioned Jodi village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidars, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Sub-Division Officer, French Rocks, may, at his option instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, before the property is knocked down, or gives satisfactory proof that the amount of arrears, &c., has been paid up.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Sub-Division Officer, French Rocks, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

8. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 90 days from the day of sale and the purchase shall be conditional on the final order in the appeal.

HASSAN DISTRICT.

NOTIFICATIONS.

The 14th March 1892.

Notice is hereby given that the undermentioned lands in the Manjarabad Taluk, Hassan District, applied for coffee cultivation, will be sold by auction at the place and on the date mentioned in the statement below, before the Amildar of the Manjarabad Taluk, subject to the confirmation of the Deputy Commissioner of the District.

2. The sale shall be by public auction under the usual conditions and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 per acre. The deposit of one-fourth of the upset price to be made by the applicant shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money payable under clause 4 of this notice and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees, except sandal which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay 25 per cent of the purchase money, and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force; in default, the money so deposited shall be liable to forfeiture and the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale.

5. The land sold under these rules shall be held free of assessment for the first 3 years and half assessment for the next two years, the full assessment being payable from and after the sixth year. But before this concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year, in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any (*bonâ fide*) attempt to bring under cultivation the arable area included in it.

6. The purchaser will be required to deposit twenty-five per cent of the purchase money as soon as the bid is accepted and the remainder together with the prescribed local cess on the whole amount at one anna in the rupee, should be paid within 7 days from the date of his being informed by the Amildar in writing of the confirmation of the sale, otherwise the money so deposited shall be liable to forfeiture. When such deposits are not made or the balance failed to be paid, the right shall be resold at the expense and risk of the first purchaser.

7. The lessee is not authorized to collect the stones on occupied lands, except with the consent of the occupants who, however, are not permitted to collect the stones on their lands or to sell them to any person other than the lessee.

8. The lessee is not to interfere with grazing right of the Hulbanni Izardars or renters of pasture.

9. The lessee should not object giving out unoccupied lands for cultivation when darkhasts are received for them. He may however reserve to himself the right of collecting the stones in them if any.

10. If the lessee dig up the lands for the collection of the stones, he shall fill up the pits so as to leave the lands fit for cultivation.

The 31st March 1892.

It is hereby notified for public information that the right of collecting kuranga or whet stones in the Channarayapatna Taluk will be put up to public auction on the 28th April 1892 at the above mentioned Taluk Cutcherry commencing at 11 A. M.

2. The Amildar or Sheristadar will hold the sale.

3. The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner, Hassan District.

4. The lease will be in force from 1st April 1892 up to 30th June 1893.

5. Persons bidding at the sale should state whether they bid on their own account or for others as agents, and in the letter case should produce the authority signed by their principals, otherwise their bids will be rejected.

6. The purchaser will be required to deposit twenty-five per cent of the purchase money as soon as the bid is accepted and the remainder, together with the prescribed local cess on the whole amount at one anna in the rupee, should be paid within 7 days from the date of his being informed by the Amildar in writing of the confirmation of the sale, otherwise the money so deposited shall be liable to forfeiture. When such deposits are not made or the balance of purchase money is not paid up, the right will be resold at the expense and risk of the first purchaser.

7. The lessee is not to collect the stones on occupied lands, except with the consent of the occupants who, however, are not permitted to collect the stones on their lands or to sell them to any person other than the lessee.

8. The lessee is not to interfere with grazing right of the hulbanni izardars or renters of pasture.

9. The lessee should not object to giving out unoccupied lands for cultivation when darkhasts are received for them. He may, however, reserve to himself the right of collecting the stones in them if any.

10. If the lessee dig up the lands for the collection of the stones, he shall fill the pits so as to leave the lands fit for cultivation.

O. S. No. 147 OF 1892.

1. Karapana Pille.
2. Govinda Reddi.

Vs.

1. Apparow Mudaliar and 8 others.

Notice is hereby given that Karapana Pille and Govinda Reddi, pensioned Lascars, have filed a suit in the Munsiff's Court at Bangalore on behalf of all the Lascars of the Ordnance Department, for a declaration that they are the owners and managers of the Dharmaraja Temple in the Lascar Lines in Bangalore and that as such they are entitled to obtain licenses in their names for the performance of the yearly and other festivals thereof as usual as the defendants, some of the Mudaliars residing in the said Lascar Lines, denied the said rights of the Lascars.

The Lascars of the Ordnance Department, both in Madras and in Bangalore, may express their approval or disapproval of the said suit and join as plaintiffs or defendants as they may choose in the said suit.

Given under my hand and seal of this court this 30th day of March 1892.

Notice given to the public under Section 30 of the Code of Civil Procedure.

The public are hereby informed that the above named plaintiffs have filed this suit for a declaration that the undermentioned wet land situated in the bed of Kalasappaiyana tank attached to the Kempapur Agrahar, Bangalore Taluk, belongs to all the 60 vrittidars of Kempapur Jodi Village, and that all the vrittidars are entitled to share either in the kandayam or produce of the land in proportion to the number of vrittis which each vrittidar owns; and for the recovery of Rs. 20 from the defendants by way of damages on account of the invasion of their right by the defendants. All those who are interested in the subject-matter of the suit, may appear before this Court on the 21st April 1892 to which date the case stands posted for settlement of issues, and intimated to the Court, if they are willing to be made parties to the suit.

SCHEDULE.

The description of property in respect of which the suit is brought is as follows :—

Wet field in the bed of Kalasappaiyana tank attached to Kempapur Jodi Village, Bangalore Taluk, is bounded on the east by Duggenahalli Krishna Sastri's field; on the west by Ranga Sastri's field; on the north by Akkannamma and Ranga Sastri's field; and on the south by the tank bed. The land within the said boundaries is called "Gudegudde" and it is common or "Maddika" land measuring 6 Kudus in extent.

KADUR DISTRICT.

NOTIFICATION.

The 23rd March 1892.

Notice is hereby given that the undermentioned land in the Koppa Taluk, Kadur District applied for coffee cultivation, will be sold by auction at 11 A. M. on Monday the 2nd May 1892, at Hariharpur before the Amildar of the Koppa Taluk, subject to the confirmation of the Deputy Commissioner of the District.

2. The sale shall be, by public auction, under the usual conditions which will be explained at the time of sale by the Officer conducting it and the land shall be knocked down to the highest bidder above the upset price, *viz.*, Rs. 10 per acre. The deposit of one-fourth of the upset price to be made by the applicant, shall, if the land be knocked down to him at the auction, be credited towards his deposit of 25 per cent of the purchase money payable under clause 4 of this notice and it shall be refunded to him if the land is purchased by any other person in the auction.

3. The upset price fixed as above shall include survey expenses and the right of Government to all reserved trees except sandal, which will always be reserved absolutely by Government.

4. The highest bidder should, immediately after the close of the sale, pay 25 per cent of the purchase money, and the remainder before sunset on the 15th day from the date of sale as provided for by the rules in force ; in default, the land will be resold at the risk of the defaulter, who will have to make good the deficiency, if any, at the second sale.

5. The land sold under these rules shall be held free of assessment for the first three years and half assessment for the next two years, the full assessment being payable from and after the sixth year. But before this concession is granted, the purchaser must bind himself in writing to pay the full assessment from the first year in the event of his resigning the land after cutting down the timber on it or otherwise clearing any portion of it, but without having made any *bonâ fide* attempt to bring under cultivation the arable land included in it.

MEMORANDUM.

Office of the Director-General of the Post Office of India, dated Calcutta, the 3rd March 1892.

A number of Government officers were recently consulted regarding a proposal that service stamps in payment of the postage on prepaid official parcels should in future be affixed by the senders to the receipts handed in at the post office with the parcels, instead of as at present to the parcels themselves; and from the opinions expressed, it would appear that the proposed system is generally regarded as a convenient one. It has, therefore, been decided to introduce it with effect from the 1st April 1892, and the following Notification No. 540, dated the 9th February 1892, has accordingly been published by Government in the *Gazette of India* of the 13th February 1892 :—

"In exercise of the powers conferred by Section 63 of the Indian Post Office Act, XIV of 1866, the Governor-General in Council is pleased, with reference to the rules published with the Notification of the Government of India in the Finance Department, No. 1446, dated the 28th February, 1873, to prescribe the following rule regarding the manner of prepaying the postage on official parcels posted on and after the 1st April, 1892, at any Indian Post Office :—

"In the case of official parcels on which the postage is to be prepaid, the service postage stamps should be affixed by the senders to the receipts handed in at the Post Office with the parcels, and not to the parcels themselves."

2. It has been pointed out by some of the officers consulted that the space in the form of ordinary parcel receipt may be insufficient for the necessary number of stamps in the case of heavy parcels, and it has been suggested that the form should be enlarged. It has, however, to be remembered that the maximum limit of weight of an official parcel is 600 tolas on which the postage is Rs. 4, so that if service stamps of the value of 8 annas are used, only eight stamps will be required to prepay the postage, and it will be found that the blank space available in the form is quite sufficient for eight stamps. It may happen of course that stamps of a lower denomination than 8 annas will have to be used at times even in the case of heavy parcels, and the difficulty can then be met, as it is met by the Post Office in the case of private parcels, by affixing the stamps to a slip of paper and pasting the slip securely to the receipt.

3. In the case of insured official parcels, the stamps in payment of the insurance fee will also from the 1st April 1892, like those in payment of the postage, be required to be affixed by the senders to the receipts handed in with the parcels, instead of to the parcels themselves.

A. U. FANSHAWE,
Director-General of the Post Office of India.

NOTIFICATION.

The 1st April 1892.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

II. Application from the Head-master, Municipal School, for a furniture grant.

Resolution.—The disbursement of Rs. 390 from Municipal funds for purchase of furniture for the use of the school be sanctioned, subject to the approval of Government.

III. Letter No. 1045, dated 4th March 1892, from the President, Municipal Board, Civil and Military Station, regarding the introduction of Octroi in the Station Municipality from the 1st proximo, and requesting that a corresponding scale of duties and license fees may be adopted in the City Municipality.

Resolution.—The Board recommend to Government the introduction of license fees in accordance with the rates in the Civil and Military Station, Bangalore.

IV. Correspondence in *re* Jatka stand for the City Municipality.

Resolution.—The Board resolve that the Municipal site lying behind Anjaneya's Temple near Alsur Petta gate be selected for the purpose. Besides this, two other suitable sites, one near Yelahanka gate and the other at the Fort gate, be selected and the public be informed of the same.

V. Final adoption of the Budget for the year 1892-93.

Resolution.—Read and passed. The increase under the marginally noted heads is found unavoidable and necessary to meet the growing wants of the City Municipality. It will be noted that there is no actual increase. What is proposed to be done is the bringing under proper heads and finding a place in the Budget for items which used to be met from general savings. This practice the Board consider to be irregular and wish that it was put a stop to.

City Municipal Anglo-Vernacular School—Rs. 390 for furniture.
Do Rs 300 for increases to be given to the teaching staff.
City Municipal Kannada Boys' School—Rs. 240 do do
Itinerant Medical establishment—Rs. 120.

VI. Proceedings of the Government of Mysore No. 14544—L. 1501, dated 16th instant, requesting the President to favor them with his opinion on the proposed amendment of the election rules. Read also D. O. dated 25th March 1892, from Mr. T. R. A. Thumboo Chettiyar regarding the proposed amendments of the election rules.

Resolution.—The Board after long discussion unanimously approve of the suggestions made by Mr. T. R. A. Thumboo Chettiyar, and resolve that the same be formally submitted to Government for sanction.

VII. Disposal of the following tenders for the ensuing official year:—

1. *Tender for lighting the Town.*—Varadarajulu's bid for annas fifteen per lamp per mensem being the lowest, was accepted.
2. *Tender for the right of collecting fees in the Vegetable Market.*—Aminuddin's bid for Rs. 254 per mensem being the highest, was accepted.
3. *Tender for the right of collecting fees from Vaddar carts on the Fort glacis.*—Muhammad Husman's bid for Rs. 55 per mensem being the highest, was accepted.
4. *Tender for the right of removing cocoanut produce.*—Khaja Miya's bid for Rs. 125, being the highest for one year, was accepted.

VIII. Government Proceedings No. 13598-600½—L.-1391, dated 26th February 1892, regarding the appointment of Miss. Ayachammal, L. M. S., as an Assistant Surgeon and lending her services to the Municipality.

Resolution.—The Board accept the arrangements sanctioned by Government and wish to record their thanks to Government for having secured for the City the services of a Lady Doctor of Miss Ayachammal's qualifications.

IX. Docket from the Honorary Secretary, dated 14th instant, forwarding printed copies of the Proceedings of the Rate Payers' Association. Read also letter addressed to the Honorary Secretary by the President and the formers' reply thereto.

Resolution.—Read and recorded.

X. Disposal of building sites available on either side of Kasivisveswara Temple road, lately opened by the Municipality.

Resolution.—The Board after hearing the parties and after mature deliberation, resolve that a portion of the Municipal waste site adjoining Advocate Mr. L. Srinivasaiengar's house to the north, measuring 71 feet in length and 15 feet in breadth, be sold to him at the rate of 8 annas per square yard. The remaining portion of land, measuring 18 feet in breadth and 71 feet in length, be reserved for public purposes and the same be not sold to anybody. The narrow strip of land lying to the west of the above named (Mr. L. Srinivasaiengar's) house being of no use to the public and likely to be a source of nuisance if left open, be granted to him free of cost on the express understanding that he constructs for the use of the Matt a well of the same description and size as the one now in existence on the spot to be selected by the City Amildar and approved of by the owner of the Matt. As it is also proposed to take up a strip of land and a portion of building belonging to Mr. P. N. Krishna Murti, for widening the road recently opened, the waste land lying behind his house may be granted to him in lieu of the ground taken from him.

XI. Site selected near the Butts on the Mysore Road for location of the Chucklers' huts as well as for the burial ground for the Muhammadan community.

The site selected for Chucklers has been accepted by them. They may be removed to it. As regards the burial ground for Muhammadans, the President is requested to obtain the opinions of the Senior Surgeon and of the Executive Engineer before the site selected is finally adopted.

M. ANNAJI RAO,
for *President.*

H. RAMANUJAIENGAR,
for *Dy. Commissioner.*

The 2nd April 1892.

It is hereby notified for public information that the right of collecting kuranga or whet stones in the Kolar, Bowringpet, Sidlaghatta and Goribidnur Taluks will be put up to public auction on the 14th May 1892 at the Taluk Cutcherries of the respective Amildars commencing at 11 A. M.

2. The Amildar or the Sheristadar will hold the sale.

3. The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner, Kolar District.

4. The lease will be in force up to 30th June 1893.

5. Persons bidding at the sale should state whether they bid on their own account or as agents and in the latter case should deposit authority signed by their principals, otherwise their bids will be rejected.

6. The purchaser will be required to deposit 25 per cent of the purchase money at the time of the sale and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within 7 days from the date of his being informed by the Amildar of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

7. The lessee is not to collect the stones on occupied lands, except with the consent of the occupants who, however, are not authorized to collect the stones on their lands or to sell them to any person other than the lessee.

8. The lessee is not to interfere with grazing right of the hulbanni izardars or renters of pasture.

9. The lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stones wherever found in them.

10. The lessee shall not dig up the lands for the collection of the stones and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

C. MADIAH,
Dy. Commissioner.

MYSORE DISTRICT.

NOTIFICATION.

The 9th April 1892.

Y. Narasimhaiya, Amildar and 3rd Class Magistrate of the Tirumakudlu-Narsipur Taluk, is, under Section 37 of the Criminal Procedure Code, invested with the following additional powers :—

1. Power to make orders prohibiting repetition of nuisances, Section 143.
2. Power to make orders under Section 144.
3. Power to hold inquests, Section 174.
4. Power to take cognizance of offences in which he has jurisdiction to try, Section 194.
5. Power to take cognizance of offences upon Police Report, Section 191.

A. RANGASWAMAIENGAR,
District Magistrate.

FRENCH ROCKS SUB-DIVISION.

NOTIFICATIONS.

The 22nd March 1892.

It is hereby notified for public information that the undermentioned Jodi village, which has been duly attached in satisfaction of the arrears of revenue due to Government (as shown in the subjoined statement) by the said Jodidars, will be sold by public auction at the place and on the date mentioned in the annexed statement. The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

2. Provided that when a village is divided into separate recognized vrittis, the Sub-Division Officer, French Rocks, may, at his option instead of selling the village as a whole, sell each vritti separately.

3. The purchaser will be required to deposit 25 per cent of the purchase money at the time of sale, and where the remainder of the purchase money may not be paid within fifteen days from the day of sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made nor the remaining purchase money paid up, the lands shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at the sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any other person acting on his behalf or claiming an interest in the land, tenders the full amount of the arrears of revenue with the interest and other charges, before the property is knocked down, or gives satisfactory proof that the amount of arrears, &c., has been paid up.

7. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed, be placed in immediate possession, and the village will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Sub-Division Officer, French Rocks, will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description and in estimated extent.

8. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Dewan within 90 days from the day of sale and the purchase shall be conditional on the final order in the appeal.

3. The sale will not become absolute until it has been confirmed by the Sub-Division Officer, French Rocks.

4. The lease will be in force up to 31st March 1893.

5. The purchaser will be required to deposit twenty-five per cent of the purchase money at the time of the sale, and where the remainder of the purchase money, together with the prescribed local cess on the whole amount at one anna in the rupee, may not be paid within seven days from the date of his being informed of the confirmation of the sale, the money so deposited shall be liable to forfeiture. When such deposits shall not be made, nor the remaining purchase money paid up, the right shall be resold at the expense and risk of the first purchaser.

6. The conditions of the sale are :—

(*a*) That the lessee is not to collect stones on occupied lands, except with the consent of the occupants, who however are not authorized to collect the stones on their lands, or to sell them to any person other than the lessee.

(*b*) That the lessee is not to interfere with the grazing of the hulbanni izardars, or renters of pastures.

(*c*) That the lessee is to allow unoccupied lands to be given out for cultivation by Government, reserving to himself the right of collecting the stones wherever found in them.

(*d*) That the lessee shall not dig up the lands for the collection of the stones, and if the lands are dug up, shall fill up the pits so as to leave the lands fit for cultivation.

It is hereby notified for general information that the right of collecting kuranga or whet stones in the Seringapatam Taluk will be put up to public auction on Wednesday the 4th May 1892 at Seringapatam Taluk Cutcherry commencing from 11 o'clock.

NOTIFICATION.

The 1st April 1892.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

2. All tenders should be sealed, registered and superscribed as follows :—"Tenders for carting of timber and bamboos from the Forests to the Depôts in the Mysore District" and they should be accompanied with Currency Notes or pro-notes to the value of Rs. 100 for each Forest which will be returned after the tenders are examined.

3. Tenders will be received by the Forest Officer, Mysore District, up to 15th June 1892.

4. The intending contractors must, in the event of their tendering for carting from more than one of the above named Forests, specify the lowest rates at which they offer to cart the timber or bamboos from each of such Forests separately to the Depôts mentioned opposite to them. In the case of loss, the rate per cubic foot, and in the case of small timber and bamboos, the rate per cart-load must be noted.

N. B.—A cart-load will be reckoned at 25 C. Ft. of small timber, 50 Heb-bidaru, 150 Medara-bidaru and 200 Kiri-bidaru except at Chamrajnagar Depôt, where 400 Kiri-bidaru go to one cart-load.

5. The successful contractor or contractors will be required to bind himself or themselves to cart to Mysore Woodyard or certain floating stations (marked above) all square logs intended for removal within 40 days of their preparation, and in the case of small timber and bamboos intended for removal to Depôt other than Mysore Woodyard, to cart them to such Depôt within 20 days of preparation.

6. Each successful tenderer on acceptance of his tender will deposit a sum of Rs. 200 for each Forest for carting from which his tender might be accepted, as security for the due performance of the several conditions of his contract. In the event of failure to fulfil any of the aforesaid conditions, the amount of security will be forfeited to Government.

7. The contractor shall be acquired to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

8. The District Forest Officer does not bind himself to accept any or lowest tender, and such [illegible]nce shall be subject to the sanction of the Inspector General of Forests.

9. The intending contractor will have to make his own arrangements for carting as the Department is not bound to make any road-ways or cart-tracks, and no excuse in this behalf will be accepted for the non-carting of wood.

10. Any further information required by intending contractors may be had on application to the Forest Office, Mysore District.

Y. SITARAMAIYA,
Asstt. Conservator of Forests,
Mysore District.

The 2nd May 1892.

2. All tenders should be sealed, registered and superscribed as follows :—"Tenders for carting of timber and bamboos from the Forests to the Depôts in the Mysore District" and they should be accompanied with Currency Notes or pro-notes to the value of Rs. 100 for each Forest which will be returned after the tenders are examined.

3. Tenders will be received by the Forest Officer, Mysore District, up to 15th June 1892.

4. The intending contractors must, in the event of their tendering for carting from more than one of the above named Forests, specify the lowest rates at which they offer to cart the timber or bamboos from each of such Forests separately to the Depôts mentioned opposite to them. In the case of loss, the rate per cubic foot, and in the case of small timber and bamboos, the rate per cart-load must be noted.

N. B.—A cart-load will be reckoned at 25 C. Ft. of small timber, 50 Heb-bidaru, 150 Medara-bidaru and 200 Kiri-bidaru except at Chamrajnagar Depôt, where 400 Kiri-bidaru go to one cart-load.

5. The successful contractor or contractors will be required to bind himself or themselves to cart to Mysore Woodyard or certain floating stations (marked above) all square logs intended for removal within 40 days of their preparation, and in the case of small timber and bamboos intended for removal to Depôt other than Mysore Woodyard, to cart them to such Depôt within 20 days of preparation.

6. Each successful tenderer on acceptance of his tender will deposit a sum of Rs. 200 for each Forest for carting from which his tender might be accepted, as security for the due performance of the several conditions of his contract. In the event of failure to fulfil any of the aforesaid conditions, the amount of security will be forfeited to Government.

7. The contractor shall be acquired to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

8. The District Forest Officer does not bind himself to accept any or lowest tender, and such acceptance shall be subject to the sanction of the Inspector General of Forests.

9. The intending contractor will have to make his own arrangements for carting as the Department is not bound to make any road-ways or cart-tracks, and no excuse in this behalf will be accepted for the non-carting of wood.

10. Any further information required by intending contractors may be had on application to the Forest Office, Mysore District.

Y. SITARAMAIYA,
Asstt. Conservator of Forests,
Mysore District.

The 2nd May 1892.

NOTIFICATION.

The 10th May 1892.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

2. All tenders should be sealed, registered and superscribed as follows :—"Tenders for carting of timber and bamboos from the Forests to the Depôts in the Mysore District," and they should be accompanied with Currency Notes or pro-notes to the value of Rs. 100 for each Forest which will be returned after the tenders are examined.

3. Tenders will be received by the Forest Officer, Mysore District, up to 15th June 1892.

4. The intending contractors must, in the event of their tendering for carting from more than one of the above named Forests, specify the lowest rates at which they offer to cart the timber or bamboos from each of such Forests separately to the Depôts mentioned opposite to them. In the case of loss, the rate per cubic foot, and in the case of small timber and bamboos, the rate per cart-load must be noted.

N. B.—A cart-load will be reckoned at 25 C. Ft. of small timber, 50 Heb-bidaru, 150 Medara-bidaru and 200 Kiri-bidaru except at Chamrajnagar Depôt, where 400 Kiri-bidaru go to one cart-load.

5. The successful contractor or contractors will be required to bind himself or themselves to cart to Mysore Woodyard or certain floating stations (marked above) all square logs intended for removal within 40 days of their preparation, and in the case of small timber and bamboos intended for removal to Depôt other than Mysore Woodyard, to cart them to such Depôt within 20 days of preparation.

6. Each successful tenderer on acceptance of his tender will deposit a sum of Rs. 200 for each Forest for carting from which his tender might be accepted, as security for the due performance of the several conditions of his contract. In the event of failure to fulfil any of the aforesaid conditions, the amount of security will be forfeited to Government.

7. The contractor shall be required to conform strictly to such rules and regulations as may be laid down by the District Forest Officer during the fire season.

8. The District Forest Officer does not bind himself to accept any or lowest tender, and such acceptance shall be subject to the sanction of the Inspector General of Forests.

9. The intending contractor will have to make his own arrangements for carting as the Department is not bound to make any road-ways or cart-tracks, and no excuse in this behalf will be accepted for the non-carting of wood.

10. Any further information required by intending contractors may be had on application to the Forest Office, Mysore District.

Y. SITARAMAIYA,
Asstt. Conservator of Forests,
Mysore District.

The 2nd May 1892.

The 10th May 1892.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

				Bangalore Taluk.					
Bangalore.	Bangalore.	Manne Kolala ..	Constructing stone revetment to the Go-katte.	The Deputy Commissioner, having during his tour observed that revetting with stones was necessary, directed that it should be done with rough stones ; but as they are not procurable, the same is proposed to be constructed with burnt stones.	300	..	Recommended to be carried out.		
		Hagadur Mazare Immadihalli.	Constructing stone revetment to the existing drawing well.	The Deputy Commissioner during his tour towards Vartur, having inspected the well, directed that it may be revetted, if the Amildar considered it necessary. The villagers having done the entire earthwork, the Government has only to undertake stone work which is necessary.	200	..	Do do		
		Chikka Banavara..	Constructing stone revetment for the well sunk last year out of Local Funds General.	Owing to the urgency of drinking water here, a well was sunk ; but as it may collapse, if stone work is not done, the same has been recommended now.	250	..	Do do		
		Yesvantpur ..	Sinking a drinking water well.	This is very necessary for the convenience of the people residing near the Police Station, as also travellers going to and from Bangalore and Tumkur. The want of a well is much felt here.	320	..	Do do		

	Kodati ..	Sinking a drawing well .	As there is no drinking water well close by, for the use of raiyats of this village, the want is very much felt. The Deputy Commissioner, having also observed this, noted the same in his inspection notes and ordered a well. The raiyats have taken up the earthwork, stone work has to be done by Government.	250	..	Do	do	
	Do ..	Sinking a drinking well for Holeyars.	The Holeyars who require a separate well for themselves, having brought the want to the notice of the Deputy Commissioner, a well was ordered to be sunk for them. The earthwork will be executed by these people, stone work has to be done by Government.	100	..	Do	do	
	Sivanahalli ..	Repairing the well ..	The inhabitants of this village having brought to notice the great want of water both for the people and the cattle and a great portion of the earthwork having already been executed by the raiyats, it is proposed to revet this with stone.	150	..	Do	do

				Dodballapur Taluk.				
	Dodballapur.	Jodi Kalladevanhalli.	Bridge over the Kodi channel.	The only fresh water well in the village is on the other side of the channel, villagers find it very difficult to fetch water during rainy season and the bridge is therefore necessary.	30	..	Do	do
		Hanabe ..	Converting a large mantap into a Musafarkhan.	This is large and important village. A large weekly fair is held here. The mantap has cost over 1,000 Rs. It could be well preserved and utilized for useful purposes, if converted into a Musafarkhana.	250	..	Do	do
		Gangadharapura ..	*Repairing the Kalyani.	There is a large temple close by. A car festival is also held here on a large scale every year, when thousands of people assemble for the jatre. Cattle also are brought for sale on a small scale. The well will also be useful for travellers passing on the Kolar-Sompur road. There is no well within a radius of two or three miles.	250	*This work may cost more than the estimate. The excess may be collected from the votaries of the temple.	Do	do
		Dargapura ..	Repairing the katte and the well.	This katte and the well are near the Taluk Cutcherry and out of Municipal limits. The restoration of the well will prove useful to the many raiyats who attend the Cutcherry. And if the 6 acres of land close by are planted with trees so as to form a small tope, and a small shed, for the use of the several officers, visiting the place, be also erected, the work will prove of immense advantage, considering that the Travellers' Bungalow is situated beyond a mile from the town.	300	..	The Board think this a very useful work and likely to serve many people.

Bangalore.	Dodballapur.	Gundangere ..	Constructing a chavadi ..	There is no chavadi in the place for the public.	150	..	Recommended to be carried out.		
		Rajagatta ..	Repairing a matapam .	This is on the Chikballapur-Sompur road, situated in a large fine tope and is very useful for travellers. It will be better frequented by travellers after the opening of the Hindupur Railway line, as it will be a resting place between Nundy and Dodballapur.	100	..	Do do		
		Madure ..	Constructing a bridge ..	There is a cross country road from Dodballapur to Madure, Kodihalli, Gollahalli and Nelamangala. There is a large stream running across the road between Madure and Kodihalli villages. Travellers feel this obstruction very much almost during the whole year. A bridge will be very useful.	75	..	The opinion of the Executive Engineer is to be obtained.		
		Heggadahalli ..	Repairing out-houses attached to the temple in the village.	This village is at the foot of the Nundy hills. After the Railway line is opened for traffic, there will be many travellers moving to and fro. It will also be very useful to Taluk and other Government officials.	45	..	Recommended to be carried out.

II. Letter dated 31st March 1892, from the Honorary Secretary, Jubilee Fund Committee, forwarding copy of Resolution of the Jubilee General Committee, dated 12th December 1891, together with a cheque for Rs. 3,624.

Resolution.—The amount received be held in deposit in Government Savings Banks to be utilised for construction of a Clock Tower at the New Market proposed to be built near the New Taragpete. Sanction of Government to be obtained.

III. Letter dated 26th March 1892, from Mr. John Law, regarding manures and their treatment, also the manufacture of "Human Excreta" and urine (night soil) into a valuable manure.

Resolution.—This seems a sensable proposal. Referred to a Select Committee consisting of Mr. Cameron, Dr. Penno, Mr. Leonard and Mr. Gangaiya to consider Mr. John Law's proposals and report on them.

IV. Application from Muhammad Madi Sahib, applying for the piece of ground lying vacant in Dobbspete together with City Amildar's report thereon.

Resolution.—The Amildar of Bangalore says that the site referred to is within the prohibited area. Resolved that it is not desirable to allow houses to spring up there.

V. Government Proceedings No. 1083-4—L. 209, dated 18th April 1892, forwarding copy of letter dated 31st March 1892 from Messrs. Stokes & Co. of Bombay, regarding the system of lighting with oil gass.

Resolution.—The Board are not prepared to accept the proposal.

VI. The settlement of compensation or grant of site to Mr. P. N. Krishnamurti in lieu of that to be taken up for the proposed extension of Kasi Iswara Temple road.

Resolution.—A Sub-Committee consisting of Mr. Leonard, Dr. Penno and Mr. Sambasiva Iyer be requested to report upon the extent of waste to be allowed to Mr. P. N. Krishnamurti. They will place themselves in communication with him for this purpose.

VII. Appointment of a Sub-Committee for checking Municipal accounts. The Board note that the checking of accounts is a good proposal and resolve that two Commissioners be asked to form a Sub-Committee to scrutinize the monthly accounts. As the elective system will soon come into operation, the Committee may be appointed for two months April and May. The Commissioners are 1. Mr. A. Singaravelu Mudaliar, 2 Mr. B. Gangaiya.

VIII. Report of the Sub-Committee *in re* Octroi tax.

Resolution.—The Sub-Committee's report is adopted with the modification that the tax on sugar and jaggory will be appressive and may be omitted. The other recommendations with the modifications in rates made, be submitted for approval of Government.

IX. Selection of a site for the location of the present Bamboo Bazar.

Resolution.—The site selected by the Amildar may be acquired for removing the Bamboo Bazar.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Devanhalli Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

N. VENKATA RAO,
for *Dy. Commissioner.*

KADUR DISTRICT.

The 29th April 1892.

Proceedings of the District Fund Board Meeting convened on Monday the 25th April 1892 under para XXI of the Committee Rules, and for allotting works for Rs. 15,000 sanctioned by Government in their Proceedings No. 13717-26—L.1417, dated 2nd March 1892.

President.—H. H. Sparkes, Esq., Deputy Commissioner.

Honorary Secretary.—A. Govindacharlu, Esq., C. E., Executive Engineer.

MEMBERS.

Present.

Dr. A S. Fernandes, Civil Surgeon.
B. Narayanaiengar, Esq., Genl. Asstt. Commr.
Mr. P. Srinivasa Rao, Amildar, Chikmagalur.
,, H. R. Srinivasa Rao, do Tarikere.
,, S. Srinivasa Rao, do Kadur.
,, C. Shamaiengar, do Mudgere.
,, C. Krishna Rao, do Koppa.
,, H. Sitaramaiya, do Sringeri Jahgir.

Absent.

Tangli Seshaiengar, Esq., Kadur.
Sitarama Sastri, Esq., Koppa.
Kuppusami Pille, Esq., Tarikere.
The Agent, Sringeri Matt.

Seeing the short space of time that was at disposal to execute most of these works, the administration of funds was considered satisfactory and recorded.

2. Read Proceedings of the Government No. 13717-26—L. 1417, dated 2nd March 1892, allotting Rs. 15,000 from the Local Funds General for 1892-93 for the excavation of wells, construction of village chavadis, bathing ghats, bridges over small nalas, &c.

(1) Read statements of grants and outlay for the last official year laid before the Board by the Honorary Secretary, of which an abstract is appended below :—

* (Exclusive of Direction and Accounts.)

After considering the requirements of the localities and Executive Engineer's recommendations, it was resolved to distribute the amount among works detailed in the statement submitted with this office No. 44, dated 30th April 1892, and to request Government to accord early sanction.

3. The Executive Engineer then read a reference from the Chief Engineer (No. 499, dated 23rd January 1892), regarding gravelling and maintaining the Hosahalli Goldhal Road for which the Board made a contribution of Rs. 200 in their Meeting convened on 10th October 1890.

The road is a small loop abandoned some years ago and not of general public use, running as it does close by the Chikmagalur-Yedahalli Road. The Board was therefore of the opinion that the raiyats interested should maintain it. When Rs. 200 were granted, there was no intention that maintenance should be borne by the District Funds which are already burdened by demands made thereon by other thoroughfares in the District (also read Chief Engineer's No. 1996, dated 31st March 1892, that Kotgehar Kalsa Road cannot be transferred from District to Provincial Funds).

4. Proposed by the Executive Engineer and seconded by Messrs. Clifford and Ganesa Rao that as there is a special estimate for improving the Balehonnur-Kalasa Road for Rs. 4,724 from Local Funds General, the sum of Rs. 1,000 sanctioned for its special repairs in Proceedings No. 9775-86—L. 869 of 11th December 1891 (page 10) may be transferred to the Yedahalli-Balehonnur Road which stands in need of improvement.

The Executive Engineer having informed the Board that Yedahalli-Balehonnur Road stood urgently in need of funds more than he Kalsa Road, which is comparatively in better order, the proposed transfer was approved.

5. Proposed by the Executive Engineer that the estimate for Rs. 14,700 for extending the Bababudan Hill Road beyond the 20th mile up to Tanigebail by a bridle path in the first instance be approved as it would complete this important coffee communication by tapping the neighbouring coffee estates which are many, and bringing the completed road up to 20th mile more into use.

Mr. Narayanaiengar stated (Amildar of Tarikere seconding) that the track from Lingadahalli to Tanigebail be taken first. After some discussion, it was unanimously agreed that the last link of the big project should be first established, as a natural matter of course. The project has been prepared by the Executive Engineer already (*vide* his No. 53, dated 6th April 1892 to the Deputy Commissioner, Kadur District). Resolved that this be submitted to Public Works Secretary with a strong recommendation to allot funds from whatever source the Government thinks it convenient to do so.

6. The Executive Engineer read a reference from the Chief Engineer No. 4853, dated 4th November 1891, regarding the maintenance of Koppa-Kalasapur Road for which a grant-in-aid was made from the District Funds and stated that a final reply was awaited from Mr. Digby Brett.

Resolved that the matter be again brought forward before the next Meeting and in the meanwhile a reminder be addressed (through the Koppa Taluk Amildar) to the Secretary, North Planters' Association.

7. Read docket No. 10, dated 11th April 1892, from the Assistant Conservator of Forests, for opening out a road about 10 miles from the 5th mile of Sollebail-Sringeri Road to link it with the Sollebail-Balehole Road as proposed by the Amildar of Koppa at the Meeting of April 1891 and seconded by the Amildars of Koppa and Sringeri.

The Honorary Secretary having pointed out that this road would be a chord cutting off a very small area of a fork at present formed by the Sringeri and Balehole Roads, it was resolved that the making of it be left to the raiyats themselves, and the Forest Department provided that the latter has good reasons to show that it would serve its interests. The estimate would be about Rs. 10,000 to 15,000 against which Rs. 1,000 from raiyats is a very poor contribution indeed. Besides, it would not be good policy to neglect existing communications, which swallow up all our resources, and go in for new lines. An extract of this will be forwarded to the Inspector General of Forests and Plantations.

8. Proposed by the Amildar of Chikmagalur that the fund sanctioned for the well at Amble at the last Meeting may be allowed to be utilized otherwise.

As there are other sources of water-supply at present for the village and no suitable site for a well has yet been decided on, it was resolved that the subject of the well be postponed for the present.

9. Proposed by the Amildar of Tarikere that as the Taluk establishment is much overworked. Separate establishment should be given to execute Local Fund and Marahamat works and to do clerical work in office.

It was pointed out that the matter is under consideration by Government.

NOTIFICATIONS.

The 10th May 1892.

Proclamation and Notification of sale of Immovable Property.

It is hereby notified that in satisfaction of arrears of land revenue due by undermentioned individuals, revenue defaulters, the undermentioned immovable properties will be sold by public auction at the office of the Amildar of the Dodballapur Taluk, Bangalore District, on the dates shown in the schedule. The sale will commence at 11 A. M. and the property will be knocked down to the highest bidder without reserve.

2. The amount of revenue payable by the purchaser on the property for the whole of the year 1891-92 is as shown in detail in the statement at foot.

3. Purchasers will be required to deposit 25 per cent of the purchase money at the time of sale and where the remainder of the purchase money may not be paid within 15 days from the day of the sale, the money so deposited shall be liable to forfeiture.

4. When such deposit shall not be made, nor the remaining purchase money paid up, the property shall be resold at the expense and risk of the first purchaser.

5. Persons bidding at a sale may be required to state whether they bid on their own account or as agents; and in the latter case to deposit a written authority signed by their principals, otherwise their bids may be rejected.

6. The sale shall be stayed, if the defaulter or any person acting on his behalf, or claiming an interest in the property tenders the full amount of the arrears of revenue with the interest and other charges, provided such tender be made before the property is knocked down.

7. The sale of the property will not become absolute until the sale has been confirmed by the Deputy Commissioner.

8. Purchasers having completed the payment of the purchase money will, as soon as the sale has been confirmed by the Deputy Commissioner, be placed in immediate possession and the property will be registered in the name of the purchaser, and a certificate of sale signed and sealed by the Deputy Commissioner will be granted to him. It is to be distinctly understood that the Government are not responsible for errors of description or in estimated extent.

9. Provided parties deeming themselves aggrieved by the sale shall be at liberty to appeal to the Deputy Commissioner within 30 days from the day of sale and also to appeal to Government against his order within the time prescribed by law, and the purchase shall be conditional on the final orders in such appeal.

The 11th May 1892.

With a view to enable bidders for Minor Forest† and Maravali* produce to have full notice of the dates of sale in the different Taluks and to put a stop to the irregularities of procedure noticeable in some Taluks, the following notification is issued for the guidance of Amildars and of bidders at auction sales of Minor Forest and Maravali produce in the Bangalore District.

* The following articles are known as Minor Forest produce (*vide* separate sheet attached).

† The produce of mangoe and other trees in Government lands.

There will be two sales, one for the Kartika, and the other for the Vaisakha produce.

The sales will be held on the dates specified below; before the Amildar and in his absence before the Sheristadar at the Taluk Cutcherry at 2 P. M., and right will be knocked down to the highest bidder. The conditions of the sale are that:—

(1) No bids will be accepted after the close of the sale.
(2) The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner.
(3) Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids will be rejected.
(4) The purchaser will be required to deposit 25 per cent of the purchase money as soon as the bid is accepted; and the remainder together with the prescribed local cess on the whole amount at one anna per rupee should be paid within 7 days from the date of his being informed by the Amildar in writing of the confirmation of the sale. Otherwise the money so deposited shall be liable to forfeiture. When such deposit is not made or the balance duly paid, the right shall be re-sold at the expense and risk of the first purchaser.
(5) The accepted bidder will be entitled to gather the produce from 1st April for Vaisakhi and 1st October for Kartik produce.

MYSORE DISTRICT JAIL.

NOTICE.

The 13th May 1892.

Notice is hereby given that sealed tenders will be received up to the 15th June 1892, by the Superintendent of the Mysore Jail for the supply by contract of all articles of diet required for the use of prisoners confined in the Mysore Jail from 1st July 1892 to 31st March 1893, both days inclusive.

2. No tenders will be received after the date above mentioned.

3. Tenders to be superscribed "Tenders for the supply of the provisions for the Mysore Jail".

4. No tenders will be received, unless accompanied by a deposit of Rs. 500 in cash or Currency Notes for the supply of provisions.

5. Tenders will be opened by the Superintendent of the Mysore Jail at the Jail office on the date above named in the presence of such tenderers who may choose to attend at 7-30 A. M.

6. All tenders must specify the rate at which the following articles can be supplied in pound weights per rupee of good quality :—

(1) Rice boiled and unboiled, (2) ragi, (3) dhal, (4) ballar, (5) tyre, (6) meat, (7) gingelly oil, (8) ghee, (9) tamarind, (10) salt, (11) onions, (12) garlic, (13) curry powder, (14) vegetables, (15) sugar, (16) bread, (17) milk, (18) firewood, (19) kerosine oil without tins.

7. The contractor will supply ragi grain to be ground by convicts and it will be issued as flour. The supply to be calculated and payments made upon the quantity of flour so issued at the price of the ragi grain.

8. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

9. No advance of cash will be made to the contractor. Payment for the articles supplied will be made by the Superintendent, Mysore Jail, as soon as possible after the first of each month.

10. The deposit of the successful tenderer will be retained and will be forfeited if he fails to execute the contract bond, or to furnish security to the amount of Rs. 500 in cash or Government bonds, for the supply of provisions, within one week from the date of acceptance of his contract being made known to him.

11. A store-room will be made over to the contractor in which he can keep all non-perishable articles. Perishable articles, such as, meat, &c., must be at the Jail by 7-15 A. M. daily.

12. The contract must not be sublet.

13. The rice, ragi and dhal to be supplied by the contractor must be clean and free from grit. All stalks of chillies, fibres and stones of tamarind to be removed before they are supplied.

14. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Mysore Jail for any infringement of the stipulation of the contract or for the supply of any inferior articles, and if frequently violated, the contract will be annulled, and security confiscated to the Government.

15. The decision of the Superintendent of the Mysore Jail to be final in all questions of infringement of contract.

16. The contractor will be bound to purchase vegetables from the Jail garden for the use of the prisoners at a fixed rate of 5 pies per lb.

17. In case the contractor after taking the contract is not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the security money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure or by Government having to purchase the articles specified in the contract in the local markets at higher rates than those contracted for.

A reward of Rs. 15 is offered by Government to any person giving information leading to the discovery of one Malla, who has absconded after murdering Shama Rao, Patel of Kasapura village in the Koratagere Sub-Taluk, Tumkur District.

The 7th June 1892.

The body of a male in an advanced state of decomposition was found floating in the Hemava about a mile up the river from the town of Saklespur, by the Police on the 23rd May 1892. As no clue has been obtained to identify the body and there appears to be no person missing from the surrounding villages, notice is hereby given that, should any male member be missing either in the Saklespur or neighbouring Taluks, the relatives or other persons concerned will communicate to the Superintendent of Police, Hassan District.

The body when found had both its legs crossed and tied just above the ankles with a white cotton kammarband and knotted in front, over this the right hand was placed and the kammarband was rolled round the legs and the hand at the wrist, and the loose end fastened by being passed through the folds of the kammarband with a knot. The left hand was free.

The corpse when found had 2 gold murus in each ear with a good pearl of the size of a grain of green gram "Hésarukalu" and a shirt with brown stripes (flannelet) over the body. No other clothing. The kammarband is 6 inches wide, 4½ yards long and has on one end 1 red and 2 narrow blue stripes and the other 2 red and 2 blue, and fringe not twisted or knotted.

The corpse answered to the following description :—

Age.—About 25 years.	*Sect.*—Not known.	*Features.*—Indiscernible being in an advanced stage of decomposition.
Sex.—Male.	*Name.*—Not known.	
Caste.—Hindu.	*Residence.*—Not known.	

Cause of death is said in *post mortem* report to be drowning and may probably be homicidal.

The 8th June 1892.

A reward of Rs. 10 is offered by Mr. Morley, Hospital Assistant, Saklespur, to any person or persons who may give information as may lead to the discovery of the following articles, stolen from his residence on or about the 15th February last.

Description.

Gun—Double barrel, central fire, choke bore, No. 14.

Maker—W. Richards.

Identifying Marks.—Locks, rebounding action. The head of a samber was engraved on the iron heel plate. There were a few scratches on the outside about the centre of the right barrel.

Cane.—Subramanya rattan, about an inch in diameter, color red, with black marks at the knots. Had a silver head. The silver was worth about Rs. 2.

The 14th June 1892.

The 11*th May* 1892.

With a view to enable bidders for Minor Forest† and Maravali* produce to have full notice of the dates of sale in the different Taluks and to put a stop to the irregularities of procedure noticeable in some Taluks, the following notification is issued for the guidance of Amildars and of bidders at auction sales of Minor Forest and Maravali produce in the Bangalore District.

* The following articles are known as Minor Forest produce (*vide* separate sheet attached).

† The produce of mangoe and other trees in Government lands.

There will be two sales, one for the Kartika, and the other for the Vaisakha produce.

The sales will be held on the dates specified below; before the Amildar and in his absence before the Sheristadar at the Taluk Cutcherry at 2 P. M., and right will be knocked down to the highest bidder. The conditions of the sale are that:—

(1) No bids will be accepted after the close of the sale.

(2) The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner.

(3) Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids will be rejected.

(4) The purchaser will be required to deposit 25 per cent of the purchase money as soon as the bid is accepted; and the remainder together with the prescribed local cess on the whole amount at one anna per rupee should be paid within 7 days from the date of his being informed by the Amildar in writing of the confirmation of the sale. Otherwise the money so deposited shall be liable to forfeiture. When such deposit is not made or the balance duly paid, the right shall be re-sold at the expense and risk of the first purchaser.

(5) The accepted bidder will be entitled to gather the produce from 1st April for Vaisakhi and 1st October for Kartik produce.

POLICE DEPARTMENT.

NOTICES.

The 27th May 1892.

A reward of Rs. 15 is offered by Government to any person giving information leading to the discovery of one Malla, who has absconded after murdering Shama Rao, Patel of Kasapura village in the Koratagere Sub-Taluk, Tumkur District.

The 7th June 1892.

The body of a male in an advanced state of decomposition was found floating in the Hemavati, about a mile up the river from the town of Saklespur, by the Police on the 23rd May 1892. As no clue has been obtained to identify the body and there appears to be no person missing from the surrounding villages, notice is hereby given that, should any male member be missing either in the Saklespur or neighbouring Taluks, the relatives or other persons concerned will communicate to the Superintendent of Police, Hassan District.

The body when found had both its legs crossed and tied just above the ankles with a white cotton kammarband and knotted in front, over this the right hand was placed and the kammarband was rolled round the legs and the hand at the wrist, and the loose end fastened by being passed through the folds of the kammarband with a knot. The left hand was free.

The corpse when found had 2 gold murus in each ear with a good pearl of the size of a grain of green gram "Hésarukalu" and a shirt with brown stripes (flannelet) over the body. No other clothing. The kammarband is 6 inches wide, 4½ yards long and has on one end 1 red and 2 narrow blue stripes and the other 2 red and 2 blue, and fringe not twisted or knotted.

The corpse answered to the following description :—

Age.—About 25 years.	*Sect.*—Not known.	*Features.*—Indiscernible being in an advanced stage of decomposition.
Sex.—Male.	*Name.*—Not known.	
Caste.—Hindu.	*Residence.*—Not known.	

Cause of death is said in *post mortem* report to be drowning and may probably be homicidal.

The 8th June 1892.

A reward of Rs. 10 is offered by Mr. Morley, Hospital Assistant, Saklespur, to any person or persons who may give information as may lead to the discovery of the following articles, stolen from his residence on or about the 15th February last.—

Description.

Gun—Double barrel, central fire, choke bore, No. 14.

Maker—W. Richards.

Identifying Marks.—Locks, rebounding action. The head of a samber was engraved on the iron heel plate. There were a few scratches on the outside about the centre of the right barrel.

Cane.—Subramanya rattan, about an inch in diameter, color red, with black marks at the knots. Had a silver head. The silver was worth about Rs. 2.

The 14th June 1892.

The following property belonging to Marvadi Pennaji of Halasuligepete, Manjarabad Taluk, was stolen from under his head while he was sleeping on the pial of one Channabasaiya on the night of the 6th June 1892. The Comptroller observes that notwithstanding Circular instructions on the subject, Treasury Officers do not appear to scrutinize as they should the entries made in the Deposit Register received from Taluks, but simply compile and pass them on to this office. The provisions of the Civil Account Code, Chapter XIV, should be strictly observed and only such items as may properly be held in Deposit should be so held. Items that can be transferred to the proper heads of account should not be permitted to be held in deposit.

Treasury Officers are requested to see that the Codal rules and Circulars on the subject of Deposit Accounts are strictly attended to in future.

NOTIFICATION.

The 11*th May* 1892.

With a view to enable bidders for Minor Forest† and Maravali* produce to have full notice of the dates of sale in the different Taluks and to put a stop to the irregularities of procedure noticeable in some Taluks, the following notification is issued for the guidance of Amildars and of bidders at auction sales of Minor Forest and Maravali produce in the Bangalore District.

* The following articles are known as Minor Forest produce (*vide* separate sheet attached).

† The produce of mangoe and other trees in Government lands.

There will be two sales, one for the Kartika, and the other for the Vaisakha produce.

The sales will be held on the dates specified below; before the Amildar and in his absence before the Sheristadar at the Taluk Cutcherry at 2 P. M., and right will be knocked down to the highest bidder. The conditions of the sale are that:—

(1) No bids will be accepted after the close of the sale.

(2) The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner.

(3) Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids will be rejected.

(4) The purchaser will be required to deposit 25 per cent of the purchase money as soon as the bid is accepted; and the remainder together with the prescribed local cess on the whole amount at one anna per rupee should be paid within 7 days from the date of his being informed by the Amildar in writing of the confirmation of the sale. Otherwise the money so deposited shall be liable to forfeiture. When such deposit is not made or the balance duly paid, the right shall be re-sold at the expense and risk of the first purchaser.

(5) The accepted bidder will be entitled to gather the produce from 1st April for Vaisakhi and 1st October for Kartik produce.

SHIMOGA JAIL.

NOTIFICATION.

The 18*th June* 1892.

Notice is hereby given that sealed tenders will be received on Friday the 15th July 1892, at 8 A. M., by the Superintendent of the Shimoga Jail for the supply, by contract, of all articles of diet, &c., required for the use of prisoners confined in the Shimoga Jail from 1st August 1892 to 31st March 1893, both days inclusive ; and also of the articles for the Manufacturing Department for the same period.

2. This contract will be subject to the confirmation of the Inspector General of Prisons in Mysore.

3. No tenders will be received after the time fixed above.

4. Tenders may be submitted for all the articles together in one tender, with deposit of Rs. 300 or separately for No. I Grains, with deposit of Rs. 100; No. II Condiments with Rs. 50; No. III Mutton, with Rs. 50 ; No. IV Firewood, with Rs. 25 ; No. V Kerosine oil, &c., with Rs. 25 ; VI Other necessaries with Rs. 25; and No. VII Articles required for Manufacturing Department, with Rs. 25.

5. No tenders will be received unless accompanied with the above deposit amount. Such deposit amount may be in cash or in Currency Notes.

6. Tenders to be superscribed "Tenders for the supply of provisions and other articles for the Shimoga Jail" as the case may be.

7. Tenders will be opened by the Superintendent, Shimoga Jail, at the Jail Office, on the above date and hour, in the presence of such tenderers as may choose to attend.

8. All tenders must specify the rate at which the articles, as per list attached, can be supplied in pound weights per rupee, except those otherwise mentioned under heads V Kerosine oil, VI Other necessaries and VII Articles required for Manufacturing Department which must give different quantities, and rates at which the various articles will be supplied.

The figures in tenders should neither be erased nor altered, so that there may be no room for doubt.

9. When the Jail supply of vegetables, earthen pots, including large and small lotas and plates, falls short, the contractor will be bound to supply them.

10. The contractor will supply ragi grain to be ground by convicts, and it will be issued as flour. The supply to be calculated and payment made upon the quantity of flour so issued at the price of the ragi grain.

11. The rice, ragi, dál, ballar and all other articles to be supplied by the contractor must be of good quality and thoroughly cleaned.

12. The Superintendent reserves to himself the right of rejecting any tender without assigning any reason for so doing.

13. The deposit of the successful tenderer will be retained and will be forfeited, if he fails to execute the contract bond, within one week from the date of the acceptance of his contract being made known to him.

14. No advance of cash will be made to the contractor. Payments of the articles supplied will be made by the Superintendent of the Shimoga Jail, as soon as possible after the first of each month.

15. A store-room will be made over to the contractor, in which he can keep all non-perishable articles including rice and ragi, of which not less than a week's supply must always be kept in store. Perishable articles, such as, meat, vegetables, milk, tyre, &c., must be at the Jail at 8 A. M. daily for inspection.

16. The contract must not be sub-let.

17. A fine not exceeding Rs. 50 will be levied at the discretion of the Superintendent of the Shimoga Jail for any infringement of the stipulation of the contract, or for the supply of any inferior articles, and if frequently violated, the contract will be annulled and the deposit money confiscated to Government.

If any articles be rejected at the time of inspection as inferior in quality, and if the contractor fails to recoup immediately the same in good quality, the same will be purchased, if necessary, by the Jail authorities, in the local market, at the then existing rate, and the payment will be made to the owner of such articles, after deducting from the contractor's bill.

18. The decision of the Superintendent of the Shimoga Jail to be final in all questions of infringement of contract.

19. If any more information on the subject is required, it can be obtained by applying to the Superintendent of the Shimoga Jail.

20. The Superintendent will purchase elsewhere, whenever required, any other articles that is not mentioned in this notification.

21. In case the contractor, after taking the contract, is not willing to carry out his agreement, he shall give at least one month's notice and shall forfeit the deposit money to Government. The contractor will also be bound to make good to Government any loss which may arise from his failure or by Government having to purchase the articles specified in the contract bond in the local markets at higher rates than those contracted for.

N. B.—No concession of any description will be allowed in the above contract.

22. Tenders must also specify the different rates per convict per diem for the following classes:—

I.	Native laboring convicts	.. ..	A Class.
II.	Do	.. ..	B do

BANGALORE DISTRICT.

NOTIFICATION.

The 11th May 1892.

With a view to enable bidders for Minor Forest† and Maravali* produce to have full notice of the dates of sale in the different Taluks and to put a stop to the irregularities of procedure noticeable in some Taluks, the following notification is issued for the guidance of Amildars and of bidders at auction sales of Minor Forest and Maravali produce in the Bangalore District.

* The following articles are known as Minor Forest produce (*vide* separate sheet attached).

† The produce of mangoe and other trees on Government lands.

There will be two sales, one for the Kartika, and the other for the Vaisakha produce.

The sales will be held on the dates specified below; before the Amildar and in his absence before the Sheristadar at the Taluk Cutcherry at 2 P. M., and right will be knocked down to the highest bidder. The conditions of the sale are that:—

(1) No bids will be accepted after the close of the sale.

(2) The acceptance of the highest offer will be subject to confirmation by the Deputy Commissioner.

(3) Persons bidding at a sale may be required to state whether they bid on their own account or as agents, and in the latter case to deposit a written authority signed by their principals, otherwise their bids will be rejected.

(4) The purchaser will be required to deposit 25 per cent of the purchase money as soon as the bid is accepted; and the remainder together with the prescribed local cess on the whole amount at one anna per rupee should be paid within 7 days from the date of his being informed by the Amildar in writing of the confirmation of the sale. Otherwise the money so deposited shall be liable to forfeiture. When such deposit is not made or the balance duly paid, the right shall be re-sold at the expense and risk of the first purchaser.

(5) The accepted bidder will be entitled to gather the produce from 1st April for Vaisakhi and 1st October for Kartik produce.

PART III.

Acts and Regulations passed by His Highness the Maharaja of Mysore.

GOVERNMENT OF MYSORE.

LEGISLATIVE DEPARTMENT.

REGULATION NO. I OF 1892.

A Regulation to amend the Law relating to Fraudulent Marks on Merchandise.

The following Regulation received the assent of His Highness the Maharaja on the 22nd day of April 1892, and is hereby promulgated for general information :—

WHEREAS it is expedient to amend the law relating to fraudulent marks on merchandise; His Highness the Maharaja is pleased to enact as follows :—

Title, extent and commencement.

1. (1) This Regulation may be called the Mysore Merchandise Marks Regulation, 1892.

(2). It extends to the whole of the Territories of Mysore;

(3). It shall come into force at once.

Definitions.

2. In this Regulation, unless there is something repugnant in the subject or context,—

(1) "trade mark" has the meaning assigned to that expression in Section 478 of the Indian Penal Code as amended by this Regulation :

(2) "trade description" means any description, statement or other indication, direct or indirect,—

(*a*) as to the number, quantity, measure, gauge or weight of any goods, or
(*b*) as to the place or country in which, or the time at which, any goods were made or produced, or
(*c*) as to the mode of manufacturing or producing any goods, or
(*d*) as to the material of which any goods are composed, or
(*e*) as to any goods being the subject of an existing patent, privilege or copyright;

and the use of any numeral, word or mark which according to the custom of the trade is commonly taken to be an indication of any of the above matters shall be deemed to be a trade description within the meaning of this Regulation :

(3) "false trade description" means a trade description which is untrue in a material respect as regards the goods to which it is applied, and includes every alteration of a trade description, whether by way of addition, effacement or otherwise, where that alteration makes the description untrue in a material respect, and the fact that a trade description is a trade mark or part of a trade mark shall not prevent such trade description being a false trade description within the meaning fo this Regulation

(4) "goods" means anything which is the subject of trade or manufacture : and

(5) "name" includes any abbreviation of a name.

Amendment of the Indian Penal Code.

3. For that part of Chapter XVIII of the Indian Penal Code which relates to Trade and Property Marks, the following shall be substituted, namely :—

Substitution of new sections for Sections 478 to 489 of the Indian Penal Code.

"*Of Trade, Property and Other Marks.*

or merchandise they are not, or that they belong to a person to whom they do not belong, shall be punished with imprisonment of either description for a term which may extend to three years, or with fine, or with both.

Selling goods marked with a counterfeit trade mark or property mark.

"486. Whoever sells, or exposes or has in possession for sale or any purpose of trade or manufacture, any goods or things with a counterfeit trade mark or property mark affixed to or impressed upon the same or to or upon any case, package or other receptacle in which such goods are contained, shall, unless he proves—

(*a*) that, having taken all reasonable precautions against committing an offence against this section, he had at the time of the commission of the alleged offence no reason to suspect the genuineness of the mark, and

(*b*) that, on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons from whom he obtained such goods or things, or

(*c*) that otherwise he had acted innocently,

be punished with imprisonment of either description for a term which may extend to one year, or with fine, or with both.

Making a false mark upon any receptacle containing goods.

"487. Whoever makes any false mark upon any case, package or other receptacle containing goods, in a manner reasonably calculated to cause any public servant or any other person to believe that such receptacle contains goods which it does not contain or that it does not contain goods which it does contain or that the goods contained in such receptacle are of a nature or quality different from the real nature or quality thereof shall, unless he proves that he acted without intent to defraud, be punished with imprisonment of either description for a term which may extend to three years, or with fine, or with both.

Punishment for making use of any such false mark.

"488. Whoever makes use of any such false mark in any manner prohibited by the last foregoing section shall, unless he proves that he acted without intent to defraud, be punished as if he had committed an offence against that section.

Tampering with property mark with intent to cause injury.

"489. Whoever removes, destroys, defaces or adds to any property mark, intending or knowing it to be likely that he may thereby cause injury to any person, shall be punished with imprisonment of either description for a term which may extend to one year, or with fine, or with both."

Trade Description.

Provisions supplemental to the definition of false trade description.

4. (1) The provisions of this Regulation respecting the application of a false trade description to goods or respecting goods to which a false trade description is applied, shall extend to the application to goods of any such numerals, words or marks, or arrangement or combination thereof, whether including a trade mark or not, as are or is reasonably calculated to lead persons to believe that the goods are the manufacture or merchandise of some person other than the person whose manufacture or merchandise they really are, and to goods having such numerals, words or marks, or arrangement or combination, applied thereto.

(2). The provisions of this Regulation respecting the application of a false trade description to goods, or respecting goods to which a false trade description is applied, shall extend to the application to goods of any false name or initials of a person, and to goods with the false name or initials of a person applied, in like manner as if such name or initials were a trade description, and for the purpose of this enactment the expression false name or initials means as applied to any goods any name or initials—

(*a*) not being a trade mark, or part of a trade mark, and

(*b*) being identical with, or a colorable imitation of, the name or initials of a person carrying on business in connection with goods of the same description and not having authorized the use of such name or initials.

(3) A trade description which denotes or implies that there are contained in any goods to which it is applied more yards, feet or inches than there are contained therein standard yards, standard feet or standard inches is a false trade description.

5. (1) A person shall be deemed to apply a trade description to goods who—

Application of trade descriptions.

(*a*) applies it to the goods themselves, or

(*b*) applies it to any covering, label, reel or other thing in or with which the goods are sold or are exposed or had in possession for sale or any purpose of trade or manufacture, or

(*c*) places, encloses or annexes any goods which are sold, or are exposed or had in possession for sale or any purpose of trade or manufacture, in, with or to any covering, label, reel or other thing to which a trade description has been applied, or

(*d*) uses a trade description in any manner reasonably calculated to lead to the belief that the goods in connexion with which it is used are designated or described by that trade description.

(2). A trade description shall be deemed to be applied whether it is woven, impressed or otherwise worked into or annexed or affixed to the goods or any covering, label, reel or other thing.

(3). The expression "covering" includes any stopper, cask, bottle, vessel, box, cover, capsule, case, frame or wrapper, and the expression "label" includes any band or ticket.

Penalty for applying a false trade description.

6. If a person applies a false trade description to goods, he shall, subject to the provisions of this Regulation, and unless he proves that he acted without intent to defraud, be punished with imprisonment for a term which may extend to three months or with fine which may extend to two hundred rupees, and in the case of a second or subsequent conviction with imprisonment which may extend to one year, or with fine, or with both.

Penalty for selling goods to which a false trade description is applied.

7. If a person sells, or exposes or has in possession for sale or any purpose of trade or manufacture, any goods or things to which a false trade description is applied, he shall, unless he proves—

(*a*) that, having taken all reasonable precautions against committing an offience against this section, he had at the time of the commission of the alleged offence no reason to suspect the genuineness of the trade description, and

(*b*) that, on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons from whom he obtained such goods or things, or

(*c*) that otherwise he had acted innocently,

be punished with imprisonment for a term which may extend to three months or with fine which may extend to two hundred rupees, and in case of a second or subsequent conviction with imprisonment which may extend to one year, or with fine, or with both.

Unintentional Contravention of the Law relating to Marks and Descriptions.

Unintentional contravention of the law relating to marks and descriptions.

8. Where a person is accused under Section 482 of the Indian Penal Code of using a false trade mark or property mark by reason of his having applied a mark to any goods, property or receptacle in the manner mentioned in Section 480 or Section 481 of that Code, as the case may be, or under Section 6 of this Regulation of applying to goods any false trade description, or under Section 485 of the Indian Penal Code of making any die, plate or other instrument for the purpose of counterfeiting

a trade mark or property mark, and proves—

(a) that in the ordinary course of his business he is employed, on behalf of other persons, to apply trade marks or property marks, or trade descriptions, or, as the case may be, to make dies, plates or other instruments for making, or being used in making, trade marks or property marks, and that in the case which is the subject of the charge he was so employed and was not interested in the goods or other thing by way of profit or commission dependent on the sale thereof, and

(b) that he took reasonable precautions against committing the offence charged, and

(c) that he had, at the time of the commission of the alleged offence, no reason to suspect the genuineness of the mark or description, and

(d) that, on demand made by or on behalf of the prosecutor, he gave all the information in his power with respect to the persons on whose behalf the mark or description was applied,

he shall be acquitted.

Forfeiture of Goods.

Forfeiture of goods.

9. (1) When a person is convicted under Section 482 of the Indian Penal Code of using a false trade mark, or under Section 486 of that Code of selling, or exposing or having in possession for sale or any purpose of trade or manufacture, any goods or things with a counterfeit trade mark applied thereto, or under Section 487 or Section 488 of that Code of making, or making use of, a false mark, or under Section 6 or Section 7 of this Regulation of applying a false trade description to goods or of selling, or exposing or having in possession for sale or any purpose of trade or manufacture, any goods or things to which a false trade description is applied, or is acquitted on proof of the matter or matters specified in Section 486 of the Indian Penal Code or Section 7 or Section 8 of this Regulation, the Court convicting or acquitting him may direct the forfeiture to His Highness the Maharaja of all goods and things by means of, or in relation to, which the offence has been committed or, but for such proof as aforesaid, would have been committed.

(2) When a forfeiture is directed on a conviction and an appeal lies against the conviction an appeal shall lie against the forfeiture also.

(3) When a forfeiture is directed on an acquittal and the goods or things to which the direction relates are of value exceeding fifty rupees, an appeal against the forfeiture may be preferred, within thirty days from the date of the direction, to the Court to which in appealable cases appeals lie from sentences of the Court which directed the forfeiture.

Stamping of Length of Piece-goods manufactured in the Territories of Mysore.

Stamping of length of piece-goods manufactured in the Territories of Mysore.

10. (1). Piece-goods, such as are ordinarily sold by length or by the piece, which have been manufactured in premises in the Territories of Mysore, shall not be removed from those premises without having conspicuously stamped in English numerals on each piece the length thereof in standard yards, or in standard yards and a fraction of such a yard, according to the real length of the piece.

(2) If any person removes or attempts to remove any such piece-goods from any such premises without the length of each piece being stamped in the manner mentioned in sub-section (1), every such piece, and everything used for the packing or removal thereof, shall be forfeited to His Highness the Maharaja, and such person shall be punished with fine which may extend to one thousand rupees.

Supplemental Provisions.

Costs of defence or prosecution.

11. (1) On any prosecution for an offence against any of the sections of the Indian Penal Code, as amended by this Regulation, which relate to trade, property and other marks, the Court may order

costs to be paid to the defendant by the prosecutor, or to the prosecutor by the defendant, having regard to the information given by and the conduct of the defendant and prosecutor respectively.

(2) Such costs shall, on application to the Court, be recoverable as if they were a fine.

Limitation of prosecution.

12. No such prosecution as is mentioned in the last foregoing section shall be commenced after the expiration of three years next after the commission of the offence, or one year after the first discovery thereof by the prosecutor, whichever expiration first happens.

Authority of the Government of Mysore to issue instructions as to administration of this Regulation.

13. (1) The Government of Mysore may, by notification in the official Gazette, issue instructions for observance by Criminal Courts in giving effect to any of the provisions of this Regulation.

(2) Instructions under sub-section (1) may provide, among other matters, for the limits of variation, as regards number, quantity, measure, gauge or weight, which are to be recognized by Criminal Courts as permissible in the case of any goods.

Implied warranty on sale of marked goods.

14. On the sale or in the contract for the sale of any goods to which a trade mark or mark or trade description has been applied, the seller shall be deemed to warrant that the mark is a genuine mark and not counterfeit or falsely used, or that the trade description is not a false trade description within the meaning of this Regulation, unless the contrary is expressed in some writing signed by or on behalf of the seller and delivered at the time of the sale or contract to and accepted by the buyer.

Savings.

15. (1) Nothing in this Regulation shall exempt any person from any suit or other proceedings which might, but for anything in this Regulation, be brought against him.

(2) Nothing in this Regulation shall entitle any person to refuse to make a complete discovery or to answer any question or interrogatory in any suit or other proceeding, but such discovery or answer shall not be admissible in evidence against such person in any such prosecution as is mentioned in Section 14.

(3) Nothing in this Regulation shall be construed so as to render liable to any prosecution or punishment any servant of a master resident in the Territories of Mysore who in good faith acts in obedience to the instructions of such master, and, on demand made by or on behalf of the prosecutor, has given full information as to his master and as to the instructions which he has received from his master.

Definition of piece-goods.

16. For the purposes of Section 12 of this Regulation, the Government of Mysore may, by notification in the official Gazette, declare what classes of goods are included in the expression 'piece-goods, such as are ordinarily sold by length or by the piece.'

Determination of character of goods by sampling.

17. (1) The Government of Mysore may make rules, for the purposes of this Regulation, to provide, with respect to any goods which purport or are alleged to be of uniform number, quantity, measure, gauge or weight, for the number of samples to be selected and tested and for the selection of the samples.

(2). With respect to any goods for the selection and testing of samples of which provision is not made in any rules for the time being in force under sub-section (1), the Court having occasion to ascertain the number, quantity, measure, gauge or weight of the goods shall, by order in writing, determine the number of samples to be selected and tested and the manner in which the samples are to be selected.

(3). The average of the results of the testing in pursuance of rules under sub-section (1) or of an order under sub-section (2) shall be *primâ facie* evidence of the number, quantity, measure, gauge or weight, as the case may be, of the goods.

(4). If a person having any claim to, or in relation to, any goods of which samples have been selected and tested in pursuance of rules under sub-section (1) or of an order under sub-section (2) desires that any further samples of the goods be selected and tested, they shall, on his written application and on the payment in advance by him to the Court of such sums for defraying the cost of the further selection and testing as the Court may from time to time require, be selected and tested to such extent as may be permitted by rules to be made by the Government of Mysore in this behalf or as, in the case of goods with respect to which provision is not made in such rules, the Court may determine in the circumstances to be reasonable, the samples being selected in manner prescribed under sub-section (1), or in sub-section (2), as the case may be.

(5). The average of the results of the testing referred to in sub-section (3) and of the further testing under sub-section (4) shall be conclusive proof of the number, quantity, measure, gauge or weight, as the case may be, of the goods.

(6). Rules under this section shall be made after previous publication.

Information as to commission of offences.

18. An officer of the Government of Mysore whose duty it is to take part in the enforcement of this Regulation shall not be compelled in any Court to say whence he got any information as to the commission of any offence against this Regulation.

Punishment of abetment in the Territories of Mysore of acts done out of the Territories of Mysore.

19. If any person, being within the Territories of Mysore, abets the commission, without the Territories of Mysore, of any act which, if committed in the Territories of Mysore, would under this Regulation, or under any section of that part of Chapter XVIII of the Indian Penal Code which relates to trade, property and other marks, be an offence, he may be tried for such abetment in any place in the Territories of Mysore in which he may be found, and be punished therefor with the punishment to which he would be liable if he had himself committed in that place the act which he abetted.

Acts and Regulations passed by His Highness the Maharaja of Mysore.

GOVERNMENT OF MYSORE.

LEGISLATIVE DEPARTMENT.

REGULATION NO. II OF 1892.

The following Regulation received the assent of His Highness the Maharaja on the 23rd day of May 1892; and is hereby promulgated for general information:—

A Regulation to provide compensation to families for loss occasioned by the death of a person caused by actionable wrong.

Preamble.

Whereas no action or suit is now maintainable in any Court against a person who, by his wrongful act, neglect, or default, may have caused the death of another person, and it is often-times right and expedient that the wrong-doer in such case should be answerable in damages for the injury so caused by him; His Highness the Maharaja is pleased to enact as follows:—

Suit for compensation to the family of a person for loss occasioned to it by his death by actionable wrong.

1. Whenever the death of a person shall be caused by wrongful act, neglect, or default, and the act, neglect, or default is such as would (if death had not ensued) have entitled the partly injured to maintain an action and recover damages in respect thereof, the party who would have been liable if death had not ensued, shall be liable to an action or suit for damages, notwithstanding the death of the person injured, and although the death shall have been caused under such circumstances as amount in law to felony or other crime.

And it is enacted further that every such action or suit shall be for the benefit of the wife, husband, parent, and child, if any, of the person whose death shall have been so caused, and shall be brought by and in the name of the execur, to administrator or representative of the person deceased;

and in every such action, the Court may give such damages as it may think proportioned to the loss resulting from such death to the parties respectively, for whom and for whose benefit such action shall be brought, and the amount so recovered after deducting all costs and expenses, including the costs not recovered from the defendant, shall be divided amongst the before-mentioned parties, or any of them, in such shares as the Court by its judgment or decree shall direct.

Not more than one suit to be brought.

2. Provided always that not more than one action or suit shall be brought for and in respect of the same subject-matter of complaint; provided that, in any such action or suit, the executor, administrator, or representative of the deceased may insert a claim for and recover any pecuniary loss to the estate of the deceased occasioned by such wrongful act, neglect, or default, which sum, when recovered, shall be deemed part of the assets of the estate of the deceased.

Claim for loss to estate may be added.

Plaintiff shall deliver particulars, &c.

3. The plaint in any such action or suit shall give a full particular of the person or persons for whom, or on whose behalf, such action or suit shall be brought, and of the nature of the claim in respect of which damages shall be sought to be recovered.

Interpretation-clause.

4. The following words and expressions are intended to have the meanings hereby assigned to them respectively, so far as such meanings are not excluded by the context or by the nature of the subject-matter, that is to say, words denoting the singular number are to be understood to apply also to a plurality of persons or things, and words denoting masculine gender are to be understood to apply also to persons of the feminine gender, and the word "person" shall apply to bodies politic and corporate; and the word "parent" shall include father and mother and grand-father and grand-mother; and the word "child" shall include son and daughter, and grand-son and grand-daughter, and step-son and step-daughter.

PART IV.

Official Papers.

NOTES BY THE DEWAN ON TOUR.—(1891-92).—*Continued.*

126. 1*st January* 1892.—In the morning, I rode from Jagalur to Hirimallanholé. The crops were generally in a better condition than in the parts north of Jagalur. Very few tanks contain water. The people have their harvest still before them. The average raiyat in these parts is fairly well-to-do. The cry everywhere is for irrigation works for future benefit, and not as the means of earning immediate wages.

127. I noticed the bed of the dry Bharmasamudra Tank left uncultivated. On enquiry, it was found that cultivation had been stopped pending the decision of a dispute between the raiyats of Wuddagatta, Bharmasamudra and Timmanhalli Villages regarding their respective rights to the cultivation of the bed. The Amildar stated that he had reported the matter to higher authorities, and that orders had not been received. Prevention of cultivation on such grounds in a season like the present, when all the available moisture in tank beds should be utilized, is most reprehensible. The Amildar was directed to go back at once and settle the dispute, and see the tank bed brought under cultivation immediately. The men who have the prior claim to cultivate the bed are those who usually keep the bund in order. This principle should be fully enforced in every District.

128. Passed by the breached Hirimallanholé Tank, now under restoration, to the Rekalgere Anikat across the Chinna Hagri, from which a channel 7 miles long is drawn to feed a series of tanks in the Challakere Taluk. The work, which costs about Rs, 1,30,000, is approaching completion and when completed, will irrigate about 1,500 acres, and be of great benefit to the most arid parts of Challakere.

129. The people of Salhalli Village begged that the proposed bridge over the Rekalgere Channel be placed right in front of their village, instead of at the distance of a furlong from it, as has now been decided upon in the D. P. W. If possible, the site most convenient to the people should be selected.

130. From Hirimallanholé, I drove to Nayakanahatti. On passing into the Challakere Taluk, the dry crops seemed somewhat worse on the average, but there were patches of good cultivation under Kapilé wells. Such wells abound in this Taluk and are much appreciated. Gaudigere badly wants its breached katté (small tank) restored. It will be included in the programme of works for this Taluk.

131. In the evening, I saw some specimens of the silk and cotton cloths manufactured at Molakalmuru. The silk cloths are of a superior kind and are in good demand in ordinary years. A number of these workmen had come from Molakalmuru and prayed for special relief. It would seem that out of about 300 families carrying on this manufacture at Molakalmuru, only one-third carry on the trade with their own capital and appliances, while the others simply do the weaving for wages ranging from 2 to 3 annas *per diem*. The Sahukars, who hitherto supplied the silk,

dye, yarn, &c., and made small advances of money to them, have now stopped doing so. The Deputy Commissioner has been asked to investigate the matter and supply them where necessary with yarn, &c., to make the cheapest kind of cloths, pay them proper wages and secure the manufactured articles. It is undesirable to employ these men on works to which they are unaccustomed. Their most pressing request is, however, for the abolition of the loom-tax, to which I promised favorable consideration at least for this year.

132. Saguvali Kattés are most important private works in these parts, and I passed orders removing the existing doubts as to the right of land holders to construct them, and impressed upon the local officers the desirability of encouraging the construction of as many of them as possible.

133. Colonel Bowen's reports, dated 25th and 27th December 1891, on the condition of the Goribidnur and Bagepalli Taluks and the Gudibanda Sub-Taluk will be found appended to these notes (Appendix C).

134. *2nd January* 1892.—In the morning, I rode from Nayakanhatti to Talak and thence drove to Challakere. At Nayakanhatti, the residents presented an address praying that Amrut Mahal kavals be thrown open for grazing of village cattle, that the hulbanni should be remitted and that the question of remitting kandayam on lands should also be favorably considered. I replied that surplus Amrut Mahal kavals had already been ordered to be thrown open, and that the other matters would be considered in due course.

135. Saw the Ramsagar Tank, which contains no water. Lands under it are waste. The tank has not surplused for several years. Its capacity is being doubled, and it will hereafter be filled from the new anekat inspected yesterday.

136. Some buffalo men of the Taluk were engaged in doing the earth-work on this tank. The contractor is willing to employ local laborers dispensing with buffalo labor; still the work does not attract much labor as yet, though villages are close by. This is a good sign which I noticed also in some other places in this Taluk.

137. The raiyats complained that the kodi of this tank, when it discharged, would damage their fields, and prayed for a diversion of the Kodihalla. I found that they had been cultivating the very bed of the channel, and ascertained that the diversion would be very costly. I pointed out that on considerations of the safety and health of their village, it would be best to follow the natural line of drainage. A new sluice for this tank was also asked for. The matter will be considered in due course in the D. P. W.

138. I next saw the Kodihalli Tank. Earth-work was going on with local labor. This is the last work in the Rekalgere valley to be benefited by the Rekalgere works. The capacity is being quadrupled.

139. The Waddars and Lambanis here complained that, although they were agriculturists and house owners settled in the villages close by, they were included in the Police lists of wandering gangs and subjected to police surveillance. The matter will be referred to the Inspecter General of Police for investigation and needful orders to prevent interference with the liberty of such people.

140. We next moved on to Tippaiyanakoté new tank, which is now under construction. This is intended to store 500 units. It is proposed to reserve its water for flooding dry crops in exceptional seasons. The work will soon be completed. The contract for this work has been cancelled and the remaining earth-work will be executed by village local labor.

141. From Nayakanhatti to Talak, dry crops very poor except under Kapilé wells, of which I saw many. All tanks dry.

142. From Talak to Challakere, the road runs for the most part through barren country. Near villages, there were Kapilé wells always to be seen with good crops under them. Arrived at Challakere about noon. Condition of the people good. No signs of distress anywhere. Cattle suffer from want of fodder.

143. *3rd January* 1892.—In the morning we rode to Nagarangere, and inspected some dry fields and gardens and the working of Kapile wells and some borings for wells under the new scheme of loans for Irrigation wells.

The tank (which rarely fills) was quite dry, but the wells under them and the gardens watered by such wells were flourishing.

144. I next went over the Town and saw the Taluk Cutcherry, which is an old dilapidated building, and is unsuited for its purpose. A good site for a new cutcherry has to be carefully selected. New building sites for private houses seem to be in demand, If they are properly selected, there is no reason why Challakere should be unhealthy. Its present low situation is, doubtless, the cause of its being feverish in some seasons.

145. This was Santé day at Challakere, and food grains sold as follows :—

Common rice 8 seers the rupee, ragi 16 seers, jola 17 seers, horse-gram 13 seers. Rice, after satisfying local demands, was exported to Chitaldroog. The supply of ragi and jola was small, but this is chiefly a *rice-selling* mart.

146. Upon reports received, I directed that the Taluks of Malvalli, Nagamangala, Krishnarajpet (Attikuppa) and part of Seringapatam should be treated as within the affected area, and that all remedial measures already ordered should be applied to them.

147. *4th January* 1892.—From Challakere to Purlihalli, 10 miles. Near Dodderi, the paddy crops under the tank were in good condition. Some have been already harvested.

148. Spent the day at Purlihalli in investigating and sanctioning a complete programme of works for the Chitaldroog District.

149. *5th January* 1892.—Purlihalli to Nidgal, 18 miles, on a bad road abandoned since the last famine, and 4 miles cross country.

150. For 3 miles up to Vedavati, there are no villages, and lands are waste. The banks of the Vedavati are cultivated with paddy, the water being raised from holes dug in the river-bed by means of kapilés.

151. Chaulur, Parasarampur, Gauripur, and Mahadevapur, all in the drainage of the Vedavati, are prosperous villages, and the people generally well-to-do. As yet there is not much demand for labor. The tanks about these villages do not generally fill and the people depend chiefly on their Kapilé wells. At Parasarampur especially, a tank feeder is much required. At Kolpal (Siddeswaranadurga), the tank has a fair supply of water. After passing the village, we recrossed into the Tumkur District, where Messrs. Venkatavaradaiengar and Dalal again met us.

152. The Deputy Commissioner of Chitaldroog District then left us, and I asked him to lose no time in carrying out the programme laid down for him.

153. The five or six miles of Pavagada Taluk we next passed through are very hilly. The lands are generally poor and contain no crops. In the afternoon, visited the fort on the top of the hill. Nidigal has a very ruined appearance. The people depend chiefly upon Talpargis and Kapilé wells, which, I am informed, do not yield the same supply of water they did some ten years ago. Some minor village tank works have been started about this place.

154. *6th January* 1892.—In the morning, walked over the hills to Bellibetta and thence drove on to Pavagada. The country is very dry and hilly. There are a few small villages in the valley, where alone water can be had from Kapilé wells and Talpargis. There is a large demand for Kapilé wells. Mr. Krishnaiengar will soon visit this Taluk and give advances for them. Kaligudda Tank, built in last famine, is said to have not filled during the last several years. This must be investigated.

155. *7th January* 1892.—Walked through the town, which contains a large number of substantially built stone houses. I pointed out to the Deputy Commissioner several sanitation and drainage works very suitable to be undertaken in the present season. There are some large Public Works in progress in the north of the Taluk, but local labor is not attracted to them as yet in appreciable numbers. The new Hindupur Railway will benefit this Taluk. A Railway feeder, Pavagada to Roddam, from whence there is a road already made to the Railway Station of Pennakonda, is a most useful work which should at once be undertaken. The Challakere-Pavagada Road in this District must also be put in order in this season. These two roads will furnish a good deal of useful work to the neighbouring villages in addition to village tanks, regarding which orders have already been passed.

156. As elsewhere, cattle suffer from want of fodder, but the people do not care to take them to the Maddagiri Forests in the neighbouring Taluk. The general condition of raiyats is good. The dry lands are very poor, and horse-gram is the chief crop raised. The dry assessment is very light, being from one to eight annas an acre. Much rice is grown under Talpargis and Kapilé wells. From all accounts, there is a fair stock of food grain in the country.

157. The people here presented an address and expressed their confidence in the remedial measures now being taken by Government. They said that, since the time of Mr. Bowring, no Head of the Administration had visited this remote corner of the Province. They seemed to take a hopeful view of the present position. The question of relieving poor Brahmins came up, and I told them that some few might now be employed as Overseers on works, but the others must be supported, for the present at least, by local charity which should not be promiscuously given but in an organized form.

APPENDIX C.

NOTES OF INSPECTION SUBMITTED BY COLONEL C. BOWEN, R. E., SECRETARY, MYSORE, D. P. W., TO THE DEWAN OF MYSORE.

Camp Gudibanda, dated 25th December 1891.

Yesterday at Bagepalli, I had the usual discussion with the Amildar about prospects, also with Assistant Commissioner Mr. Krishnaswamaiengar who had accompanied me from Periyasandra.

2. The prices prevailing are much the same as at Periyasandra, Dibburhalli, Chintamani and elsewhere. The Amildar thinks that the ragi crops have yielded 4 annas on the average, gram but 2 annas, ballar perhaps 4 annas, no paddy, patches of sugar-cane.

3. It is very difficult, I fancy, to estimate the exact yield. On my way, I had examined some ragi stalks which, according to the Patel, would give 4 annas. I would have put the value at half that, the ears looked so wretched. I should hardly say that an average yield of 4 annas can be hoped for from this arid and desolate region, with its stony inferior soil. At best it is a poor tract of country.

4. But more important is the question of stocks on hand: The Amildar, the Assistant Commissioner concurring I think, said that 1-8th of the raiyats hold stocks for from 6 months to 1 year, the others having but enough for 3 months. Is this information at all reliable? How is it to be verified? The raiyats are very reticent naturally, regarding what they have. If such an estimate be correct, the results of a failure of the early rains next year might prove disastrous. Effort should, I think, be made to get at exact statistics regarding the grain in the country, and the probable real yield of the harvest.

5. The Amildar had received orders to start village tank works. I discussed with him and Mr. Krishnaswamaiengar the question of tasks or no tasks, and as 6 tanks were to be started I recommended to try 3 on the task system, and 3 on the no-task system. Shortly after the discussion, however, I received your Memo ordering the task or measurements method, so I cancelled my recommendation. Of course I said the Deputy Commissioner's orders should be sought and abided by.

6. We can start a few public works if required. I was going to order 2 small tank works, Mongasandra and Pargod, which I had examined on my way, but as village tanks are to be started at once, they may stand over. We must avoid clashing, but as village tanks only cannot carry us far should there come heavy demands for employment on completion of the harvesting, we should certainly be ready with P. W. projects.

7. The general information I obtained from the Gudibanda Sub-Amildar on my way here this morning corresponded with above.

Camp Goribidnur, dated 27th December 1891.

Here at Goribidnur, and in my last Camp at Gudibanda, the information I obtained as regards yield of crops, prices, stocks of grain in the country, tallied pretty well with the details further East, at Bagepalli, Dibburhalli, Chintamani, &c.

2. The crops have partially failed; in places, yield is but 2 annas, in a few favored places 8 annas, and so on. What may be the average all-round yield of the various crops it is difficult to make out exactly, but I believe more definite statistics have been called for by the Deputy Commissioner and will be available shortly. A village to village inspection and close enquiries by Revenue Officials is what is wanted. The details collected by the Deputy Amildar of Srinivaspur seemed far more definite and exact than any obtainable in other taluks.

3. In like manner as regards stocks, the information available appears purely guess-work. The Amildar here puts it that 50 per cent of the raiyats have grain up to *next monsoon*. The others may or may not have a little. The general impression is that there is sufficient grain in the country to tide over several months at all event, and those who have large stocks will help those that have none.

4. From here I learn that ragi is being exported across the frontier, but only in small quantities. It is important to keep a watch on this. It means, I take it, that there is grain to spare. The raiyats do not appear to apprehend anything very serious, for when I meet them on road and tanks, it is only the usual cry for improvements to their tanks, feeders, sluices, &c. Country from Gudibanda here, and from here to frontier towards Hindupur looks far more prosperous than at Bagepalli and Dibburhalli.

5. As regards village relief works, the Amildar tells me he has orders to select them, but not to start them as yet. There is harvesting work for another month.

6. The railway line from here to frontier would have been just the thing for a P. W. relief work, but I found this morning the banks and cuttings practically completed. Mr. Sitarama Rao informed me that the earth-work had all been done by imported labor. Indeed the contractors had found it difficult to get enough local labor to help the masons on the small culverts and bridges.

7. One thing I have ordered, the fencingditch and bank, to stand over for a time till March say. It will afford some work to villagers, but will go but a small way.

8. We have many suitable projects cut and dry for this taluk, should circumstances demand an early expansion of P. W. works. They are all tank improvements, with one exception which is a large new tank, a promising project. The only difficulty may be with Madras.

CAMP No. D. 70, DATED PURLIHALLI, THE 4TH JANUARY 1892.

ORDER.—The work required to be done in the Chitaldroog District during the next few months has been carefully investigated.

2. In appended Schedule A are entered all tanks to which earth-work, as specified, should be done by the Revenue Department through the agency of village officers, on the principles laid down in the Dewan's D. P. W. Memoranda, Camp Nos. D. 26 and D. 27, dated the 12th and 13th December 1891, respectively. The Public Works Department will at once put down grade stones and otherwise indicate to the Revenue authorities the earth-work to be done in the case of each work, and submit for formal sanction an estimate, in a tabular form, showing the name of each work, and the quantity and probable cost of the earth-work in each. Pending sanction of such an estimate, the sums shown in column 4 of Schedule A, amounting to a total of Rs. 37,400, are sanctioned for expenditure by the Revenue Department in supersession of the sanction of Rs. 5,000 for such works contained in Order Camp No. D. 33, dated 15th December 1891.

3. In Schedule B are entered certain roads which require improvement or whose construction is highly desirable. In the case of the new roads entered in this Schedule, the Department of Public Works will at once mark the best alignment upon the ground by lockspitting the centre line and marking the distance in furlongs and miles. In the case of the Challakere-Pavagada and Sokke-Lakkampur roads, which have been abandoned for some years past, the improvement provided for in the Schedule B will consist of clearing and re-excavating where necessary the side and shoulder drains and re-forming the portions of the road where its formation has been destroyed. The Executive Engineer will at once furnish the Deputy Commissioner with a statement containing a detailed specification of the work as above required to these roads.

4. The earth-work to roads as entered in Schedule B, amounting to a total of Rs. 7,560, is also sanctioned for execution by the Revenue Department through the agency of village officers on the principles laid down in the Dewan's D. P. W. Memoranda Camp Nos. D. 26 and D. 27, dated the 12th and 13th December 1891.

5. Schedules C and D contain a list of earth-work on tank projects already sanctioned or awaiting sanction in the Department of Public Works. These works should be carried out by the Department of Public Works, as an expansion of the ordinary D. P. W. Programme of works for the District, taking care however that no work is dealt with as regards earth-work by both the Revenue and Public Works Departments at one and the same time.

6. In carrying out the above works (whether in the Public Works or Revenue Department) local labor should alone be employed. It is understood that on D. P. W. works in progress, only local labor (chiefly that of Lambanis and Waddars) is now employed, except in Holalkere Taluk where certain Waddar gangs from the Bellary side are working. The men thus on work should not of course be discontinued.

7. The cost of works as above (which are most suitable for agricultural laborers) amounts to—

To be done by Revenue Department through village officers... ...	44,960
To be done by the D. P. W.	1,09,934
Total Rs.....	1,54,894

8. In addition to these sums, Rs. 12,066 have already been sanctioned for drinking water wells and Rs. 40,000 as advances for Irrigation wells, and their Talukwar distribution is given in Schedule E appended.

9. In regard to drinking water wells, the Deputy Commissioner asks for an additional grant of Rs. 5,000. This amount is sanctioned from Local Funds General, in addition to the sanction recorded in Para 4 of Order Camp No. D. 6-11, dated 7th December 1891.

10. As the demand in this District for Drinking water wells and for new Irrigation wells and the deepening of old Irrigation wells is very great and the present season is most suitable for executing such works, the Government will be prepared to grant additional sanctions as follows by the end of February next:—

Rs. 5,000 for Drinking water wells upon the application of the Deputy Commissioner, Rs. 40,000 for Irrigation wells (both old and new) upon the application of Mr. B. G. Krishnaiengar when he returns to this District.

11. By a separate order of this date, Rs. 20,000 have been sanctioned from the General State Revenue for Saguvali Kattés in this District.

12. The provision for work in this District made as per the foregoing paragraphs is as follows :—

No.	Name of Taluk. 13. Upon a careful estimate of the number of people likely to seek work, the Dewan is of opinion that the maximum monthly payment on account of wages required in the District during the next six months would be somewhat as follows :—

	Rs.
In January	10,000
„ February	10,000
„ March	15,000
„ April	25,000
„ May	30,000
„ June	40,000
	1,30,000

14. The total expenditure till end of June is thus not likely to exceed Rs. 1,30,000, but it will be seen from para 12 above that a provision of over Rs. 2,76,000 has been made.

15. The Deputy Commissioner must clearly understand that he is not bound to accept or adhere to the estimate of monthly expenditure given in the last preceding para, but that it is his duty to have carried out, *to the extent to which there may be demand for employment*, the whole sanctioned works though they may be finished much sooner than is anticipated. He must distinctly understand that upon him rests the entire responsibility to provide work for every one needing it in his District and at the same time to ensure a fair return for the sanctioned expenditure.

PART IV.

Official Papers.

NOTES BY THE DEWAN ON TOUR.—(1891-92.)—*Continued.*

158. *8th January* 1892.—*Pavagada to Midigesi* (20 *miles*).—The Rajvanti tank, about 4 miles from Pavagada, was quite dry. A portion of the bed was cultivated, and the rest was being prepared for cultivation.

159. I then had to pass through 8 miles of British Territory forming a portion of the Madaksira Taluk of the Anantapur District.

160. Passing on into the Maddagiri Taluk, I came across the Bidarakere tank, the bund of which was recently repaired by the Public Works Department. The tank was dry, but some cultivation was carried on in the bed with the aid of a well. The sinking of such wells or water-holes in the beds of tanks will be most useful, as with their help, some crop can always be raised, even where there is in the soil no moisture sufficient for cultivation in the ordinary way. Where such wells have to be dug and water for cultivation has to be lifted therefrom, the raiyats are generally unwilling to pay any money assessment, and when this is the case, the Deputy Commissioner should resort to Batayi, making the raiyat's share of the grain produced as liberal as may be necessary, say from ¾ths to even ⅞ths, besides giving him the whole of the straw. The great object of Government is to cause the production during the present season of as much fodder and food as possible. The proper utilization of the dry tank beds, in accordance with the liberal views above expressed, will go a great way towards the realization of this object.

161. In the evening went up the Midigesi hill.

162. *9th January* 1892.—*Midigesi to Maddagiri* (13 *miles*).—At Virachannahalli, the people wanted the old katté to be repaired. It may be taken up as a village work by the Revenue Department, but no direct irrigation should be allowed therefrom. The raiyats of Tippagondahalli asked for a feeder to their tank from Hoskere Chikkakere. It may also be done as a village work. The raiyats of Hoskere village ask that the sluices of Hoskere Dodkere tank be lowered. The Executive Engineer says that a new low level sluice will be early built.

163. At Avergal, it was represented that the 4 or 5 drinking water wells in the village had no water. This should receive the Deputy Commissioner's early attention.

164. At Jadegondanhalli, I noticed that the raiyats are sinking several good irrigation wells in their lands without the help of advances from Government. In these parts, the Kartik dry crop under wells is said to have been good, and the crop on Beddalu or unirrigated lands to have been 8 annas.

165. Arrived at Maddagiri at 9 A. M. There are two stone wells (*Kallyanis*) near the new Travellers' Bungalow, which are plentifully supplied with water by subterranean springs. Irrigation is carried on under one of them, and the other being on the road side, is used by travellers. I gave instructions to the local authorities to have the dirty water in these wells baled out, to enclose the wells and keep the whole place tidy.

166. The people present represented that the condition of this Taluk was fair: the out-turn from lands under wells had been good, but dry crops and those under tanks had failed in several places; there was fodder in the Maddagiri Forests which had been thrown open to the public.

167. In the evening, inspected the Taluk Cutcherry and the Munsiff's Court House on the Fort rampart. The proposal to build additional rooms for the Amildar's office on the main gateway into the Fort is good. The Jamabandi house may be the Assistant Commissioner's Office, and if necessary, the whole of it could be utilized for this purpose, after the present Munsiff, Mr. Budan Sheriff, vacates it, his successor being required to find a house for himself in the town. The ground surrounding these public buildings should be kept more tidy. It requires much levelling and removal of debris, rank vegetation and unsightly walls, all which I pointed out to the Deputy Commissioner. The whole place, including the further approach into the fort, is capable of much improvement.

168. After going up the hill some distance, I returned to the town and visited the two large temples. They are in very good order, except in one or two pla[illegible] which should be attended to in the Muzarayi Department. The temple[illegible] *nominal* tastiks (as I noticed to be the case also in the two temples [illegible]es [illegible]ut A general revision of all temple tastiks is required.

169. The town, it is said, becomes damp and unhealthy in the rainy season, when the Cholanhalli tank fills. A good drain (such as I explained to the Deputy Commissioner and Executive Engineer) will probably make the place more healthy. The local officers should investigate the matter.

170. 10*th January* 1892.—In the morning I visited the villages of Sagavanhalli, Mallenhalli, Bijavara, Vadduhalli, Basavanhalli and Siddapur. The dry crops have all been harvested, the yield is said to have varied much in different places. The gardens under wells are thriving. Wet lands under wells and Talpargis are being prepared for Vaisakpaddy. In suitable localities lands assessed dry by the Survey are being converted into gardens by means of new wells. At the Bijvare tank, the raiyats complained that the Cholanhalli Kodi Nala entered this tank by the side of the right sluice, and the channels cut by them to the head of the sluice got silted up every year. They asked for a new sluice at a lower level near the centre of the bund. The request is most reasonable and should be granted, as the annual excavation of a deep long channel is a matter of much hardship to the raiyats holding lands under the tank.

171. The weirs of the Siddapur tank were raised by 2 feet six years ago. The raiyats want them raised by one foot more. The request deserves consideration, provided the Jodidar whose lands will be submerged can be compensated in some adequate way. The Deputy Commissioner will kindly make early enquiries and take needful action in this matter.

172. In the evening, some of the principal inhabitants of Maddagiri visited me. In their representations, they referred to an impending famine, and with satisfaction to the present action of Government. I told them that the general condition of their Taluk was good and gave me no cause for anxiety, that the rise in prices only affected a small class, and that if the South-West monsoon proved favorblea, there was nothing to fear.

173. A portion of the road from Maddagiri to Dodballapur appears to have been abandoned on account of the Makalidurg ghat, and in lieu of this portion, a branch made to Tondebhavi, which would be a station on the new Hindupur Railway. A most useful Railway feeder for Maddagiri would however be a line from near Timmanhalli due east to Goribidnur. A short road from Koratagere *viâ* Rampur and Basavanhalli to join such a Railway feeder would follow very nearly the present cart track, on which there is now a good deal of traffic. I asked the Executive Engineer to investigate these projects at an early date as they would afford very suitable work in the present season.

174. 11*th January* 1892.—Maddagiri to Tumkur (26 miles). On the way, visited the Cholanhalli tank. A breach in the bund of this tank was filled up, and weirs raised by 1 foot, 7 years ago. The raiyats complained that the main nala of this tank came direct to their sluice and brought much silt with it. They wanted this to be remedied and also asked for a silt trap. The matter should be considered in the Public Works Department. A small tank across the main feeder (which is being rapidly silted), if constructed above the road in some convenient situation, will be of great benefit to the people. In dry seasons, the sluice is fed by *Talapargis* and something should be done in the way I explained to the Executive Engineer to prevent the Talapargi channel being obliterated annually by the silt of the main feeder.

175. The raiyats of the Tumbadi village asked for a new tank from the Kodi-channel of Mallekaval tank above. The matter should be considered.

176. Drove through the town of Koratagere. The crops in this Sub-Taluk were generally not so good as those of Maddagiri. There are 60 looms working in the town. The weavers complained that the order for granting advances to them were not sufficiently liberal, as they would not make enough for their livelihood if they obtained from Government on their manufactured articles only 75 per cent of their value. I told the Deputy Commissioner to use his discretion in making the advances, so as to leave proper wages to the weavers.

177. There was a general request here that Koratagere should be again made the Taluk Head-Quarters, as it had lost in importance since its reduction to a Deputy Amildar's station. The change was made some years ago after careful consideration, and no sufficient grounds exist for disturbing existing arrangements.

178. The raiyats asked that the weirs of the Agrahara Tank should be raised by 8 feet. The work is very desirable, as it will greatly benefit the wet cultivation which now is very poor, except in exceptional years. The work should be undertaken at an early date.

179. As I passed the Golhalli Temple, the Brahmin Jodidars of Ahobala Agraharam asked for a loan for repairing their breached tank. They were told that rules had been passed for making such loans, and they might apply to the Deputy Commissioner.

180. Arrived at Tumkur at 11 A. M. I put up at Government House, and I pointed out to the Executive Engineer some improvements which seemed necessary to the out-houses.

181. In the evening, a number of merchants and other residents of Tumkur visited me. They said that they were badly in need of drinking water, as the Tumkur tank had dried up. They asked that the old well on the Kunigal road, the water of which was very good, should be deepened and repaired. Other wells in the town for drinking water were also asked for. The Deputy Commissioner was asked to consider their wants at once. It is believed that there is a *Talapargi* in the Tumkur tank bed. The Executive Engineer was asked to investigate the matter.

182. The proposed water-supply scheme of Tumkur was next discussed The project submitted to Government did not seem to provide for a permanent supply. Natural springs exist in the hills on the North-East of the town, and they should be utilized for the water-supply. The subject requires careful further investigation, as much reliance cannot be placed upon rain-fed tanks in bad years.

183. The merchants asked that the Mohatarfa tax on grain Mandis should be excused this year, as the demand for grain from outside the Province was less now than before, and the price of ragi, which had risen to 49 Rs. per cart-load of 640 seers, had fallen to 41 and 42 Rs. I pointed out to them that high prices and brisk trade had benefited them, and were still benefiting them, and that they did not, in my opinion, stand in need of any reduction of the Mohatarfa, which has been fixed with their own consent at moderate rates.

184. They further asked that the contemplated revision of Municipal house tax should not be effected this year. They were informed that orders had already been issued to this effect.

185. They further asked that the assessment on lands under tanks should be remitted this year. They were informed that the matter was under consideration, and some concession would be granted where needed.

186. 12*th January* 1892.—In the morning I saw the places in the tank bed, where old *Talapargis* were said to have existed. It was evident that portions of the bed were under cultivation in former years with the help of the water from such under-ground springs. One or two excavations should be made in the most likely places, and if water was tapped, a channel should be made to take the water as near as possible towards the bund and the town. This would not only help the water-supply of the town, but also allow of some cultivation of the bed.

187. There is no cultivation in this tank bed, because it has been dry for several months, the later rains, which were expected, having completely failed. But a portion of the bed can easily be cultivated from wells under a liberal Batayi system, as elsewhere ordered. There, however, appears to be some difficulty in getting the neighbouring raiyats to come forward to cultivate the bed on any terms whatsoever, because they have their own lands with wells, and they would prefer working on them. The town has a population of over 11,000, and there are many poor people for whom work has to be found for the next few months, and *amani* cultivation of the tank bed with the aid of water lifted from new holes to be dug would be a very suitable kind of relief work. I arranged with the Deputy Commissioner for the commencement of this work at once, as an experimental measure. Other works to be at once undertaken in the town are the deepening of the Ballenkatte and a big well above it, but below present drawing wells. All these works are calculated to give a better water-supply.

188. It was complained that the Karihalli well was not progressing. The Executive Engineer promised to look into the matter at once.

189. I visited various parts of the town, and saw the extension in progress, and afterwards took the train to Bangalore at 10-40 A. M. At the Golhalli Railway Station, Mr. V. P. Madhava Rao, Deputy Commissioner of the Bangalore District met me. He gave a good account of work being done in Dodballapur Taluk which he had been visiting.

190. 14*th January* 1892.—In the morning, I inspected with the Deputy Commissioner, the Fort improvements, the proposed Taragupet and the Agrahar Tank.

Fort Improvements.—Colonel Bowen and Mr. Madhava Rao have repeatedly strongly urged the removal altogether of the works on the North-West corner of the Fort, so as to improve the general appearance of the place, and to provide a suitable site for the proposed new market. A portion of the work appears to be an excrescence of a later date than the remainder, and its removal may be an advantage if it can be shown to be financially justifiable—that is to say, will the value of stones to be removed and of the ground to be recovered be nearly equal to the cost of removal and levelling? The Deputy Commissioner will kindly report upon this in due course.

New Taragupet.—An altered arrangement is proposed so as to allow of a Railway running through it. But in order to carry out this arrangement, we have to pay some 50,000 or 60,000 Rs. as compensation to the owners for the sites and the building work already done, and afterwards take our chance of realizing what we can by a re-sale of the sites. All this is, in my opinion, unnecessary for the sake

of a possible Railway in the uncertain future, especially as, should such a Railway become really necessary, we can easily align it very much as Captain Brackenbury's line was before taken to some where about the timber depôt. Such a line would pass on waste land and can at no time cost us much. Under such circumstances, the proposed alteration should be abandoned, and the owners allowed at once to complete their buildings as originally arranged. Some of the streets can be produced hereafter.

The Agrahar Tank.—All the sewage of Cotton-Petta and the refuse of the Mills get into this. This should be diverted from the tank, which should be kept in as pure a condition as possible. Whether the proposed bathing ghats should be at this tank or behind it, requires further consideration. If below the tank, I would certainly avoid the proximity of the burial ground, and go towards the Agrahar village. All this must be carefully looked into.

191. 15*th January* 1892.—In the morning, I inspected, with Colonel Bowen and Mr. Madhava Rao, Sankey's Reservoir and the Dam below it, intended to catch the leakage. The water in the tank is above the lower sluice level, and some of it is very much wanted for the Dharmambudhi, and the Chief Engineer was requested to arrange for this being done at once in communication with the Resident.

192. The very pressing character of the question of a permanent water-supply for Bangalore City is brought home to us with special significance in a year like the present, but as our control over Sankey's Reservoir is still pending the decision of the British Government, we cannot yet take final action in the matter. But assuming that the supply in Sankey's Reservoir will become available for the City, the best plan will be to have iron pipes from the low level sluice to a service cistern in a situation commanding the City, near the Yelahanka Gate for instance, and when the water in the tank falls below the low level sluice, to resort to pumping from the tank or Dam, or from both. Colonel Bowen has promised to complete the project and to make enquiries regarding the iron pipes required, whether they are available in India or have to be imported from England, &c.

193. The Dam is fairly water tight, and we decided that its height should be increased by several feet. We next saw the new road from Guttahalli to join the Tumkur Road, and the Deputy Commissioner's proposal for a small katté on one side of it was approved. We then walked over the bund of the Dharmambudhi feeder channel, the improvement of which is to be taken in hand at once in the Public Works Department. The Municipality has an estimate for it, in accordance with some instructions I before issued. These had better be transferred to the Executive Engineer, Bangalore Division.

194. I have requested the Deputy Commissioner to make a good excavation in the Sampangi Tank bed for the convenience of water-supply to the Alsur Petta side of the City. The deepening of the Dharmambudhi Tank bed might interfere with the water-supply project and should therefore be deferred for the present.

195. The removal of the Leper and Lunatic Asylums from their present situation in close proximity to the City is a measure on the urgency of which all officers present were agreed in opinion. The matter will be decided at a very early date.

196. The Silahdar lines are a source of pollution to the Dharmambudhi feeder. There is a syphon intended to carry the drainage to the other side of the feeder. It does not command the whole of the lines or the latrine by the road side. This Colonel Bowen promised to remedy.

197. It was long since decided that all new Silahdar huts should be built on the other side of the feeder on a site, which I and Colonel Hay had selected. Some old huts are being replaced by new ones on the old site. These had better go to the site on the other side of the feeder.

198. Separate orders have been passed on certain Municipal projects submitted by the Deputy Commissioner.

CAMP No. D. 70 C., DATED PURLEHALLI, 4TH JANUARY 1892.

ORDER.—For the purpose of advances for Sagavali Kattés in the Chitaldroog District, under the Rules sanctioned in Notification No. 70 B of this date, a sum of Rs. 20,000 will be placed at once at the disposal of the Deputy Commissioner from the General State Revenue. The advances should be given where they will at once be worked out for the benefit of local laboring classes and where such relief would be most useful for the present season. The Deputy Commissioner will submit, as early as possible, lists showing Talukwar distribution of the advances given. Any reasonable additional amount required for this purpose will be sanctioned upon the application of the Deputy Commissioner.

No advances out of the amount now sanctioned shall be given after the 31st March 1892, without the special order of Government.

The conditions as to the punctual commencement and execution of the works as laid down in the Rules should be strictly enforced.

READ the following extract from a Memorandum dated 13th January 1892 submitted by Mr. V. P. Madhava Rao, Deputy Commissioner, Bangalore District.

2. The question of relief to weavers is one that presses for immediate solution. The orders of Government regarding purchase of cloths at 75 per cent of the market value would not, I fear, give the needed relief. The 75 per cent will hardly cover the cost of materials used in the weaving, and will leave nothing for the labor. I had a meeting of the principal Rate-payers and representative *Sahukars* and weavers convened at my place on the 10th instant. The opinion was that it would be inconvenient for Government to make advances either of thread or of money. It is a task of extreme difficulty to select deserving men for relief, and to recover the advances made. The present suffering arises from the demand for cloths being slack. The practice is for *Dalals*, to purchase cloths each evening and sell them to outsiders. The demand being slack, the Sahukars are slow to purchase. The best arrangement will be for Government to step in and purchase cloths at market value and re-sell them when there is demand. But, for this there must be a trustworthy agency to advise Government regarding the value of cloths. Two or three Sahukars were consulted. They are willing to devote some time to this, but fear that their trade will suffer, if this has to be continued over any length of time. It was then proposed that they might be allowed some commission on their transactions. They agree to devote three hours every day on this understanding. It was resolved that they should get 1 per cent on every purchase, and 1 per cent on re-sale of cloths. They will execute a Mutchalika to Government to the effect that Government will get back the full value of the cloths purchased through their agency. The weavers also agree that this will be a satisfactory arrangement. It is not expected that the cloths will be long on the hands of Government. They will be re-sold by the commission agents who are Dalals for the Malnad and other merchants, whenever there is demand for them. The cloths will be stored in the old Hospital building in the Fort and kept on racks which are being got ready and will be guarded by the Police or by Municipal servants. The City Amildar, with the commission agent, will make the purchase each day between 2 and 5 P. M. A book will be opened showing the cloths purchased through each commission agent, and against the entry will be shown the sale of the cloth and the date of sale. Each month, the entries will be totalled and the commission earned paid to the agent.

3. The weavers and Sahukars estimate the daily purchases at 1,000 to 1,500 Rs. worth of cloth, but it is proposed to restrict purchases to Rs. 500 worth each day, the value of each cloth not to exceed Rs. 10. Assuming that the transaction would extend over 6 months, the total sum spent on purchases of cloths will be Rs. 90,000, but as the commission agents, who are men of means, have guaranteed Government the full value of the cloths purchased, the only loss suffered by Government will be the 2 per cent commission, which will be only Rs. 1,800 for 6 months. The cloths also will be security for the money and will not be parted with, until their value is paid. The Rs. 1,800 above specified cannot be a large sum to spend, when it is considered that it will afford real and much needed and suitable relief to about 4,000 looms, and 10,000 weavers and those employed in industries dependent on them. Under this arrangement, there will be no necessity for making advances to weavers. This will be arranged by the Sahukars themselves as usual.

4. Since making these arrangements, I had a meeting convened at Dodballapur, where there are nearly 700 looms. After discussing the details of relief with the Sahukars and weavers, the men there arrived at precisely the same conclusion as the Sahukars and weavers at Bangalore. The meeting at Dodballapur was held on the 11th, the meeting at Bangalore being on the 10th, and the men at Dodballapur did not know the understanding come to in Bangalore. The Dalals there, however, will be content with a commission of 9 annas per 100 Rs. on purchase, and 1 rupee on re-sale. They expect the cloths will not long be on the hands of Government. The maximum value per cloth there will be Rs. 7, and the total value of purchase per day Rs. 200 or even less. The commission agents are well-to-do Sahukars and their security is perfectly reliable. There are about 20 houses of gunny bag makers, but there are no fibre plants grown this year, nor water to soak them in. These men must earn cooly on the Sivapur Tank within 2 miles off Dodballapur.

5. I solicit sanction for Rs. 100 to repair wooden racks already in the charge of the Municipality at Bangalore, and to the entertainment of a Clerk on Rs. 20 per month for keeping accounts of cloths purchased, and 2 Peons on Rs. 6 each, for storing the cloths, and contingencies, Rs. 10 per month.

6. Similarly, for Dodballapur, Rs. 100 for stands, a Clerk on Rs. 12, a Peon on Rs. 5, and contingencies Rs. 5.

7. Similar relief will be required in Anekal, Sarjapur and Domsandra and other places, and for these I shall submit separate proposals.

8. I may note that Cumbly weavers and coarse cotton cloth weavers (most of whom are Holiyas) will be provided for in this arrangement.

No. D. 81, DATED BANGALORE, 14TH JANUARY 1892.

ORDER THEREON.—The arrangement herein proposed for the relief of weavers at Bangalore and Dodballapur commends itself to Government as practical and satisfactory.

2. A permanent advance for purchase of cloths in the Bangalore and Dodballapur Taluks is sanctioned as follows:—

Rs. 30,000 for Bangalore Taluk.
Rs. 9,000 for Dodballapur Taluk.

3. From these amounts, daily purchases will be made in the way proposed by Mr. Madhava Rao, and the permanent advance re-imbursed by sales as they take place from time to time.

4. The proposed temporary establishment as per details in the margin is sanctioned. The repair of wooden racks in the charge of the Municipality of Bangalore at a cost of Rs. 100 and the purchase of stands at Rs. 100 for Dodballapur are also sanctioned.

For Bangalore Taluk—	Rs.
One Clerk on Rs. 20 per month ...	20
Two Peons on Rs. 6 each per month.	12
Contingencies Rs. 10 per month ...	10
Total Rs.....	42 per month.

For Dodballapur Taluk—	Rs.
A Clerk on ...	... 12
A Peon on ...	... 5
Contingencies ...	... 5
Total Rs.....	22 per month.

5. The arrangement must be discontinued when the necessity for it ceases, and subject to this condition, it is sanctioned for a maximum period of 6 months from this day.

6. Copies of these papers will be communicated to other Deputy Commissioners in order to enable them to adopt similar arrangements wherever necessary. It seems specially suitable for Molakalmuru weavers, whose case came recently before the Dewan.

Circular No. 1.

MYSORE PUBLIC WORKS DEPARTMENT.
CENTRAL OFFICE.
Dated Bangalore, 6th January 1892.

From

The Chief Engineer of Mysore.

To

The Executive Engineer, Mysore Division.
Do Channels Division.
Do Special Improvements Division
Do Hassan do
Do Kadur do
Do Shimoga do

Note.

The officers of the Department are doubtless aware that the prices of food grains have, in parts of the Province, reached so high a figure that, with the aggravation of a bad harvest, distress of a somewhat severe form is likely to supervene ere long in the northern and north-eastern taluks of the Province. Such distress will, at first, be sufficiently met by village relief works now being started under Civil Officers, but in a short lapse of time, it is possible that the demand for work on the part of the laboring population may exceed the work available on village minor tanks. In this case, it will obviously be necessary for the Public Works Department to enlarge its operations in the affected parts, and to do this effectively, so as to afford suitable relief work on a large scale, the establishments in the Chitaldroog, Tumkur and Kolar Districts are short-handed.

The Executive Engineers are further aware that we have no reserves of either officers or subordinates to fall back on in cases of emergency, that we cannot look for efficient help outside the Province, and therefore it may become imperative to strengthen the establishment in those Divisions which come within the affected zone by making drafts on the Divisions in which no extension of works is called for—at all events, for the present.

The Executive Engineers of the Divisions which come under the latter category are therefore warned to be prepared for any demand that may have to be made on their establishments in the course of the next few months. Such a demand will not be made unless urgent need occurs, but, when it is made, they will be expected to give up readily all the hands they can possibly spare.

With this object, I must ask them to carefully review during the next few weeks their absolute requirements, and consider what members—Assistant Engineers and Subordinates—they can spare without obvious detriment to works, and they should, on the 30th January, report definitely what hands they can dispense with *temporarily.*

Under the circumstances, it will be desirable to stop all surveys and the preparation of projects, confining progress to works already in hand, and to such road and other repairs as cannot be postponed till better times. Hands that would otherwise be occupied on such projects and surveys will thus be released, and the supervision of work in progress should be reduced to the narrowest limits compatible with efficiency, so as to release Lower Subordinates and Taluk Mestris.

This call will not apply to the Nagamangala portion of the Mysore Division, which has itself to meet the demand for more extended public works ; nor perhaps to the Channarayapatna and Arsikere tracts of Hassan, and the Channagiri Taluk of Shimoga. Executive Engineers will use their discretion in drawing the line beyond which their establishment cannot possibly be reduced even for a short period.

It is quite possible that no indent will have to be made, but should the necessity unfortunately arise, the Executive Engineers, to whom this Circular Note is addressed, must be prepared to comply with it at short notice.

CAMP NO. D. 83, DATED, CHIKBALLAPUR, 18TH JANUARY 1892.

ORDER THEREON.—The instructions issued by the Chief Engineer in the above are very suitable and are approved. But Mandya and Malvalli should be added to Nagamangala as Taluks of the Mysore District, from which no Public Works Subordinates will be withdrawn.

Official Papers.

CAMP NO. D. 84, DATED CHIKBALLAPUR, 19TH JANUARY 1892.

ORDER.—In some parts of the Maidan Taluks, tank beds, which are dry, have not been cultivated to the extent they could have been, in the present season, with the discretion vested in Revenue Officers to resort to the *Batayi* system, where necessary. Even now it is possible to raise some quick growing dry crops on small portions of tank beds which are quite dry, by digging temporary wells or water holes in them. In this way, some crop can always be raised even when there is not in the soil moisture sufficient for cultivation in the ordinary way. Where such wells have to be dug and water for cultivation has to be lifted therefrom, the Deputy Commissioners should grant specially liberal terms on the Batayi system, making the raiyat's share of the grain produced as large as may be necessary, say, from $\frac{3}{4}$ths to $\frac{7}{8}$ths, or even higher, besides giving him the whole of the straw.

2. Where raiyats refuse to cultivate tank beds even on such liberal terms, the local officers should have them cultivated by *Amani*, wherever the ordinary agricultural laborers stand in need of employment. The digging of holes, the lifting of water and the cultivation by this means of dry tank beds will be most suitable as relief works near villages, and the Deputy Commissioners should organize them without loss of time, where the conditions indicate their need.

3. The great object of Government is to cause the production, during the present season, of as much fodder and food as possible. The proper utilization of the dry tank beds will go a great way towards the realization of this object. Deputy Commissioners are therefore requested to give their earnest and immediate attention to these instructions.

Letter No. 2723—645, dated 31st December 1891, from the Deputy Commissioner of the Kolar District, stating that the sum of Rs. 30,000 sanctioned for Irrigation wells in Proceedings No. 9798-803—Cir. 157, dated 12th December 1891, is insufficient and asking for a further grant of Rs. 50,000 for the purpose.

CAMP NO. D. 85, DATED CHIKBALLAPUR, 19TH JANUARY 1892.

ORDER THEREON.—A sum of Rs. 20,000 is sanctioned for the Kolar District in addition to Rs. 30,000 already given.

2. In this as well as in other Districts, the advances should be granted in localities where the wells promise to be *permanently* useful for irrigation, and not where the supply of water in wells is known to decrease after a few years, thereby necessitating either the deepening of the old wells or the sinking of new wells in new positions. The wells in such cases are not generally faced with stones, and cost only a few rupees and do not require for their excavation the help of Government loans.

3. Loans for deepening or otherwise repairing old wells may be granted under the rules in accordance with the instructions already issued for the Chitaldroog District. Where the lower part of the well is through soft rock as is the case in several localities (*e. g.* Challakere and Bagepalli), the deepening can be readily effected without dismantling the existing work, and the raiyats may be given such loans as may really be required. Where wells have been faced with stones, the deepening becomes very costly, and a raiyat, if he were spending his own money, would generally prefer making new wells to deepening the old ones. This point should be duly remembered by officers entrusted with the granting of loans.

4. Where rock is not met with, the use of galvanized iron rings would, in some cases, be cheaper than stone facing, and facilities and encouragement should be given to raiyats wishing to use such iron rings in suitable localities, and the amount of loans should also be regulated accordingly.

Letter No. 61, dated 7th January 1892, from Mr. B. G. Krishnaiengar, asking for a further grant of Rs. 20,000 for irrigation wells in the Tumkur and Chitaldroog Districts.

CAMP NO. D. 89, DATED CHIKBALLAPUR, 19TH JANUARY 1892.

ORDER THEREON.—As regards the Chitaldroog District, Mr. Krishnaiengar is referred to para 10 of Proceedings No. D. 70, dated 4th January 1892, in which further grants to the extent of Rs. 40,000 have been promised for irrigation wells, both old and new.

2. A grant of Rs. 10,000 for irrigation wells in the Tumkur District is sanctioned, in addition to the Rs. 30,000 sanctioned in Proceedings No. 9798-803—Cir. 157, dated 12th December 1891.

Letter No. 9, dated 12th January 1892, from the Deputy Commissioner of the Bangalore District, asking for a grant of Rs. 5,000 for village relief purposes in his District, in addition to the sum of Rs. 3,000 sanctioned in Proceedings No. D. 32, dated 15th December 1891.

CAMP NO. D. 90, DATED CHIKBALLAPUR, 19TH JANUARY 1892.

ORDER THEREON.—Sanctioned.

READ :—

Docket No. 891, dated 14th January 1892, from the Deputy Commissioner of the Mysore District, requesting that a sum of Rs. 4,000 be placed at his disposal for making advances to weavers in the several Taluks in his District.

CAMP NO. D. 91, DATED CHIKBALLAPUR, 19TH JANUARY 1892.

ORDER THEREON.—The grant of Rs. 4,000 applied for is sanctioned.

2. In granting relief to weavers, the principles laid down in Proceedings Nos. D. 31 and D. 50, dated 15th and 25th December 1891, respectively, *or* those laid down in Proceedings No. D. 81, dated 14th January 1892, may be followed according to the circumstances of each Taluk.

CAMP NO. D. 95, DATED CHINTAMANI, 21ST JANUARY 1892.

ORDER.—In the Dewan's D. P. W. Memorandum No. D. 26, dated 12th December 1891, a programme of village tank works in the Kolar District, estimated to cost Rs. 55,445, was sanctioned, and an immediate allotment of Rs. 8,500 was made for the commencement of such works.

2. Subsequently, a further allotment of Rs. 6,500 was made for the same purpose.

3. The Deputy Commissioner of Kolar has opened some village tank works and asks for a further allotment to enable him to start more works in the affected parts of his District. A further sum of Rs. 20,000 is accordingly placed at the Deputy Commissioner's disposal, out of the aggregate sum of Rs. 55,445 referred to above. The total allotment, including the one now ordered, amounts to Rs. 35,000.

CAMP No. D. 96, DATED CHINTAMANI, 21ST JANUARY 1892.

ORDER.—The collection of Tangadi bark on Government lands appears to be a very suitable kind of work for the landless classes in this season, especially for the Madigars and Holiyars and the Toti and Talari classes, whose condition deserves the first attention of the Government in the present season. This work is more popular with them than tank works on which they are unwilling to seek employment. The supervision of the work can be suitably entrusted to the Toti and Talari in office, and they can be remunerated for such supervision and thus afforded a means of subsistence. The Deputy Commissioner of Kolar says that he can employ a good number of people of the classes referred to on this work *near* their homes, for some time to come. A sum of Rs. 5,000 will accordingly be placed at the disposal of the Deputy Commissioner of Kolar for this purpose. Other Deputy Commissioners are called upon to state if similar work in their Districts can be found for the classes in question, and, if so, to what extent.

READ :—

Dockets Nos. 736—697 and 737—698, dated respectively the 2nd and 4th January 1892, from the Deputy Commissioner, Shimoga District, submitting papers reporting upon the condition of the Honnali and Channagiri Taluks, and asking for funds for starting relief works.

CAMP No. D. 98, DATED SRINIVASPUR, 22ND JANUARY 1892.

ORDER THEREON.—The Dewan has carefully studied the papers received with the above, which give exhaustive information regarding the condition of the Channagiri and Honnali Taluks of the Shimoga District.

2. From these papers, the Dewan has arrived at the conclusion that much is not required in the Taluks of Channagiri and Honnali, at least for the present. The most affected villages are reported to have had a dry crop from 4 to 6 annas, but a 6 anna crop is a full value crop as prices now go, and need give no cause for alarm. The prices too, which rose suddenly on the failure of the north-east monsoon, have not since shown any tendency to increase, but have, on the contrary, become more favorable in some places. The landless classes and the Madigars and Holiyars may require some work, but their number is small and *village* works cannot, it is believed, be urgently required for their relief on any large scale. An expansion of the ordinary public works has already been ordered. The present season requires only watchfulness and preparedness against a possible failure of the next south-west monsoon.

3. Orders have been passed in the Public Works Department for the commencement of extensive works to the Siddana and Basavana channels of the Channagiri Sulekere Tank at a cost of over Rs. 63,000. The following road works have also been sanctioned in the Public Works Department :—

		Estimated Cost.
(1.)	Opening out Sulekere-Sasalu Railway Feeder (Section Sulekere to Santebennur)	Rs. 12,556
(2)	Opening out road from Channagiri to Malebennur (2nd Section Sulekere to Basavapatna)	Not yet ascertained.

These works, it is believed, will give ample work for those in need of it in the affected parts of the Channagiri Taluk. The Deputy Commissioner should advise the Executive Engineer as to the particular section of these works which should be at once taken in hand, with reference to the demand for employment in neighbouring villages, thus reducing the need for beginning the village works named in the sanctioned list referred to in the next para in as many localities as possible.

4. The village works, as per lists submitted by the Deputy Commissioner, estimated to cost Rs. 10,575, are sanctioned and a sum of Rs. 5,000 therefor will be immediately placed at the Deputy Commissioner's disposal. The Deputy Commissioner's proposals regarding the manner of carrying out village works are generally approved.

5. The measures taken by the Deputy Commissioner to have blank patches of land, reserved for date trees under the Sulekere channels, cultivated with Vaisakh paddy and other grains and for the economical use of tank water are approved.

6. As regards the relief of the weaver class, the Deputy Commissioner is referred to Proceedings, Nos. D. 31 and D. 50, dated 15th and 25th December 1891, respectively, and to Proceedings No. D. 81, dated 14th January 1892. Either of the two systems described in those orders may be followed by the Deputy Commissioner at his discretion, having regard to the circumstances of each Taluk or Municipality. A sum of Rs. 1,000 is placed at the disposal of the Deputy Commissioner for the relief of weavers in the Shimoga District.

7. No orders are now required on the question of the remission of kandayam on lands owing to failure of crops.

8. The Deputy Commissioner is informed that, regarding all measures required in the present season, he should be guided by the orders already issued in regard to Maidan Taluks.

READ :—

Docket No. 854, dated 7th instant, from the Deputy Commissioner of Mysore, submitting for orders copy of correspondence between him and the Executive Engineer, Channel Division, in regard to keeping certain river channels open for raising a quick growing dry crop in this season.

CAMP NO. D. 113, DATED KOLAR, 24TH JANUARY 1892.

ORDER THEREON.—The Executive Engineer states that the supply of water in the channels will probably not be sufficient, both to work up the usual programme for the hot weather supply and to admit of the growing of a dry crop, and that the channels were allowed to be in action, there would be no time for executing the annual repairs to them. The Deputy Commissioner has, after consulting the Amildars, submitted a programme allowing water for raising dry crops under the Kattepur, Tippur, Saligram, Ramasamudram, Chikdevarayasagar, Rampur, Sereyur and Hussenpur channels.

2. The Deputy Commissioner's programme is provisionally approved. The irrigation required for proposed dry crops is very small, and the closing of channels for repair can be regulated according to the extent to which the raiyats take advantage of the concession now ordered, by actual timely sowing of dry crops. Upon this point, the Deputy Commissioner should keep himself duly informed, and where no dry crops (other than the usual manurial ones) are put down, the Deputy Commissioner can modify his programme and allow the usual Public Works Department programme to be carried out. Where the Deputy Commissioner's programme is followed, he should get the raiyats to help the Public Works Department to execute the annual repairs in the very short time which would afterwards be left for their execution.

3. The Deputy Commissioner is requested to state if he can undertake the annual repairs himself in such special cases.

READ :—

Dockets Nos. 839, 876 and 895, dated 5th, 12th and 13th instant, respectively, from the Deputy Commissioner of Mysore.

CAMP NO. D. 114, DATED KOLAR, 24TH JANUARY 1892.

ORDER THEREON.—The action of the Deputy Commissioner in directing the commencement of the subjoined works is approved :—

1. Well at Hebbal, Yedatore Taluk, estimated at Rs. 267.
2. Repair of Katte on the side of the Chamrajnagar-Attigalpur road in the Chamrajnagar Taluk, estimated at Rs. 500.
3. Stone work for a pond in Huyilalu, Mysore Taluk, estimated at Rs. 402—14—3.

The sum of Rs. 1,169—14—3 required for these works is sanctioned.

2. Similarly, the sums required for the execution of the works mentioned below, which have been started by the Sub-Division Officer, are sanctioned :—

Rs. 497	for repairing Halgur Dodkere.	
„ 495	„	Halasahalli Halkere.
„ 499	„	Kuntur Hirikere.
„ 123	for deepening a well at Kuntur.	
„ 123	„	at Saragur.
„ 140	„	at Hosapet Basavapura.
„ 148	for a new well at Basavanhalli.	
Rs. 2,025		

3. The deepening of the well near the Musafarkhana at Begur, ordered by Mr. Nanjundaraj Ars, is approved. The estimated cost of this should be reported at an early date.

4. The proposal of the Sub-Division Officer and the Deputy Commissioner to open a Government Bamboo Depôt at Vadera Basavapura, to afford labor to the large number of persons hitherto employed in cutting bamboos, is sanctioned, as a tentative measure, for three months. The Deputy Commissioner will take the needful action in communication with the Inspector General of Forests.

5. The proposed construction of the whole of the Halagur-Channapatna road is also approved. The estimated cost of it should be reported.

L. ANANTASWAMI RAO,
Under-Secretary.

RAI BAHADUR A. SABHAPATI MUDALIAR'S PRICKLY-PEAR INSTRUMENTS.

How to use Prickly-pear as fodder for cattle.

Rai Bahadur A. Sabhapati Mudaliar's Prickly-pear instrument consists of a set of tongs, a knife, and a pair of pincers. Hold the prickly-pear leaf with the tongs, and pluck off the thorns with the pincers ; after the leaves are divested of all the thorns, it is better they are washed in water to remove any stray thorns sticking to the gummy matter, and the mud over them. Then cut the leaves with the knife into one inch square pieces.

To make the cattle relish them, a handful of horse-gram flour, or the flour of some other pulse, mixed with a little of common salt, should be sprinkled over these pieces If the cattle would not eat them of their own accord, a few slices may be put into their mouths; and they may be made to chew those pieces. If accustomed to in this manner for a day or two, the cattle will begin to eat the stuff greedily, even without the addition of gram-flour and salt. It is however advisable to use a handful of gram-powder with a tola of common salt to every ten pounds of prickly-pear slices, so that they may be agreeable to the cattle.

Ten or 15 pounds of this prickly-pear in the morning, and about the same quantity in the evening with an addition of 5 or 6 pounds of Kurbi or grass in the night, is enough for the maintenance of ordinary working cattle.

In Bellary a cooly of two annas is paid for 125 lbs. of prickly-pear cut in pieces, which together with Kurbi, as stated above, is enough to support 5 cattle. At first, the cooly-women will not be able to prepare such a large quantity, but when they are accustomed to the work, they will be able to prepare the leaves very quickly.

Thousands of cattle were saved by these instruments during the famine of 1877-78.

Price per set of instruments, annas two and pies six only.

Note the sale proceeds after deducting the cost of annas two, go to the *Bellary Sanmarga Samaj* Fund.

The instruments can be had on application to Messrs. A. Sabhapati Mudaliar and Co., Bellary, Madras Presidency.

MEMO.

IN RE-EXPERIMENT WITH "SCRUB EXTERMINATOR" ON PRICKLY PEAR.

On the morning of the 14th of May 1891, the experiment relating to the effect of "Scrub Exterminator" on the destruction of Prickly Pear, was conducted in the presence of Messrs. L. Ricketts, J. Cameron, Haudin, G. Ricketts, Puttanna Chetti, Subbraya Iyer, B. Hira Singh, B. Krishna Singh and others, on the spot previously selected, overgrown with the noxious plant, situated just behind the Barr Sepoys' quarters. The following was the method by which the experiment was made :—

II. Two cisterns each holding 10 gallons of water were placed side by side. In which were prepared two solutions of different strengths containing 3 and 6 gallons of water to 1 lb of the chemical. Two Roatary pumps were fixed to the horizontal bar, with pipes leading to the cisterns. By means of hoses, the solution was first splashed on the Prickly Pear and then well sprinkled over.

III. A fresh solution was prepared with quite a different strength in the proportion of 2 lbs of the chemical to 5 gallons of water. With this solution the following experiments were tried :—

(1.) Three or four clumps were cut and the roots of them were then saturated in this solution.

(2.) The solution was poured all round the plant just near the roots, the plant being left undisturbed.

IV. For further experiment, 10 lbs of the chemical were supplied to Mr. J. Cameron, the same quantity to Mr. G. Ricketts, to try with hand pumps, and 2 lbs to Mr. Krishna Singh to try on an isolated clump, and a request was made to report the result of each experiment.

V. The probable cost of the chemical used this morning was 9 shillings. To compare with this, the Vice-President of the City Municipal Board was asked to report on the probable cost of getting some prickly-pear rooted up and buried in pits. Mr. Puttanna Chetti reported that the cost of clearing an area of ground measuring 51′ × 6′ and of pitting 6′ × 6′ × 8′ was Rs. 2—1—0.

VI. Mr. B. Hira Singh who was deputed to report the result of the experiment made on the 14th May visited the spot on the 20th and 28th idem. The following was the full text of the report :—

(1.) The portion operated upon with the weak solution had shown symptoms of decay, but the dried up stems were spotted brown and slightly shrivelled up with green stems seen here and there.

(2.) The other portion operated upon with the strong solution had the remarkable appearance of complete drying up ; but in this case, the brown spots were wider and more conspicuous with fewer green stems.

(3.) The effect of the solution poured all round the plants was that they were dried up, not thoroughly, but brown and black spots were seen here and there.

(4.) The plants, to the roots of which the solution was applied, looked as fresh as before ; but still brown spots were visible where the drops of the solution had deposited themselves.

From the foregoing remarks, it will be seen that there is no necessity for using a stronger solution, as the effect is about the same in either case, it being simply a work of time.

VII. A further experiment was made near a small village called Marappanapalya about a mile down the Nundydroog road. The solution here used was that of a different strength containing 7 oz of the chemical to one gallon of water. 4 lbs of Scrub Exterminator were used. The site operated upon had completely dried up with few green leaves visible here and there ; but these leaves are spotted brown and rotting at the joints. The (pears) fruits were all rotted and completely withered.

VIII. With a fresh solution (8 oz. of the chemical to one quart of water) the experiment was made with satisfactory result. The stems were first hacked and the solution was then applied. Here the green leaves were few and far apart, covered here and there with brown patches indicating speedy decay.

IX. A fresh solution was again prepared by mixing ¾ lb of the chemical to ¾ gallon of water and applied to the Gold Mohur tree-Poinciana Regia-, the tree being girdled first to a depth of ¾ inch. The result of the experiment was that the tree completely withered.

The total cost of the experiment was Rs. 5—6—8.

Owing to great press of work, Mr. Cameron was unable to experiment with the Scrub Exterminator ; but (he says) judging from the experience and results obtained elsewhere, the Scrub Exterminator is more expensive and less efficacious than manual labor in this country.

X. The experiments in connection with the Scrub Exterminator on the destruction of the Prickly Pear, may be said to be more or less a failure. For on visiting on the 10th September 1891, the sites experimented upon on the 14th May 1891, it was found that young shoots were sprouting out here and there from apparently dead stems and leaves and not following the usual characteristic of the Prickly Pear, *viz.*, one stem growing out from the top of the other ; but shooting out from the centre. It is evident from this that wherever there is a slight germ of life left, the plant will shoot up again : even the shrubs intergrowing with the Prickly Pear plant have come up again.

XI. It is very doubtful whether the Prickly Pear will be killed by applying the solution two or three times and at stated intervals. The expense would be very great. In the area cleared by Mr. Puttanna Chetti, by manual labor, the Prickly Pear has all sprung up again showing imperfect clearance ; but the portions buried in pit and covered up show no symptoms of life.

XII. These experiments were tried during the hot weather and with a long and exceptional duration of heat, before the rains set in. The clump and leaves apparently dead and rotten are now studded with young fresh shoots here and there which will soon form the nuclei of fresh Prickly Pear clumps.

XIII. The experiment with "Scrub Exterminator" cannot altogether be considered to be a failure; if after the application of the solution, the dried up Prickly Pear be at once buried or burnt; but then it becomes a protracted business. Where labor is scarce and expensive, the solution, if applied, in the hot season more than once, will doubtless exterminate Prickly Pear and at a cheaper rate than can be done by manual labor ; but in a place like Mysore, where labor is comparatively cheap, it is better to give preference to the digging of pits, burying the plant therein and thoroughl ycovering up the same. In both methods, it will doubtless be found that some further slight work will be necessary before complete extermination of the noxious plant is effected.

27th January 1892.

L. RICKETTS,
Inspector General of Forests.

READ THE FOLLOWING PAPER :—

From the Director of Statistics and Agriculture in Mysore, To the Chief Secretary to the Government of Mysore, No. 747, dated 8th February 1892.

I have the honor to suggest, in view to popularizing the use of prickly pear as fodder for cattle, that Deputy Commissioners of affected Districts and in which there is a large growth of the plant may be instructed to employ coolies paid from relief funds, within certain limits, to prepare the prickly pear leaves for fodder, in accordance with directions already issued and to distribute the same gratuitously to such owners of cattle as may be willing to avail themselves of it. It will be best to have this done under the personal superintendence of the Taluk Officers, the object being to overcome the prejudice which raiyats generally entertain against the use of prickly pear in whatever form as cattle food, to demonstrate the mode of preparing the leaves for fodder, and generally to impress upon them the advantage that will be gained in times of scarcity by supplementing available stocks of straw with fodder thus prepared.

No. D. 145, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER THEREON.—This operation, as a relief measure, is not yet necessary, but the Deputy Commissioners will note the suggestion as indicative of a useful future Relief work.

No. D. 148, DATED BANGALORE, 13TH FEBRUARY 1892.

ORDER.—Some inconvenience has been felt by the Dewan by Deputy Commissioners of Districts not following a uniform system in preparing the Condition Reports prescribed by Order No. D. 47, dated 24th December 1891. Some Deputy Commissioners send merely the Diaries of their daily doings, while some write long reports in Demi-Official form. It is difficult to deal officially with reports so submitted. All Deputy Commissioners are therefore requested to strictly follow the instructions given in Proceedings No. D. 47 referred to above.

2. The Condition Reports should, in future, be submitted once a fortnight, and be prepared with great accuracy under the personal direction of the Deputy Commissioner. Officers in charge of Sub-Divisions should submit similar reports (written on half margin) to their respective Deputy Commissioners, who will record any remarks of their own on such reports and submit them to this Office. The Deputy Commissioner's report should be inclusive of the Sub-Division, notwithstanding the separate report of the Sub-Division Officer.

3. The Condition Reports should be brief and concise and contain accurate and definite information. Too much care cannot be bestowed in avoiding prolixity. They should be on foolscap paper and written on half margin.

4. The *Diaries* of the Deputy Commissioners and of their Assistants were never called for, and are not required by this Office.

5. The Dewan will be very happy to receive Demi-Official letters from officers when there is any special reason for adopting this method of communication. But such Demi-Officials should be confined to matters which cannot well be included in Official correspondence.

No. D. 152, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER.—Deputy Commissioners of Districts are requested to report at once on the accompanying Form No. I, (printed copies of which will be supplied them at once from the Government Press), what Relief Works have been actually started by them up to the 1st February 1892, and to submit fortnightly returns in the same form regarding the progress of Relief Works, new works started in any fortnight being also included therein.

2. Deputy Commissioners should likewise submit returns, in the Form No. II appended, of the number and cost of drinking water wells sanctioned and excavated.

READ THE FOLLOWING PAPERS :—

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Government of Mysore, No. 705, dated Camp Huliyurdurga, 27th January 1892.

With reference to Government Order No. D. 96 of the 21st instant, enquiring if there is sufficient Tangadi shrub in the District for the purpose of employing the Holayas and Madigas in collecting the bark and paying them for their labor as a sort of relief work, I beg to state that generally there is not much tangadi in all the Taluks of this District. It is however to be found more plentifully in the Northern Taluks. For the present, a sum of Rs. 1,000 may be sanctioned for the whole District. Rates, according to local circumstances, will be fixed per maund of the bark, and payments made accordingly as the article is brought and delivered to the Patels. The Patels will send to the Taluk Cutcherry every month the bark bought by them. There it may be sold by public auction, so that the dealers in the bark may buy it. This will prevent the dealers (who now obtain licenses for the collection of the bark and get the collection done by these very Madigas and Holayas) from beating down their wages to the minimum figure. Government will not, I think, lose by this. The rate that we may fix may be about ½ anna more per maund than what the licensees now pay these men.

No. D. 154, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The sum of Rs. 1,000 asked for is sanctioned.

2. The procedure recommended by the Deputy Commissioner is approved as a tentative measure.

No. D. 155, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The grant of Rs. 1,000 asked for is sanctioned from General Revenues. Admissions to the Langarkhana should be strictly restricted to destitute people incapable of earning a livelihood by their labor.

Letter No. 2863—327, dated 25th January 1892, from the Inspector General of Police, requesting that a sum of Rs. 2,640 be placed at the disposal of the Deputy Commissioner of Chitaldroog, for constructing drinking water wells at certain Police Stations and Out-posts in that District.

Letter No. 2958—335, dated 4th February 1892, from the Inspector General of Police, requesting that a sum of Rs. 4,946 be placed at the disposal of the Deputy Commissioner of Bangalore, and another sum of Rs. 900 at the disposal of the Deputy Commissioner of Shimoga, for sinking drinking water wells at certain Police Stations in those Districts.

No. D. 164, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—It is observed that the estimates for some of the wells named in the lists submitted with the above, are high. It is not known whether any of these wells have to be sunk through rock or whether stone facing is provided for them. Stone facing is an expensive item which should not be resorted to except in cases of undoubted permanent *public* utility, both from the situation of the well as regards roads and villages and from the ample character of the springs obtained. Where there is doubt upon these points and the sides of the well require to be supported, pot rings at a small cost will serve all purposes.

2. With the foregoing remarks, the amounts specified in the letters above read, as noted on the margin, are placed at the disposal of the Deputy Commissioners concerned.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 18th February 1892.

From

L. ANANTASWAMI RAO, ESQ.,
Under-Secretary to the Dewan.

To

C. MADIAH, ESQ.,
Deputy Commissioner, Kolar District.

SIR,

With reference to your letter No. 2983—718, dated 2nd instant, asking for an advance of Rs. 20,000 for the relief of Weavers in Kolar town, I am directed to state that in your proposed scheme you have omitted the cardinal point of the scheme for the relief of this class of people, sanctioned in the order of Government No. D. 81, dated 14th January 1892. The salient point in that policy is to enlist the personal sympathy and services of local sahukars of respectability, who are to take an interest in the protection of this class of artisans, and be responsible to Government for the sale of the cloths at the price at which the Government now buys them.

2. You say in your letter that the cloths will be purchased by Government at Rs. 4 a piece, but what guarantee is there that Government will get that price when the articles are sold by them to the public?

3. In the scheme relating to the Bangalore District, which has been recommended for adoption in other Districts by order No. D. 81, dated 14th January 1892, the co-operation of respectable merchants has been ensured by the promise of a small commission to them so that the cloths, though *now* purchased at Government cost, will not entail any loss upon Government by their sale in future. This is the point to which you must direct your attention in carrying out the proposed scheme for the relief of Weavers, and I am to request you to report whether the scheme, as above explained, can be carried out in its integrity in the town of Kolar.

4. In working the details of the scheme in the Bangalore District, several difficulties have arisen. Some "samjaish" and tact have been required in bringing round the sahukars to hold to their promise, but the scheme on the whole is working satisfactorily there. You may correspond with the officers of that District in regard to the details of the scheme.

5. The Dewan has no objection to your advancing Rs. 5 to each indigent weaver if you consider it absolutely necessary to do so, but it should be remembered that the money should be eventually recovered.

No. D. 168, DATED BANGALORE, 16TH FEBRUARY 1892.

ORDER THEREON.—The provision in para 2 of the foregoing Memo for payment of wages, partly in grain and partly in money, is very difficult to carry out, and the Dewan seriously doubts whether it is now required anywhere. If the Deputy Commissioner thinks it is actually required in any particular place, he should, at once, report the full details.

2. The procedure as described in paras 4 to 12 has already been approved by the Dewan, after personal inspection of the way in which it was being practically carried out in the Kolar District.

3. The fortnightly returns of the progress of Relief Works should show the expenditure on works described in paras 14, 15 and 16 of the Memorandum above cited.

I have the honor to be,
Sir,
Your most obedient Servant,

L. ANANTASWAMI RAO,
Under-Secretary.

Copy to other Deputy Commissioners and to the Comptroller for information and guidance.

By Order,

L. ANANTASWAMI RAO,
Under-Secretary.

No. D. 170, DATED BANGALORE, 18TH FEBRUARY 1892.

ORDER.—Programmes of Relief Works to be executed by the Revenue Officers, chiefly restoration and improvement of tanks, have been sanctioned by Government from time to time for some of the affected Districts. In executing such a sanctioned programme of works, the Deputy Commissioner should frame estimates for all the works, sanction such of them as may be below Rs. 500 and obtain the sanction of the Government for those which may be above that amount. A list of all the estimates so prepared and sanctioned (by the Deputy Commissioner and by the Government) and their total amount, should be submitted to this office for information with the fortnightly Condition Report ordered in Proceedings No. D. 152, dated 16th February 1892. If all the sanctioned estimates make up a total larger than what has already been placed at the Deputy Commissioner's disposal by the order sanctioning the programme, or by subsequent orders, the Deputy Commissioner should at once apply for the larger amount required.

2. The object of these programmes which, in the Tumkur and Chitaldroog Districts, the Dewan himself got prepared under his own personal direction, having due regard to the distance of the works to the villages which they had to serve, is to place in the hands of each Deputy Commissioner an approved list of works, any of which may be started by him at a moment's notice, when the necessity arises. The amount sanctioned for each District programme must however be regarded as in the nature of a Budget provision, and regular estimates should be prepared for all the works and sanction given or obtained in the manner directed above.

3. The Deputy Commissioners of the Districts for which such programmes of works have not been submitted should submit them without further delay.

4. The orders as above should be applied to drinking water wells and other works for which funds have been, or may hereafter be, placed at the Deputy Commissioner's disposal.

READ :—

Letter No. 80, dated 12th February 1892, from Mr. B. G. Krishnaiengar, Assistant Commissioner on Special Duty in the Tumkur District, soliciting sanction for a further grant of Rs. 15,000 for advances for Irrigation wells in the Tumkur District.

No. D. 173, DATED BANGALORE, 18TH FEBRUARY 1892.

ORDER THEREON.—Rupees 40,000 have already been sanctioned for advances for Irrigation wells in the Tumkur District. A further grant of Rs. 15,000 is now sanctioned for the same purpose.

READ :—

Report on the condition of the Chitaldroog District for the week ending 6th February 1892, received with the Deputy Commissioner's docket Camp No. 34, dated 11th idem.

No. D. 178, DATED BANGALORE, 19TH FEBRUARY 1892.

ORDER THEREON.—It is reported that on 6 out of the 7 Relief Works in progress in the Hiriyur Taluk, no coolies came to work, and that, in the opinion of the Amildar, this was due to the coolies being able to get higher wages elsewhere. The Deputy Commissioner observes that on all the Relief Works going on in his District, it is a general complaint of the coolies that the wages offered, namely, 2 annas for an adult male and 1 anna 4 pies for a female, are insufficient.

2. Under the order issued in No. D. 26, dated 12th December 1891, the Deputy Commissioner is given the discretion to fix such rates of wages as are fair and reasonable, having regard to the prevailing prices, and he is requested to report why he did not increase the rates if he found that the complaint that they were low, was well founded.

3. The Deputy Commissioner's attention is drawn to Section 185 of the Madras Famine Code, wherein the following rates are prescribed :—

	First Class.	Second Class.	Third Class.
Men including boys above 12 years and nursing mothers ...	Value of $1\frac{1}{2}$ lb. of grain + $1\frac{1}{2}$ anna.	Value of $1\frac{1}{2}$ lb. of grain + 1 anna.	Value of $1\frac{1}{4}$ lb. of grain + $\frac{3}{4}$ anna.
Women including girls above 12 years	Value of $1\frac{1}{4}$ lb. of grain + 1 anna.	Value of $1\frac{1}{4}$ lb. of grain + $\frac{3}{4}$ anna.	Value of $1\frac{1}{8}$ lb. of grain + $\frac{1}{2}$ anna.
Working children below 12 years ...	Value of $\frac{3}{4}$ lb. of grain + $\frac{3}{4}$ anna.	Value of $\frac{3}{4}$ lb. of grain + $\frac{1}{2}$ anna.	Value of $\frac{5}{8}$ lb. of grain + $\frac{3}{8}$ anna.

4. The above rates, if converted into money, will give a good idea as to what the wages should be on works on which the villagers are employed in the immediate vicinity of their own homes. The men, women and children at present all come under the first class, it is believed, and taking the price of Ragi at 16 seers the rupee, the wages at the above rates amount, for a man to 2 annas 2 pies, for a woman to 1 anna $6\frac{2}{3}$ pies. The Deputy Commissioner should adopt the Madras scale for general guidance and fix the rates accordingly, for the time being at any rate. For instance, he should now give 2 annas 3 pies to a man and $1\frac{1}{2}$ annas to a woman. It must not be expected that these rates will be popular with the professional coolies who find work on the ordinary Public Works, but these village works are not intended to attract them.

5. It should also be borne in mind that in Section 187 of the Madras Code it is explained that the grain meant is the grain of medium quality and of the description in ordinary use at the time of payment, and that the price to be taken is the retail price of the grain, ruling at the Kasaba of the Taluk during the previous week, or it may be added, at the nearest *Santé*.

READ:—

Diary (of which an abstract is given below) of Mr. B. G. Krishnaiengar, Special Assistant Commissioner for making advances for Irrigation wells, for the fortnight ending the 6th February 1892, received with letter No. 837, dated 14th idem, from the Deputy Commissioner, Tumkur District:—

ABSTRACT.

Wells inspected in about 38 villages. Loans granted 38, of which 34 were in the Maddagiri Taluk, including the Koratagere Sub-Taluk, and 3 in the Tumkur Taluk, and 1 was in the Pavagada Taluk.

2. Amount of loans sanctioned Rs. 7,630. First instalment paid Rs. 4,097-8-0.

3. The Special Assistant Commissioner refused loan for a well which was too close to a *Talparige* channel, as the raiyats in a body objected to it.

4. He observes that "Gerse bhavis," differing from the ordinary kind known by that name, abound in Rampur in the Koratagere Sub-Taluk, the nature of which is to have sandy soil on the surface and up to a depth of 5 or 6 feet, then hard soil for 8 or 10 feet, and then again sand with a copious, and, it is believed, a permanent supply of water. Mr. Krishnaiengar points out that stone revetment to such wells will be of great advantage.

No. D. 179, DATED BANGALORE, 19TH FEBRUARY 1892.

ORDER.—Recorded, with the remark that loans may be given, when app[illegible] for, for the stone facing of the peculiar kind of "Gerse bhavis" or wells said to be found at Rampur in the Koratagere Sub-Taluk.

READ:—

Report (of which an abstract is given below) on the condition of the Shimoga District for the week ending 6th February 1892, received with docket No. 871—823, dated 9th idem, from the Deputy Commissioner of Shimoga.

ABSTRACT.

1. *Crops harvested.*—In Tirthahalli *all* and in Nagar, paddy, ragi and sugar-cane.

2. *Standing Crops.*—Sugar-cane and cotton in Honnali are in good condition. Sugar-cane, kadle and uddu in Shimoga; sugar-cane and paddy in Channagiri; paddy and ragi in Sagar Taluk, are in a fair condition. Castor-seeds, kadle, cotton, &c., in Channagiri Taluk are in a bad state. In Shikarpur paddy is 1 to 4 annas in 4 Hoblis, and 4 to 8 annas in 6 Hoblis, and ragi is 4 to 12 annas in all the Hoblis except Belandur. In Sorab paddy and ragi are about 8 annas.

3. *Food Grains.*—Supply sufficient or fair in all the Taluks except Channagiri. Prices almost stationary except in Nagar and Tirthahalli Taluks where prices were rising. Rice in Shimoga and Honnali 9 seers, ragi in Shimoga 18 seers and in Channagiri 24 seers, jola in Honnali 20 seers.

4. *Fodder.*—Supply sufficient or fair in all the Taluks except Channagiri and Shikarpur.

5. *Water.*—Scarcity very much felt in 4 Hoblis of Channagiri Taluk.

6. *General Condition.*—Fair in all the Taluks. People find labor.

Cholera has broken out in the Town of Shikarpur and the Village of Gabbur in the same Taluk.

Fever is prevalent in parts of Sorab and Sagar.

No. D. 180, DATED BANGALORE, 19TH FEBRUARY 1892.

ORDER THEREON.—Recorded.

ORDER THEREON.—The grant of Rs. 2,000 applied for is sanctioned.

READ :—

The following letter from the Deputy Commissioner of Tumkur, No. 858, dated 17th February 1892.

"With reference to Government Order No. D. 145 of the 13th instant about Prickly Pear leaves being used as fodder for cattle, I have the honor to state that I made use of the leaves for my own cattle in the manner prescribed by the Director of Statistics and Agriculture and Messrs. Sabhapati Mudaliar and Co. of Bellary, obtaining from the latter sets of instruments required for the purpose. The result was most favorable. The cattle took to the leaves easily and the leaves did them no harm. I have asked all the Officers in the District to try likewise and prove to the raiyats the utility of the leaves. I have sent them all a set of the instruments. But these leaves are not plentiful in this District. The Amildars of Tumkur, Kunigal and Tiptur, and the Deputy Amildar of Huliyar, have reported that the leaves are not to be had in their Taluks in any large quantity."

No. D. 192, DATED BANGALORE, 20TH FEBRUARY 1892.

ORDER THEREON.—The Government are glad to hear so hopeful an account of the use of Prickly Pear for feeding cattle. The special attention of other Deputy Commissioners, especially those of Kolar, Chitaldroog and Mysore, is again requested to the subject.

READ :—

Diary (of which an Abstract is given below) of Mr. H. V. Nanjundaiya, Sub-Judge on Special duty, for the week ending 6th February 1892, received with docket No. 3140—754, dated 12th idem, from the Deputy Commissioner of Kolar.

ABSTRACT.

About 29 villages were inspected in the Goribidnur Taluk, and loans granted for 17 wells, amounting to Rs. 4,100. The first instalment paid was Rs. 1,355. The longest period allowed for re-payment was 20 years, and that in one case. The total amount of the applications received exceeded Rs. 20,000, and more applications were coming.

Mr. Nanjundaiya brings to notice the case of Saru wells, (springs in sandy strata). These, he says, are believed to be such as come under the limitations imposed in Government order No. D. 85, dated 19th January 1892, but when provided with stone facing, they become works of permanent utility, and as such are eligible for loans under the terms of the order. The Deputy Commissioner of Kolar is of the same opinion, and Mr. Nanjundaiya says he has been sanctioning advances for such wells of a *permanent* character.

Mr. Nanjundaiya further brings to notice the desire of the inhabitants of Mallikere for the repair of their tank which breached recently and which requires about Rs. 4,000 worth of earth-work, being taken up by the D. P. W. this year. The Deputy Commissioner says that he will address the Executive Engineer on the subject.

No. D. 193, DATED BANGALORE, 20TH FEBRUARY 1892.

ORDER THEREON.—The action of Mr. Nanjundaiya with reference to "Saru" wells is approved, as it is reported that, with stone facing, the wells would be of permanent utility and there would be no fear of the failure of springs. The order of Government referred to apply only to cases in which the *springs* are likely to fail in a very few years.

2. The desire of the inhabitants of Mallikere for the early repair of their tank has been, it is noted, referred by the Deputy Commissioner to the Executive Engineer for investigation.

12. Each Amildar and Deputy Amildar to submit a weekly report to this office showing the progress of work done to each tank in his Taluk or Sub-Taluk.

13. Patels in charge of Relief Works to be given a monthly contingent allowance not exceeding 1 rupee to enable them to meet their stationery expenses.

14. *Miscellaneous Relief Works.*—Impecunious Totis, Talwars and Niragantis standing in need of Government help, to be employed in removing prickly pear and clearing jungle on the slopes of tank bunds, and to be paid wages as follows :—

	Rs.	A.	P.
Man	0	2	3
Woman	0	1	6

In places where the above kind of work cannot be found for these village servants, they should be employed on sanitary works, such as removing noisome vegetation, filling in unwholesome pits, removing ruined walls, and levelling the ground and filling in ruts, &c., on the roads in and around the villages.

15. Agriculturists in need of work may also be employed in the cultivation, by Amani, of quick growing crops in the beds of tanks by means of water lifted up from wells dug for the purpose These works may be carried out as Relief Works for the benefit of the above class of people, who may be paid wages at the same rates as those on tank works.

16. Holyars, Madigars and other low classes of people in poor circumstances, to be employed in the collection of Tangadi bark on Government waste lands, and to be paid wages at the rates allowed by license-holders for the bark Totis, Talwars and Niragantis, may also be employed on this work in preference to sanitary works till further orders.

The following letter from the Deputy Commissioner, Mysore District, No. 1034, dated 17th February 1892.

With reference to Government Proceedings No. D. 91, dated 19th January last, sanctioning a sum of Rs. 4,000 for advance to weavers in the District, I have the honor to state that on enquiries made of the condition of the weavers at Melkote, it was considered very necessary to help them. The Sub-Division Officer personally visited the place and held an enquiry, the results of which he reported in his letter No. 17, dated 27th January last. But as nothing was said as to the steps taken to secure the purchase of the cloths so as to prevent any loss to Government on resale, I requested the Amildar to enquire of the two brokers referred to in the Sub-Division Officer's report whether they would guarantee the Government against any loss. The Amildar has reported that Narasimshetti has refused to bind himself to make good to Government any loss incurred through him, while the other, Bairashetti has agreed to do so. I have therefore directed that a sum of Rs. 2,000 may be placed at the disposal of the Amildar of Seringapatam, out of the Rs. 2,500 allotted to the Sub-Division, for advance to Bairashetti. The conditions of the advance as approved are :—

(1.) That Bairashetti should receive the advance in instalments as required through the Head Parpattegar of the temple at Melkote.
(2.) That he should deposit the cloths purchased in a portion of the temple building under Sepoy guard.
(3.) That he should effect sales taking cloths from the temple whenever necessary.

(4.) That he should keep regular accounts of the purchase and sale of the cloths, and be prepared to produce them whenever required.

(5.) That he should reimburse to Government any loss incurred through his transactions, *i. e.*, that he should be responsible for the amount advanced and be entitled to receive profits, if any, over and above the amount of advance.

I enclose Sub-Division Officer's letter and the subsequent correspondence for reference.

No. D. 199, DATED BANGALORE, 23RD FEBRUARY 1892.

ORDER THEREON.—The arrangement as above recorded is approved.

READ :—

Report (of which an Abstract is given below) on the condition of the Hassan District (excepting Belur Taluk), for the week ending 13th February 1892, received from the Deputy Commissioner of Hassan.

ABSTRACT.

1. CROPS HARVESTED.—In Hassan and Arkalgud Taluks, paddy and ragi are being thrashed. Out-turn reported good in the former. In Arsikere Taluk dry crops have been harvested, and kadle in wet fields is now ready.
2. STANDING CROPS.—In Manjarabad Taluk, paddy is thriving well. In Holé-Narsipur, haralu estimated to yield less than 4 annas crop. In Channarayapatna Taluk, paddy, sugar-cane, kadle, gram, onions and garlic, in moderately good condition. Haralu indifferent.
3. FOOD GRAINS.—Procurable in abundance in Arkalgud Taluk, where prices have slightly fallen. In other Taluks prices are stationary and supply sufficient.
4. FODDER.—Available in Manjarabad and Arkalgud Taluks, in the former of which raiyats are said to have a good quantity in stock. In Channarayapatna Taluk, supply sufficient. In Holé-Narsipur Taluk, it will last for 2 months. In Arsikere Taluk, it is insufficient and date leaves are used.
5. GENERAL CONDITION.—Raiyats not discouraged. In Hassan Taluk, they are engaged in agricultural work. The cooly classes of Arkalgud are engaged in coffee estates and those of Channarayapatna on Public Works Department works. In Arsikere Taluk, it is said there is more demand for labor than people are able to meet, and in Holé-Narsipur Taluk no employment on works is required for landless and cooly classes.

No. D. 200, DATED BANGALORE, 24TH FEBRUARY 1892.

ORDER THEREON.—Recorded. The Deputy Commissioner's statements regarding the demand for labor in the Holé-Narsipur Taluk are not as clearly worded as they might have been. No explanation is given for the Belur report not reaching Head-quarters in time, and it is not stated whether any steps have been taken to prevent the recurrence of such delay in future.

2. STANDING CROPS.—Condition same as in last week. Kadle, wheat and cotton in Chitaldroog Taluk; also crops under Kapile wells in Chitaldroog, Jagalur, Hiriyur, Challakere and Molkalmuru Taluks, under tanks in Chitaldroog and the last mentioned 3 Taluks, and under streams in the last 3 Taluks; also both wet and dry crops in Holalkere Taluk are in a good or fair condition.

White jola is withering every where except in Saguvali kattes and tank beds; also other dry crops in Davangere, Jagalur, Hiriyur, Challakere and Molkalmuru Taluks except those in Saguvali kattes.

3. FOOD GRAINS.—Supply sufficient in all Taluks. Markets well supplied. No material change in prices. Rice from 7¼ seers at Jagalur to 9 seers at Davangere; ragi from 16 seers at Hiriyur, Challakere and Molkalmuru to 22 seers at Holalkere; and jola from 14 seers at Molkalmuru to 20½ seers at Chitaldroog.

Ragi and jola exported from the Chitaldroog, Davangere, Jagalur and Holalkere Taluks.

4. FODDER.—Sufficient in Chitaldroog and Holalkere Taluks, moderate in Davangere Taluk, fair in parts of Jagalur Taluk, scanty in the Sokke Hobli of that Taluk and very scanty in the Hiriyur, Challakere and Molkalmuru Taluks. Date and Kamara leaves used in the last named Taluks.

5. GENERAL CONDITION OF PEOPLE.—Continues to be good. Demand for labor still slack.

6. RELIEF OPERATIONS.—One work in each of the Taluks of Chitaldroog, Jagalur and Hiriyur with 12, 59 and 63 coolies respectively; 2 works in each of the Taluks of Davangere and Molkalmuru with 435 and 305 coolies; and 4 works in Challakere Taluk with 699 coolies. All these works are in progress.

The Amildars of Hiriyur and other Taluks say that laborers do not come to Relief works as they get better wages elsewhere.

Rupees 139—10—0 worth of cloths purchased from Molkalmuru weavers.

Letter No. 870, dated 18th February 1892, from the Deputy Commissioner, Tumkur District.

With reference to Government order No. D. 157 of the 16th instant, calling for a list of the works started in the Kunigal Taluk, I have the honor to submit herewith the list of the works for which estimates have been already submitted to Government. Besides these, some more works have been started. Estimates for them are under preparation and will be submitted to Government very soon. Already one thousand rupees have been spent in the Taluk within the past 15 days. I beg to state that good work is being done.

2. With reference to para 2 of the order under reply calling for a report on the condition of the parts of the Taluks adjoining the affected portion of the Kunigal Taluk, I beg to state that the Tumkur and Gubbi Taluks are to the north of Kunigal, and a portion of the Turuvekere Sub-Taluk touches it in the west. It has been found necessary to open Relief Works on those borders also. Those parts, though not so bad as Kunigal, are still in need of relief, and therefore Relief Works have been started in them.

List showing the names of Tanks in the Kunigal Taluk, estimates for whose repairs as relief measures have been submitted to Government.

Report (of which an Abstract is given below) on the condition of the Shimoga District for the week ending 13th February 1892, received with the Deputy Commissioner's docket No. 891—842, dated 15th idem.

ABSTRACT.

1. CROPS HARVESTED.—In the Tirthahalli Taluk all the crops, and in Sorab, paddy and ragi have been harvested. Sugar-cane is being harvested in the Shimoga, Sorab and Nagar Taluks and Kumsi Sub-Taluk, also paddy and ragi in Nagar Taluk, and paddy and gram in Kumsi Sub-Taluk.
2. STANDING CROPS.—Paddy and ragi in Sagar Taluk, jola, kadle and hesaru in Shimoga Taluk, kar-paddy and sugar-cane in Channagiri Taluk, sugar-cane, cotton and wheat in Honnali Taluk, are in a fair condition. In Shikarpur Taluk, paddy is from 1 to 4 anna crop in 4 Hoblis, and 4 to 8 anna in 6 Hoblis; ragi is from 4 to 12 annas in all the Hoblis except Belandur, and sugar-cane, 8 anna crop.
   Castor-seed, tobacco and cotton in Channagiri Taluk are not in good condition.
3. FOOD-GRAINS.—Supply sufficient or fair in all the taluks except Channagiri. There was a slight fall in the price of rice in the Shimoga, Honnali and Sorab Taluks. It is said to have been rising in the Sagar and Tirthahalli Taluks. Ragi stationary generally.
4. FODDER.—Supply sufficient or fair in all the taluks except Channagiri and Shikarpur. In Channagiri want is said to be much felt. Grass in some parts of Nagar was destroyed by wild fire.
5. GENERAL CONDITION.—Fair in all the taluks. People find labor. Cholera prevalent in Shikarpur Taluk. Fever in some parts of Sagar.

No. D. 205, DATED BANGALORE, 24TH FEBRUARY 1892.

ORDER THEREON.—The Deputy Commissioner is called upon to explain the statement as regards the insufficiency of the supply of food grain in the Channagiri Taluk. This statement is contradicted by the one in Santé return for the same, preceding and succeeding weeks. For the week ended 13th February 1892, the return contained the following remark:—

Channagiri Santé.—Two thousand five hundred seers of rice, 650 seers of ragi and 550 of jola were brought and sold, rice from the villages of the Aynur, Holehonnur and Chandankere Maganis. The supply was sufficient.

Katlagere Santé.—Three hundred and fifty seers of rice from the villages of the Anaveri Magani, Shimoga Taluk, and from those of this taluk, 600 seers of ragi from the villages of this taluk as well as from those of the Honnali and Davangere Taluks, 1,000 seers of jola from the villages of this and Honnali Taluks. The supply was sufficient.

2. Other points in the report call for no remark.

READ :—

Letter No. 365, dated 24th January 1892, from the Deputy Commissioner, Kolar District, recommending the payment of some remuneration, during the present season of high prices, to Totis and Talaris who perform *quasi* Police functions in watching high roads, passes, Ghat stations, &c.

Letter No. D. 151, dated 14th February 1892, to the Inspector General of Police.

Letter No. 95—F. C., dated 18th February 1892, from the Inspector General of Police.

No. D. 206, DATED BANGALORE, 24TH FEBRUARY 1892.

ORDER THEREON.—The recommendation of the Inspector General of Police, that Totis and Talaris, *if actually employed in watching high roads, &c.*, should be paid Rs. 3 each per mensem, is approved.

2. For the Kolar District, payment at the above rate is sanctioned as a temporary measure with effect from the 1st February 1892, as regards the * 228 men of whom the Deputy Commissioner has sent a statement. The allowance hereby sanctioned should be inclusive of any small allowance which the men may now be drawing, and which, in the case of the Kolar District, amounts in all to Rs. 29—8—0 per mensem.

MYSORE GAZETTE.

Published by Authority.

BANGALORE, THURSDAY, MARCH 17, 1892.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART IV.

Official Papers.

READ:—

Letter No. 90, dated 29th February 1892, from Mr. B. G. Krishnaiengar, Assistant Commissioner on Special Duty, requesting that a further sum of Rs. 40,000 promised for advances for Irrigation wells in the Chitaldroog District in Proceedings No. D. 70, dated 4th January 1892, may now be placed at his disposal as he is about to proceed to that District at once.

No. D. 219, DATED CAMP MYSORE, 5TH MARCH 1892.

ORDER THEREON.—The additional grant of Rs. 40,000 now applied for is sanctioned. This, with the first grant of Rs. 40,000 sanctioned in Proceedings No. 9798-83—Cir. 157, dated 12th December 1891, makes up a total of Rs. 80,000 for Irrigation wells in the Chitaldroog District.

READ:—

Letter No. 3132—344, dated 25th February 1892, from the Inspector General of Police, forwarding lists of Police Stations in the Tumkur and Mysore Districts, at which drinking water wells are much needed and requesting that funds be placed at the disposal of the Deputy Commissioners of those Districts for the construction of such wells.

Letter No. 3173—351, dated the 29th February 1892, from the same, requesting that the Deputy Commissioner of Kolar be placed in funds for providing drinking water wells at certain Police Stations in the Kolar District.

No. D. 222, DATED CAMP MYSORE, 5TH MARCH 1892.

ORDER THEREON.—It is observed from the lists received with the letters above cited, that the situation of the wells has been so selected that they will not only serve the purposes of the Police Stations concerned but also of inhabited villages near them or, being on the road-side, will supply the wants of travellers. Sums as noted on the margin are accordingly placed at the disposal of the Deputy Commissioners of Tumkur, Mysore and Kolar from the General Revenue. The attention of these Deputy Commissioners is invited to the instructions contained in Proceedings No. D. 164, dated 16th February 1892, regarding the construction of such wells.

No. D. 224, DATED CAMP MYSORE, 6TH MARCH 1892.

ORDER.—During the continuance of the present season of drought, Deputy Commissioners of Districts are authorized, wherever they consider it necessary to do so, to delegate temporarily the current duties of their offices to the Treasury Assistant Commissioners of their respective Districts, so as to give themselves more time for the initiation and supervision of Relief measures. The Government expect the Deputy Commissioners to travel as much as possible in the affected parts of their respective Districts, as their personal superintendence is essential for the success of the measures which have been adopted.

2. The Amildars likewise will be the Superintendents of Relief operations in their respective Taluks. A Deputy Amildar will, where necessary, be appointed for the current Revenue and Magisterial duties of the Taluk. The time for the appointment of such a Deputy Amildar in the case of any Taluk has not yet arrived, but it is necessary at once to warn every Amildar of the contemplated arrangement. The Deputy Commissioner will instruct each Amildar to the above effect and employ him directly on all Relief works in his Taluk. When hereafter a Deputy Amildar is appointed for the charge of the current duties of the Taluk, the Amildar will be enabled to devote his whole time to Relief measures and there would be no change in the agency held directly responsible for their efficient management.

ORDER THEREON.—Recorded.

READ:—

Letter No. 527, dated 1st March 1892, from the Senior Surgeon and Sanitary Commissioner in Mysore, reporting that some cases of vomiting and diarrhœa have occurred in the Town of Periyapatna, Hunsur Taluk, owing to the insufficiency and impurity of the present supply of drinking water.

No. D. 230, DATED CAMP MYSORE, 6TH MARCH 1892.

ORDER THEREON.—The Dewan learns that upon a report from the Amildar of Hunsur, the Deputy Commissioner has already ordered the construction of new wells for improving the water-supply of Periyapatna. This, it is hoped, will have the desired effect, and the Deputy Commissioner should, if necessary, take other necessary steps and satisfy himself that a sufficient supply of pure drinking water has been provided at once for the inhabitants of that town.

READ :—

Report (of which an Abstract is given below) on the condition of the Kadur District for the fortnight ending 29th February 1892, received from the Deputy Commissioner, Kadur.

ABSTRACT.

1. STATE OF CROPS.—Standing crops, jola, sugar-cane, wheat and paddy good in the Malnad, but withering in the Maidan Taluks for want of water.
2. SUPPLY OF FOOD GRAINS.—Rice and ragi enough to meet the general demand till May.
3. SUPPLY OF WATER.—Good in the Malnad and very scanty in the Maidan. Well works started.
4. FODDER FOR CATTLE.—Becoming scarce in the Maidan, whence some cattle were driven to Malnad parts for grazing.
5. DEMAND FOR LABOR.—Nil. Harvest still continuing.
6. CONDITION OF THE DISTRICT.—Generally good. Small-pox in parts of Chikmagalur and Mudgere Taluks. Cattle disease in parts of the Kadur District.

No. D. 239, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—Recorded.

READ :—

The Kolar District Deputy Commissioner's letter (of which an Abstract is given below), No. 3394—801, dated 25th February 1892, reporting on the state of free pasturage in his District.

ABSTRACT.

1. Twenty-two thousand and seventy-six head of cattle graze in 9 Government Forests thrown open for free pasturage.
2. Water and grass scanty in Forests. Chigre leaves used as fodder.
3. Free grazing permitted in unplanted portions of Plantations also. In planted portions raiyats allowed to cut, scrape and remove the grass.

No. D. 241, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—Recorded. The letter under reference does not specify the names of the Plantations wherein pasturage is permitted.

READ :—

Letter No. 3523—824, dated 8th March 1892, from the Deputy Commissioner, Kolar District, reporting that the cost incurred on the Amani cultivation of tank beds is now debited to the allotments made for Village Relief Works, and recommending that a separate allotment of money be made for carrying out such cultivation.

No. D. 243, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—A sum of Rs. 2,000 will at once be placed at the disposal of the Deputy Commissioner of Kolar for carrying out the Amani cultivation of tank beds as a relief measure.

READ :—

Report (of which an Abstract is given below) on the condition of the Hassan District for the week ending 20th February 1892, received from the Deputy Commissioner of Hassan.

ABSTRACT.

1. CROPS HARVESTED.—The dry crops were all harvested in the Hassan, Arsikere and Channarayapatna Taluks. Ragi and paddy were being thrashed in the Arkalgud Taluk. In the Arsikere Taluk, Bengal-gram in wet fields was ready to be cut.
2. STANDING CROPS.—Paddy in the Manjarabad Taluk, Bengal-gram and sugar-cane in the Belur Taluk, and sugar-cane, paddy, onions and garlic under wells in some parts of the Channarayapatna Taluk were in good condition. Haralu in the Holé-Narsipur Taluk might yield about a 4 anna crop.
3. PRICES.—Prices had slightly fallen in the Arkalgud and Holé-Narsipur Taluks, and were stationary in the other Taluks.
4. FODDER.—Sufficient in Hassan, Manjarabad, Belur and Arkalgud Taluks. Available for 2 or 3 months in the Holé-Narsipur Taluk. Difficulty experienced in the Channarayapatna Taluk, where some of the raiyats were selling away their cattle in santés or weekly markets.
5. WATER-SUPPLY.—Not sufficient in parts of the Hassan, Arsikere, Arkalgud and Holé-Narsipur Taluks.
6. GENERAL CONDITION.—People find sufficient work. In some parts of the Holé-Narsipur Taluk, the working classes were desirous to have large works started near their villages. Small-pox prevailed in the Hassan and Belur Taluks.

No. D. 244, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—Recorded.

READ :—

Letter No. 67 (Camp), dated 11th March 1892, from the Deputy Commissioner, Chitaldroog District, asking for an allotment of Rs. 500 for the collection of Tangadi bark as a relief measure.

No. D. 246, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—A sum of Rs. 500 will be placed at the disposal of the Deputy Commissioner of Chitaldroog for the purpose indicated above.

READ :—

Letter No. 945, dated the 13th March 1892, from the Deputy Commissioner, Tumkur District, requesting that a further sum of Rs. 5,000 be placed at his disposal for Village Tank works out of the sum of Rs. 93,200 allotted for such works in that District.

No. D. 247, DATED BANGALORE, 17th MARCH 1892.

ORDER THEREON.—A further sum of Rs. 5,000 is placed at the disposal of the Deputy Commissioner, Tumkur District, for Village Tank works. Th[illegible] up a total of Rs. 20,000 sanctioned up to date for such works in the District.

READ :—

Docket No. 3566—846, dated 11th March 1892, from the Deputy Commissioner, Kolar District, soliciting that a further allotment of Rs. 30,000 be made for advances for Irrigation Wells in his District.

No. D. 248, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—A further grant of Rs. 30,000 for advances for Irrigation Wells in the Kolar District is sanctioned. This makes up a total of Rs. 80,000 sanctioned up to date for Irrigation Wells in the Kolar District.

READ :—

Returns (of which an Abstract is given below) of the progress of Relief Works started, and of drinking water wells sanctioned, in the Chitaldroog District, for the fortnight ending 31st January 1892, received with docket No. 560—532, dated 26th February 1892, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

RELIEF WORKS.—Seven works were in progress at the commencement of the fortnight, all in the Hiriyur Taluk. 5 more were started during the fortnight, *viz.*, 1 in the Jagalur Taluk, 2 in the Davangere Taluk and 2 in the Molakalmuru Taluk. The number of coolies on these works not reported. Amildars ordered to furnish this information in future returns. The amount spent on these works during the fortnight, (excluding the sum of Rs. 34—12—8, spent previously on the 7 works in the Hiriyur Taluk) was Rs. 118—9—6. The largest amount spent on any one work was Rs. 24 (Malgondalli tank, Davangere Taluk), and the smallest Rs. 2—12—0 (Devasandra tank, Molakalmuru Taluk). The wages were for each adult male 2 annas, for each adult female and for each child 1 anna 4 pies. Coolies on all the works complained of insufficiency of the wages, but it is explained that the rates were fixed with due regard to the prevailing prices of ragi or jola in strict accordance with relief principles. The works were all carried on on the Amani system and were in the charge of Patels aided by Shanbhogs. The Patels were managing the works satisfactorily.

II. DRINKING WATER WELLS.—Sixteen wells were ordered to be deepened at an estimated cost of Rs. 3,749, and 24 to be newly constructed at an estimated cost of Rs. 6,820. All remained under construction at the end of the fortnight.

No. D. 251, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—The returns submitted are incomplete as they do not show the number of coolies employed on the works. The Deputy Commissioner is requested to report at an early date, for insertion in the return No. 1, the number of coolies on each work on the last day of the fortnight.

2. As regards the question of wages, the Deputy Commissioner is referred to the orders issued in Proceedings No. 178, dated 19th February 1892.

3. The Government are glad to note that the Patels have given satisfaction in the management of the works. It is hoped the Shekdars and Amildars inspected the works as directed in the Dewan's Memorandum No. D. 26, dated 12th December 1891.

4. It is not known what number (if any) of wells were sanctioned prior to the period for which this return is submitted. The Deputy Commissioner is requested to submit a statement showing the number and cost of such wells, if any.

5. It is noted that the estimated cost of deepening some of the wells is very high; for instance, the cost of deepening a well in the Holalkere Taluk was Rs. 524, while the cost of constructing a new one in the same Taluk was Rs. 420.

READ:—

Returns (of which an Abstract is given below) of the progress of Relief Works started and of drinking water wells sanctioned, in the Chitaldroog District, for the fortnight ending 15th February 1892, received with docket No. 560—532, dated 26th February 1892, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

I. RELIEF WORKS.—In addition to the 12 works referred to in the return for the previous fortnight, 8 works were started during the fortnight under review, *viz.*, 1 in the Davangere Taluk and 7 in the Challakere Taluk. But on 6 out of the 7 works in progress in the Hiriyur Taluk, no coolies came to work, during the fortnight, and no amount was therefore spent. The number of coolies employed on the last day of the fortnight is not reported. The total amount spent during the fortnight was Rs. 309—14—8, which, with the sums spent in previous fortnights, makes up a total of Rs. 463—4—10. The largest amount spent on any one work during the fortnight was Rs. 61—7—0 (Avargere tank, Davangere Taluk) and the smallest amount Rs. 3—0—8 (Marikunte tank, Challakere Taluk). The rates of wages were the same as in the previous fortnight, and there was again the complaint of insufficiency. The new works started were also placed in the charge of Patels, and carried on on the Amani system. The Patels were managing the works satisfactorily.

II. DRINKING WATER WELLS.—The deepening of 9 wells at an estimated cost of Rs. 1,069 and the construction of 6 new wells at an estimated cost of Rs. 1,634 were sanctioned during the fortnight, in addition to the 40 wells referred to in the return for the previous fortnight. The deepening of one well at an actual cost of Rs. 200 was completed during the fortnight, and 54 wells remained under construction at the end of the fortnight.

No. D. 252, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—The attention of the Deputy Commissioner is drawn to the remarks made in Proceedings No. D. 251, dated 17th March 1892.

2. The cost of deepening old wells was in some cases nearly equal to, if not more than, the cost of constructing new wells. It is noted that, in the course of one month, only one out of 25 old wells the deepening of which was sanctioned, was fully deepened. The progress cannot be considered satisfactory. The deepening or sinking of these wells should be pushed on with vigor if they are to be of any use in this season of drought.

Diary (of which an Abstract is given below) of Mr. B. G, Krishnaiengar, Assistant Commissioner, on Special duty, for the fortnight ending 22nd February 1892, received with docket No. 893, dated 23rd idem, from the Deputy Commissioner, Tumkur District.

ABSTRACT.

Mr. Krishnaiengar, after staying at Bangalore from the 7th to the 11th February, visited the Taluks of Tumkur, Kunigal and Gubbi.

He notes the instructions he received personally from the Dewan regarding Gerse wells and wells under large tanks, namely that though it was not generally desirable to grant loans for them, yet in exceptional cases loans might be granted when the value of the lands was not less than the amount of loan, and the well was necessary for the up-keep of arecanut gardens, &c.

Eleven loans aggregating Rs. 2,920 were sanctioned in the Tumkur Taluk.

In the Kunigal Taluk, there were only 9 applications in spite of the repeated attempts of the Amildar to induce people to avail themselves of the advantages afforded by the rules. Only 4 borings had been made and these too were not successful. The applicants were told to deepen them further.

The Amildar of Kunigal explained that the soil in that Taluk was not suited for irrigation wells, that raiyats preferred dry cultivation to wet cultivation, and that except under the Amrutur tank, wet lands had no value, whereas dry lands were worth Rs. 100 to 300 per acre.

In the Gubbi Taluk, 7 loans amounting to Rs. 1,850 were sanctioned. Here too there was very little demand for irrigation wells. The loans sanctioned were for the support of gardens, existing or proposed.

A large number of garden holders asked for loans for removing silt from the wells in their gardens, which were mostly large pits or Hondas not faced with stone. No loans could be given under the rules for removing silt, but the peculiar circumstances of arecanut gardeners who were under the necessity to employ labor as the silt was an accumulation of years, but were unable to do so in this season as the arecanut crop was poor and its value reduced, deserved special consideration. The applicants would repay the loans in 4 or 5 years and pay interest at the rate of 4 or 5 per cent.

The Deputy Commissioner states that loans equal to three-fourths of the value of the gardens to be pledged may be sanctioned.

Mr. Krishnaiengar has noted the satisfactory progress of the Nidavalalu relief work, the need for relief works at Udder Hoskere, Idakanhalli and Satenhalli, and for a drinking water well at Muganayakanhalli, and the request of the inhabitants of Tyagatur for the repair of their tank as a relief work. The Deputy Commissioner states that the relief work at Somalapur is within 2½ miles from Udder Hoskere and Idakanhalli, that he has ordered the Satenhalli tank work to be started, that he is in communication with the Amildar regarding a drinking water well for Muganayakanhalli and will do the needful, that the restoration of the Tyagatur tank was, after some correspondence, abandoned by the Chief Engineer, and the lands under the tank were being assessed at dry rates, and that Tyagatur is within 3 miles from the relief work at Somalapur.

No. D. 254, DATED BANGALORE, 17TH MARCH 1892.

ORDER THEREON.—Mr. Krishnaiengar has not realized the gist of the Dewan's remarks to him in the matter of Gerse wells. The Dewan considers it inexpedient that advances should be given for Gerse wells "in exceptional cases when the value of the lands is not less than the advance and the well is necessary for the upkeep of the arecanut gardens, &c."

2. Mere Gerse wells are temporary constructions for which no advance should be given, but the conversion of a Gerse well into a *pakka* well, that is to say, the replacement of the Gerse facing, so liable to rapid decay by permanent stone-facing, is a work for which advances should be given. This kind of work is one of permanent utility, provided of course the spring promises to be permanent also, and is one which should be encouraged. An immediate report should be submitted as to whether any advances have been given for mere Gerse wells, and if so, their number, amount and other particulars.

---

3. The proposal to give advances for removing silt from, and deepening, water-holes for the benefit of gardens will, like the grant of loans for mere Gerse wells for the same purpose, demoralize the garden owners and make them look to Government for help in simple matters which are well within their own means. It is quite unnecessary, and indeed undesirable, for Government to help garden owners in the way proposed. In a season of widespread and long drought, it would be a proper measure of relief to help garden owners to save their gardens, but the circumstances do not call for any such measure at present. This was pointed out to Mr. Krishnaiengar by the Dewan in the conversation to which he refers.

4. Advances to garden owners to *improve* their gardens cannot come under the Irrigation Well Rules, but may come under the Land Improvement Rules if tangible improvement will be the direct result of the expenditure of the advance. There is a wide difference between "improvement" and "mere maintenance" to which the Deputy Commissioner's special attention is drawn.

The following report on the condition of the Mysore District for the fortnight ending the 29th February 1892, received with No. 1095, dated 10th March 1892, from the Deputy Commissioner of Mysore :—

REPORT.

STATE OF CROPS.—*Standing Crops.*—Sugar-cane, mulberry and paddy under some tanks are in good condition; black and green gram have been sown under channels. Bengal-gram and cholam in tank beds of the French Rocks Sub-Division Taluks are in good condition, those in the Nanjangud Taluk are reported to be withering and those sown in Bandikere tank bed in the Chamrajnagar Taluk were washed away by the rains of the 16th instant.

SUPPLY OF FOOD GRAINS AND FODDER.—Markets are sufficiently supplied. Some of the tanks in the District named in the margin received a small quantity of water from the rains during the fortnight, and wells have been sanctioned for places where scarcity of water is felt.

T. Narsipur.
Gundlupet.
Chamarajnagar.
Nagamangala.

FODDER.—Getting scarce. Cattle have been allowed to graze in Amrut Mahal kavals and State Forests.

PRICES.—The prices of ragi, cholam and horse-gram have slightly fallen.

DEMAND FOR LABOR.—Slack, and works of Public Works Department in progress have not attracted as many coolies as they could employ. In Purigal and Halagur Hoblis of Malvalli Taluk, a few tanks have been taken up as Village Relief Works. Relief Works have been ordered to be commenced for the drier portions of the Gundlupet, Chamrajnagar and Nanjangud Taluks to meet any casual demand for labor.

GENERAL CONDITION OF THE DISTRICT.—Good, except Ganjam where cholera prevails. During the fortnight there were 19 attacks and 10 deaths. Every endeavour to keep the town clean and to prevent the spread of the disease has been made.

READ ALSO :—

The report (of which an Abstract is given below) of the Officer in charge of the French Rocks Sub-Division on the condition of the Sub-Division for the same period received with the above.

ABSTRACT.

1. STATE OF CROPS.—Kadle was harvested in parts of the Nagamangala Taluk, the out-turn being 6 annas. The standing crops of sugar-cane, paddy and mulberry are in good condition. Kadle, dhaniya and jola sown in beds of tanks are thriving ; tilling of lands for manurial crop in the Seringapatam Taluk below channels, going on.

2. SUPPLY OF FOOD GRAINS.—Markets well supplied in all Taluks by imports and local stock.

3. SUPPLY OF WATER.—Wells have been supplied in all Taluks where difficulty for water was reported to exist. The improvement of existing wells and Hondas was also attended to.

4. FODDER.—The local stock, augmented by purchases from channel villages, sufficient in all Taluks. Date leaves used in parts of Nagamangala. Three Amrut Mahal kavals thrown open in the Krishnarajpete Taluk.

5. PRICES.—There was a slight fall in the prices of both rice and ragi in the Seringapatam and Nagamangala Taluks and in the price of ragi in the Malvalli Taluk.

6. DEMAND FOR LABOR.—Still slack in all the Taluks.

7. GENERAL CONDITION.—Fair. In Purigal and Halagur Hoblis of the Malvalli Taluk, a few tanks have been taken up as Village Relief Works.

No. D. 256, DATED BANGALORE, 18TH MARCH 1892.

ORDER THEREON.—Recorded.

The following report on the condition of the Tumkur District for the fortnight ending the 29th February 1892, received with docket No. 930, dated 8th March 1892, from the Deputy Commissioner of Tumkur :—

1. HARVEST.—The dry crops and the Kartik paddy fully harvested. Out-turn about 4 to 6 annas.

2. STANDING CROPS.—Vaisakha paddy under wells in fair condition, and those under tanks not doing well. Sugar-cane under tanks and jolam and Bengal-gram in tank beds generally failing, though jola in some of the tank beds in the Tumkur Taluk is reported to be in fair condition.

3. FOOD GRAINS.—Markets well supplied. Prices stationary.
4. FODDER.—Gradually becoming scarce.

5. WATER.—Water scarcity beginning to be felt. Many wells in various parts of the District are being sunk by Government.

6. DEMAND FOR LABOR.—Demand for labor is not yet very great.

7. GENERAL CONDITION.—There is grain in the District. The raiyat class are pretty comfortable and hopeful. Only the landless feel the distress. Relief Works have been started for their benefit. I have worked them out precisely on the lines indicated by Government and found that the system inculcated by Government is very popular, very easy to work out and extremely satisfactory to the people.

The report (of which an Abstract is given below) of the Officer in charge of the Maddagiri, Sira and Pavagada Taluks on the condition of those Taluks for the same period received with docket No. 933, dated 8th March 1892, from the Deputy Commissioner of Tumkur.

ABSTRACT.

1. HARVEST.—Has been completed excepting jolam, which is still being harvested in a few places.

2. STANDING CROPS.—Those in tank beds are declining in most places, but are in good condition in some. The general condition of the Vaisakha paddy is good.

3. SUPPLY OF FOOD GRAINS.—Markets continue to be supplied in abundance. Prices stationary.

4. FODDER.—Procurable with difficulty. Leaf fodder largely used.

5. GENERAL CONDITION.—Cooly classes are well off. Employment on private works procurable extensively. There is no demand for labor on Government Relief Works.

No. D. 257, DATED BANGALORE, 18TH MARCH 1892.

ORDER THEREON.—Recorded.

READ :—

Letter No. 934, dated 9th March 1892, from the Deputy Commissioner, Tumkur District, reporting that the wages paid to coolies on Relief Works in the Kunigal Taluk are 4 annas per man and 2 annas per woman per day, and that, when work is taken on the task system, the coolies are paid one rupee for 8 cubic yards of earthwork, which is calculated to be equivalent to 4 annas per man and 2 annas per woman per day.

No. D. 258, DATED BANGALORE, 18TH MARCH 1892.

ORDER THEREON.—The wages paid in the Kunigal Taluk, as reported in the above, are too high. The Deputy Commissioner's attention is drawn to the wages paid in the Chitaldroog and Kolar Districts (*vide* Proceedings Nos. D. 168 and 178, dated 16th and 18th February 1892, respectively). It appears to [illegible] Dewan that the very high wages given, and not exceptional drought or distress, account for the large numbers flocking to the works started in the Kunigal Taluk. The daily wages (where such are paid and not where the task system is in force) should therefore be reduced so as to be uniform with those given in other Districts, but the change should be made gradually. The tasks should be light and easy and well within the capacity of the ordinary villager, and *not* such as may be suitable for professional laborers such as Waddars.

Report (of which an Abstract is given below) on the condition of the Chitaldroog District for the fortnight ending the 29th February 1892, received with docket Camp No. 44, dated 5th March 1892, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

1. RAIN-FALL.—Forty cents at Hosdurga and 20 cents at Holalkere on the 17th February. But the rain was untimely and was good neither for the standing crops nor for future agricultural operations.
2. HARVEST.—Bengal-gram and white jola were harvested generally in all the Taluks; also sugar-cane in the Chitaldroog and Davangere Taluks; and cotton, castor seed and chillies in the Jagalur Taluk. The out-turn of the crops harvested during the fortnight was estimated at from 4 to 8 annas in the Chitaldroog Taluk, 1 to 6 annas in the Davangere and Holalkere Taluks, 2 to 4 annas in the Jagalur Taluk and 1 to 4 annas in the Hiriyur, Challakere and Molkalmuru Taluks.
3. STANDING CROPS.—Those under tanks, wells and streams were in a good condition. White jola was withering everywhere except in Saguvali kattes and tank beds. The other dry crops (Bengal-gram, cotton, &c.,) were also withering except in the Chitaldroog and Holalkere Taluks, where they were in a fair condition.
4. SUPPLY OF FOOD GRAINS.—Generally sufficient. Ragi and jola were exported from the Jagalur, Holalkere and Davangere Taluks.
5. PRICES.—There was a fall in the price of ragi at Chitaldroog, Challakere, Davangere, Holalkere and Hosdurga, and it was most appreciable at Holalkere, where the price went down from 22 to 28 seers a rupee. In other places, there was no material change.

6. FODDER.—Very scanty in the Taluks of Hiriyur, Challakere and Molkalmuru and the Sokke Hobli and parts of the Bilchod and Kasaba Hoblis of the Jagalur Taluk. Date and Kamara leaves used, the straw of the crops harvested being reserved for the Kapile bullocks and the better sort of ploughing bullocks.
7. WATER SUPPLY.—Generally sufficient except in parts of the Hiriyur Taluk.
8. DEMAND FOR LABOR.—There is no general demand yet. Harvest work still available in the black soil tracts. The construction of irrigation wells and Saguvali kattes, for which loans have been granted, gives employment to a large number of coolies.
9. RELIEF MEASURES.—Five more Relief Works started, details concerning which would be found in the Fortnightly Progress Report. Rs. 242-4-0 worth of cloths were purchased from the weavers at Molkalmuru.
10. GENERAL CONDITION OF THE PEOPLE.—Continues to be good. Cholera had broken out in some of the villages of the Davangere Taluk. Steps taken to prevent its spreading.

No. D. 260, DATED BANGALORE, 19TH MARCH 1892.

ORDER THEREON.—Recorded.

READ AGAIN THE FOLLOWING PAPERS :—

From the Under-Secretary to the Dewan, To the Inspector General of Police in Mysore, No. D. 233, dated Bangalore, 11th March 1892.

Information has been received that a dacoity of a serious nature has recently been committed in a remote frontier village in the Bagepalli Taluk, and it is probable that during the continuance of the present season of high prices, similar offences will be attempted in other border taluks. It appears therefore necessary to take special precautions on our Northern and Eastern frontier until a change occurs in the prospects of the season. It is of course impossible to guard the whole frontier, but a judicious distribution of armed Police-men in commanding situations on the frontier must have a deterrent effect upon such depredations. I am therefore directed to request your attention to the subject and a report of action already taken or about to be taken for the prevention of daring crimes in frontier taluks.

2. I am also to inquire if the British Police is co-operating with ours in the detection of the particular dacoity referred to above, or whether a reference to the Residency is necessary on the subject.

From the Inspector General of Police in Mysore, To the Chief Secretary to the Government of Mysore, No. 3350—367, dated Bangalore, 16th March 1892.

I have the honor to acknowledge receipt of your Office No. D. 233 of the 11th instant, and to report as follows.

2. The Shimoga Special Reserve Force was called out for frontier duty sometime ago and is now engaged in patrolling the Sorab, Shikarpur and Honnali frontier.

3. The Head-quarter Police School in Bangalore was closed on the 15th January last, as it was deemed inadvisable to withdraw men from taluks in the present season and the School Inspector, who is well acquainted with the Chitaldroog frontier, was deputed with a small force for frontier duty in that District.

4. In connection with the recent dacoity in Pesalparti, Bagepalli Taluk, I instructed the Deputy Commissioner, Kolar, to push on 20 of the local men to the frontier. He reports having done so. The Superintendent of Police, Kolar, who is now scouring the frontier will see to the distribution of these men. I have despatched 21 Special Reserve Constables from Bangalore to do duty in Kolar Town in place of those sent to the frontier. I have also forwarded 20 guns with ammunition for the use of frontier Police.

5. The Deputy Commissioner, Kolar, writes that the Police Superintendent, Kolar, has duly arranged for the co-operation of the officers of the adjoining British Districts in tracing the offenders concerned in the Pesalparti dacoity and preventing further crimes on the frontier.

Letter No. 943, dated the 12th March 1892, from the Deputy Commissioner, Tumkur District.

I have the honor to report that I have inspected all the Relief Works in the Kasaba Hobli of the Tumkur Taluk. Considering that the works were taken in hand only a month ago, I think that the quantity of work done is great. Three tanks, *viz.*, those at Bhimasandra, Adlapur and Honnenahalli will be finished by the end of this month. The quality of the work is also good. The cost of the work is not unreasonable when compared with that of the works in the vicinity in charge of the Public Works Department. For instance, in our Adlapur Tank, the rate is 10 cubic yards per rupee, while in the adjoining Mallasandra Tank of the Public Works Department, it is 7 cubic yards per rupee. Taking on an average 2 annas per cubic yard, 6 annas worth of more work is done on the former than on the latter for every rupee. This is all the result of the policy inculcated by the Government of getting all the Relief Works done through the agency of the Village Patels. Further, the pits excavated are invariably larger than the fixed dimensions and the coolies earn from 3 to 4 annas per day per man and 2 annas per day per woman.

2. I can get the stone and masonry works executed to all the Relief Tanks, if an Assistant Engineer or an Apprentice Engineer, or at least an experienced Supervisor is kindly given me. I pray for early orders in the matter. Meanwhile I will be doing stone and masonry works to two of the above tanks, *viz.*, Adlapur and Honnenahalli. If the stone and masonry work is not done immediately after the earthwork is finished, the latter work may get spoilt.

3. I have arranged with the raiyats to turf the rear slopes of these tanks soon after it rains. They have very willingly promised to do it. Their willingness proceeds from the fact that the restoration of their tanks is entrusted to their Patels and that the work is being done for their benefit.

4. The Shekdar of the Tumkur Hobli is of the 3rd Class, getting only 10 Rs. He has been obliged to maintain a pony to enable him to inspect the works in his charge constantly. He is a Vakkaliga by name Puttaiya. As he has been doing his inspection work well, I recommend him for an allowance of Rs. 2-8-0 per mensem from the 1st February 1892, as per Clause E of para 6 of the Government Order No. D. 26, dated 12th December 1891.

No. D. 267, DATED BANGALORE, 23RD MARCH 1892.

ORDER THEREON.—The Government are glad to see that the Deputy Commissioner takes such a hopeful view of the policy as regards Relief Works, as is described in para 1 of the letter above read.

2. The proposal that stone and masonry work to tanks may be carried out by the Revenue authorities does not seem necessary as yet.

3. The question of granting horse allowances to Shekdars is under consideration.

Reports (of which an Abstract is given below) on the condition of the Shimoga District and the Sagar Sub-Division for the fortnight ending 29th February 1892, received with docket No. 969—920, dated 4th March 1892, and Memo. dated 12th March 1892, respectively, from the Deputy Commissioner, Shimoga.

ABSTRACT.

STATE OF CROPS.—All the crops in the Tirthahalli Taluk, sugar-cane and ragi in the Nagar Taluk, ragi and paddy in the Sorab Taluk and sugar-cane in the Honnali Taluk had been harvested. Sugar-cane was being harvested in the Shimoga and Sorab Taluks, ragi in some parts of the Sagar Taluk and Bengal-gram in the Kumsi Sub-Taluk. The standing crops, Bengal-gram, green gram and jola in the Shimoga Taluk, sugar-cane and kar paddy in the Channagiri Taluk, paddy in the Sagar Taluk and avare, kadle, &c., sown in paddy fields in parts of the Sorab Taluk were in a fair condition. In the Shikarpur Taluk, the condition of crops was the same as that reported in previous weeks, *viz.*, paddy estimated at 1 to 4 annas in 4 Maganis and 4 to 8 annas in 6 Maganis, dry crops at from 4 to 12 annas in all the Maganis except Belandur, and sugar-cane at 8 annas. In the Channagiri Taluk, the dry crops, castor seeds, tobacco and cotton were withering. In the Nagar Taluk, kar paddy was being sown.

SUPPLY OF FOOD GRAINS.—Abundant in the Taluks of the Sagar Sub-Division and sufficient or fair in the other Taluks.

PRICES.—That of rice ranged from 8 seers in the Shikarpur Taluk to 18 seers in the Kumsi Sub-Taluk. It was stationary in the Channagiri, Shikarpur and Tirthahalli Taluks, going down in the Shimoga and Sorab Taluks and rising in the Honnali, Sagar and Nagar Taluks. That of ragi ranged from 16 to 25½ seers. It was stationary in the Shimoga and Sorab Taluks and went down in all others. That of jola ranged from 15 to 24 seers a rupee. It went down in the Taluks of Channagiri, Honnali and Shikarpur. The prices of ragi and jola were most favorable in the Channagiri Taluk, and the Amildar of that Taluk is stated to have reported that there was no cause for apprehension.

FODDER SUPPLY.—Sufficient in the Taluks of Sorab, Sagar and Tirthahalli, and fair in the Taluks of Nagar, Shimoga and Honnali. In the Channagiri Taluk, the supply is sufficient to last from 2 to 6 months, and in the Shikarpur Taluk for 3 or 4 months. A small number of cattle is said to have been brought to the Taluks of the Sub-Division from the Maidan Taluks.

WATER SUPPLY.—Generally sufficient except in parts of the Shimoga, Channagiri, Honnali and Shikarpur Taluks.

GENERAL CONDITION.—Fair. People find employment. The Sub-Division Officer states that no relief works are required for the next 2 or 3 months.

Cholera was prevailing in the Shikarpur Taluk and parts of the Sorab Taluk, and fever in parts of the Sagar Taluk.

No. D. 268, DATED BANGALORE, 23RD MARCH 1892.

ORDER THEREON.—Recorded. It is noted with satisfaction that in the Channagiri Taluk, where in a former return it was reported that the supply of food grains was not sufficient, the prices are very favorable and there is no cause for anxiety.

The following report on the condition of the Kolar District for the fortnight ending the 29th February 1892, received with No. 3525—836, dated 9th March 1892, from the Deputy Commissioner of Kolar :—

1. RAIN-FALL.—Twelve cents at Kolar and 30 cents at Sidlaghatta on the 29th February 1892.

2. STATE OF CROPS.—Crops generally withering for want of water. Jola and paddy crops under wells are thriving well. Bengal-gram and jola cultivated in the beds of tanks are withering in some places for want of sufficient moisture, and are in others in a good condition.

Ragi is being thrashed, and sugar-cane mills are at work.

3. SUPPLY OF FOOD GRAINS.—Markets generally well supplied.

4. WATER-SUPPLY.—Difficulty in this respect more or less general. Wells are dug to meet the want wherever practicable.

5. FODDER SUPPLY.—Has become scanty. Leaves of trees, aloe stumps and prepared prickly-pear are used as fodder for cattle, while goats are fed on bantakalli (a species of prickly-pear) in parts of Srinisvaspur Sub-Taluk.

6. PRICES.—Steady.

7. DEMAND FOR LABOR.—Coolies still find employment on private works such as the collection of Amarayi produce, manufacturing of jaggory, &c.

Relief works are in progress in affected parts.

Totis, Talavars, and Nirgantis with Holeyars and Madigars are employed in the Amani collection of Tangadi bark.

8. GENERAL CONDITION.—No change in prospects during the fortnight.

READ ALSO:—

The following report of the Officer in charge of the Chikballapur Sub-Division on the condition of the Sub-Division for the same period, received with the above :—

CROPS.—There has been no change in the condition of the Sub-Division during the fortnight. Sugar-cane crushing is all but over. Sugar-cane is being planted. The dry crops have been or are being thrashed. The jola crops under wells with good springs are thriving. Jola and Bengal-gram sown in tank beds have not come to much. Bengal-gram has thriven better than jola which, where it has not withered, will only afford fodder for cattle.

2. SUPPLY OF FOOD GRAINS AND PRICES.—The markets are fairly well supplied. There is no complaint anywhere of deficiency of supply. The prices are stationary and have even improved in some places. The improvement, which is due to the influx of new grain, is not expected to last long.

3. WATER-SUPPLY.—Water-supply is getting more and more scanty. In some villages, people have to go to a distance for water. Wherever wells can be sunk, they have been sanctioned. In most villages of the Bagepalli Taluk, owing to the stony nature of the soil, wells cannot be sunk.

4. FODDER.—Fodder is diminishing. Stall fed cattle are all right. Village cattle which depend on natural fodder are suffering.

5. DEMAND FOR LABOR.—People as yet do not seem to resort to our works as largely as might be expected. In the different works of the Bagepalli Taluk, including the Gudibanda Range, about 200 persons are employed per day on the Relief Works. The precise number will be intimated when the Taluk fortnightly reports are received. The Railway and other large Public Works are not resorted to. The Executive Engineer has asked for the help of the Amildars of Chikballapur and Goribidnur for coolies for carrying on the large tank work of Srinivasasagar.

6. GENERAL.—The condition of the people does not appear to be bad. Men, women and children seem to be well fed. Though there is anxiety, there is no stir among the population. There is more difficulty than usual in collecting the khists.

No. D. 269, DATED BANGALORE, 23RD MARCH 1892.

ORDER THEREON.—Recorded.

No. D. 270, DATED BANGALORE, 25TH MARCH 1892.

ORDER.—The Special Officers appointed to grant loans for Irrigation wells are requested in future to submit their diaries (through their Deputy Commissioners) once a fortnight, instead of once a week as directed in para 5 of Proceedings No. 9798-803—Cir. 157, dated 12th December 1891.

2. The reports should be for fortnights ending on the 15th and the last day of every month.

	1,017

No. D. 272, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—The works proposed in the above, estimated to cost Rs. 1,017, are sanctioned. They will be added to the programme of Village Relief Works for the Shimoga District sanctioned in Proceedings No. D. 98, dated 22nd January 1892.

READ THE FOLLOWING PAPER :—

From the Deputy Commissioner, Tumkur District, To the Chief Secretary to the Government of Mysore, No. 943, dated 11th March 1892.

With reference to Government Order Camp No. D. 49 of the 23rd December 1891, sanctioning Rs. 300 for sinking a fresh water well at Bethlur in the Tumkur Taluk, I have the honor to report that the well was completed to-day. I went and saw it. It is 47 feet deep, 4 feet long and 3 feet and 3 inches wide. It is revetted with stones throughout. There is 13 feet of good potable water in it. It is a matter of great convenience to the villagers, who are extremely pleased with it. They had no water there, the only mud well of the village having dried up.

No. D. 273, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—Recorded.

2. The Government will be glad to hear of the *completion* of more drinking water wells of the kind described in the above in all the affected Districts in the Province.

Docket No. 1079, dated 5th March 1892, from the Deputy Commissioner, Mysore District, requesting that a sum of Rs. 1,000 be placed at his disposal for the collection of Tangadi bark as [illegible] measure.

No. D. 274, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—Sanctioned.

Diary (of which an Abstract is given below) of Mr. H. V. Nanjundaiya, Sub-Judge on Special duty, for the week ending 12th March 1892, received with docket No. 3625—862, dated 16th idem, from the Deputy Commissioner, Kolar District.

ABSTRACT.

Wells in 11 villages in the Bowringpet Taluk were inspected by the Special Officer during the week.

The number and amount of loans sanctioned during the week were as follows :—

Taluk.	By whom granted.	No. of Loans.	Description of Wells.					Amount sanctioned.	Amount paid as 1st instalment.	Period allowed for repayment.
			New kapile.	Old kapile.	New yatam.	Old yatam.	Total.

Total.....	...	18	3	1	10	4	18	2,725	1,020	...

The Special Officer notes that up to the 12th March 1892 a sum of Rs. 30,405 had been sanctioned by him, and Rs. 4,920 by other officers, in the Kolar District, and that he would require Rs. 3,000 more for the Bowringpet Taluk and Rs. 5,000 for each of the taluks of Srinivaspur, Chintamani and Bagepalli, and he asks that the requisite amount be placed at his disposal. The Deputy Commissioner notes that he has applied for a further grant of Rs. 30,000.

The Special Officer having noticed that there was great scarcity of drinking water at Muduguli, the Deputy Commissioner has called for early submission of an estimate for deepening the well there.

No work was being done at the Toppanhalli Relief Work as many of the coolies had gone for the Kamasandra fair. A Brahmin who was one of the coolies on that work, employed in levelling the earth thrown on the bund, complained of the Patel having lately declined to employ him, and the Patel explained that the man would not regularly attend to work.

No. D. 275, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—The sum of Rs. 30,000, applied for by the Deputy Commissioner, was sanctioned in Proceedings No. D. 248, dated 17th March 1892. The Deputy Commissioner should so allot the grant as to enable the Special Officer to dispose of all deserving applications in the taluks to which he is going and to obviate as far as possible the necessity for his going to those taluks a second time.

The Deputy Commissioner should inquire into the case of the individual whom the Patel in charge of the Toppanhalli Relief Work refused to employ. That a man does not attend regularly is no ground for not employing him on days on which he comes to work. Nothing short of incorrigible idleness can justify refusal to afford employment. The spirit of the instructions conveyed in the Dewan's Memo No. D. 27, dated 13th December 1891, should be impressed on this and other Patels.

The closing of a Relief Work in the absence of some or many of the coolies seems to be objectionable. The Relief Works ought to be kept open on all days and such of the old coolies as are present, as well as new applicants, should be given employment.

Letter No. 647, dated 14th March 1892, from the Deputy Commissioner, Kadur District.

No. D. 276, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—With the letter above cited, the Deputy Commissioner, Kadur District, submits a list of Village Relief works of an estimated cost of Rs. 4,870 for the Chikmagalur, Kadur and Tarikere Taluks of his District. He says that these works are not immediately required as sufficient labor is not available even for the several Public Works Department works now in progress, but that they may be wanted in the event of the next rains failing.

With the exception of the two well works named on the margin, which may be executed by the Deputy Commissioner from the allotment from District Funds at his disposal, the programme of Village Relief works of an estimated cost of Rs. 4,470 is sanctioned. A sum of Rs. 2,000 will at once be placed at the Deputy Commissioner's disposal for starting any of the works in the programme when the need therefor actually arises.

Returns (of which an Abstract is given below) of the progress of Relief Works and Drinking Water wells in the Tumkur District for the fortnight ending 14th February 1892, received with docket No. 948, dated 15th March 1892, from the Deputy Commissioner of Tumkur.

ABSTRACT.

I. VILLAGE RELIEF WORKS.—Twenty-eight tank works estimated to cost Rs. 19,603 were started, and up to the end of the fortnight a sum of Rs. 2,642—11—9 was spent upon them. The number of coolies at work on one of them (Hoskere Chikkere, Maddagiri Taluk) has not been reported, but it was probably small as the amount

spent on that work was only Rs. 10—10—0. The number of coolies on the remaining 27 works at the end of the fortnight was 1,333 and they were distributed as follows :—

Taluk.	No. of Works.	No. of Coolies.				Amount spent.		
		Men.	Women.	Children.	Total.			
Tumkur	10	175	97	10	282	633	13	0
Chiknayakanhalli ...	3	92	42	...	134	163	14	0
Pavagada	2	33	30	...	63	191	14	2
Kunigal	8	436	116	...	552	1,459	8	6
Turuvekere (Sub-Taluk) ...	4	128	172	2	302	183	0	1
Maddagiri	1	...	...	...	...	10	10	0
	28	864	457	12	1,333	2,642	11	9

The number of works at which the coolies exceeded 50 in numbor, was nine, of which 5 had between 50 and 100 coolies, 3, all in the Kunigal Taluk, between 100 and 200, and 1, namely Dasihalli, Turuvekere Sub-Taluk, over 200.

The coolies that attended the 27 works belonged to nearly 99 different villages, each work thus serving 3·5 villages. The villages were generally within 3 miles from the respective works, excepting four, which were situated at a distance of 4 miles from them.

The return gives no information regarding the arrangements made for the execution of the Hoskere Chikkere work referred to, and it is not stated whether the 3 works in the Chiknayakanhalli Taluk were carried on on the Amani system or the contract system. The other works were all on the Amani system. Three works (namely Byalkere in the Chiknayakanhalli Taluk, Agsarkatte, Pavagada Taluk, and Balankatte at Tumkur) were in the charge of a Shekdar, a Shanbhog and a Head Cooly, respectively. The others were in charge of Patels, acting singly or in conjunction with others.

The task system is said to have been followed and it is stated that a male cooly earned from 3 to 4 annas per day and a female cooly 2 annas per day. Wages were sufficient.

The Deputy Commissioner notes that the inspection of the works was satisfactory.

II. AMANI CULTIVATION.—This was done in the beds of the Tumkur Tank and of 2 others in the Tumkur Taluk. A sum of Rs. 298—14—0 was spent on the former, and Rs. 17—6—0 on the latter. The rates of wages paid were 4 annas for each male and 2 annas for each female or child.

III. DRINKING WATER WELLS.—The construction of 22 new wells at an aggregate estimated cost of Rs. 4,490 and the deepening of 16 old wells at an aggregate estimated cost of Rs. 899, were sanctioned. Of those, one new well in the Tumkur Taluk was completed at a cost of Rs. 100 and 29 wells old and new were under construction. Eight wells out of the number sanctioned had not yet been taken on hand. The distribution of the wells was as follows :—

	New Wells.		Old Wells.

The following report on the condition of the Hassan District for the fortnight ending 15th March 1892, received from the Deputy Commissioner of Hassan :—

CROPS HARVESTED.—Ragi and togare, in the Belur Taluk, Bengal-gram in Arsikere Taluk, ragi and paddy in Arkalgud Taluk are being stored. In Arkalgud Taluk, the out-turn of paddy and ragi would be about 14 annas and horse-gram from 4 to 6 annas.

STANDING CROPS.—Paddy in Manjarabad Taluk, paddy, sugar-cane, onions and garlic in Channarayapatna, Bengal-gram in Arsikere and Grama Sub-Taluk, kar-paddy in Holé-Narsipur Taluk are reported to be thriving well. Bengal-gram crop in Channarayapatna Taluk partially failed. The kar-paddy in Holé-Narsipur Taluk is estimated at 8 anna crop.

FOOD GRAINS.—The markets in the District are well and fairly supplied and the Taluks are well stocked with grains.

The prices of grains are as follow :—

Rice from 8 to 10 seers	per rupee.
Ragi from 20 to 24 seers	do
Horse-gram from 12 to 14 seers	do.

Large quantities of rice from Alur Santé are being exported to other Taluks of the Province and elsewhere.

FODDER FOR CATTLE.—Is available except in parts of Arsikere, Channarayapatna and Holé-Narsipur. In Arsikere Taluk, date leaves are being used. Green gra[illegible] is generally scarce.

WATER SUPPLY.—There is no difficulty for water and where there is, arrangemen[illegible] are made for sinking wells. In Hiresave and Shravana Belagola Hoblis, there was a shower of rain which brought water to the Kattes from 2 to 4 weeks' supply.

CONDITION OF CATTLE.—Generally good, but *kal-jora*, *bai-jora* and marrain prevail in parts of Hassan, Arsikere and Belur Taluks.

GENERAL CONDITION OF THE PEOPLE.—Good. But small-pox prevails generally and particularly in Hassan, Belur and Arsikere Taluks.

RELIEF OPERATIONS.—Necessity for opening Relief Works has not yet arisen. Laborers are holding off from going in large numbers to D. P. W. works now in hand.

The following report on the condition of the Kadur District for the fortnight end[illegible] 15th March 1892, received from the Deputy Commissioner of Kadur :—

STATE OF CROPS.—The few standing crops, *viz*, jola, sugar-cane and cotton in the Maidan, and coffee, arecanut and kvade paddy in the Malnad, are generally in a fair condition. The standing crops in Maidan are in need of water.

2. SUPPLY OF FOOD GRAINS.—Markets were fairly supplied with rice and ragi. The sources of supply are said to be sufficient to meet the general demand till next May.

3. SUPPLY OF WATER.—Good in Malnad, but very scanty in the Maidan where much difficulty is beginning to be experienced. Well works sanctioned from Di[illegible] Funds are in progress and sanction is applied for more.

4. FODDER FOR CATTLE.—Generally good in Malnad but scanty in the Maidan. A f[illegible] the Maidan herds have been sent to the Malnad. The fodder in the Go[illegible]ment Kavals now thrown open to the public is very scanty. Jola stalks b[illegible]ng imported into Kadur Taluk from Ajjampur.

5. Rise and fall of food grains.—

Grain.	Present Fortnight.	Past Fortnight.
	Seers per rupee.	Seers per rupee.
Rice	... 7 to 12	... 7 to 12
Ragi	... 16 to 24	... 13 to 20
Gram	... 12 to 14	... 12 to 15

Prices slightly better.

6. DEMAND FOR LABOR.—There is no demand for relief; in fact coolies are leaving coffee plantations and arecanut gardens under the impression that they can get Relief Works nearer their homes, and want of labor is a general complaint amongst the Planters just now. The Amildars are ordered to discourage the coolies from leaving the Malnad as much as possible.

7. CONDITION OF THE DISTRICT.—Generally good. Small-pox is prevalent in parts of Chikmagalur and Mudgere Taluks as also cattle disease in the latter.

Returns (of which an Abstract is given below) of the progress of Drinking Water wells sanctioned up to 15th February 1892, and of Relief Works started up to the 30th January 1892, in the Kolar District, received with dockets Nos. 3543—842 and 3637—867, dated the 10th and 17th March 1892, respectively, from the Deputy Commissioner of Kolar.

ABSTRACT.

1. VILLAGE RELIEF WORKS.—The following table shows the number of works started, the estimated cost thereof, the amount spent on them up to 30th January 1892 and the number of coolies working on them:—

	Number of Works.	Estimated Cost.	Amount spent.			Number of Coolies.			
						Men.	Women.	Children.	Total.
			Rs.	A.	P.				
Kolar Taluk	2	2,000	414	12	1	102	56	15	173

Total.....	32	17,255	3,462	2	5	618	531	53	1,202

The works were all carried on on the Amani system and were in charge of Village Patels.

The wages paid were annas $2\frac{1}{3}$ or $2\frac{1}{4}$ for a male cooly, annas $1\frac{1}{2}$ for a female cooly and 1 anna for each child.

The Deputy Commissioner observes that the management and supervision of the works are efficient, and that the wages paid are at present considered sufficient.

2. COLLECTION OF TANGADI BARK AND REMOVAL OF PRICKLY PEAR.—No outlay was incurred on these during the period in question.

3. DRINKING WATER WELLS.—The number of these sanctioned up to the 15th February 1892 was as follows:—

	New wells.	Estimated Amount.			Deepening old wells.	Estimated Amount.		
		Rs.	A.	P.				
Kolar Taluk	3	800	8	0	5	883	0	0
Bowringpet do	5	833	0	0	0	0	0	0
Chintamani do	3	993	0	0	0	0	0	0

Total.....	22	4,817	8	0	11	1,595	0	0

Out of the 33 wells sanctioned, the deepening of one in the Kolar Taluk at a cost of Rs. 68-6-0 was completed. All the rest remained under construction.

No. D. 281, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—The returns submitted are not for one and the same period, the statement for Relief Works being up to 30th January and that for Drinking Water wells up to 15th February 1892.

2. The names of the villages to which the coolies belong are not stated in respect of the works in the Chintamani and Bagepalli Taluks. The coolies who came to the remaining 16 works belonged to 63 different villages, which shows that each of these works served on an average 4 villages. The distance of the villages noted against the Viratimmanahalli Tank, Srinivaspur Sub-Taluk, from that tank work is not stated. The other villages were at very short distances from the respective works, only 2 being at a distance of 2 miles. Future returns should be submitted complete without any omission.

3. The Government note with satisfaction that the management of Relief Works by Patels has been satisfactory in the Kolar District.

4. The Drinking Water wells sanctioned by the Deputy Commissioner should be completed as soon as possible.

READ THE FOLLOWING PAPERS:—

From the Deputy Commissioner, Shimoga District, To the Chief Secretary to the Dewan of Mysore, No. 1015—965, dated 18th March 1892.

Has the honor to forward herewith for the information of Government copy of Sagar Sub-Division Officer's letter No. 132, dated 15th instant, and to state that the undersigned concurs generally in the views of the Sub-Division Officer.

From the Sub-Division Officer, Sagar, To the Deputy Commissioner, Shimoga District, No. 132, dated 15th March 1892.

I have the honor to state that in my recent tour of inspection in the Sorab Taluk, I inspected almost all the villages of the Maidan portion of the Anavatti and Jade Hoblis. I also visited some villages of the Shikarpur Taluk, bordering on the former Hobli.

2. The prospects of the season, excepting in a few villages bordering on the Hangal and Koda Taluks of the Dharwar District, are very favorable. They have had almost full crops both in dry and wet lands, the least estimate being twelve annas. The same may be said as regards the villages of the Shikarpur Taluk bordering on Anavatti Hobli.

3. Some twenty villages of the Hiré-Chowti, Anavatti and Tavanandi Maganis of the Sorab Taluk and two or three of the Shikarpur Taluk bordering on Hirekerur have suffered to some extent. The wet crops in these villages being on an average three annas, and dry a little more than four annas. These villages are situated almost in one group to the north and north-east of Anavatti adjoining the villages of the Dharwar District. Even in some of these villages, taking individually, the dry crop was good and it may be estimated at 10 annas.

4. The supply of drinking water both for human beings and cattle is good. Of course, it is not so abundant as in a good year, but yet there is no reason to complain on the subject. In these parts, the drinking water is stored in "Hondas." Every village has a "Honda" or two, and these contain from three to six months' supply. In villages in which these reservoirs get dry, there will arise real difficulty, but the probabilities are against such a contingency.

5. The pasture in the village jungles is plentiful. In the event of its failure the adjoining jungle tracts of the Malnad villages will afford ample relief to the cattle of this small tract.

6. The prices of food-grain are not very high. Rice which is the staple food-grain is now sold from 8 to 10 seers per rupee, the price in an average year being 14 to 16. Javari and ragi are sold from 17 to 19 per rupee. From a careful local enquiry, I learnt that there is at least two years' supply, in store, in the country.

7. Although this tract is called Maidan, it is not so thickly populated as an average Hobli of Maidan Taluks in Tumkur or Chitaldroog District. There are very few laboring classes. The labor is so scarce as to induce the raiyats, to always import it from outside. Owing to scarcity in the adjoining Dharwar District, an unusually large number of laboring classes have immigrated into these parts, which raiyats consider a great advantage to themselves. The Maidan laborers who have temporarily settled here find ample work and their employers find cheap labor. Thus the advantages are mutual. In ordinary times, the wages of an adult field laborer are annas four and a seer of rice with condiments. Now owing to influx of laborers, the labor is much cheaper. These facts clearly show that our people are not in need of relief. For the most part, the so called landless classes of the Malnad in general are in reality the tenants, and however severe the scarcity might be, their land-lords afford them every possible relief. In the famine of 1876-78, I was informed that no relief works were found necessary. The Assistant Engineer in charge of the Range informed me that he finds it very difficult to get labor for the ordinary public works in progress in these parts.

8. The general opinion is that if next south-west monsoon were to prove a failure, we might be involved in a severe form of distress or famine and relief works may then be found necessary. There are numerous minor tanks throughout the country, and relief works might be opened in different centres. I shall be watching the prospect of season and take needful action when there is an occasion for it. For the present, however, nothing is needed and if there are any in need of work, they will find in sufficient quantity if they resort to ordinary public works which are in progress in the vicinity of the Hoblis.

No. D. 282, DATED BANGALORE, 28TH MARCH 1892.

ORDER THEREON.—Recorded.

2. The Government are very glad to have such a favorable report on the condition of the Sagar Sub-Division in the present season of drought.

The following report on the condition of the Bangalore District for the fortnight ending 15th March 1892, received with docket No. 30, dated 16th idem, from the Deputy Commissioner of Bangalore.

REPORT.

RAIN-FALL.—A very partial and scanty shower of rain reported as follows, during the fortnight :—

Bangalore Taluk ...	...	10 cents on the	1st March.
Kankanhalli Taluk ...	...	10 do	do
Anekal do ...	...	4 do	do

STATE OF AGRICULTURE AND CROP.—Sugar-cane being sown in a few parts of Closepet, Devanhalli and Anekal Taluks where a little water is still available. The cane is still being milled in parts of Anekal, Devanhalli, Closepet, Kankanhalli and Dodballapur Taluks. Bengal-gram in two tank beds in Closepet reported to have come to bearing; they withered elsewhere.

WATER-SUPPLY.—Water in all the wells is rapidly going down. Some are fast drying up. But new ones are being sunk. Distress for water is felt throughout. Very little water left in the Hirikere, Budigere and Gudavanhalli tanks, Devanhalli Taluk; Gabbadi, Lingaiyanakere and Tataguppe tanks, Kankanhalli Taluk; Hesarughatta and Hongasandra tanks, Nelamangala Taluk; and Makanhalli tank, Dodballapur Taluk.

PUBLIC HEALTH.—Generally good. Small-pox and fever prevail to some extent in Magadi and Devanhalli Taluks.

FODDER AND CONDITION OF CATTLE.—Cattle are generally emaciated for want of fodder. "Dodroga" is stated to prevail in parts of Anekal Taluk. Out-look bad.

FOOD GRAINS.—Markets well supplied. Prices favorable owing probably to the Revenue collections being enforced which tends to bring greater supply of grains to markets.

Taluks.	Rice, 2nd Sort.	Ragi.	Horse-gram.
Bangalore	$7\frac{1}{4}$	$15\frac{1}{2}$	$13\frac{1}{2}$

REPORT.

STANDING CROPS.—Sugar-cane and Mulberry are being harvested to a limited extent and the cane has withered away to a great extent in Closepet Taluk.

Water melons in the beds of Honganur and Waddarhalli tanks and kadle in the bed of Garakahalli tank are being harvested.

PRICES OF FOOD GRAINS.—Rice sold at 8 seers a rupee at Channapatna, and the prices elsewhere are stationary.

WATER SUPPLY.—The scarcity is much felt. Drinking water wells are being sunk.

FODDER.—Scarce. Cattle fed on date leaves in the Kankanhalli Taluk, and in Magadi, they are taken to jungles for pasture.

PUBLIC HEALTH.—Small-pox and fever prevalent in Magadi.

DEMAND FOR LABOR.—There is a stock of ragi with the villagers. No demand for labor. Coolies are employed on works started by the Public Works Department.

Letter No, 1091, dated 9th March 1892, from the Deputy Commissioner, Mysore District.

No. D. 285, DATED BANGALORE, 25TH MARCH 1892.

ORDER THEREON.—With the foregoing letter, the Deputy Commissioner of Mysore submits a programme of Village Relief Works for the Taluks comprised with the French Rocks Sub-Division, which is the only affected tract in his Dist[illegible] present. He promises to submit a similar programme for the other Taluks [illegible] District at an early date.

2. The programme now submitted provides works for the French Rocks Sub-Division, of an aggregate estimated cost of Rs. 88,675, including earthwork and stone and masonry work. The work to be done on village tanks in the present season is chiefly earthwork, as persons with no knowledge of professional labor of

any kind have to be employed on them. The lists submitted by the Deputy Commissioner do not give the estimated cost of the earthwork for most of the works in the programme except in the case of the Malvalli and Krishnarajpet Taluks, and even there the cost of earthwork on the Murkanhalli and other tanks have not been given. This information should be supplied at once.

3. The Dewan is satisfied that the works have been carefully selected with due regard to their utility and their distance from the villages which they are intended to serve. The programme is accordingly sanctioned, but the estimated cost of it will be specified when the Deputy Commissioner gives the cost of earthwork as ordered above.

4. A sum of Rs. 10,000 will be at once placed at the disposal of the Deputy Commissioner of Mysore for opening such works as may be immediately required for village tank works within the limits of the French Rocks Sub-Division.

5. A good number of works are in progress in the Sub-Division under the agency of the Public Works Department. The Deputy Commissioner should be careful not to open Village Relief Works in places in the vicinity of which works under the Public Works Department are in progress.

Diary (of which an Abstract is given below) of Mr. B. G. Krishnaiengar, Assistant Commissioner, on Special duty, for the fortnight ending 12th March 1892, received with docket No. 603—571, dated 17th idem, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

1. After staying at Bangalore from the 23rd to 27th February, Mr. Krishnaiengar visited parts of the Tiptur Taluk, the Huliyar and Hosdurga Sub-Taluks and the Holalkere and Davangere Taluks.

2. He explained the Irrigation well rules to the Patels and raiyats of several Hoblis of the Tiptur Taluk, and also to the raiyats of the Huliyar Sub-Taluk. The former were previously not well acquainted with the rules, but after hearing the same explained, some of them evinced a wish to take advantage of the rules. The Acting Amildar was asked to interest himself in the matter and have applications ready by the time Mr. Krishnaiengar came there in the early part of April. In the Huliyar Sub-Taluk no applications were made for loans for wells, but some asked for loans for Saguvali kattés and the Deputy Amildar promised to enquire into their cases.

3. In the Hosdurga Sub-Taluk the borings were not successful excepting two, and the applicants said they would prefer to avail themselves of the scheme next year as they were not able to cart stones this year. Saguvali kattés having been applied for, Mr. Krishnaiengar inspected those at Honnenhalli, and informed the Deputy Commissioner. The latter officer states that he has granted some of the applications and referred others for further investigation to the Deputy Amildar.

4. Loans for Irrigation Wells were sanctioned during the fortnight in the Holalkere and Davangere Taluks as follows :—

	Number of Wells.	Amount sanctioned.	Amount advanced as 1st Instalment.		
		Rs.	Rs.	A.	P.
Holalkere...	14	3,950	1,062	8	0
Davangere	15	3,350	1,900	0	0
Total...	29	7,300	2,962	8	0

5. The following sums were advanced on account of 2nd instalment :—

Hiriyur Taluk ... ... Rs. 275.

Davangere Taluk ... ... „ 250.

6. Mr. Krishnaiengar notes that in 6 villages of the Hiriyur Taluk, 87 men and 115 women were working daily on the well works.

7. He states that the condition of men and plough cattle in the Taluks through which he passed is good, that even the smaller cattle, except in parts of Davangere, are not altogether bad, that there is a sufficient water-supply, the new Irrigation Wells having removed the difficulty in many parts, that there is no demand for relief works in any of these taluks as the few that need work get it on Saguvali kattés and wells, that though many relief works are kept open, people have not taken advantage of the same, that everywhere there is ample supply of food grains, and that those who have no stock of their own are freely helped by their more favored friends and relations, who have not as yet lost confidence in them and expect to be repayed on the return of better seasons. He adds that this state of things might continue till the end of April.

8. There was difficulty for drinking water at Mattigatta which is a halting place, midway between Honnavalli and Huliyar. A good well sunk there would be of use to the villagers and travellers.

No. D. 291, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—Recorded.

2. The attention of the Deputy-Commissioner of Tumkur is drawn to the remarks made regarding the difficulty for drinking water at Mattigatta.

3. The condition of the people, as it appears from Mr. Krishnaie[illegible] diary (*vide* para 7 of the abstract above), is satisfactory.

Letter No. 2030—495, dated 22nd October 1891, from the Deputy Commissioner, Kolar District, inquiring whether loans for the construction of Irrigation Wells under the Rules prescribed by Notification No. 183, dated 21st July 1891, can be granted to holders of Inam and Jodi villages and Minor Inams, and also to holders of Service Inams.

Letter No. 4, dated 1st January 1892, from Mr. H. V. Nanjundaiya, Sub-Judge on Special duty, for granting loans for Irrigation Wells in the Kolar District, requesting orders on the points referred to in the above.

No. D. 292, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—Loans for the construction of Irrigation Wells may be granted to Inamdars and holders of Minor Inams as well as to the holders of Sarkar lands, provided they agree to the conditions imposed by the Rules.

2. Pending the revision of the existing rule relating to the forfeiture of Service Inams and the substitution therefor of a rule providing, in cases where such Inams are forfeited by loss of office and other causes, for the procedure by way of mere resumption of the Inam tenure and imposition of full assessment, the Government hereby direct the Irrigation Well Rules should apply to Service Inams in the same way as to other Inams.

Eighteen new works were started during the fortnight, but 3 old ones, namely, 1 in the Tumkur Town, 1 in the Maddagiri Taluk and one in the Turuvekere Sub-Taluk, are omitted in the accounts.

3. On 2 works in the Gubbi Taluk on which Rs. 200 odd were spent during the fortnight, no coolies were working on the last day of the fortnight. The number of works which had over 50 coolies on the last day of the fortnight was 6, of which 4 had between 50 and 100, and 2 a little over 100. The Dasihalli Tank work, which in the previous fortnight had over 200 coolies, had only 25 at the end of the fortnight under review.

4. The distance of the villages from which the coolies came did not exceed 3 miles in any case. The number of such villages was 102. The coolies on most of the works newly started were local.

5. All the works were carried on on the Amani system, except one in the Chiknayakanhalli Taluk (Dugadahalli Tank), concerning which no information is given on this point.

6. The works were all in the charge of Patels, acting either singly or jointly with others, excepting 5; of these latter, 4 were in charge of Shanbhogs.

7. The wages were the same as in the previous fortnight. They were sufficient. The work done was satisfactory.

II. AMANI CULTIVATION OF TANK BEDS.—No outlay on this during the fortnight.

III. DRINKING WATER WELLS.—The following table shows the number sanctioned and the number remaining to be excavated :—

No. D. 294, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—It is not clear why the three Relief Works shown in para 2 of the abstract above are omitted in the returns. If they were not closed and their omission was due to the fact of no laborers having come to work on them, their names should have been shown in the statement, to complete the list of works actually started and kept open for relief purposes. In the case of such works, the Deputy Commissioner should satisfy himself that there was nothing wanting in the arrangements made for their proper execution.

2. The omission of all information under the head "Whether the work is done on the Amani or the Contract system," as regards the Dugadahalli tank, Chiknayakanhalli Taluk, creates a doubt that the work was perhaps given out on the Contract system. If so, the fact should have been stated in the return and the particulars of the contract should have been reported.

3. The 13 wells which remained under construction in the Huliyar and Turuvekere Sub-Taluks at the end of the fortnight ending 15th February, have not been shown either as completed during the fortnight under review or as remaining under construction at the end of it. The total number of works completed during the fortnight, including those undertaken in previous fortnights, should be shown in column 2 of the Statement No. 2, and similarly the total number remaining under construction, including those begun in previous fortnights should be shown in column 3, so that the return of one fortnight read with those of previous fortnights might show the progress made in regard to the total number sanctioned from the beginning of this season.

4. A correct return in the light of the above remarks should be submitted at once.

Statement (of which an Abstract is given below) of the loans granted for Saguvali Kattés in the Chitaldroog District during the fortnight ending the 15th March 1892, received with docket No. 633—598, dated 19th idem, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

The number and amount of loans sanctioned and amount of cheques issued were as follows:—

No.	Taluk.	Number of Loans.	Amount thereof.	Amount of Cheques issued.
1	Chitaldroog	55	4,475	3,445
2	Davangere	37	2,840	2,090
3	Jagalur	24	1,870	1,295
4	Holalkere...	9	630	530
	Total.....	125	9,785	7,360

Including the sums of Rs. 4,475 and 2,925 sanctioned and paid up to the end of February 1892, the total amount of loans sanctioned was Rs. 14,260 and the total amount of cheques issued Rs. 10,285.

No. D. 295, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—The progress made in the grant of loans for Saguvali Kattés in the Chitaldroog District is satisfactory. More loans should be given as fast as possible so that the new and improved Saguvali Kattés may be in a fit condition to retain water during the next rains.

2. The Deputy Commissioner should report at once what arrangements he has made for ascertaining the actual progress made in the repair of old Saguvali Kattés or the construction of new ones for which loans have been granted. The Deputy Commissioner should also permit every Assistant Commissioner under him, and especially the Extra Assistant Commissioner newly appointed, to grant loans for Saguvali Kattés in the Taluks visited by them on other duty.

The number of coolies mentioned against the Taluks of Bowringpet, and Bagepalli and the Sub-Taluks of Srinivaspur and Gudibanda is the daily average for the fortnight compiled from weekly reports received, and not the actual number on the last day of the fortnight. The Taluk officers concerned did not submit the returns in the form prescribed in spite of reminders sent. They have been strictly warned against recurrence of such delays.

The works were mostly in charge of Patels. The wages paid were the same as those reported in the previous Return, except that a head cooly was paid at the rate of 3 annas a day. They were considered sufficient. The management and supervision of the works were efficient.

No. D. 296, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—Recorded.

2. The progress of Relief Works reported in the above, is satisfactory.

READ:—

Diary (of which an Abstract is given below) of the Sub-Judge on Special duty in the Kolar District, for the week ended 13th February 1892, received with docket No. 3226—778, dated 19th idem, from the Deputy Commissioner, Kolar District.

ABSTRACT.

Wells were inspected in about 24 villages and 18 loans were sanctioned, *viz.*, 13 in Goribidnur Taluk, 4 in Chikballapur Taluk and 1 in Gudibanda Sub-Taluk. The loans were in 13 cases for the construction of new kapile wells, and in 5 cases for the restoration or improvement of old kapile wells. The total amount sanctioned during the week was Rs. 4,050, of which Rs. 1,310 were paid as first instalment. The period allowed for repayment ranged from 8 to 15 years.

2. Nearly Rs. 5,000 had been granted in the Goribidnur Taluk before receipt of copy of the Deputy Commissioner's remark on last week's diary, that Rs. 10,000 was too much to be advanced in that Taluk. Many cases still remained in the 2 dry hoblis of Dod Maykanpalya and Nagargere, but endeavour was made to lessen the amount as much as possible and the work in that Taluk was closed with a total of Rs. 7,000.

3. Mr. Nanjundaiya observes that the Tank Inspector should be able to supervise the work done by recipients of loans, and that the Amildar also should pay more attention to this work than he has hitherto been able to do.

4. He notes also that though 95 applications had been presented in the Sidlaghatta Taluk, yet the trial wells, &c., had not been inspected either by the Amildar or by the Sheristadar.

No. D. 297, DATED BANGALORE, 31ST MARCH 1892.

ORDER THEREON.—Recorded.

2. The attention of the Deputy Commissioner is drawn to the matters referred to in paras 3 and 4 of the abstract above.

(NOTE.—* These figures are entered in this office as representing the daily average attendance during the fortnight. The figures given in the Return for the 3 works in the Goribidnur Taluk make a total of 1,776, which is probably the total of the daily attendance during the fortnight.)

2. No work was done, and hence there was no outlay, during the fortnight, on 8 out of the 79 works, namely 4 in the Chintamani Taluk, 2 in the Srinivaspur Sub-Taluk, 1 in the Gudibanda Sub-Taluk and 1 in the Bowringpet Taluk; Of the 4 works referred to, in the Chintamani Taluk, one has been completed.

3. There were no coolies at work on the last day of the fortnight on 4 of the works though there was progress on them during the fortnight. On one work in the Bagepalli Taluk, there was but one cooly.

4. The works were all on the Amani system. They were in charge of Patels excepting 1 in the Malur Taluk which was in charge of a Shanbhog.

The wages were 3 annas a head cooly and 0-2-0 to 0-2-4 to a male cooly 0-1-6 to a female cooly and 0-1-0 to a child.

The management and supervision were efficient and the wages considered sufficient.

II. COLLECTION OF TANGADI BARK.—A sum of Rs. 124-1-7 was spent on this as follows :—

Taluk.	During the fortnight under report.			During the previous fortnight.		
Kolar	19	7	6	19	3	4
Chintamani	7	6	6	9	6	4

Malur	7	5	9	...	...	...
Total.....	124	1	7	33	8	5

The wages paid were the same as those reported in the last fortnight.

III. DRINKING WATER WELLS.—The number of wells sanctioned and the number under construction were as follow :—

Total.....	31	15	12	2	43	17	...	1	43	16

Besides the above, the removing of silt from, and the sinking of a well in, the bed of the Dasorathakunte, Kolar Town, were undertaken and a sum of Rs. 172-7-5 spent on them during the fortnight. The wages paid on these were 6 annas to a head cooly and 4 annas to an ordinary male cooly.

No. D. 299, DATED BANGALORE, 4TH APRIL 1892.

ORDER THEREON.—The Return No. 1 is incomplete, in that it does not give, in respect of 10 out of the 11 works in the Malur Taluk, the names of villages from which coolies came to them and their distances, and in respect of Malsettihalli tank work, Sidlaghetta Taluk, the number of coolies at work on them on the last day of the fortnight. There is an apparent error as regards the number of coolies on the 3 works in the Goribidnur Taluk on the last day of the fortnight. 1,676 persons, as the return shows, could not have been on the works on the last day of the fortnight, for it is impossible to believe that from the single village of Somsettihalli, so many as 806 coolies attended the tank work at that place or that so many as 656 persons from Vaddenhalli and 2 adjacent villages attended the tank work at Vaddenhalli. The amount spent on these works during the fortnight was comparatively small namely Rs. 90 odd and 74 odd respectively. There is thus reason to think that the figures given for the Goribidnur Taluk represent the aggregate of daily attendance for 15 days and not the number at work on the last day of the fortnight. Upon this assumption the average daily figures has been calculated and entered in this office, and the Deputy Commissioner should report the correct figures as early as possible.

2. The aggregate amount spent would be Rs. 12,648-4-7 as follows :—

	Rs.	A.	P.
1. Amount spent according to the first return, which was up to 30th January 1892	3,462	2	5
2. Amount spent according to second return, which was up to 15th February 1892	2,526	4	11
3. Amount according to the third return, which was up to 29th February 1892	3,448	5	0
4. Amount spent according to the fourth return, which is the one under review	3,211	8	3
Total.....	12,648	4	7

and not Rs. 12,598-14-4 as stated in the Return under review. It is seen that the discrepancy was due to inaccuracy in the sums entered against the Singanhalli tank, Gudibanda Sub-Taluk. The amount spent on this work was :—

	Rs.	A.	P.
According to the 1st Return	109	12	0
Do 2nd do	49	6	3
Do 3rd do	33	15	6
Do 4th do	4	7	3
Total.....	197	9	0

but the third return gives Rs. 143-11-6 as the aggregate for that period instead of Rs. 193-1-9, and the fourth return Rs. 148-2-9, instead of Rs. 197-9-0. The discrepancy should be explained or corrected.

3. It is clear the returns have not been scrutinized in the Deputy Commissioner's office. Mistakes such as those noticed regarding the number of coolies lead to grave misapprehension of the actual state of things and the Deputy Commissioners cannot too strongly impress on the officers concerned the importance of carefully preparing and checking these returns.

4. The Billandahalli Irla Amanikere in the Chintamani Taluk was completed during the previous fortnight at a cost of Rs. 320 against an estimated cost of Rs. 300. As the work is no longer under progress, it should not be shown with such as are still under progress. Works completed, with the sums spent thereon, should be shown in a footnote.

5. The Dewan is anxious that the Drinking Water wells which are under progress should be completed without delay. The attention of the Deputy Commissioner is drawn to the orders passed on the subject in Proceedings No. D. 293, dated 31st March 1892 on review of the returns of the Shimoga District.

Returns (of which an Abstract is given below) showing the progress of Relief Works and Drinking Water wells in the Mysore District for the fortnight ending the 29th February 1892, received from the Deputy Commissioner of Mysore :—

ABSTRACT.

I. VILLAGE RELIEF WORKS.

Three tank works in the Malvalli Taluk were started during the fortnight. Number of coolies on them 107, amount spent Rs. 175.

All the 3 were on the Amani system and were in the charge of Patels. Work reported to have been satisfactorily executed.

The wages paid were in the case of 2 of the works at the rate of 8 cubic yards a rupee, and in the case of the other work, at 10 cubic yards a rupee.

A Bamboo Depôt at Hosapete Basavapura was started during the fortnight. Particulars regarding it will be given in the next report.

II. DRINKING WATER WELLS.

The following table shows the number of wells sanctioned and the number under construction :—

In addition to the 6 wells shown against the Hunsur Taluk, temporary wells have been sanctioned for the town of Periyapatna. The figures entered against the Gundlupet Taluk include small kattés.

No. D. 301, DATED BANGALORE, 4TH APRIL 1892.

ORDER THEREON.—Recorded.

2. The Halasahalli tank work, which has not yet been started, need not have been entered in the Return No. 1.

Letter No. 3475—384, dated 26th March 1892, from the Inspector General of Police, submitting a statement showing the number of Totis and Talaris employed in watching high roads, &c., in the Bangalore District, and recommending the payment of remuneration to them.

No. D. 302, DATED BANGALORE, 4TH APRIL 1892.

ORDER THEREON.—The statement received with the above shows that there are 133 Totis and Talaris, as shown in the margin, actually employed in watching high roads, Ghat stations, &c., in the Bangalore District. Not one of them now receives any remuneration for the *Quasi*-Police services thus rendered. The Government is pleased to sanction the payment, as a temporary measure, with effect from the 1st April 1892, of remuneration at Rs. 3 per mensem to each of the 133 men referred to above.

READ :—

Report (of which an Abstract is given below) on the condition of the Bangalore District for the fortnight ending 14th February 1892, received with docket No. 25, dated 3rd March 1892, from the Deputy Commissioner of Bangalore.

ABSTRACT.

1. STANDING CROPS.—Sugar-cane was maintained by lift irrigation in a few parts in the Nelamangala and Devanhalli Taluks. In other places it was withering. Melons in the beds of the Nagarkere, Kakolekere and Hunganur Tanks were thriving. Bengal-gram in some tank beds in the Nelamangala Taluk failed for want of moisture.
2. FOOD GRAINS.—Supply sufficient. Prices stationary. Rice 6¾ seers per Rupee at Bangalore and 7 to 8 seers at the Kasabas of other Taluks. Ragi from 14 to 20 seers, excepting at Nelamangala, where it was 10 seers a Rupee.
3. FODDER.—Scarce. Paddy straw imported from Seringapatam by a few raiyats of the Closepet Taluk. Cattle in parts of the Kankanhalli Taluk taken to bordering jungles.
4. WATER-SUPPLY.—Want of water generally felt. Little water left in the best tanks of the District. Most of the wells were dry and others were rapidly going down.
5. GENERAL CONDITION.—Public health good. Fever and small-pox prevailed to some extent in the Magadi Taluk. There was some demand for labor in the Devanhalli and Dodballapur Taluks.
6. RELIEF MEASURES.—The sum of Rs. 8,000 granted for Village Relief Works was allotted to the said two and other Taluks. Rs. 500 paid to the Superintendent of Government Gardens for removing silt in the Lal-bagh tank as a relief work.

No. D. 303, DATED BANGALORE, 4TH APRIL 1892.

ORDER THEREON.—The statement that the price of ragi was 10 seers per Rupee at Nelamangala cannot be correct, for the Santé Reports show that at the several Santés held at Nelamangala between the 15th January and 19th February 1892, rági was sold at 16 seers per Rupee. The discrepancy should be explained in the next season report.

The following report on the condition of the Bangalore District for the fortnight ending 29th February 1892, received with docket No. 26, dated 5th March 1892, from the Deputy Commissioner of Bangalore :—

STANDING CROPS.—Potatoes in Devanhalli and Hoskote being harvested. Crop poor. Sugar-cane withering for want of water. It is being milled in most places; yield poor, both in quantity and quality. Mulberry, sweet-potatoes and other vegetables being grown in patches to which water could be lifted.

WATER SUPPLY.—Scarcity of drinking water is felt. Orders issued to reserve the little water left in a few tanks, for men and cattle. Wells are being sunk in parts.

FOOD GRAINS.—Markets well supplied. Prices stationary.

FODDER.—Scarce. Government Plantations opened for free grazing. Sugar-cane leaves used where obtainable. Date leaves are reported to be used in Kankanhalli.

LABOR.—Wages are high. Sinking wells and working at sugar-cane mills, &c., find employment for many.

PUBLIC HEALTH.—Good.

The following report of the Sub-Division Officer, Closepet, on the condition of the Sub-Division for the same period, received with the above :—

STANDING CROPS.—Sugar-cane crop in Magadi Taluk, and under Banandur tank of the Closepet Taluk and Tattekere and a few other tanks in the Kankanhalli Taluk, fair. In other places, it is withering away. Mulberry cultivated by well water is good.

FOOD GRAINS.—The supply is sufficient. New ragi is procurable at 20 seers a rupee at Kankanhalli and Closepet. Rice 7½ seers a rupee.

FODDER.—There is no pasture. Straw procurable to a limited extent. Date leaves are used as fodder for cattle in Kankanhalli Taluk.

WATER SUPPLY.—Scarcity of drinking water is felt in Kankanhalli and Closepet Taluks.

PUBLIC HEALTH.—Fever and small-pox prevalent in Magadi.

No. D. 304, DATED BANGALORE, 4TH APRIL 1892.

ORDER THEREON.—Recorded. More drinking water wells should be sunk as early as possible.

Report (of which an Abstract is given below) on the condition of the Hassan District for the 2nd fortnight in February 1892, received from the Deputy Commissioner of Hassan.

ABSTRACT.

1. STANDING CROPS.—Kar paddy under some big tanks in the Maidan parts of the Hassan Taluk was in a good condition, and sugar-cane, paddy, Bengal-gram, &c., in the Channarayapatna Taluk and Grama Sub-Taluk were in a fair condition. Horse-gram in the Holé-Narsipur Taluk was estimated at 6 annas.
2. FOOD GRAINS.—There was sufficient stock and markets were freely supplied. The recent harvest had however no effect on the prices which were—Rice 8 to 10 seers per rupee, Ragi 18 to 20 seers.
3. FODDER.—Available in all the Taluks, except parts of the Arsikere Taluk, where date leaves were being used.
4. WATER-SUPPLY.—Sufficient, except in portions of the Channarayapatna, Arsikere and Holé-Narsipur Taluks. Raiyats had sunk new wells and cleared the old ones. Estimates for additional wells, where they were absolutely necessary, called for.
5. GENERAL CONDITION.—Small-pox prevalent in the Hassan and Arkalgud Taluks. Otherwise public health was generally good. In many places raiyats were still engaged in harvesting their crops. There was no need for Relief Works except in parts of the Holé-Narsipur, Arsikere and Channarayapatna Taluks. Estimates for the same were being prepared.

No. D. 306, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—It appears from para 4 of the abstract above that the water-supply was failing in the Channarayapatna, Arsikere and Hole-Narsipur Taluks. It is not stated whether any wells have been sunk by Government in those tracts, and the return as to the progress of Drinking Water wells prescribed by Government Proceedings No. D. 152, dated 16th February 1892, has not been submitted for the Hassan District up to date. The Deputy Commissioner has a considerable sum of money at his disposal for the construction of Drinking Water wells, and he should at once provide as many such wells as possible.

2. If, as appears from para 5 of the abstract above, Relief Works are needed in the Hole-Narsipur, Arsikere and Channarayapatna Taluks, it is not clear why no Relief Works have been provided there up to date, although a sum of Rs. 3,000 has been in the Deputy Commissioner's hands from the 26th January 1892, (*Vide* Order No. D. 119). An explanation on this point should be submitted at once.

Returns (of which an Abstract is given below) showing the progress of Relief Works and Drinking Water wells in the Chitaldroog District for the fortnight ending 29th February 1892, received with docket No. 51, dated the 6th instant, from the Deputy Commissioner of Chitaldroog.

ABSTRACT.

I. VILLAGE RELIEF WORKS.—The following table shows the number of works under progress, the number of coolies on them, and the amount spent :—

The works were all on the Amani system, and were all excepting one, in the charge of Patels. There was no complaint as regards the efficiency of management and supervision of the works.

The wages were 0—2—3 for each male cooly, 0—1—6 for each female cooly, and 0—1—0 for each child, coolies were still demanding higher wages, but the rates fixed were in accordance with those prescribed by Proceedings No. D. 178, dated 19th February 1892.

II. DRINKING WATER WELLS.—The following table shows the number sanctioned and the number under construction :—

Those remaining under construction were in different stages of progress and nearly Rs. 3,000 had been spent.

No. D. 308, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—The Statement No. 1 was incomplete as the Amildar of Jagalur had not sent his return. The supplemental return promised by the Deputy Commissioner has not been received, but a comparison of the figures given for the fortnights which preceded and followed the one under review show that there was no outlay during the fortnight in question on the single work under progress in the Jagalur Taluk.

2. The return submitted by the Deputy Commissioner showed only 20 works and omitted those (namely 3 in the Hiriyur Taluk and 1 in the Challakere Taluk) on which no coolies came to work during the fortnight under review, though there was some progress on them in the previous fortnights. The omission referred to led to an error in the aggregate amount spent, which has been rectified. The return should in future show all the works that have been started and kept open.

3. In the majority of cases in this District, the coolies belonged to the villages in which the works themselves were situated.

4. The Deputy Commissioner's note that there was no complaint made regarding the efficiency of management and supervision of the works cannot be considered sufficient. He should state what opinion he was able to form on that important matter on inspections and enquiries made by him.

READ :—

The following report on the condition of the Tumkur District, for the fortnight ending 15th March 1892, received with docket No. 990, dated 27th idem, from the Deputy Commissioner of Tumkur.

1. HARVEST.—No crop was harvested during the fortnight.
2. STANDING CROPS.—Vaisakha paddy under wells is in fair condition, but those under tanks are gradually failing. Jola and Bengal-gram in tank beds are also generally withering away ; but those in the beds of Gollahalli and Beldara Tanks in the Tumkur Taluk and Dharmasagara and Hulikunte Tanks in the Koratagere Sub-Taluk were pretty good when I saw them lately.

3. FOOD GRAINS.—No change in the prices of food grains. Markets are well supplied.
4. FODDER.—Scarcity of fodder is very great. In some places people are disposing of their cattle for low prices. Cattle seen by me looked very poor. For small bundles of ragi straw, 5 or 6 annas are demanded, and for a bundle of paddy straw from 1 rupee to 1½ rupee.
5. WATER.—Water is getting less in some parts; but the excavation of fresh water wells at Government cost is a source of very great encouragement. Estimates are being daily sanctioned for them, and their execution is being rapidly pushed on.
6. DEMAND FOR LABOR.—Demand for labor is now slightly on the increase. All the Relief Works hitherto sanctioned are being pretty freely resorted to by the neighbouring villagers.
7. GENERAL CONDITION.—Influenza has appeared at Borankanave and some other places in the District, and reports have been received to the effect that two or three people succumb daily to the effects of the malady.

READ ALSO:—

The following report of the Assistant Commissioner in charge of the Maddagiri, Sira and Pavagada Taluks on the condition of these Taluks for the same period, received with the above.

1. HARVEST.—Has been completed in most places.
2. STANDING CROPS.—Vaisakha paddy and sosi ragi are moderately good.
3. CULTIVATION.—There has been no cultivation during the fortnight.
4. PRICES.—Remain unaltered. Markets received a good supply. 2nd sort rice sold from 7 to 8 seers and ragi from 16 to 18 seers.
5. FODDER.—In a few places, straw of cholam harvested is available. Generally speaking, the fodder difficulty is increasing. Amrut Mahal kavals look parched up.
6. GENERAL CONDITION.—Labor for Relief Works that have been opened in all these 3 Taluks is not easily procurable. Nearly 500 coolies are now working, four-fifths of whom are in the affected Taluk of Sira, where good progress is begun to be shown, one-tenth of the estimated amounts for restoration of several useful tanks having been spent during the last two fortnights.

No. D. 309, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—Recorded.

Returns (of which an Abstract is given below) showing the progress of Relief Works and Drinking Water wells in the Mysore District for the fortnight ending 15th March 1892, received with Deputy Commissioner's docket No. 1164, dated the 26th March 1892.

ABSTRACT.

I. VILLAGE RELIEF WORKS.

Works under progress were the three that were started during the previous fortnight, in the Malvalli Taluk. The number of coolies on them on the last day of the fortnight under report was 79 against 107 in the previous fortnight. The amount spent was Rs. 86—4—0 against Rs. 175 in the previous fortnight.

The works which are carried on on the Amani system continued to be in charge of Patels.

The wages were the same as those reported in the last report.

II. MISCELLANEOUS.

(1) *Relief to Weavers.*—

A sum of Rs. 2,000 was advanced to Weavers in Melkote. Cloths to the value of Rs. 85—5—0 have been delivered to the Government Sahukars.

(2) *Improvement of Village Sites.*—

A sum of Rs. 65 has also been advanced for improvement of village sites at Sivapur, Mandya Taluk. Lists for such works have been called for.

III. DRINKING WATER WELLS.

The following table shows the number of wells sanctioned, the number completed and the number under construction :—

No. D. 311, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—The aggregate amount spent on the Kuntur tank work up to the end of the fortnight was Rs. 61—4—2 and not Rs. 50 as stated in the return No. 1. The mistake has been rectified in this office.

2. No amount is stated to have been spent on the Halagur tank work during the fortnight, although some coolies were working on it on the last day of the fortnight. The Deputy Commissioner is requested to state if the entry is correct.

3. It is noticed that neither the Sub-Division officer, nor the Deputy Commissioner has recorded any remarks regarding the efficiency of the management and supervision of the works. The local officers should invariably note their opinion on this important matter.

4. No particulars are given regarding the working of the Bamboo Depôt at Hospete Basavapura, though the depôt was started in the previous fortnight. They should be furnished in the next return.

5. Five wells only are shown as remaining under construction in the Chamrajnagar Taluk, though, inclusive of those sanctioned during the fortnight, there were 12 for construction and none had been completed. No wells are shown as remaining under construction in the Seringapatam Taluk, though, if the entry that no wells were completed be correct, there must have been 10 wells remaining under construction. These discrepancies should be explained.

READ

Letter No. 3865—912, dated 31st March 1892, from the Deputy Commissioner, Kolar District, reporting the case of a boy, 4 or 5 years old, who was refused admission to the Hospital, where his parents were under treatment, and soliciting orders as to how the cost of feeding the boy should be met.

No. D. 312, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—The expenditure already incurred by the Deputy Commissioner in this particular case must be charged to "Gratuitous Relief."

For the purpose of such gratuitous relief under the terms of the Provisional Famine Code, a sum of Rs. 1,000 for each of the Districts of Mysore, Bangalore, Kolar, Tumkur and Chitaldroog is sanctioned. This form of relief should be administered in accordance with the provisions of the Code.

The Senior Surgeon (to whom a copy of the Deputy Commissioner's letter will be sent) is requested to report on the conduct of the Assistant Surgeon at Kolar as brought to notice by the Deputy Commissioner, and also to issue general orders to all Medical subordinates to the effect that when a mother is admitted as an in-patient, any child of tender years depending upon her should also be admitted, when there is no one else who can look after it. This is a common-sense and humane arrangement, and the Kolar Assistant Surgeon who turned the helpless child out of the Hospital, deserves to be severely censured.

The works were all carried on on the Amani system and were, excepting two, in charge of Patels. There was no complaint in regard to efficiency of management and supervision.

The rates of wages were the same as those reported in the return for the previous fortnight.

No. D. 313, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—On the Avergere tank work, Davangere Taluk, 117 coolies were at work on the last day of the fortnight ending 29th February 1892, but none of them attended during the fortnight under review. Similarly a large number of children (139) that attended 3 of the works in the Challakere Taluk are shown to have stopped away during the fortnight under review. Such noticeable features should be enquired into and commented upon by the local officers, and the Deputy Commissioner should explain the cause of them in the returns.

2. It is noticed that the number of Relief Works has risen in one fortnight from 25 to 36 and the number of coolies from 792 to 972. The increase has been chiefly in the Davangere and Molakalmuru Taluks, while there has been a large falling off of 141 coolies in the Challakere Taluk, though the number of Relief Works there has increased by 1 (one) during the fortnight under review. The Deputy Commissioner should in future give an explanation for such changes after careful enquiry. These remarks should be attended to by all Deputy Commissioners of Districts.

3. The progress of Drinking Water wells as shown in the above seems fair, but the number of completed wells is very insignificant. Attention should be given to this point.

No work was done on 3 of the works, namely, 1 in the Chiknayakanhalli Taluk, 1 in the Kunigal Taluk and 1 in the Maddagiri Taluk, and there was no outlay on them during the fortnight.

On 3 of the works, no coolies were at work on the last day of the fortnight, though there was progress on them during the fortnight. The number of coolies on the Somlapur Tank, Gubbi Taluk, is not reported.

Columns 15, 16 and 17 (names of villages from which coolies came, whether the system adopted is Amani or Contract, in whose charge the works are placed, &c.,) are left blank against 4 works, namely, 2 in the Sira Taluk and 2 in the Kunigal Taluk.

13 of the works (8 of these being in the Sira Taluk) were in charge of Shanbhogs. 1 work at the Tumkur Town was in charge of a Head Cooly. The others were in charge of Patels.

The task system is observed on all the works. The wages earned are 3 to 4 annas per man and 2 annas per woman.

2. AMANI CULTIVATION.—A further sum of Rs. 196—1—3 was spent on the cultivation of the bed of the Tumkur Tank, making a total of Rs. 494—15—3 up to the end of the fortnight. A sum of Rs. 13 was also spent for the cultivation of the bed of the Bhimasandra Tank.

3. DRINKING WATER WELLS.—The following table shows the number of wells sanctioned, the number completed and the number under construction :—

No. D. 314, DATED BANGALORE, 5TH APRIL 1892.

ORDER THEREON.—The attention of the Deputy Commissioner is drawn to the omissions in the Return No. 1 noted in the above abstract.

2. The remark made by the Deputy Commissioner in the Condition Report for the period under review, namely, that the execution of the well works is being rapidly pushed on, is noted.

No. D. 320, DATED BANGALORE, 16TH APRIL 1892.

ORDER THEREON.—It is observed that up to the 31st March 1892, loans were granted in 182 cases to the extent of Rs. 20,000 and that Rs. 13,500 have been actually paid as first instalment. The amount of Rs. 20,000 sanctioned for this purpose in paragraph 11 of Proceedings No. D. 70, dated 4th January 1892, having thus been exhausted, the Deputy Commissioner should report at once if more applications for such loans are pending and what further sums he wants for this purpose. It is essential that loans for Saguvali Kattés should be given as widely and as fast as possible in the Chitaldroog District before the next rains.

The following report on the condition of the Bangalore District for the fortnight ending 31st March 1892, received with docket No. F. D. 2, dated 2nd April 1892, from the Deputy Commissioner of Bangalore :—

1. STATE OF AGRICULTURE AND CROPS.—In wet and garden lands in parts of the Bangalore, Hoskote, Devanhalli, Closepet and Nelamangala Taluks, sugar-cane and vegetables are being raised wherever water is available. Sugar-cane is being still harvested in parts of Bangalore, Closepet, Devanhalli, Kankanhalli, Anekal and Magadi Taluks. Potatoes in parts of Devanhalli and Bengal-gram in the beds of the marginally noted tanks of the Hoskote Taluk are being gathered.

2. WATER-SUPPLY.—No improvement since last report. Want of water felt everywhere. Wells are being sunk by Government as follows :—

	No. of Wells.
Bangalore Taluk	15
Hoskote	7
Devanhalli	4
Kankanhalli	22
Anekal	26
Magadi	5
Nelamangala	3

Wells are being sunk by private individuals also in many places.

3. PUBLIC HEALTH.—Generally good. Fever and small-pox reported in parts of Hoskote, Magadi and Devanhalli.

4. FODDER AND CATTLE.—Fodder very scarce. Cattle fed on leaves wherever available. Permission given for leaves of trees on Government lands being used for cattle. They are in a pitiable plight and are, in parts of Hoskote, sold for half prices and to butchers. About 8,800 head of cattle of some 75 villages of Closepet Taluk are stated to be grazing in the State Forests and Plantations. "Chappe Roga" in Anekal.

5. FOOD GRAINS.—Markets well supplied. Prices of ragi show a tendency to fall, probably owing to this being the collection season. The prices for the previous and past fortnights are exhibited below :—

The following report of the Officer in charge of the Closepet Sub-Division on the condition of the Sub-Division for the fortnight ending the 31st March 1892, received with the above :—

1. STANDING CROPS.—The scanty sugar-cane harvest is nearing completion. Under a few tank and elsewhere, the crop has withered away for want of water.

2. PRICES OF FOOD GRAINS.—Stationary, rice being sold from 8 to 7½ seers a rupee and ragi from 16 to 20 seers a rupee.

3. SUPPLY OF WATER.—Scarcity much felt. The wells newly dug have supplied the want to some extent.

4. FODDER.—Scarce. Straw collected to a limited extent in the last harvest is used. In the Closepet Taluk, jolam stalks and straw are being imported from the Mysore District.

5. GENERAL HEALTH.—Good, except in Magadi Taluk where fever and small-pox prevail to a small extent.

6. DEMAND FOR LABOR.—75 persons were employed daily on the Kotanahalli Tank work, which was started as a Relief Work in the Closepet Taluk last week.

The following report on the condition of the Mysore District for the fortnight ending 31st March 1892, received with No. 17, dated 8th April 1892, from the Deputy Commissioner of Mysore :—

1. STATE OF CROPS.—CROPS HARVESTED.—Haralu in Krishnarajpete Taluk and Bengal-gram in Nagamangala Taluk, out-turn being 2 and 3 annas respectively.

   STANDING CROPS.—Sugar-cane and paddy in all the Taluks of the French Rocks Sub-Division and under channel fed tanks in Tirumakudlu-Narsipur Taluk are in good condition. Jola, Bengal-gram and coriander in beds of tanks in French Rocks Sub-Division, black-gram and horse-gram under channels, and onions, garlic, &c., in beds of tanks in Nanjangud Taluk are prospering. Sowing of manurial crops under channels continues in the French Rocks Sub-Division.

2. SUPPLY OF FOOD GRAINS AND WATER.—Markets are well supplied by local stock, though the import of grain into Mysore has been on the increase. Supply of water is good. Twenty fresh well works have been sanctioned during the fortnight in Chamrajnagar, Hunsur and Tirumakudlu-Narsipur Taluks.

3. FODDER FOR CATTLE.—Available in all the Taluks. Toddy leaves also used in Nagamangala. Cattle are also taken to the forests from villages bordering on them.

4. RISE OR FALL OF PRICES.—Almost stationary. A slight fall in the price of rice in Seringapatam and price of ragi in Nagamangala, and rise in price of horse-gram in Nagamangala and Krishnarajpete.

5. DEMAND FOR LABOR.—Slack in some parts, but the numerous applications received for repairs of tanks, &c., show that labor is sought, not for relief of immediate necessity but with a view to have their water-supply, &c., permanently improved.

6. GENERAL CONDITION.—People hopeful of Mungar rains. Cholera continues in Ganjam, Mysore, Hunsur and in Haliyur Tala Devanhalli in Yedatore Taluk. Preventive measures are being taken and travellers warned against passing through Hunsur where it is still raging.

The following report on the condition of the Kadur District for the fortnight ending 31st March 1892, received from the Deputy Commissioner of Kadur :—

1. STATE OF CROPS—The few standing crops, *viz.*, sugar-cane, paddy, maize and pepper are in a fair condition, but those in Maidan parts are in need of water.

2. SUPPLY OF FOOD GRAINS—Markets were fairly supplied with rice and ragi.

3. SUPPLY OF WATER.—Fair in Maland and very scanty in the Maidan where difficulty for water for drinking purposes is very much felt. Well works are in progress.

4. FODDER FOR CATTLE.—Generally fair in Malnad, but very scanty in the Maidan parts. A few of the Maidan cattle have been drafted to the Malnad. The fodder in the Amrut Mahal kavals is reported to be scanty. Jola stalks imported into Kadur from Ajjampur.

	Grain.	Present fortnight.	Past fortnight.
5. PRICES OF FOOD GRAINS.	Rice	8 to 12	7 to 12

Report (of which an Abstract is given below) on the condition of the Chitaldroog District for the fortnight ending 31st March 1892, received with docket No. 673—637, dated 5th April 1892, from the Deputy Commissioner, Chitaldroog District.

ABSTRACT.

1. CROPS HARVESTED.—Except the crops sown in tank beds almost all the dry crops were harvested. The out-turn in the various Taluks was :—

Chitaldroog	...White cholam, sugar-cane and cotton ...	...Annas 4 to 6 in the rupee.
Davangere	...Bengal-gram, sugar-cane and cotton	2 to 6 do
Holalkere	...Bengal-gram	4 do
Jagalur	...Cotton and castor seed ...	2 to 4 do
Hiriyur, Challakere and Molakalmuru	...White cholam, Bengal-gram and wheat	2 to 6 do

2. CONDITION OF STANDING CROPS.—Cholam crop in tank beds in the Chitaldroog, Jagalur, Hiriyur, Challakere and Molakalmuru Taluks, cotton in the Davangere Taluk and sajje in the Jagalur Taluk were withering. In the Holalkere Taluk, however, cholam and Bengal-gram in tank beds were in fair condition. The wet crops under tanks, kapile wells and streams were generally in a fair condition.

PPLY OF FOOD GRAINS.—Generally sufficient. Ragi and cholam were exported to places outside the Province from the Davangere and Jagalur Taluks.

4. PRICES.—At Taluk Head-quarters—

Rice	from	$7\frac{1}{2}$	to	9	seers per rupee.
Ragi	do	16	to	24	do
Jola	do	15	to	24	do

The markets were generally well supplied.

5. SUPPLY OF FODDER.—Scanty in the Hiriyur, Molakalmuru and Challakere Taluks and in parts of Chitaldroog and Jagalur Taluks, and cattle were fed on date and kamara leaves. Condition of cattle getting worse day by day owing to scarcity of fodder.

6. WATER-SUPPLY.—Sufficient, except in parts of the Hiriyur Taluk.

7. DEMAND FOR LABOR.—No great demand for labor. Irrigation wells and Saguvali Kattés afforded labor to a large number. Four new Relief Works were started.

8. RELIEF TO WEAVERS.—Rs. 448—8—0 worth of cloths were purchased from the Weavers of Molakalmuru.

9. GENERAL CONDITION.—Good.

Report (of which an Abstract is given below) on the condition of the Shimoga District for the fortnight ending 14th March 1892, received with Deputy Commissioner's docket No. 1026—975, dated 19th March 1892 :—

ABSTRACT.

1. STATE OF CROPS.—All the crops in the Tirthahalli Taluk and paddy and ragi in the Sorab Taluk had been harvested. Paddy and ragi were being harvested in the Sagar Taluk and sugar-cane in the Shimoga, Sorab and Nagar Taluks and in the Kumsi Sub-Taluk. Sugar-cane was being sown in parts of the Kumsi Sub-Taluk and green gram in the Shimoga Taluk. Sugar-cane and kar paddy in the Channagiri and Nagar Taluks were in a fair state. In the Channagiri Taluk castor beans, tobocco and cotton were withering. Cotton was in a fair state in the Honnali Taluk and was being harvested in some parts of it. In the Shikarpur Taluk the condition of crops was the same as that reported in previous weeks, *viz.*, paddy 1 to 4 annas in 4 Maganis and 4 to 8 annas in 6 Maganis. Dry crops 4 to 12 annas in almost all the Maganis and sugar-cane 8 annas in all the Maganis.

2. SUPPLY OF FOOD GRAINS.—Sufficient.

3. PRICES,—Generally stationary. The price of rice was falling in the Honnali Taluk and the Kumsi Sub-Taluk, but rising in the Sagar Taluk.

4. WATER-SUPPLY.—Sufficient, except in parts of the Shimoga, Channagiri and Honnali Taluks.

5. FODDER SUPPLY.—Sufficient, except in the Channagiri Taluk. A few cattle have been taken to the Malnad from parts of the Shimoga Taluk.

6. DEMAND FOR LABOR.—People were able to find labor.

7. GENERAL CONDITION.—Fair generally; cholera prevalent in some villages of the Shikarpur Taluk and fever in parts of Sorab and Nagar Taluks.

The following report on the condition of the Kolar District for the fortnight ending the 15th March 1892, received with No. 3704—884 of the 22nd March 1892, from the Deputy Commissioner of Kolar.

1. RAIN-FALL.—Nil.

2. STATE OF CROPS.—Standing crops are generally withering for want of water. Sugar-cane cultivated under wells and paddy under springs are in a pretty good condition. Bengal-gram and jola raised in tank beds have, in some parts, been harvested. The jola crop is reported to be a failure in the Bowringpet Taluk, sugar-cane mills are still at work in some places.

3. SUPPLY OF FOOD GRAINS.—Markets are generally well supplied.

4. WATER-SUPPLY.—Difficulty is experienced in this respect. Wells are sunk to supply the want wherever necessary.

5. FODDER SUPPLY.—Is getting scarce. Cattle are fed in some parts of the District with leaves of trees, stumps of aloe and prickly pear.

6. PRICES.—The price of ragi has slightly fallen, while that of rice remains almost stationary.

7. DEMAND FOR LABOR.—Holiyars and Madigars and other laboring classes find work, such as collecting tamarind, honge and soap-nut, digging wells, collecting tangadi bark, &c.

Weavers are helped by Government by purchase of cloths manufactured by them.

Relief works are in progress in affected tracts, but there has of late been a slight falling off in the number of coolies on the works as they find employment elsewhere at present.

8. GENERAL CONDITION.—No material change during the fortnight.

READ ALSO :—

The following report of the Officer in charge of the Chikballapur Sub-Division on the condition of the Sub-Division, for the same period, received with the above.

1. CROPS.—There has been no material change in the condition of the Sub-Division. Jola is being harvested under springs. Jola and Bengal-gram in the beds of tanks will be cut almost immediately. Sugar-cane is being planted vigorously and this has affected the supply of labor and relief works. The standing crop of paddy under springs in favored localities is in good condition.

2. FOOD GRAINS.—The markets in the Sub-Division are well supplied. The price of ragi has fallen, as much as 26 seers being sold per rupee in one market.

3. FODDER SUPPLY AND THE STATE OF THE CATTLE.—Village cattle falling off in condition owing to diminished fodder supply. Leaves of trees are being used as fodder.

4. GENERAL CONDITION.—The general condition continues to be the same. There is no great demand for labor. The numbers on the relief works have somewhat fallen.

The following report on the condition of the Mysore District for the fortnight ending 15th March 1892, received with No. 1136, dated 21st March 1892, from the Deputy Commissioner of Mysore :—

1. STATE OF CROPS.—The standing paddy and sugar-cane crops under channels are reported to be in good condition. The crops in beds of tanks as coriander, jola and Bengal-gram are fair. In the Yedatore and the French Rocks Sub-Division Taluks, black and green gram, jola, horse-gram, gingelly and ragi in parts under channels are said to be doing well. Cotton and mulberry in Tirumakudlu-Narsipur are also in good condition. No standing crops in the Nanjangud and Heggaddevankote Taluks. In Malvalli the sugar-cane is reported to be withering for want of water.
2. SUPPLY OF FOOD GRAINS AND WATER.—The supply of grain is sufficient in all the Taluks of the District. The markets are generally well supplied. Drinking water for men and cattle is becoming scarce in the drier parts of Heggaddevankote and Chamrajnagar. About 20 new wells have been undertaken in these and the other Taluks in the District. Very scanty rains fell in Hunsur, Heggaddevankote and Nagamangala. The tanks and kattés are running empty.
3. FODDER.—Available, but very dear. In parts of Chamrajnagar and Nagamangala, date and other leaves are resorted to. 860 cattle are reported to be grazing in the Appanhalli and Bellibetta kavals, Krishnarajpete Taluk.
4. PRICES.—Prices of ragi and horse-gram slightly fallen; that of rice almost stationary.
5. DEMAND FOR LABOR.—Continues to be slack. A few Relief Works have been started in the Halagur and Purigal Maganis of the Malvalli Taluk and in Villages of the Nanjangud Taluk. In the latter, about 130 coolies are reported to be employed daily.
6. GENERAL CONDITION.—Cholera continues in Ganjam. In the Inam village of Haliyur in the Yedatore Taluk, 3 deaths were reported on the 14th instant, out of 6 persons attacked. The Hospital Assistant is present in the village, and the Amildar is taking sanitary measures to prevent the spread of the disease.

Loans granted in the Bowringpet Taluk aggregated Rs. 12,160. The total amount granted for the whole District up to date of report was Rs. 48,250.

No separate Mestri was required to inspect the wells in the Bowringpet Taluk, as there were 2 Tank Inspectors working in the Taluk.

A Circular had been addressed to Amildars, requiring them and the Shekdars and Tank Inspectors when on tour in connection with other duty, to inspect wells also, and to report the result fortnightly to the Special Officer. Many of the applicants had agreed to apply for the balance of the loans sanctioned after completing the whole work and a large number had already finished a fair proportion of the work, which, in order to gain time, they seemed to have begun before the actual sanction of the loans. The work of inspection had thus become simple.

The inhabitants of Jodi Elgondahalli, most of whom were poor Brahmins, presented a petition praying that a drinking water well be sunk for them by Government. They had kandayam paying lands in Government villages, and were paying the usual local cess. All their wells, bored through rock, had dried up and a new well had to be sunk about 40 feet in rock. The petition was submitted to the Deputy Commissioner with a strong recommendation. The Deputy Commissioner states the case would be enquired into on receipt of papers and expresses a doubt whether Government should aid Jodidars in sinking a well. He adds that in one or two other cases the Jodidars themselves undertook to sink a well when they were spoken to.

The prayer of the people of Hanumánhalli village for the repair of the sluice of their tank which was leaky was brought to notice. The Deputy Commissioner has called for a report.

Report [of which an Abstract is given below] on the condition of the Chitaldroog District for the fortnight ending 15th March 1892, received with Deputy Commissioner's docket, Camp No. 72, dated the 19th idem :—

ABSTRACT.

1. STATE OF CROPS.—The following crops were harvested :—Bengal-gram throughout the District; white cholam in all the Taluks, except Davangere and Holakere; sugar-cane in Chitaldroog and Jagalur Taluks; wheat, soji and castor-seed in Jagalur, Hiriyur, Challakere and Molakalmuru Taluks; cotton in Davan-

gere, Jagalur, Hiriyur, Challakere and Molakalmuru Taluks; and chillies in the Jagalur Taluk. The out-turn varied from 2 to 8 annas. Except in the Holalkere and Jagalur Taluks, the crops sown in the tank beds, particularly cholam, were withering. Bengal-gram was in a fair condition in the Chitaldroog, Hiriyur, Challakere and Molakalmuru Taluks. The crops under kapile wells, tanks and streams were in a fair condition throughout the District.

2. SUPPLY OF FOOD GRAINS.—Sufficient. Ragi and jola were exported from the Taluks of Chitaldroog, Holalkere, Davangere and Jagalur.

3. PRICES.—Stationary generally. At Taluk head-quarters they were:—rice from $7\frac{1}{2}$ to 9 seers per rupee, ragi 16 to 28 seers and jola 15 to 24 seers.

4. FODDER SUPPLY.—Scanty, except in Davangere Taluk and parts of the Jagalur Taluk and the Hosdurga Sub-Taluk, where it was sufficient. In the affected parts the cattle were being fed on date and kamara leaves, straw of the harvested crops being used only for the kapile bullocks and the better classes of ploughing bullocks. A large number of cattle were taken from the Hosdurga Sub-Taluk to the Malnad and from the Davangere Taluk to the jungles of the Channagiri Taluk.

5. WATER-SUPPLY.—Sufficient, except in parts of the Hiriyur Taluk.

6. DEMAND FOR LABOR.—No general demand as yet. Irrigation wells and Saguvali Kattés afforded employment to many. Eight additional relief works were opened during the fortnight under report and there were 972 persons employed thereon.

7 RELIEF TO WEAVERS.—Cloths to the value of Rs. 422—10—6 were purchased during the fortnight from weavers at Molakalmuru.

8. GENERAL CONDITION OF THE DISTRICT.—Good. Cholera prevailed in some villages of Davangere Taluk.

No. D. 347, DATED BANGALORE, 18TH APRIL 1892.

ORDER THEREON.—Recorded.

READ:—

Letter No. 15, dated 15th April 1892, from the Deputy Commissioner, Bangalore District, requesting that a sum of Rs. 5,000 be placed at his disposal for starting a few works in the Taluks of Dodballapur, Nelamangala and the Sub-Taluk of Channapatna.

No. D. 348, DATED BANGALORE, 19TH APRIL 1892.

ORDER THEREON.—Sanctioned.

READ:—

Letter No. 1141, dated 23rd March 1892, from the President, Municipal Commission for the City of Bangalore, requesting that a grant of Rs. 5,000 be made by Government to the Bangalore City Municipality for constructing Drinking Water wells in the City.

No. D. 349, DATED BANGALORE, 19TH APRIL 1892.

ORDER THEREON.—The grant of a sum of Rs. 5,000 from Provincial Revenues to the Bangalore City Municipality for the construction of Drinking Water wells is sanctioned.

Letter No. 1027, dated 9th April 1892, from the Deputy Commissioner, Tumkur District, reporting that the recent rains in the Tumkur Taluk have been of great benefit to the raiyats who have commenced to till their lands, and that almost all the tanks in the Taluk have received a good supply of water.

No. D. 356, DATED BANGALORE, 21ST APRIL 1892.

ORDER THEREON.—Recorded.

Report No. 1071, dated 15th April 1892 (of which an Abstract is given below), from the Deputy Commissioner of Tumkur on the result of his inspection of three of the Relief Works in the Kunigal Taluk :—

ABSTRACT.

WORKS INSPECTED.—(1) Kurdihalli Tank, (2) Bhaktarahalli Tank and (3) Chikmaralvadi Tank, all minor tanks, the earthwork required for which was being executed. The first had been completed, the second almost completed and the third half done. The first mentioned tank had received water very nearly to the brim of the kodi, but the sluice of it was leaky. The leak was however stopped. The kodi of the second and third tanks was out of order, in consequence of which the tanks could not retain any water during the recent rains. The repair of the latter would be undertaken by the Revenue Department ; that of the former being likely to exceed Rs. 500 the Executive Engineer had been asked to do it.

The rate of wages on the three works was 8 cubic yards per rupee, the Public Works Department rate in the neighbourhood being 6¾ cubic yards per rupee. As the ground had become soft owing to the recent rains, the rate would be reduced to 9 cubic yards per rupee.

No. D. 357, DATED BANGALORE, 21ST APRIL 1892.

ORDER THEREON.—Recorded.

Wages ought to be varied with reference to the prices of food grains.

Letter No. 125—17, dated 14th April 1892, from the Inspector General of Police, submitting a list of Totis and Talaris employed in watching high roads, &c., in the Tumkur District, and recommending that remuneration be sanctioned for them at Rs. 3 per man per mensem.

No. D. 359, DATED BANGALORE, 21ST APRIL 1892.

ORDER THEREON.—The statement received with the letter cited above shows that there are 228 Totis and Talaris employed in watching high roads, passes, &c., in the Tumkur District, distributed as shown in the margin. None of them is in receipt of any remuneration. Having in view the present season of high prices, the Government are pleased, as a temporary measure, to sanction remuneration for them at Rs. 3 per man per mensem from the 1st April 1892, until further orders.

Diary (of which an Abstract is given below) of Mr. B. G. Krishnaiengar, Assistant Commissioner, on Special duty, for the fortnight ending 27th March 1892, received with docket No. 671—635, dated 4th April 1892, from the Deputy Commissioner, Chitaldroog.

ABSTRACT.

The Special Officer, assisted by Mr. Srinivasa Rao and Thandavaraya Mudaliar, inspected wells in the Taluks of Chitaldroog, Challakere, Molakalmuru and Jagalur and granted new loans in them. The Deputy Commissioner who was conducting jamabandi in the Hiriyur Taluk granted loans in that Taluk. The number and amount of new loans granted were as follows :—

Taluk.	By whom granted.	Number of loans.	Amount of loans sanctioned.			Amount paid on account of 1st instalment.		
Chitaldroog	Assistant Commissioner on special duty ...	9	1,625	0	0	800	0	0

Hiriyur	Deputy Commissioner	4	800	0	0	...	0	0
	Total.....	133	22,715	0	0	14,604	8	0

The following sums were paid on account of second instalment :—

	Rs.
Challakere Taluk	1,325
Molakalmuru do	1,000

The subjoined table shows the number and amount of loans sanctioned in the several Taluks of the Chitaldroog District up to date of report:—

No.	Taluks.	No. of loans sanctioned.			Amount sanctioned.		
		For new Wells.	Old Wells.	Total.			
1	Chitaldroog	32	25	57	12,955	0	0
2	Challakere	43	63	106	19,300	0	0

	Total.....	162	174	336	68,445	0	0

Mr. Krishnaiengar had travelled over the whole District, except Hiriyur. There was little or no demand for regular relief works. People had ample work on the wells, which with the Saguvali kattés sanctioned in different parts of the District were expected to provide for all those that stood in need of work for some time more. Many relief works were kept open, but in spite of ample publication, coolies were slow to take advantage of the same.

Owners of large Saguvali kattés complained of the restriction as to the amount of loans grantable under the Saguvali katté Rules. As doubts were entertained if they could apply for larger sums under the General rules framed under the Land Improvement Regulation, Mr. Krishnaiengar explained to them that there was no objection to their availing themselves of those rules, provided their lands were valuable and they could give security. The Deputy Commissioner is also of the same opinion.

The Madigars and Holiyars of Hirehalli who were in need of drinking water wells asked for grants-in-aid of Rs. 50, and promised to contribute personal labor. In all such cases it was better to grant such help to the villagers concerned than to undertake to excavate wells at great cost without the co-operation of raiyats. In every Taluk that Mr. Krishnaiengar passed through, the Amildars felt great difficulty in getting wells excavated without such co-operation, grants having been made on the suggestion of Local Fund Members without the villagers undertaking to see to the completion of the works. Hence delay in the completion of such works.

The Deputy Commissioner has asked the Amildar to attend at once to the application of the Madigars and Holiyars of Hirehalli, and with reference to the other remarks, states that wells were sanctioned on the recommendation of Amildars, that these had been directed to get the work done by the villagers concerned, and that the delay in the completion of some of the wells was due to the difficulty felt in getting skilled labor required to do the stone work.

No. D. 367, DATED BANGALORE, 22ND APRIL 1892.

ORDER THEREON.—It is noted that loans have been sanctioned for 336 wells in the Chitaldroog District up to date, to the extent of Rs. 68,445 out of a sanctioned allotment of Rs. 80,000. The work done by the Special officer is satisfactory.

2. Owners of Saguvali kattés who want loans of larger sums than those provided in the Special rules for the improvement or restoration of their Saguvali kattés can obtain them under the provisions of the General rules under the Land Improvement Loans Regulation contained in Notification No. 70 A, dated 4th January 1892.

[*N. B.*—Five works which were partly under progress in previous fortnights but on which no coolies attended during the fortnight under report, had been omitted in the return received from the Deputy Commissioner.. They have been included in the first and last columns of the above table. The aggregate amount entered against the Hampanur tank, Chitaldroog Taluk, was Rs. 48—8—0 whereas it should have been Rs. 48—0—8. This mistake has been rectified]. All the works were carried on on the Amani system and were in charge of Patels. The wages paid were 2 annas 3 pies, 1 anna 6 pies, and 1 anna for men, women and children, respectively.

II. DRINKING WATER WELLS.—The following table shows the number of wells sanctioned, completed and under construction :—

Stringent orders have been issued to the Amildars of Challakere, Holalkere, Hiriyur and Davangere to push on the works remaining under construction quickly and vigorously.

No. D. 370, DATED BANGALORE, 22ND APRIL 1892.

ORDER THEREON.—The Deputy Commissioner's attention is drawn to the inaccuracies noted above in the Return No. 1 submitted by him.

2. It is noted with satisfaction that 26 wells were completed during the fortnight.

READ :—

Letter No. 93—13, dated the 11th April 1892, from the Inspector General of Police, submitting a list of Totis and Talaris employed on Police duty in the Chitaldroog District and requesting that remuneration be sanctioned for them.

No. D. 371, DATED BANGALORE, 22ND APRIL 1892.

ORDER THEREON.—From the list submitted with the letter cited above, it is observed that there are in the Chitaldroog District 107 men actually doing duty without remuneration. It is proposed to reduce 4 of the existing men from the Molakalmuru Taluk and to appoint 23 new persons in other Taluks, thus raising the number to 126 men. It is also proposed that some of the men should get Rs. 4 while the others should be paid Rs. 3 only. The Government are of opinion that all men should be paid at the uniform rate of Rs. 3 per mensem.

2. Remuneration at Rs. 3 each per mensem is accordingly sanctioned as a temporary measure for the 126 men referred to above, who will be distributed as shown in the margin. This sanction will, in regard to the 103 men now actually doing duty, have effect from 1st April 1892, and in regard to the 23 men to be newly appointed, from the date of their actual employment.

Docket No. F. D. 12, dated 13th April 1892, from the Deputy Commissioner, Bangalore District, submitting, with reference to the instructions contained in this Office letter No. D. 61, dated 31st December 1891, an estimate for Rs. 3,713 for repairing the Kadanur Hirikere Tank in the Dodballapur Taluk as a Relief Work under Revenue agency.

No. D. 372, DATED BANGALORE, 22ND APRIL 1892.

ORDER THEREON.—The estimate received with the above is sanctioned as it understood that the work is much needed as a Relief Work in the Dodballapur luk.

READ:—

Docket No. 84—80, dated the 20th April 1892, from the Deputy Commissioner, Shimoga District.

No. D. 375, DATED BANGALORE, 23RD APRIL 1892.

ORDER THEREON.—A sum of Rs. 5,000 is placed at the disposal of the Deputy Commissioner, Shimoga District, for Village Relief Works, to be met from the allotment made for the purpose in Proceedings No. D. 98, dated 22nd January 1892. The total amount placed at the disposal of this Deputy Commissioner, inclusive of the amount now sanctioned, is Rs. 10,000.

READ :—

Letter No. 1065, dated 14th April 1892, from the Deputy Commissioner, Tumkur District, recommending the grant of a loan of Rs. 400 to Subbanna and Narasim Sastri, Jodidars of Yerrakatte Village in the Chiknayakanhalli Taluk, for the restoration of their village tank, upon the terms specified in Government Proceedings No. D. 29, dated 13th December 1891.

No. D. 376, DATED BANGALORE, 23RD APRIL 1892.

ORDER THEREON.—The grant of the loan applied for, to be repaid in 5 annual instalments and to carry interest at 5 per cent per annum, is sanctioned. The charge will be met from the Provincial Revenue.

Letter No. 3509—388, dated 31st March 1892, from the Inspector General of Police, submitting a list of Totis and Talaris employed in watching high roads, &c., in the Hassan District and recommending the payment of remuneration to them.

No. D. 378, DATED BANGALORE, 23RD APRIL 1892.

ORDER THEREON.—It appears from the list received with the letter cited above that there are 13 "Ukkads" or out-posts which command a like number of roads in the Hassan District and that only 5 of these roads are patrolled by Totis and Talaris. The number of men available for this work is 54 and out of these the Deputy Commissioner proposes to employ 52, assigning 4 men to each of the Ukkads in the District and recommends a remuneration of Rs. 2 per man per mensem.

2. The Government are pleased to sanction, as a temporary measure, the grant of remuneration at Rs. 3 per man per mensem to the 52 Totis and Talaris above referred to, who will be placed for duty in the Taluks named on the margin. The rate of remuneration is fixed at Rs. 3 so that it may be uniform with that sanctioned for other Districts.

Report dated 15th April 1892 (of which an Abstract is given below) from the Deputy Commissioner, Hassan District, on the condition of the Holé-Narsipur Taluk :—

ABSTRACT.

There was no real difficulty in respect of drinking water except in one place, *viz.*, Hirihalli, as raiyats had provided themselves with temporary wells in the beds or below tanks and these afforded a good supply. The deepening of the old well at Hirihalli at an estimated cost of Rs. 178, was ordered.

There was no real necessity for Relief Works. Works had been marked for future contingencies.

There was sufficient grain in the Taluk to last for more than two years.

There were stacks of ragi and paddy straw in many villages and the draught bullocks were well fed. There was no green grass. Cattle kept for manuring purposes were ill-fed and emaciated.

There were showers of rain both in the Malnad and in the Maidan parts of the District and there was indication of more rain coming. Raiyats were hopeful and had commenced agricultural operations. Prospects of the season were most encouraging.

The following report on the condition of the Bangalore District, for the fortnight ending 15th April 1892, received with docket No. 20, dated 18th idem, from the Deputy Commissioner of Bangalore :—

STATE OF AGRICULTURE AND CROPS.—Owing to a slight fall of rain during the fortnight, ploughing was attempted in a few parts of Bangalore, Closepet, Nelamangala and Anekal. The fall was scanty and partial and so was of little or no use.

Sugar-cane is sown wherever water is available, in parts of Kankanhalli, Nelamangala and Bangalore. Bengal-gram harvested in Hoskote. Sugar-cane and potatoes in Devanhalli Taluk. Out-turn 8 annas. Bengal-gram in the bed of the Yelahanka tank is stated not to be quite satisfactory.

WATER-SUPPLY.—Rain fall registered at Taluk Head-quarters, as follows:—

	Inches.	Cents.
Bangalore	1	14
Hoskote	...	...
Devanhalli	...	...
Dodballapur...	0	40
Nelamangala	0	52
Kankanhalli...	0	80
Magadi	0	8
Closepet	1	7
Channapatna	0	50
Anekal	0	30

Wells are being sunk wherever necessary for drinking water. A few tanks in the District are reported to have received from 8 days to 2 months' supply.

PUBLIC HEALTH.—Good. Fever and small-pox to a slight extent, excepting in Kankanhalli and Closepet Taluks.

CATTLE AND FODDER.—Cattle are fed on leaves. Fodder scarce. About 15,450 head of cattle are stated to be taken to District Forests and Plantations. Dod-roga prevails in parts of Anekal. Owing to want of fodder, cattle are stated to be dying in parts of Nelamangala.

FOOD GRAINS.—Markets well supplied. Prices stationary.

RELIEF WORKS.—Number of coolies employed on Relief Works are as below:—

Dodballapur	271
Bangalore	47
Devanhalli	42
Channapatna	32

The following report of the Closepet Sub-Division Officer on the condition of the Sub-Division for the same period received with the above:—

STATE OF CROPS.—The standing sugar-cane crop is reported to be withering.
PRICES—FOOD GRAINS.—Stationary.
FODDER.—The straw stocked in the last harvest is being used sparingly and paddy straw is being imported from the Mysore District.
WATER-SUPPLY.—Some tanks in the Kankanhalli and Closepet Taluks have received a supply for one or two months from the recent rain fall and there is flow of water in Arkavati stream to the extent of one foot. Channapatna Town has been lately well supplied with drinking water. 3 temporary wells are sunk in the bed of Kunirkatte, close to the new flight of steps with plenty of spring water in them. The Petta people freely use this water. The well for the use of Dayeras below the tank has been completed and there is 12 feet of water in it. The new well in the Fort has sufficient water in it.
GENERAL HEALTH.—Small-pox has subsided in the Magadi Taluk.
DEMAND FOR LABOR.—Work on the Kothnur Tank has come to a stand-still for want of labor. The laborers instead of doing the task work demand wages at the rate of 4 annas a day which is too much. From this it is inferred that they don't care to work.

Report (of which an Abstract is given below) on the condition of the Tumkur District and of the Taluks of Maddagiri, Sira and Pavagada for the fortnight ending 31st March 1892, received with docket No. 1032, dated 11th April 1892, from the Deputy Commissioner, Tumkur District:—

ABSTRACT.

STATE OF CROPS.—Harvest nearly over in the Taluks of Maddagiri, Sira and Pavagada. Paddy was being harvested under the Torur Tank in the Tumkur Taluk and under the Timlapur Tank in the Huliyar Sub-Taluk. Bengal-gram was harvested in some of the tank beds of the Gubbi Taluk. The out-turn was from 2 to 6 annas.

STANDING CROPS.—Jola and Bengal-gram in tank beds were in a fair condition. Paddy under wells was thriving, but that under tank beds was not so. Sugar-cane under the Kunigal Doddakere Tank was fading for want of water. In the

Taluks of Maddagiri, Sira and Pavagada, the Vaisakha paddy and young ragi were generally in good condition. Want of water for further development of crops was beginning to be felt in parts of these Taluks.

FOOD SUPPLY.—Markets were well supplied.

PRICES.—Almost stationary, the price of ragi went down a little.

FODDER-SUPPLY.—Scanty. Cattle very much emaciated. Date leaves used extensively.

WATER-SUPPLY.—New wells sunk by Government were of much use. Some wells had also been sunk in tank beds by raiyats at their own cost. Some hondas for cattle ordered to be dug up in tank beds.

DEMAND FOR LABOR.—In Maddagiri, Sira and Pavagada, laborers were largely employed on private works. Labor could not be procured for the two Relief Works opened in the Maddagiri Taluk. In one instance complaints were made that Village officers pressed the villagers to do earth-work and receive wages. The officers concerned were informed through the Amildar that there was no necessity for compelling people to do Relief Work and the Amildar's attention was drawn to the observation of the Dewan in para 269 of his Notes on Tour. There was a large number of Relief Works in progress in other parts of the District and the number of coolies on them showed that the works were of some help to the poor people.

GENERAL CONDITION OF THE DISTRICT.—Influenza prevailed in Tumkur, Kunigal and a few other places.

The following report on the condition of the Kolar District for the fortnight ending 31st March 1892, received with docket No. 124-25, dated 7th April 1892, from the Deputy Commissioner, Kolar District:—

1. RAIN-FALL.—There were 40 cents of rain at Kolar, and 15 cents at Chintamani on the 31st March 1892. Rain varying from $\frac{1}{4}$ to $\frac{1}{2}$ hada fell in some of the villages of the Kolar Taluk and of the Yaladur Hobli of the Mulbagal Taluk, and in 3 villages of the Srinivaspur Sub-Taluk.

2. STATE OF CROPS.—Standing crops under wells and springs are reported to be in a pretty good condition, sugar-cane is being planted under wells. Bengal-gram and jola are harvested in parts, but the out-turn is reported to be poor. Sugar-cane mills are still at work in some places. The season for cultivating the beds of tanks with Bengal-gram and jola has passed away. Attempts are being made to raise some other quick growing crops in the beds.

3. SUPPLY OF FOOD GRAINS.—Markets are generally well supplied.

4. WATER-SUPPLY.—Is getting scarce; old wells are deepened and new wells dug to supply the want.

5. FODDER-SUPPLY.—Diminishing; leaves of trees, aloe stumps and prickly pear are used as fodder.

6. PRICES.—Stationary.

7. DEMAND FOR LABOR.—Relief Works are in progress in affected parts. The laboring classes still find private employment such as digging wells, collecting Tangàdi bark and Amarayi produce under contractors.

8. GENERAL CONDITION.—No change during the week.

The Sub-Division Officer's report is hereto attached.

Report (of which an Abstract is given below) on the condition of the Chikballapur Sub-Division for the fortnight ending 31st March 1892, submitted by the Sub-Division Officer:—

ABSTRACT.

STATE OF CROPS.—Crops harvested. The crushing of sugar-cane was over. Jola had been harvested in many parts and was being cut in a few places. Jola and Bengal-gram in tank beds were being harvested.

STANDING CROPS.—The standing rice crop under spring wells was doing well.

CULTIVATION.—Sugar-cane had been planted in most places and was being planted in others.

MARKETS AND PRICES.—The markets were well supplied and the prices continued stationary.

FODDER-SUPPLY.—Insufficient, and in consequence the village cattle were deteriorating.

WATER-SUPPLY.—Difficulty was being experienced in most places. Wells were being sunk in tank beds and elsewhere.

DEMAND FOR LABOR.—There was no great demand for labor. Relief Works were not well attended and the Railway and larger Public Works found difficulty about getting labor. Tank works attracted only such as were to be benefited thereby and the people did not resort to them mainly for getting wages.

[The Deputy Commissioner observes that the majority of the coolies were from the lower classes, as Pariahs, &c., or such as were not landholders. He has called for a report on the subject].

Amani cultivation in tank beds was impracticable as the season for jola and Bengal-gram was past, and it was too late even for melons.

[The Deputy Commissioner suggests the cultivation of Indian maize and sweet potatoes as in Kolar and other Taluks].

The collection of Tangadi bark was progressing slowly and the field was preoccupied by professional traders who had made advances to coolies for the collection of the bark. Besides, the separation of the bark from the plant would be more difficult as the hot season advanced.

[The Deputy Commissioner remarks that the work may continue, the coolies being paid on the quantity collected, and that as this is a closed season no licenses would be issued to traders].

Tanks and roads would be about the most suitable form of Relief Works on which labor could be concentrated, supervised and paid, and the opening of many sided Relief Measures would be hard of management.

[The Deputy Commissioner does not agree with the Sub-Division Officer and says it would be an advantage to have different kinds of Relief Works as affording suitable employment to different professions].

GENERAL CONDITION.—Not altered since last report.

The inhabitants of the Palkanthalli village in the Mulbagal Taluk represented to the Special officer that Government should undertake the repair of their village tank which was in a ruined condition. The Deputy Commissioner observes that there are many other tanks in a similar condition and that Government cannot undertake to repair all of them at once.

The drinking water well in the Bavanatta village had run dry. The construction of a new well or the deepening of the old one was recommended by the Special officer. The Deputy Commissioner has called upon the Amildar to submit an estimate.

The following report on the condition of the Hassan District for the fortnight ending 15th April 1892, received from the Deputy Commissioner of Hassan.

CONDITION OF CROPS.—Standing crops kar-paddy and sugar-cane are reported to be in good condition in parts of Manjarabad, Belur, Channarayapatna and Grama Taluks.

PRICES OF FOOD GRAINS.—Weekly markets are well supplied. The prices of food grains are stationary.

SUPPLY OF WATER.—Rain fell in all the Taluks, and the raiyats are engaged in ploughing up their lands, but more rain is wanted. Some of the tanks in the Maidan Taluks have received a supply of water to last from 1 to 2 months. In other places the raiyats use the water from the pits which they have sunk in the bed of the tanks or below them or from the wells in their gardens. There is no real difficulty in getting drinking water.

FODDER FOR CATTLE.—Generally available. Date leaves are being used in the Arsikere Taluk.

PUBLIC HEALTH.—Small-pox still prevalent in Hassan, Belur and Arsikere Taluks. Murrain also is prevalent in parts of Belur and Hassan Taluks. Some cholera cases have been reported from Holé-Narsipur, Channarayapatna and Grama.

DEMAND FOR LABOR.—There is demand for labor from private parties and in the Public Works Department. The attendance of the laborers on the Public Works Department works is not great which shows that the time has not as yet come for opening Relief Works. Municipal work sanctioned at Holé-Narsipur Kasaba has been postponed for want of labor.

Letter No. 712-672, dated 21st April 1892, from the Deputy Commissioner, Chitaldroog District, reporting that 32 applications for loans amounting to Rs. 4,500 for the construction and repair of Saguvali Kattes are pending before him, and that, if the rains hold off, more loans will have to be granted, and requesting that a further sum of Rs. 10,000 be placed at his disposal for granting such loans.

No. D. 390, DATED BANGALORE, 24TH APRIL 1892.

ORDER THEREON.—The sum of Rs. 20,000 allotted for loans for Saguvali Kattes in the Chitaldroog District having been exhausted, a further sum of Rs. 10,000 is now placed at the disposal of the Deputy Commissioner from the General Revenue for the grant of such loans. As the season for the construction and repair of Saguvali Kattes has far advanced and as the rains have commenced in some parts of the District, care should be taken to grant the loans only in cases in which they will be immediately availed of.

The following report on the condition of the Kadur District for the fortnight ending the 15th April 1892, received from the Deputy Commissioner of Kadur.

STATE OF CROPS.—The few standing crops namely, paddy, sugar-cane and pepper are in fair condition. Maize has been sown on an extent of 28 acres in the bed of the Esvarahalli tank. The plants which were withering for want of rain have been somewhat benefited by the rains which fell lately.

SUPPLY OF FOOD GRAIN.—The markets were fairly supplied with rice and ragi which are the chief food grains.

SUPPLY OF WATER.—Fair in Malnad and scanty in Maidan. Well works are in progress. The rains which fell throughout the District lately have, to a small extent, bettered the water-supply.

FODDER FOR CATTLE.—Generally fair in Malnad but still scanty in the Maidan parts. However some grass has sprouted up here and there after the recent rains. A few of the cattle of the Kadur Taluk have been drafted to the Malnad and some are fed upon jola stalks imported from Ajjampur.

RISE AND FALL OF FOOD GAINS.—

Grain.	Present fortnight.	Past fortnight.
Rice ...	7 to 12	8 to 12
Ragi ...	16 to 22	16 to 22
Gram ...	12 to 15	13 to 15

Prices steady.

DEMAND FOR LABOR.—The land owning coolies employed on coffee and areca nut gardens, are returning to their homes to resume ploughing operations in their fields.

GENERAL CONDITION OF THE DISTRICT.—Generally good. The Village Relief Works which are sanctioned have not been started as there are no indications of any scarcity as yet.

PUBLIC HEALTH.—Generally good. Small-pox continues to prevail in the Mudgere, Chikmagalur Taluks as also in the Sringeri Jahgir.

Diaries (of which an Abstract is given below) of Mr. Kumaraswami Naik, Probationary Assistant Commissioner, on Special duty, in the Bangalore District, from the 26th December 1891 up to 19th March 1892, received with letters Nos. 1032 and 1066, dated the 17th and 28th March 1892, from the Deputy Commissioner of Bangalore.

ABSTRACT.

Mr. Kumaraswami Naik entered upon the Special duties in connection with granting loans for Irrigation wells in the latter part of December 1891, but was not able to grant any loans till the first week of February 1892. People were generally ignorant of the rules and in some places they had misconceptions as to the scope and effect of the rules. Hence there were very few applications. Under the orders of the Deputy Commissioner, Mr. Kumaraswami Naik went round to the several Taluks of the District, inspected a large number of villages, convened meetings of raiyats and explained the rules. People nevertheless evinced much hesitation. A number of applications that were put in were afterwards withdrawn. In a large number of cases, the applicants failed to make trial borings or to pay the deposit amount of Rs. 5 and in not a few they absented themselves when required to give personal security, as provided in para 12 of Proceedings No. 7531-40—Cir. 133, dated 29th September 1891.

In many parts of the District, the system of well irrigation was not known. In the Chickpet Taluk and the Channapatna Sub-Taluk, people were said to be too indolent to construct Irrigation wells, as their paddy fields were under tanks and their cocoanut gardens which were old ones did not require any irrigation. But in the Anekal Taluk, and especially near Agaram, people, who were well-to-do, were sinking Irrigation wells of their own accord in the belief that wells sunk in this season of drought would have an unfailing supply of water.

The following table shows the progress made weekly in granting loans :—

The following remarks of the Deputy Commissioner on the said diaries :—

(1). Weekly diaries in spite of reminders have not been submitted ere this. The Probationary Assistant will make himself liable to serious remarks if a diary for the preceding week is not received in the Deputy Commissioner's Office punctually on the Monday following.

(2). The Assistant's attention is drawn to the latter part of para 6 of Government Proceedings No. 9798-803—157, dated 12th December 1891, that no loan be granted until sanction of the Deputy Commissioner is obtained in each case.

(3). Progress of each work for which money has been advanced should be reported monthly Talukwar.

(4). Remarks on crops, village sanitation, drinking water wells, &c., should be communicated to the Amildars of Taluks concerned for necessary action.

(5). The diaries should be condensed to a sheet of foolscap.

No. D. 395, DATED BANGALORE, 25TH APRIL 1892.

ORDER THEREON.—The Government share the hope expressed by the Deputy Commissioner of Bangalore that as a result of the steps taken by Mr. Kumaraswami Naik to explain the rules to the raiyats a large number of applications may, in course of time, be put in for loans for Irrigation wells in the Bangalore District.

2. The orders issued by the Deputy Commissioner are generally approved. The Probationary Assistant Commissioner's remarks on the state of crops, water-supply and other matters which may be referred to him by the Deputy Commissioner might, with advantage, be communicated to the Deputy Commissioner in a *separate* report or diary, so that the diary submitted to Government regarding the progress of Irrigation wells might not be unnecessarily long.

3. Mr. Kumaraswami Naik will be informed that, under the order of Government in Proceedings No. 7531-40--Cir. 133, dated 29th September 1891, personal security is to be called for only in exceptional cases. Ordinarily the land with the well would be sufficient security. It is feared that Mr. Kumaraswami Naik has not properly understood this important provision in the rules and that his consequently insisting upon personal security in a large number of cases has led to the very meagre results attained by him.

Diaries (of which Abstracts are given below) of Messrs. Kumaraswami Naik and Bapu Rao, Special officers in the Bangalore District, for the week ending 26th March 1892, received with docket No. 10, dated 11th April 1892, from the Deputy Commissioner of Bangalore :—

ABSTRACT.

I. MR. KUMARASWAMI NAIK'S DIARY.—He inspected 49 villages and approved of 33 wells; submitted recommendation to the Deputy Commissioner for granting a loan of Rs. 2,300 in respect of 8 new wells in the Dodballapur Taluk; and observed, in the six Hoblis of the Dodballapur Taluk visited by him, and elsewhere, that people were sinking several Irrigation wells without the aid of Government loans. (The Deputy Commissioner notes that there is great activity in this direction everywhere.)

Recommended repair of a drinking water well at Kattehosahalli. (The Amildar has been ordered by the Deputy Commissioner to take it up at once).

Noticed that slight symptoms of famine seemed to appear in the Dodballapur Taluk, where except in a few villages the out-turn of crops was very bad and cattle were suffering much from want of water and sufficient fodder. Inspected two Relief Works, on one of which there were 30 coolies, among them some poor Muhammadans and men of the agricultural classes. (Noted by the Deputy Commissioner.)

II. MR. BAPU RAO'S DIARY.—He selected sites for Hariali cultivation and examined village maps and accounts regarding them; inspected two Irrigation wells which were under progress on the margin of the Hoskote tank and 3 wells with reference to which there were applications for loans; inspected also the well and bathing ghats which were being built, amani at Hoskote; observed that at the Hullur Santé a large number of otherwise useful cattle were sold for half their values and some to butchers; and brought to notice the diffi-

culty experienced there for drinking water. (The Deputy Commissioner notes that he has already told the Amildar to provide for a well there and has again issued orders.)

No. D. 396, DATED BANGALORE, 25TH APRIL 1892.

ORDER THEREON.—Recorded.

2. The activity in regard to the construction of new Irrigation wells, noticed by Mr. Kumaraswami Naik during his second tour through the Doddballapur Taluk, shows that people have been awakened to a sense of the value of such wells.

The following report on the condition of the Kolar District, for the fortnight ending 15th April 1892, received with docket No. 342—74, dated 21st instant :—

1. RAIN-FALL.—The quantity of rain gauged in the District was as follows :—

	CENTS.
Bowringpet	25
Mulbagal	10
Goribidnur	75
Malur	20
Srinivaspur	11

Rain also fell in the interior of the above Taluks varying from $\frac{1}{4}$ to $\frac{1}{2}$ hada. The Chandandur tank in the Goribidnur Taluk received a supply of water lasting for 15 days.

2. STATE OF CROPS.—Crops under wells and Talaparagis are generally in good condition. Jola, sugar-cane and sweet potatoes were harvested in parts. In parts of the Goribidnur Taluk, raiyats are ploughing their fields and carting manure wherever feasible. Sugar-cane planting under wells continues.

3. SUPPLY OF FOOD GRAINS.—Markets are generally well stocked.

4. WATER-SUPPLY.—Is becoming scarce day by day. Old wells are being deepened and new wells sunk to meet the want.

5. FODDER-SUPPLY.—Difficulty is experienced in procuring fodder. Leaves of trees, stump of aloe, prickly-pear, &c., are utilized as fodder.

6. PRICES.—Almost stationary.

7. DEMAND FOR LABOR.—Relief Works are started in places where they were required. Coolies find employment in digging Irrigation and drinking water wells, collecting amarayi produce and tangadi bark.

8. GENERAL CONDITION.—No material alteration during the week.

The following report of the Sub-Division Officer, Chikballapur, on the condition of the Sub-Division for the same period received with the above :—

1. RAIN-FALL.—During the first ten days of the month, slight showers of rain fell in the Chikballapur and Goribidnur Taluks. The fall near the Hill range in the Goribidnur Taluk was specially heavy, and has enabled the raiyats to commence ploughing. Chandandur tank received ten days' supply of water. In other respects, the condition of the Sub-Division remains unchanged.

2. CROPS.—Sugar-cane planting is still going on under wells and Talapargis excavated in tanks. Sugar-cane already planted, the standing jola crop and paddy under wells are doing well except in some parts where the newly planted sugar-cane is not doing very well, owing to insufficiency of water. The jola crop in tank beds is pretty well in some parts and drying up in others. Jola crop is being harvested.

3. MARKET AND PRICES.—The markets are well supplied and the prices are stationary.

4. THE STATE OF CATTLE, FODDER AND WATER.—Village cattle are suffering. Fodder and water are scarce. Cattle are being fed on date leaves in Goribidnur and on fig and banyan leaves in Gudibanda.

5. PUBLIC HEALTH.—Public health continues to be good.

6. DEMAND FOR LABOR.—Relief Works, Irrigation loan wells sunk by private individuals and sugar-cane planting are affording ample field for the laboring classes for earning wages.

Letter No. 44—5, dated 20th April 1892, from the Deputy Commissioner, Hassan District,

reporting, with reference to the order conveyed in Proceedings No. D. 306, dated 5th idem—

(1) that estimates for drinking water wells at Arsikere sanctioned before the issue of order in Proceedings No. D. 152, dated 16th February 1892, for submission of Progress Returns, are in progress,

(2) that 2 wells sanctioned recently for the Channarayapatna Taluk are under construction,

(3) that, for reasons explained in letter No. 2, dated 16th April 1892, it is not necessary to construct drinking water wells in the Holé-Narsipur Taluk, and

(4) that the necessity for opening Relief Works has not as yet arisen in the said three Taluks.

No. D. 399, DATED BANGALORE, 26TH APRIL 1892.

ORDER THEREON.—The statement of the Deputy Commissioner that *estimates* are in progress regarding 2 wells sanctioned prior to 16th February 1892, indicates an amount of delay which is unsatisfactory.

2. Progress reports in the form prescribed by Government should be submitted regarding wells sanctioned and still under construction.

Diary (of which an Abstract is given below) of Mr. Kumaraswami Naik, Probationary Assistant Commissioner, on Special duty, for the week ending 2nd April 1892, received with docket No. 16, dated 14th idem, from the Deputy Commissioner of Bangalore.

ABSTRACT.

Mr. Kumaraswami Naik inspected wells in 19 villages; selected 31 cases for the grant of loans, 20 in the Dodballapur Taluk and 11 in the Bangalore Taluk, involving Rs. 3,150 and Rs. 2,650 respectively; and submitted recommendations to the Deputy Commissioner in those cases.

The number of applications presented in the Dodballapur Taluk during his present tour was much larger than on the previous occasion. They were referred to the Amildar for early report.

Applications were received in the Bangalore Taluk from Tiglars and others owning fruit, vegetable and flower gardens, very small in area but rich and productive. Orders solicited as to whether loans could be granted to them as the crops raised by them were not very important so far as land revenue was concerned. (The Deputy Commissioner notes that similar applications were made to him at Dodballapur and observes that he does not see why such applications should be refused).

Grantees of loans experienced much difficulty in procuring labor as a large number of wells and other works was being constructed everywhere. The cost of wells was thus increasing gradually.

Some 2 or 3 applicants returned the loans obtained by them owing to want of labor and other inconveniences.

No. D. 400, DATED BANGALORE, 26TH APRIL 1892.

ORDER THEREON.—The statement submitted by Mr. Kumaraswami Naik, should show which of the recommendations made by him were approved by the Deputy Commissioner, and to what extent loans were actually granted.

2. The names of the applicants who returned the loans obtained by them should be reported in view to the necessary corrections being made in the returns submitted to this office.

3. There is no objection to loans being granted for construction of wells in small fruit, vegetable and flower gardens, provided that the security of the land and well, having regard to the market value of the same, is sufficient under the rules.

Diary (of which an Abstract is given below) of Mr. H. V. Nanjundaiya, Sub-Judge, on Special duty, for the week ending 19th March 1892, received with docket No. 3734—890, dated 22nd idem, from the Deputy Commissioner, Kolar.

ABSTRACT.

Wells in 23 Villages were inspected during the week.

The following table shows the number and amount of loans sanctioned during the week :—

All except one of the eight applicants of Sundarapalya had dug wells beyond the limits of their lands in kharab lands. Their applications were rejected.

The Pujari of a temple at Madivalu applied for a loan to improve the temple Inam land, but the Special Officer was obliged to decline to grant it as the man had no right to alienate the land. The Special Officer, however, observes that it seems to him the holder of an Inam like that has the same right to encumber the estate for beneficial or necessary purposes, as the Manager of a Hindu family has, and that for such an improvement he has every right to mortgage the land. The Deputy Commissioner notes that the question of advancing loans to owners of service Inam lands is pending before Government.

The necessity for a drinking water well at Banagere and the delay in starting the relief work at Maradagatta, pending the Amildar's personal inspection, notwithstanding that, as urged by the Patel, there were many persons without work, were brought to notice. The Deputy Commissioner directed the Amildar to submit estimates and report.

The representations made by the Patel of Chinchandahalli and by the people of Banavara for a relief work being started in the former village and for the Kodagi Tank in the latter village being repaired as a relief measure, were also brought to notice. The Deputy Commissioner remarks with reference to this that every villager wants his tank to be repaired.

No. D. 401, DATED BANGALORE, 26TH APRIL 1892.

ORDER THEREON.—Orders have been issued in Proceedings No. 292, dated 31st March 1892, on the question of granting loans for constructing Irrigation wells to Inamdars and holders of Service Inams. The case of a temple servant who proposes to mortgage temple land for a loan applied for by him for constructing a well in the land cannot however be dealt with under those orders. He is in the position of a trustee and has the right to do all necessary and proper acts for improving the value of the trust property. Where there is every prospect of the well proving a success and a permanent improvement, a loan can be given to a Pujari on the security of the temple lands, care being always taken to ensure the actual expenditure of the money lent on the proposed well. It will be seen from clause (*c*) para 1 of Section 7 of the Land Improvement Loans Regulation, 1890, that land benefited by means of a work is security for a loan granted for the execution of such work. If Government do not proceed to take the extreme steps of a sale in the case of temple lands, they can readily recover any arrears from the produce in a few years. The real security, after all, is the well, and care should be taken that the loan is actually spent upon it.

2. The returns received from the Deputy Commissioner show that the relief work at Maradagatta had not been started up to the 31st March 1892. The special attention of the Deputy Commissioner is drawn to this point.

Report (of which an Abstract is given below) on the condition of the Chitaldroog District for the fortnight ending 15th April 1892, received with docket No. 705—665, dated the 20th idem, from the Deputy Commissioner, Chitaldroog District.

ABSTRACT.

RAIN-FALL.—Rain fell in most of the Taluks as noted below :—

Taluks.	Inches.	Cents.
Chitaldroog	...	32
Hiriyur	...	15
Holalkere	...	30
Davangere	...	95
Jagalur	1	5
Hosdurga	2	60

STATE OF CROPS.—CROPS HARVESTED.—Cotton in Chitaldroog, Davangere and Jagalur Taluks; Bengal-gram in Davangere, Holalkere, Hiriyur, Challakere and Molakalmuru Taluks; sugar-cane in the Davangere Taluk; white cholam in Jagalur, Hiriyur, Challakare and Molakalmuru Taluks; and navane and paddy in Hiriyur, Challakere and Molakalmuru Taluks. The estimated out-turn was 4 annas in the rupee in Chitaldroog and Holalkere Taluks; from 2 to 4 annas in the Davangere and Jagalur Taluks; and from 2 to 6 annas in the Hiriyur, Challakere and Molakalmuru Taluks.

STANDING CROPS.—Vaisakh paddy was in a fair condition throughout the District, as also wheat and other wet crops under kapile wells, tanks and streams. Sugar-cane was in a fair condition in the Davangere Taluk, but withering in the Chitaldroog Taluk. The dry crops in tank beds had generally withered or were withering.

SUPPLY OF FOOD GRAINS.—There was a sufficient stock of these in all the Taluks and the markets were generally well supplied. Ragi and cholam were exported from the Chitaldroog, Jagalur, Holalkere and Davangere Taluks into different places in British Territory.

PRICES.—Generally stationary. In Holalkere, the price of ragi had fallen appreciably. At the Taluk Head-quarters, the selling prices were, rice from $7\frac{1}{2}$ to $9\frac{1}{2}$ seers, ragi from 17 to 29 seers, and cholam from 15 to 24 seers per rupee.

FODDER-SUPPLY.—Sufficient except in the Hiriyur, Challakere and Molakalmuru Taluks, in a part of the Hosdurga Sub-Taluk and in the Lakke Hobli and parts of the Bilchod and Kasaba Hoblis of the Jagalur Taluk. Date and kamara leaves were used as fodder extensively in these parts.

WATER-SUPPLY.—Sufficient except in parts of the Hosdurga Sub-Taluk bordering on the Hiriyur Taluk, and in such villages of the Hiriyur Taluk as are not by the river side or have no kapile wells. The recent fall of rain in the Jagalur Taluk brought a small supply to tanks and Go-kattes varying from 15 days to one month's supply.

DEMAND FOR LABOR.—There had been no increase in the demand for labor. The construction of Irrigation Wells and Saguvali Kattes afforded employment to a large number of laborers. Four new Relief Works were started during the fortnight under report.

RELIEF TO WEAVERS.—Cloths of the value of Rs. 475—6—6 were purchased from the weavers in Molakalmuru during the fortnight under report.

GENERAL CONDITION OF THE DISTRICT.—Good. The recent rain-fall in different parts of the District, though not sufficient to make any material change in the prospects of the season, had yet made the raiyats hopeful.

Cholera prevailed in a few villages of the Davangere, Chitaldroog and Jagalur Taluks.

* (1) For these Prizes competition is open to the whole Province, as well as to the Presidency of Madras.

(2) In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, 4 days prior to the Show, what number of pots they intended to enter, and for what prize they intend to compete. Plants intended for competition should be delivered at the tents before 4 P. M., on the day previous to the Show.

(3) Cut flowers may be delivered up till 2 P. M., on the day of the Show, but not [illegible] intended for competition.

(4) No prize shall be awarded unless there are at least two competitors for it; except in cases of rare excellence when the Judges will use their own discretion.

(5) It shall be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

(6) If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

(7) All exhibits sent for competition must be *bonâ fide* the produce of, or have been raised by the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name are disqualified.

(8) Exhibitors will not be permitted to remove their exhibits until the Show is closed and gardeners and others found offering articles for sale before 6-30 P. M., on the day of the Show shall be summarily ejected.

Returns (of which an Abstract is given below) showing the progress of Village Relief works and Drinking Water wells in the Chitaldroog District for the fortnight ending 15th April 1892, received with No. 714—674, dated the 22nd idem, from the Deputy Commissioner, Chitaldroog District :—

ABSTRACT.

I. VILLAGE RELIEF WORKS.—The following table shows the number of works under progress during the fortnight under report, the number of coolies employed thereon and the amount spent :—

On 9 out of the 45 works, no work was done during the fortnight. The several reasons given were :—

(1). KUNNIKERE AND BALETHAGINAKERE.—Coolies had their own work to do.
(2). KANDIKERE TANK.—Coolies engaged in removing silt from their drinking water well.
(3). MEDEKERENAYAKANKOTE TANK.—No demand for labor.

989

(4). BHARMASAGAR TANK.—Coolies went to work on Irrigation wells in their village and the neighbouring village of Bommasandra.

(5). AVARAGERE TANK.—Prevalance of cholera in the village and the surrounding villages.

(6). AGASANA KATTE.—Accounts not received in time from the Shanbhog.

(7). MALAGONDANHALLI TANK.—The sanctioned amount had been exhausted and estimate for the remainder of the work was awaited.

(8). KUMBLUR TANK.—The raiyats protested against the restoration of the tank. The outlay on it is estimated at Rs. 10,000. 150 acres would be submerged while 200 acres would be brought under cultivation. The return on the outlay would be only 2 per cent. Work stopped after an expenditure of Rs. 13—4—3.

On the Sadarhalli Channel in the Chitaldroog Taluk, no coolies came to work on the last day of the fortnight owing to a jatre.

In the Jagalur Taluk, no outlay was shown on the Anabur Tank work, although 8 coolies had been employed on it on the last day of the fortnight. The Amildar had been called upon to explain the omission.

The works (except two, which were under Shanbhogs) were under Patels and were carried on on the Amani system.

The wages paid were 2 annas and 3 pies per man, 1 anna and 6 pies per woman and 1 anna per child.

The General Assistant Commissioner and the Extra Assistant Commissioners inspected the works in their charge and were satisfied with the efficiency of the management and the supervision. The General Assistant Commissioner found in one instance in the Davangere Taluk that the quantity of work done was less than that shown in the Patel's accounts. The matter was being investigated.

II. DRINKING WATER WELLS.—The following statement shows the number of wells sanctioned during the fortnight, the number completed and the number under construction :—

Notwithstanding the stringent orders issued, the progress shown by the Amildars of Hiriyur, Challakere, Holalkere and Davangere was not satisfactory. They had again been ordered to push on the works rapidly.

No. D. 407, DATED BANGALORE, 28TH APRIL 1892.

ORDER THEREON.—Recorded, with the remark that if no accounts were received in respect of the Agasankatte Tank, the Amildar should have called for them, instead of reporting that there was no progress on that tank.

2. The Kumblur Tank should be removed from the list of Relief Works, for the reasons given in the abstract above.

3. The Deputy Commissioner should expedite the estimate for the Malagondanhalli Tank.

No. D. 408, DATED BANGALORE, 28TH APRIL 1892.

ORDER THEREON.—These returns have been submitted very late. It is hoped that the Deputy Commissioner will make arrangements for their punctual submission in future.

The Hulikunte Tank work in the Dodballapur Taluk, which was opened as a Relief Work in February, is said to have been closed in March owing to the estimate framed by the Public Works Department not having been received sanctioned. It is not stated where the estimate is pending orders. Early steps should be taken for obtaining orders thereon.

Some tanks have been shown in the list of Relief Works although the earthwork on them has been completed, with the view of providing stone work therefor. When the earthwork is finished, the work, so far as regards relief purposes, may be regarded as having been completed, and the work omitted in the list of works in progress.

No wells were completed in the Kankanhalli, Hoskote and Closepet Taluks up to 31st March 1892, although several were sanctioned so far back as January last.

Returns (of which an Abstract is given below) showing the progress of Village Relief Works and Drinking Water wells in the Shimoga District for the fortnight ending 15th April 1892, received with docket No. 78—75, dated the 19th idem, from the Deputy Commissioner, Shimoga District :—

ABSTRACT.

I. VILLAGE RELIEF WORKS.—The number of works under progress during the fortnight under report was 6, all in the Channagiri Taluk. The number of coolies

employed on them on the last day of the fortnight was 97 and the amount spent was Rs. 188—3—9. The aggregate outlay up to the end of the fortnight under report was Rs. 324—0—8. On 2 of the works, *viz.*, Mangenahalli and Siddanamathada village tank works, though there were coolies working on the last day of the fortnight, there was no expenditure. No explanation is given on the point. On the Devarahalli tank work, which was progressing satisfactorily, there was no outlay in the fortnight and no attendance of coolies on the last day of the fortnight. The coolies on the work, it is explained, had gone to a Jatre and the wages earned by them would be paid on their return next Santè day.

The works (with the exception of one which was under a Shanbhog) were under Patels supervised by the Amildars. All were being carried on the Amani system.

The wages paid were 3 annas to a male cooly and 2 annas to a female cooly.

II. DRINKING WATER WELLS.—The deepening of 4 hondas and the construction of 13 new wells were sanctioned for the Honnali Taluk during the fortnight under report. A sum of Rs. 309—4—3 was spent during the fortnight on an old well and on hondas in two villages in the Taluk.

In the Channagiri Taluk, 4 wells, 2 Hondas and 1 Katte were in progress. The amount spent during the fortnight was Rs. 137—14—8.

No. D. 409, DATED BANGALORE, 28TH APRIL 1892.

ORDER THEREON.—Recorded.

The number of wells and hondas which remained under construction in the Honnali Taluk, is not shown in Return No II. A correct statement should be submitted.

The following report upon the condition of the Mysore District for the fortnight ending 15th April 1892, received with No. 90, dated the 25th April 1892, from the Deputy Commissioner of Mysore :—

STATE OF CROPS—CROPS HARVESTED.—Bengal-gram in beds of tanks in the Mandya Taluk was harvested.

STANDING CROPS.—Paddy under the Lingambudhi tank, Mysore Taluk, and under channel fed tanks in the Tirumakudlu-Narsipur Taluk and in the Taluks of the French Rocks Sub-Division were in good condition. So was the sugar-cane in the above taluks as also in the Chamrajnagar Taluk. Black-gram and horse-gram and jola under the channels in the Tirumakudlu-Narsipur Taluk and in the FrenchRocks Sub-Division were thriving. In some parts of the French Rocks Sub-Division and in the Chamrajnagar and Nanjangud Taluks, the tanks received a supply of water from the recent rains during the fortnight and jola, coriander and other standing crops in the beds of tanks were submerged.

SUPPLY OF FOOD GRAINS.—Food grains were available for sale in all the markets.

SUPPLY OF WATER.—In most of the wells sanctioned, water has been tapped and the works are in progress. The recent rains have greatly improved the water-supply in the French Rocks Sub-Division and some of the kattés (small village tanks) in the Mysore, Tirumakudlu-Narsipur, Gundlupet, Chamrajnagar and Heggaddevankote Taluks have also received a small quantity of water.

FODDER.—Ragi and paddy straw available in all the taluks. Date leaves are also used in some parts of the Nagamangala and Chamrajnagar Taluks.

PRICES.—Almost stationary. A slight fall occurred in the price of rice in Seringapatam and Chamrajnagar and also ragi and cholam in Chamrajnagar. The price of ragi rose slightly in Seringapatam, Nagamangala and Malvalli. Horse-gram was somewhat dearer in Seringapatam and Nagamangala than during the preceding fortnight.

DEMAND FOR LABOR.—Slack everywhere. It is reported that raiyats have not resorted to the works sanctioned during the fortnight in the Chamrajnagar Taluk and that the cooly classes of raiyats go to the Public Works Department works and Relief Works in other places.

995

GENERAL CONDITION.—The recent rains have greatly encouraged the people. Ploughing operations have commenced and jola is being sown in almost all the taluks. People are awaiting the monsoon rains. Cholera continues in Mysore, Seringapatam, Ganjam and Hunsur. It has appeared in the Yedatore, Nanjangud and Heggaddevankote Taluks. Preventive measures, &c., for the same have been taken.

Return (of which an Abstract is given below) showing the progress of Village Relief Works and Drinking Water wells in the Kolar District, for the fortnight ending 31st March 1892, received with docket from the Deputy Commissioner, Kolar District :—

ABSTRACT.

I. VILLAGE RELIEF WORKS.—(*a*) The following statement shows the number of works, the number of coolies employed thereon and the amount spent :—

Taluks.	Number of Works.		Number of Coolies on the last day of the fortnight.				Total Number of coolies on the last day of the previous fortnight.	Amount spent.								
	In the fortnight under report.	In the previous fortnight.	Men.	Women.	Children.	Total.		During the fortnight under report.			During the previous fortnight.			Aggregate up to the end of the fortnight.		
Kolar	8	8	219	152	36	407	518	886	9	1	527	14	10	2,947	8	11
Malur	11	11	151	92	5	248	310	318	15	10	488	1	6	1,475	15	5

To the aggregate outlay shown above must be added a sum of Rs. 844—3—11, the amount spent on 4 works already completed in the Chintamani Taluk. Thus the total outlay up to the end of the fortnight under report amounted to Rs. 16,540—8—4.

Out of 81 works under progress, one, *viz.*, the Baichanvaddu tank work in the Bowringpet Taluk was given up as a bad selection after an outlay of Rs. 134—8—5 out of the estimated amount of Rs. 400, and another tank in the same village taken up instead.

On 9 other works, no work was done during the fortnight owing to non-attendance of coolies. On eight of the works which were under progress, no coolies attended on the last day of the fortnight. The absence in some cases was owing to a Jatre and to milling operations.

On 2 of the works in the Srinivaspur Sub-Taluk, the number of coolies on the last day of the fortnight was not reported. Explanation was called for by the Deputy Commissioner.

All the works were in charge of Patels supervised by the Tank Inspectors and Shekdar and were carried on on the Amani system.

The wages paid were from $1\frac{1}{2}$ to $2\frac{1}{3}$ annas for a male cooly (excepting head coolies, who were given 3 annas) $1\frac{1}{2}$ for a female cooly and 1 anna for each boy. They were considered sufficient. In the Malur Taluk, however, children were paid at 1 anna 6 pies each. The Amildar's explanation with reference to this was called for.

The coolies on some of the works came from more than 10 different villages and in one instance from a distance of 5 miles.

II. MISCELLANEOUS. COLLECTION OF TANGADI BARK.—The following statement shows the amount spent on this during the fortnight under report and the previous fortnight:—

Taluk.	Fortnight under report.			Previous fortnight.		
Kolar ...	1	8	9	19	7	6
Bagepalli	8	2	6	3	13	1

Total.....	35	3	1	124	1	7

The rate of wages was the same as before.

Contingent charges amounting to Rs. 6—0—9 were incurred during the fortnight for cart hire, &c.

III. DRINKING WATER WELLS.—The following statement shows the number of wells sanctioned, completed and remaining under construction:—

Taluk.	Under construction at the end of previous fortnight.		Sanctioned during the fortnight under report.		Total.		Completed during the fortnight.		Remaining under construction.

The following report on the condition of the Hassan District for the fortnight ending the 31st March 1892, received from the Deputy Commissioner of Hassan :—

1. CONDITION OF CROPS.—Standing crops, paddy, sugar-cane, onions, garlic, reported to be fair in the Taluks of Manjarabad, Belur, Channarayapatna and Grama.

2. PRICES OF FOOD GRAINS.—Markets are sufficiently supplied. Prices are as below :—

Rice from	...	..	...	$8\frac{1}{2}$ to 12	seers.
Ragi „	...	...	...	18 to 24	„
Horse-gram from		...	...	12 to 14	„
Jola „		...	...	12 to $13\frac{1}{8}$	„
Avare „		...	...	13 to 14	„

3. SUPPLY OF WATER.—As almost all the tanks are dry, people have sunk wells as usual in the beds and take water from them. In some places cattle are watered by water drawn from wells. Mungar rains have already commenced and there was a good downpour here and there in Channarayapatna, Hole-Narsipur and in some villages of the Grama Sub-Taluk.

4. FODDER FOR CATTLE.—Generally available. Date leaves are being used in the Arsikere Taluk.

5. PUBLIC HEALTH.—Generally good. Small-pox prevalent in Hassan, Belur and Arsikere Taluks.

6. MURRAIN.—Murrain prevails in some of the villages of the Belur and Channarayapatna Taluks and Kaljwara and Baijvara are still prevailing in the Arsikere Taluk.

7. DEMAND FOR LABOR.—Nil.

* (1). For these Prizes competition is open to the whole Province, as well as to the Presidency of Madras.

(2) In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, 4 days prior to the Show, what number of pots they intended to enter, and for what prize they intend to compete. Plants intended for competition should be delivered at the tents before 4 P. M., on the day previous to the Show.

(3) Cut flowers may be delivered up till 2 P. M., on the day of the Show, but not later if intended for competition.

(4) No prize shall be awarded unless there are at least two competitors for it; except in cases of rare excellence when the Judges will use their own discretion.

(5) It shall be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

(6) If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

(7) All exhibits sent for competition must be *bonâ fide* the produce of, or have been raised by the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name are disqualified.

(8) Exhibitors will not be permitted to remove their exhibits until the Show is closed and gardeners and others found offering articles for sale before 6-30 P. M., on the day of the Show shall be summarily ejected.

PART IV.

Official Papers.

No. D. 414, DATED BANGALORE, 4TH MAY 1892.

ORDER.—The work of granting loans for Irrigation wells in the Tumkur and Chitaldroog Districts, entrusted to Mr. B. G. Krishnaiengar, Assistant Commissioner, has been concluded, and it is understood that the work in the Kolar District is also approaching completion. Rupees 2,35,000, allotted by Government for the purpose as noted in the margin, have, for the most part, been sanctioned by the Special Officers by way of loans, and it is believed that more loans on any large scale are not needed during the present season in the Districts named above. There however now remains the proper supervision of the progress made in the construction of the wells and payment of the second instalments of the loans. For this purpose in all the three Districts for which advances have been sanctioned, for the granting of new advances if any in the Bangalore District and generally for the disposal of matters connected with Irrigation wells in the whole Province, the Government have decided upon continuing Mr. B. G. Krishnaiengar on the same duty for some months more. He will draw the same allowances as hitherto and will have his Head-quarters at Bangalore, making occasional tours of inspection in the Taluks where Irrigation well works are in progress.

		Rs.
Tumkur	District ...	55,000
Chitaldroog	do ...	80,000
Kolar	do ...	1,00,000
	Total Rs.	2,35,000

2. Mr. Krishnaiengar is requested to report himself at once to the Honorable P. Chentsal Rao Pantalu Garu, C. I. E., Councillor to His Highness the Maharaja, who will give him instructions as to the work to be done by him in future in connection with Irrigation wells.

3. Mr. Nanjundaiya, (Sub-Judge on Irrigation well duty in the Kolar District) must close his work as quickly as possible and resume charge of the Subordinate Judge's Court at Bangalore.

READ :—

Letter No. 1107, dated 25th April 1892, from the Deputy Commissioner, Tumkur District, reporting that deaths, as noted in the margin, occurred during the recent outbreak of cholera in the Turuvekere Sub-Taluk, and that medicines were duly administered and all sanitary precautions taken to arrest the progress of the disease; also that 29 persons are suffering from the disease in the last 4 of the villages named in the margin.

READ :—

Docket No. 97, dated 28th April 1892, from the Deputy Commissioner, Mysore District, requesting that a further sum of Rs. 2,000 be placed at his disposal for the relief of Weavers and of the Kunchigars of Nagamangala, which latter class is also reported to be in need of help.

No. D. 419, DATED BANGALORE, 4TH MAY 1892.

ORDER THEREON.—A further sum of Rs. 2,000 is now placed at the disposal of the Deputy Commissioner, Mysore District, for the relief of Weavers.

The reasons which exist for establishing a special system of relief for the benefit of Weavers do not apply to Kunchigars, and the Deputy Commissioner is requested to report at once the grounds upon which he recommends special relief by way of advances to the Kunchigars of Nagamangala.

READ :—

Docket No. 727—686, dated the 27th April 1892, from the Deputy Commissioner, Chitaldroog District, submitting for sanction estimates for the works named in the margin which have been started as Relief Works in the Challakere Taluk.

No. D. 423, DATED BANGALORE, 4TH MAY 1892.

ORDER.—Recorded.

READ :—

Letter No. 1043, dated 12th April 1892, from the Deputy Commissioner, Tumkur District, submitting a petition from one Prabhaiya of Kolala village in the Tumkur Taluk, appealing against the order passed by Mr. B. G. Krishnaiengar, Assistant Commissioner on Special duty, declining to sanction a loan for constructing an Irrigation Well in the petitioner's garden.

Letter No. D. 365, dated 22nd April 1892, to Mr. B. G. Krishnaiengar, calling for a report as to the circumstances under which he refused to grant the loan applied for by the petitioner.

Letter No. 111, dated 25th April 1892, from Mr. B. G. Krishnaiengar, reporting that he declined to sanction the loans because the site of the proposed well was too close to a nullah and because, in his opinion, the well did not contain an unfailing spring.

No. D. 427, DATED BANGALORE, 6TH MAY 1892.

ORDER THEREON.—Under the circumstances explained by Mr. B. G. Krishnaiengar, the loan applied for cannot be sanctioned. The petitioner should be informed accordingly.

2. With reference to the queries put by the Deputy Commissioner, whether he can entertain appeals from the decisions of the Special Officer appointed to grant loans for Irrigation Wells and whether he can, under Section 217 of the Mysore Land Revenue Code, call for records of the proceedings of such Special Officer, it is observed that the Deputy Commissioner has certainly the power to call for records in such cases but the granting of loans for Irrigation Wells being a mere concession of the Government made with the view of helping raiyats and other land-holders, they cannot claim the concession as a matter of right. The Deputy Commissioner can always keep himself informed as to the wants of the people of his District in this direction and himself grant loans even in cases in which the Special Officer may have refused them, if any special circumstances render such a course necessary. It is not intended that the formalities involved in the entertaining and disposal of revenue appeals should be applied to these loans.

(3) Letter No. 709-669, dated 21st April 1892, from the Deputy Commissioner, Chitaldroog District.

No. D. 428, DATED BANGALORE, 7TH MAY 1892.

ORDER THEREON.—In the letters cited above, orders are solicited as to whether the remission of half assessment on rice lands for 1891-92, ordered in Proceedings No. D. 298, dated 2nd April 1892, can be granted in the cases hereunder described. The orders of Government upon each such case are entered against it below :—

I. Cases referred by the Deputy Commissioner of Kolar—

(1.) Whether lands classed as garden, but on which only wet crops are being raised are entitled to the remission if lying fallow.

ORDER.—This question probably refers to lands classed as Bagayet, because of being irrigated by both flow and lift. On such lands, crops, *as a rule*, have been raised during the past season and therefore no general order for remission can be issued in regard to them. But the Deputy Commissioner may recommend remission in individual cases, of which, it is believed, there cannot be many in a Taluk.

(2.) Whether lands which depend for water-supply on both the tank and a well are entitled to the concession when lying waste.

ORDER.—The order passed above disposes of this question.

(3.) Whether wet lands on which dry crops have been raised are entitled to the benefit of the remission.

ORDER.—Raiyats, who cultivated dry crop on tank irrigated lands, must have realized very good profits owing to the high prices which prevailed and are not therefore in need of help by way of a remission. Nevertheless, in order to encourage the cultivation of dry crops on wet lands as much as possible in bad seasons like the past one, the Government will extend the benefit of the remission of half the wet assessment to rice lands cultivated in whole or in part with dry crops *owing to absence or insufficiency of tank water for the usual wet cultivation*, charging only the average dry assessment on the portion from which a dry crop may have been actually taken by using tank water to irrigate for such dry crop. The actual remission in this case of use of tank water for dry cultivation will therefore be the difference, if any, between the remittable half of the wet assessment on the entire land and the dry assessment on the part which has yielded a dry crop. It should however be understood that no dry assessment should thus be levied where the attempted dry cultivation failed to yield a crop or where dry crop was raised, not with the aid of tank water, but merely with the help of the moisture in the land or of rain or by means of wells sunk by the raiyat for the purpose.

(4.) Whether the holder of wet lands who, on account of the present drought, has sunk a well and has raised some fast growing crop on the whole survey number, or only a part of it is to be granted remission.

ORDER.—This has been disposed of by the order on the 3rd question.

(5.) Whether the concession is to be denied in cases where only a portion of the survey number is cultivated with wet or dry crops.

ORDER.—The case, so far as it relates to the cultivation of a portion of a survey number with dry crops, has been disposed of by the order on question (3). Where wet crop was raised on a portion of a field, the concession in question may be granted with reference to the portion which lay waste.

II. Questions submitted by the Sub-Division Officer, Chikballapur.

(1.) Whether lands under tanks which are classed as "Bagayet," but which from time immemorial have only been cultivated with rice and which have, equally with lands classed as wet lain fallow owing to want of water in the tanks are to get the benefit of the remission.

ORDER.—This is the same as question No. 1 referred to by the Deputy Commissioner of Kolar.

(2.) Whether lands classified as "Nalla" lands, but the reputed sources of water-supply for which are streams which, last year, were as dry as the tanks, *e. g.*, the Kusavati, Chitravati, &c., are entitled to the concession.

ORDER.—No general order for remission can be issued in such cases, but the Deputy Commissioner may recommend individual cases, of either particular lands or particular streams, for remission.

In the case of lands irrigated by the Kusavati and Chitravati, a permanent reduction of assessment would seem to be necessary if the Bhairasagar and Ramasamudra tanks have permanently reduced the water-supply of such lands. This question may be brought forward hereafter in due course. In the mean time, the order remitting half the wet assessment may be applied to these lands as a special case.

(2.) Whether the local cess on the half of the assessment which is to be remitted, being an appendage of the same, should not also be remitted.

ORDER.—It should be remitted.

III. Question submitted by the Deputy Commissioner, Chitaldroog—

Whether wet lands under tanks which have yielded only a dry crop, not raised by means of irrigation are entitled to the concession.

ORDER.—This has been answered in the order recorded with reference to the question 3 submitted by the Deputy Commissioner, Kolar District.

The following report by Mr. C. Raghavacharlu, General Assistant Commissioner, on the condition of the Closepet Taluk, received with docket No. 32, dated 2nd May 1892, from the Deputy Commissioner of Bangalore :—

STATE OF CROPS STANDING.—Sugar-cane, mulberry and a few vegetables are in good condition. In Closepet Kasaba one raiyat has raised a crop of ragi by lift irrigation. The extent is less than an acre.

SUPPLY OF FOOD GRAINS.—It may be safely stated that the supply is abundant. The stacks of ragi straw which I saw are much larger than in the Devanhalli or even Nelamangala Taluks, The raiyats have a cheerful appearance and in the villages themselves there is nothing to indicate distress. The markets are well supplied. I was not present in any of the Santés but I was informed that trade was brisk. There is a large population of Muhammadan ghosha women in Channapatna and they find their livelihood by pounding paddy. For this purpose paddy is imported from Seringapatam and other Cauvery villages and rice is exported from Channapatna even so far as Bangalore. This occupation is as brisk this year as ever.

WATER-SUPPLY.—Quite sufficient after the rains both for men and cattle. There were two good rains. On the 9th and 10th 1 inch and 7 cents fell and on the 21st and 22nd it was 1 inch and 60 cents. The second rain brought water to most tanks. There are 16 Public Works Department and 50 Revenue Department tanks in the Taluk, omitting small kattes. The Honganur, Virupakshipur, Sulur and Kodampalli tanks received two to three months' supply of water. Only about 20 per cent of the total number of tanks have received no water. The new anikat at Abbur was allowed to feed the Mallur and Pattu tanks, each of which received thereby a two months' supply. The rain was general. The small cattle ponds are all full. In wells there has been no marked rise of water yet.

FODDER FOR CATTLE.—This Taluk never suffered severely in this respect. The rain of the 9th and 10th made the grass in all the jungles to sprout. The grass is now just tall enough for cattle to nibble. In a week more it will be mature and nutritious. Cattle are in good condition. Ragi straw is largely purchased at Bidadi for consumption in Bangalore.

DEMAND FOR WORK.—The raiyats are all busy ploughing. About 25 per cent of the land has been already ploughed. In a few south-western villages, they propose sowing sesamum and jola. The rest of the ploughing is to prepare the land for ragi. This operation is done soon after the harvest if the land allowes it; but last year the land was too dry. The one or two works started for relief attract no laborers.

The general condition of the Taluk is satisfactory. Even without further rain for more than a month, water and fodder can be procured. Agricultural operations will not be impeded as no sowing is yet made. There was an isolated case of cholera in Channapatna, imported from Melkote. The rain which fell seems to have suppressed the disease at once.

The following report on the condition of the Kadur District for the fortnight ending 30th April 1892, received with docket No. 7, dated 4th May 1892, from the Deputy Commissioner of Kadur :—

STATE OF CROPS.—The few standing crops, *viz.*, paddy (kode) and sugar-cane are in good condition.

The maize plants in the bed of the Iswarahalli Tank are in fair condition.

SUPPLY OF FOOD GRAINS.—The markets were well supplied with rice and ragi, which are the chief food grains.

SUPPLY OF WATER.—Fair in all parts. Well works sanctioned from District Funds are in progress.

The recent rains have nearly filled the kattes in the Maidan Taluks, and at present there is about 2 months' supply.

FODDER FOR CATTLE.—Prospects good throughout the District, and owing to recent rains, grass is growing rapidly.

RISE AND FALL OF FOOD GRAINS.—

DEMAND FOR LABOR.—The raiyats are engaged in ploughing and sowing operations, and there is no demand for labor.

GENERAL CONDITION OF THE DISTRICT.—On the whole good. No necessity was found for starting village relief works.

Public health is generally good. Small-pox continues to prevail in parts of Mudgere, Chikmagalur and Koppa Taluks.

The following report on the condition of the Tumkur District for the fortnight ending 15th April 1892, received with docket No. 1118, dated 27th April 1892, from the Deputy Commissioner of Tumkur :—

HARVEST.—Jola in some parts of Sira and Pavagada Taluks, paddy under Tarur tank in the Tumkur Taluk, Jodi Timlapur, Sujikal and Devikere tanks in the Huliyar Sub-Taluk and Kandikere tank in the Chiknayakanhalli Taluk, and sosi ragi and wheat in some parts of Sira Taluk were harvested. Bengal-gram in some of the tank beds was also harvested, while the same in most of the tank beds was submerged during the recent rains.

STANDING CROPS.—Are in fair condition.

FOOD GRAINS.—Prices remain stationary and markets continue to be well supplied.

FODDER.—Scarcity of fodder is much felt.

WATER.—From the rain-fall during the fortnight, many tanks received some supply of water and thus want of water is much reduced. Besides the many fresh water wells already sunk and being sunk at Government cost are proving very useful.

DEMAND FOR LABOR.—At the beginning of the fortnight, people in large numbers were resorting to the Relief Works, but owing to the showers that fell since, the raiyats have begun tilling their fields and consequently the numbers on the Relief Works have largely diminished, and in some cases there is none on the works.

GENERAL CONDITION.—Cholera appeared in some of the villages of the Kunigal Taluk, and the Turuvekere Sub-Taluk. There were some deaths. It has now abated, but some are suffering in 4 villages of the latter Taluk. The days are very warm.

READ ALSO :—

The following report on the condition of the Maddagiri, Sira and Pavagada Taluks, submitted by the General Assistant Commissioner, Tumkur District, for the same period :—

HARVEST.—Has been completed in all places excepting in Pavagada, where it might take a fortnight more. The cholam crop grown in the tank beds of the Maddagiri Taluk is being reaped in many places. The yield may be estimated at from 4 annas to 8 annas in the average. In an experiment conducted by me in the case of the Bijwara tank bed, I found that the yield of cholam from one acre of land was 12 pallas or 1,200 seers; while the straw weighed 40 pounds. In Maddagiri Taluk alone, 44 tank beds containing an area of 1,144 acres has been cultivated principally with cholam.

STANDING CROPS.—Vaisakh paddy and sosi ragi crops are in a moderate condition. Those in the Maddagiri Taluk are thriving.

CULTIVATION.—There has been some rain in all the Taluks; some tanks received supply of water for periods ranging from a fortnight to two months. In a few places, sowing operations have already commenced.

PRICES.—There has been no change in the price of food grains. Rice sold from 7 to 8 seers and ragi from 18 to 20 seers a rupee in the Taluks comprised in this Range.

FODDER.—Wherever there was an average cholam crop, there is fodder sufficient to last for 3 or 4 months more. Generally speaking, fodder is procurable with difficulty.

GENERAL CONDITION OF PEOPLE.—Cooly classes are well off. Private works in addition to Government Public Works Department and Relief Works afford ample means of livelihood to laborers. Excepting in the Maddagiri Taluk, Relief Works have been progressing in all other Taluks, greatest progress being in the affected Taluk of Sira, where ⅓rd of the total estimated amount has already been spent.

Letter No. 1113, dated 26th April 1892, from the Deputy Commissioner, Tumkur District, soliciting orders—

(1) whether the order regarding remission of a moiety of assessment on rice lands applies to Service and other Inam wet lands,

(2) whether lands under tanks classed as Bagayat but which are annually cultivated with rice crop and contain no cocoanut or supari trees are not to be treated like other rice lands,

and (3) whether lands which though not under any tank are nevertheless usually cultivated with paddy with the aid of the drainage and percolation water of adjoining high grounds, but which owing to the drought lay fallow, are not entitled to the concession.

No. D. 434, DATED BANGALORE, 8TH MAY 1892.

ORDER THEREON.—With reference to the first question, the Government direct that in the case of Service Inam lands held by Totis, Talaris, and Nirgantis in the Bangalore, Kolar, Tumkur, Mysore and Chitaldroog Districts, one-half of the quit-rent, with proportionate local cess and irrigation cess, if any, be remitted. In the case of other Service Inams, the remission should be restricted to rice lands which may fulfill the conditions prescribed for remission of half the wet assessment in the case of Government rice lands. The amount of remission should be the excess, if any, of the quit-rent over and above one-half of the Survey valuation, so that the amount payable on such lands would be one-half of the Survey wet assessment as in the case of Government lands.

2. The second question referred to above has been already disposed of in Proceedings No. D. 428, dated the 7th instant.

3. The case of such special tracts as are referred to in the third question, if reported after careful inspection, will be favorably considered.

Returns (of which an Abstract is given below) showing the progress of Village Relief works and Drinking Water wells in the Bangalore District for the fortnight ending 15th April 1892, received with docket No. F. D. 29, dated the 25th April 1892, from the Deputy Commissioner of Bangalore :—

ABSTRACT.

I. VILLAGE RELIEF WORKS.—The following table shows the number of works in progress during the fortnight, the number of coolies employed thereon and the amount spent :—

Taluk.	No. of Works.		No. of Coolies employed on the last day of the fortnight.				Total No. of Coolies employed in previous fortnight.	Amount spent.

On two works, one (Hulikunte tank) in the Dodballapur Taluk and the other in the Devanhalli Taluk, no work was done during the fortnight under report; in the former case, owing to non-receipt of estimates from the Public Works Department, explanation was called for by the Deputy Commissioner in both cases.

On three of the works in the Bangalore Taluk, no work was done during the fortnight, because arrangements were being made in one case with the Railway authorities for a supply of a wagon-load of earth and in the other two cases for stone work.

One work in the Anekal Taluk was completed on the 6th March 1892.

In the Bangalore Taluk, the removal of silt from and deepening of the Lal-Bagh tank were completed on the 2nd April. On two of the works, no payments were made because the measurement of work done had not been taken.

The works were partly in the charge of Patels and partly under Shanbhogs. Some were given out on contract (mostly in the Dodballapur Taluk) and the others were carried on on the Amani system.

In the Dodballapur Taluk, the rates of wages (2 annas 6 pies per man and 1 anna 9 pies per woman) were complained of as being low and the coolies demanded payment on the work turned out. In the other Taluks the wages considered reasonable. The coolies in the Channapatna Sub-Taluk were paid according to the work turned out. In the Devanhalli Taluk, coolies did not come in large numbers.

The management and supervision were satisfactory.

II. DRINKING WATER WELLS.—The following statement shows the number of well s sanctioned, the number completed and that under construction :—

READ AGAIN :—

Letter No. 396—89, dated 24th April 1892, from the Deputy Commissioner, Kolar District.

No. D. 439, DATED BANGALORE, 9TH MAY 1892.

ORDER THEREON.—As regards the recommendation for remission of house-tax, the Government are pleased to direct that the unrecovered portion of it due from Holeyars, Madigars and such poor landless classes in the affected tracts be remitted.

READ :—

The following report on the condition of the Chitaldroog District for the fortnight ending 30th April 1892, received with docket No. 80, dated 5th May 1892, from the Deputy Commissioner of Chitaldroog :—

During the fortnight under report, there was a good fall of rain in parts of all the Taluks of the District except Molakalmuru. All the Amildars except that of Molakalmuru report that most of the smaller tanks and a few of the bigger ones in their Taluks have received supplies of water varying from 15 days to two months. In parts of the Taluks of Chitaldroog, Hiriyur, Jagalur, and

Chellakere, Saguvali Kattes have received a fair supply of water. Everywhere the raiyats have commenced to plough their lands and are hopeful as to future prospects. The quantity of rain guaged at the several Taluk Head-quarters of the District during the fortnight under report was as follows :—

Taluk.	*Inches.*	*Cents.*
Chitaldroog	1	68
Davangere	1	15
Holalkere	1	10
Hiriyur	0	10
Chellakere	0	5
Molakalmuru	0	10
Jagalur	0	25
Hosdurga Sub-Taluk	1	40

2. Vaisakha paddy under tanks is in fair condition in all the Taluks of the District. In the Taluks of Chitaldroog, Chellakere, Hiriyur, Jagalur and Molakalmuru, the wet crops under Kapile wells and streams, which consist of paddy, watered cholam, navane, wheat and sajje are also in fair condition. Sugar-cane was harvested in the Taluks of Chitaldroog and Davangere and the out-turn is estimated at 4 annas in the rupee. In the Hosdurga Sub-Taluk, Vaisakha paddy below some of the tanks was harvested and the out-turn is estimated at from 6 to 8 annas in the rupee. In the Taluks of Hiriyur, Chellakere and Molakalmuru, watered cholam, navane, wheat and sajje were harvested, and the out-turn is estimated at from 4 to 6 annas in the rupee.

3. SUPPLY OF FOOD GRAINS.—The supply of food grains is sufficient in all the Taluks of the District. Ragi and cholam were exported during the fortnight to various places in British Territory from the Taluks of Holalkere, Dava[illegible]gere and Jagalur.

4. PRICES.—There has been no marked change in prices during the fortnight un[illegible]rt. The market prices of the different food grains at the Taluk Head-q[illegible] of the District for the present and past fortnights are given below :—

Taluks.	Present fortnight. Seers per Rupee.			Past fortnight. Seers per Rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	8½	24	18	8	24	21
Chellakere	8½	22	21	8	22	22
Davangere	9	24	22	9	21	20
Holalkere	8	29	23	8	29	24
Hiriyur	8	16	15	7½	18	16
Jagalur	8	23	20	8	21	19
Molakalmuru	7½	17	15	7½	17	15
Hosdurga Sub-Taluk	9	24	22	9½	21	16

5. SUPPLY OF FODDER AND WATER.—In the Taluks of Chitaldroog and Holalkere, the supply of fodder and water is generally sufficient. In the Davangere Taluk, there is a moderate supply of fodder. The supply of water is generally sufficient. In the Jagalur Taluk, the supply of fodder is scanty in the Lokke Hobli and in parts of Kasaba and Bilchod Hoblis where cattle are fed on date and kamara leaves, but the supply of water is generally sufficient.

In the Taluks of Hiriyur, Chellakere and Molakalmuru, the supply of fodder [illegible] very scanty and cattle are fed on date and other leaves. The supply of water in the Taluks of Chellakere and Molakalmuru is generally sufficient, while in the Hiriyur Taluk it is scanty except in river-side villages and those where there are Kapile wells.

6. DEMAND FOR LABOR.—There has been no increase in the demand for labor during the fortnight under report. On the other hand, there has been a decrease in the number of coolies employed on Relief Works owing to recent fall of rain. There is sufficient employment for professional laborers on works connected with Irrigation wells and Saguvali Kattes. Details regarding the number of laborers employed on Relief Works during the fortnight under report are given in the fortnightly report prescribed by Government.

7. RELIEF TO WEAVERS.—During the fortnight under report, cloths to the value of Rs. 591—13—0 were purchased from the weavers at Molakalmuru.

8. GENERAL CONDITION OF THE DISTRICT.—The general condition of the people in the District continues to be good. Cholera still prevails in parts of Davangere, Chitaldroog and Jagalur Taluks.

The condition of cattle remain the same as before. A few more showers of rain will, it is hoped, produce a good supply of pasture and thereby cause an improvement in the condition of the cattle.

No. D. 442, DATED BANGALORE, 10TH MAY 1892.

ORDER THEREON.—Recorded.

The following report on the condition of the Hassan District for the fortnight ending 30th April 1892, received from the Deputy Commissioner, Hassan District :—

1. RAIN-FALL.—There was rain-fall on an average of 1 inch 54 cents in all the Taluks. The raiyats are engaged in ploughing operations. More rain is wanted and there are indications of more rain. The tanks in the Maidan Taluks of Arsikere and Channarayapatna have received a supply of water from 1 to 4 months respectively. Information of similar supply of water received from Holé-Narsipur and Arkalgud. Drinking water is easily obtainable.

2. CONDITION OF CROPS.—Kar-paddy and sugar-cane under large tanks are reported to be in pretty good condition in parts of Hassan, Manjarabad and Channarayapatna Taluks.

3. PRICES OF FOOD GRAINS.—Markets are well supplied. The price of food grains is stationary.

4. FODDER FOR CATTLE.—Generally available. Date leaves are still used as fodder in the Arsikere Taluk. This will shortly be discontinued as there has been rainfall during the fortnight under report and green grass will come up hereafter.

5. PUBLIC HEALTH.—Generally good. Small-pox is still prevalent in some villages of the Belur Taluk. Deaths from cholera have been reported from the Taluks of Hassan, Channarayapatna and Grama. Every effort is being made to check the evil, and the Amildars have been enjoined to attend to village sanitation.

6. DEMAND FOR LABOR.—There is demand for labor both from private parties as well as in the Public Works Department. The number of men reported to have been employed on tank work alone (not on Relief Works) in the Channarayapatna Taluk is 1,114.

7. DISEASE AMONG CATTLE.—Murrain is reported in the Halèbid Hobli of the Belur Taluk.

Diary (of which an Abstract is given below) of Mr. H. V. Nanjundaiya, Sub-Judge on Special duty in the Kolar District, for the fortnight ending 15th April 1892, received

with docket No. 392—85, dated the 24th April 1892, from the Deputy Commissioner, Kolar District:—

ABSTRACT.

Twenty-eight villages were inspected by the Special officer during the fortnight under report.

The following table shows the number and amount of loans granted by the several officers during the fortnight :—

Taluk.	Officer by whom Loan was granted.	No. of Loans granted for—				Total.	Amount of Loan sanctioned.			Amount paid on account of 1st instalment.			Perod allowed for repayment.	Remarks.

The General Assistant Commissioner had, in addition to the advances shown in the above table, sanctioned loans to the extent of Rs. 1,730. But the details of these had not been received for inclusion in the return.

In one instance, a loan was refused on account of the well being in Service Inam land. The Deputy Commissioner observes that the orders of Government on the subject were duly communicated to the Special officer.

Six of the applicants in the Mulbagal Taluk, to whom loans had been sanctioned after investigation, declined at the last moment to receive them. They could well be spared.

In 2 cases of loans sanctioned in January and March last, the loans were, at the request of the applicants, cancelled, as they could not do the work within the time allowed or with the amount sanctioned. In 4 cases, the loans sanctioned were increased in amount on representations made by the applicants, and in one case the amount was reduced by Rs. 50, as the applicant had mentioned a No. (field) to which he had no right. (Particulars of these cases given).

The allotments at the disposal of the Special officer had been exhausted and he was doubtful whether the season had not too far advanced to apply for a fresh grant to meet the applications which remained for disposal.

*9 for new wells and 8 for old wells, but whether kapile or yatam not stated.

†One more loan amounting to Rs 200 was granted, but for what kind of well it is not stated. The amount of the loan and the amount paid out of it on account of 1st instalment have however been included in the table.

The need for drinking water wells at Bhairkur, Sigur, Hosahalli and Kondatimmanahalli were brought to notice. The Deputy Commissioner sanctioned one for Bhairkur, and awaited Amildar's reports in regard to others.

The prayer of the Holiyas of Avalkuppe for the cost of *vades* for their well has been recommended by the Special officer.

No. D. 444, DATED BANGALORE, 10TH MAY 1892.

ORDER THEREON.—Recorded.

The alterations made in the loans already granted are noted.

The following report on the condition of the Bangalore District for the fortnight ending the 30th April 1892, received with Docket No. 35, dated 3rd May 1892, from the Deputy Commissioner, Bangalore District: —

AGRICULTURE AND CROPS.—Ploughing has commenced throughout the District. Sugar-cane in parts of Bangalore, Nelamangala, Devanhalli and Anekal is being planted. The harvest is poor owing to failure of water. Wet crops in Devanhalli stated to be withering. Kar-ragi, jola and gingelly are reported to be sown in parts of Closepet and Kankanhalli. Also vegetables, wherever water is procurable.

FODDER AND CATTLE.—Fodder still scarce; being imported from Sringapatam in parts of Channapatna. Cattle are being fed on leaves and are in very poor condition. Dod-roga prevails in parts of Nelamangala, Bangalore and Kankanhalli.

WATER-SUPPLY.—Several tanks in the District have received a supply of water ranging from 5 days to 5 months' supply.

RAIN-FALL DURING THE FORTNIGHT :—

Closepet	1	61
Channapatna Sub-Taluk ...	2	55
Anekal	1	21

Scarcity of water is generally not much felt, except in Bangalore City.

PUBLIC HEALTH,—Generally good. Fever and small-pox reported in parts of Devanhalli, Hoskote and Bangalore. Fever in Nelamangala and Channapatna. Three cases of cholera in Channapatna, four in Closepet and one in Kankanhalli, mostly cases of persons returning from the Jatra at Melkote.

FOOD GRAINS.—Markets well supplied. Prices tend to fall slightly owing to improved outlook.

READ ALSO :—

The following report by the Closepet Sub-Division officer on the condition of the Sub-Division for the same period :—

CROPS.—Sugar-cane is being sown in parts of the Sub-Division.

PRICES.—FOOD GRAINS.—The price of rice has fallen a little, 8 seers being sold for a rupee against 7½ seers in the previous fortnight.

FODDER.—Scarce.

WATER-SUPPLY.—The recent fall of rain has done much good towards the supply of water. Konnur Katté of Channapatna has received supply for 4 months along with other tanks. The Amildar of Kankanhalli reports the flow of 2 feet of water in the Arkavati River.

LABOR.—Silt removing from Tavarikatte reservoir at Malur continues. 100 coolies are employed.

PUBLIC HEALTH.—Two cases of cholera are reported in the Channapatna Range and two in the Closepet Taluk.

* (1) For these Prizes competition is open to the whole Province, as well as to the Presidency of Madras.

(2) In view to arrangements being made for staging plants, it is requested that exhibitors will notify to the undersigned, 4 days prior to the Show, what number of pots they intended to enter, and for what prize they intend to compete. Plants intended for competition should be delivered at the tents before 4 P. M., on the day previous to the Show.

(3) Cut flowers may be delivered up till 2 P. M., on the day of the Show, but not later if intended for competition.

(4) No prize shall be awarded unless there are at least two competitors for it; except in cases of rare excellence when the Judges will use their own discretion.

(5) It shall be competent for the Judges to reduce the amount of prizes if, in their opinion, the articles exhibited do not merit the full sums.

(6) If funds are available, the Judges may award special extra prizes in cases of exceptional merit.

(7) All exhibits sent for competition must be *bonâ fide* the produce of, or have been raised by the exhibitors; and unless otherwise specified, must have been grown in Bangalore.

The Judges may withhold any prize until proof of these conditions be produced. Contractors bringing up fruit and vegetables for competition in their own name are disqualified.

(8) Exhibitors will not be permitted to remove their exhibits until the Show is closed and gardeners and others found offering articles for sale before 6-30 P. M., on the day of the Show shall be summarily ejected.

BANGALORE,
8th June 1892.

M. NARAIN RAO,
Under-Secretary.

Mysore Government Central Press, Bangalore.—1892.

3. No spirit below 20° under proof shall be ordinarily issued from the Distillery, but should there be a demand for liquor of lower strength than 20° under proof, liquor at 30° under proof may be specially issued from the Distillery, such liquor being kept and accounted for separately both in the Distillery and in Bonded Warehouses and Depôts.

4. When fresh liquor which is less than 10 days old is sent out, it shall be issued at 19° under proof and charged for at 20° under proof. All liquor sent to Bonded Warehouses and Depôts more than 50 miles from the Distillery, shall be passed at 19·5° under proof and charged for at 20° under proof.

5. No spirit of 20° under proof shall be removed from the Distillery in less quantity than two gallons.

6. The Senior Officer in charge of the Distillery, upon written application made to him for that purpose, shall grant to respectable private individuals for *bonâ fide* private use, but not for sale, and to hospitals and museums and other public institutions, liquor of any strength manufactured at the Distillery, at proportionate rates of price and duty, in quantities of not less than one ordinary quart bottle, the price being paid to the Manufacturer, and duty to the Senior Officer in charge of the Distillery, who shall remit the same into the Treasury without unnecessary delay.

7. The Manufacturer may, with the permission of the Excise Commissioner, manufacture milk punch or any other sweet liquors under the supervision of the Excise Officers, who will recover from the Manufacturer the duty on the spirit used for this purpose. Such sweet liquors, when duly sealed and labelled by the Senior Officer in charge of the Distillery at the Manufacturer's expense, may be sold direct from the Distillery to respectable persons and vendors. The prices at which such liquors shall be sold will be regulated by the Excise Department.

VI. At every Distillery the following Registers shall be kept in the forms prescribed by the Excise Commissioner.

(1) *Register of the quantity of spirits manufactured.
(2) *Detailed Register of the daily issues of spirits and of the strength of the spirits issued.
(3) *Ledger account of the quantity of spirits issued to each Bonded Warehouse, Bonded Depôt, &c.
(4) (*a*). Register of rahadaris to depôts, &c.
(*b*). Register of passes to Bonded Warehouses and Bonded Depôts.
(5) Register of special passes.
(6) *Register of stills, casks, vessels, &c., used in the Distillery.
(7) *Register of methylated spirits.
(8) *Receipt book.
(9) Cheque book.
(10) Cash book.

VII. 1. The Distillery shall be open only for the entrance and exit of Excise Officers or other persons who have business within it; others who may desire to inspect the Distillery shall obtain special permission of the Excise Commissioner.

2. All persons entering the Distillery shall be under the orders of the Officer in charge, in respect of their conduct and proceedings within the Distillery, and shall be liable to be searched on their quitting the premises, at the discretion of the Officer in charge. The Manufacturer and his responsible Agent and any superior official of the Manufacturer named by him or his Agent, will be exempted from the operation of this rule.

VIII. Government shall not be held responsible for the destruction, loss or damage of any spirits stored in the Distillery, by fire or theft or by any other cause whatever. In case of fire or other accident, the Officers in charge of the Distillery shall render all assistance that may be required of them by the Manufacturer.

* Those marked with *asterisks* shall be kept by the Manufacturer as well as by the Government officer.

IX. The Manufacturer shall see that his employés give full effect to the rules and orders passed by Government for the custody and regulation of the stock distilled and passed out, the cleanliness of all vessels used, the tinning of metal vessels, the watch, ward and sanitary condition of the enclosure, and other matters affecting either the Government or the Manufacturer's interests, or both.

X. The Manufacturer shall conform to the Rules hereinbefore contained or any other existing excise rules, and any additional rules that may be prescribed from time to time by the Government; and he shall see that all his employés give full effect to them.

XI. If any wilful breach of any Excise Rules hereinbefore contained is committed by the Manufacturer, or with his connivance and privity, by any of the men employed by him in the manufacture, custody, carriage or sale of arrack, it shall be at the discretion of the Government to suspend or cancel the contract, and declare the deposit forfeited, and cause the business to be carried on under the supervision of Government Officials of the Excise Department, or by a new Manufacturer or in any other manner the Government may direct.

XII. 1. Every Bonded Warehouse and Bonded Depôt shall be open from 6 A. M. to 11 A. M., and again from 2 P. M. to 8 P. M. No liquor shall be issued from any Warehouse or Depôt after 8 P. M., except with the special permission of the Deputy Commissioner to meet urgent demands on occasions of festivals, &c.

2. At every Bonded Warehouse and Bonded Depôt, the following Registers shall be kept in the forms prescribed by the Excise Commissioner :—

(1) Register of liquor received from the Distillery and of the daily issues of spirits.

(2) Ledger account of the quantity of spirits issued to each farm, shop, &c.

(3) Register of casks, vessels, &c., used in the Warehouse and Depôt.

XIII. An "Inspection book" in such form as the Excise Commissioner may from time to time prescribe, shall be kept at every Distillery, Bonded Warehouse and Bonded Depôt, in which notes of inspection shall be recorded by the Excise Commissioner, Deputy Commissioner, Excise Assistant Commissioner, Head Supervisor or any other officer authorized to inspect them.

XIV. All stills, casks, coppers and other vessels and utensils used for carrying on the business of the Distillery, Warehouse, or Depôt shall, from time to time, be inspected, measured and marked by the Assistant Supervisor in charge of the Distillery or Warehouse, or by such other officer as may be appointed by the Excise Commissioner in this behalf.

XV. The duties of the Excise Officers in charge of the Distillery or Warehouse and of the Government Contractor or his Agent in charge of Bonded Depôts, and the periodical returns, accounts, reports, &c., to be furnished or rendered by them, shall be such as may, from time to time, be prescribed by the Excise Commissioner.

XVI. The duties of the Distillery, Warehouse or Depôt guard shall be as follows :—

(1) To remain within the enclosure from the time they are placed on guard until they are relieved.
(2) Not to allow any liquor to leave the Distillery, Warehouse or Depôt except under cover of a rahadari, permit or pass.
(3) Not to allow any wash or wort under any circumstances whatever.
(4) Not to admit into the Distillery, Warehouse or Depôt enclosure any one who is not authorized to enter.
(5) To keep the gate closed except for the entrance and exit of persons who have business connected with the Distillery, Warehouse or Depôt.

(To be continued.)

Diaries (of which an Abstract is given below) of Mr. S. A. Bapu Rao, Assistant Conservator of Forests on Special duty, Bangalore District, for the period from the 27th to the 31st March 1892, and for the fortnight ending 15th April 1892, received with docket No. 27, dated 22nd April 1892, from the Deputy Commissioner of Bangalore :—

ABSTRACT.

Mr. Bapu Rao spent much of his time in selecting lands for farms for the growth of Hariyali grass in tracts within easy distance of Bangalore. Some sites were selected but the details regarding them as to their extent and their proximity to Bangalore are under investigation by the Deputy Commissioner.

Mr. Bapu Rao explained the object and scope of the Irrigation Well Rules to the raiyats in several villages in the Hoskote and Devanhalli Taluks, and several applications received by him in those taluks are under investigation by the Amildars. He personally investigated 48 applications, 19 of these were rejected. In the others, advances would be given when funds were placed at his disposal.

Inspected the drinking water wells under construction at Avati and at Dasarpet. Hard rock was met with in the former at a depth of 45 feet ; arrangement made to blast it. Only a part of the latter well had been stone-faced, but the nature of the soil required that the whole should be stone-faced.

Arranged for the repair of the drinking water well at Holeyarpalya at Devanhalli and for the removal of silt from Purnaiya's well at Sarovarpet. Brought to notice the need of a drinking water well at Balepur.

Inspected the following Relief Works :—Chikkere, Koniganbele, Bettadkere, Karhallikere, Kannamangala and Chik Jala. At Chikkere 3,000 cubic yards of earthwork had been done at 10 cubic yards a rupee, and among the coolies, there were 3 weavers of coarse bed sheets. At Koniganbele, the rate of wages was $10\frac{2}{3}$ cubic yards a rupee, and Rs. 40 worth of earthwork had been done. The repair of the stone revetment of the tank and the construction of a waste weir and sluice, urged by the villagers, were necessary. The atchkat of the tank was about 200 acres and the raiyats had paid Rs. 240 towards the cost of the earthwork. At Bettadkere, the majority of the coolies were Pariahs. At Karhallikere, the coolies complained of the Patel's irregularity in making payments. The Amildar promised to see to it. At Kannamangala, there was a complaint that the Patel, a resident of a different village, was not visiting the work regularly and the Amildar said that the Patel had been repeatedly warned, but in vain. One Gopalaiya, a resident of Kannamangala, was appointed to be in charge of the work. The kodi of this tank was scarcely 2 feet high and may, as prayed for by the villagers, be raised by $1\frac{1}{2}$ or 2 feet. The stone revetment had not been carefully done, and about half of it required complete re-setting. At Chik Jala, work had been done on only 5 days during the fortnight. The Patel who was said to be lazy was warned.

Arranged measures for the relief of Weavers at Devanhalli on the system adopted at Bangalore and Dodballapur.

NOTE.—The Deputy Commissioner has issued orders on the several points noticed, has placed funds at the disposal of Mr. Bapu Rao for granting loans for Irrigation wells and has referred the suggestions regarding the revetment, &c., of Koniganbele and Kannamangala Tanks to the Executive Engineer.

[NOTE.—"In the statement received from the Deputy Commissioner the aggregate outlay up to the end of the fortnight under report on Nallagottapalli tank in Bagepalli Taluk was entered as Rs. 135—6—0. It should have been Rs. 135—2—0. (2) In calculating the aggregate outlay upon all the tanks in the Bagepalli Taluk, the sums spent on the works completed, *viz.*, Jalpigarepallikere and Kondannavarapallikere, were twice counted over and the amount shown as Rs. 2,764—13—0. The mistake has been rectified here and the correct amount shown in the above table.]

On 8 of the works, no coolies attended and no work was done during the fortnight. In 2 cases, their non-attendance was due to a jatre; in 2 other cases, to their being able to get higher wages elsewhere, and in one case, to the ground being hard. Against one of these, *viz.*, the Bangavadi Chikkere, an outlay of 4 annas is shown, but this was what was paid to the tappal cooly who brought the return to the Taluk Cutcherry.

On 9 of the works, no coolies attended on the last day of the fortnight, the reason given in respect of 3 of the works being that coolies went to a jatre. One cooly shown against the Barandalli tank work in the Kolar Taluk, which was completed on the 12th April, had been employed merely to watch the crop in the bed of the tank.

Two works were completed during the fortnight, one in the Kolar Taluk and the other in the Sidlaghatta Taluk.

All the works (except one under a Shanbhog) were in charge of Patels supervised by the Tank Inspectors and Shekdars and were carried on on the Amani system.

The wages paid were 3 annas to head cooly, from 1 to 2 annas 4 pies to a male cooly, 1 anna 6 pies to a female cooly and 1 anna to a child, except in the Bowringpet and Malur Taluks where in a few cases children were paid at 1 anna 6 pies each.

The outlay on the works in Chiknayakanhalli Taluk includes a sum of Rs. 4-6-6 spent on the carriage of tools, &c., from the Executive Engineer's Office.

During the fortnight under report no work was done on 16 works, out of the 115 referred to above, for the following reasons :—

3 works in the Tumkur Taluk and 2 in the Sira Taluk—the coolies did not come in consequence of the recent rains.

7 works in the Kunigal Taluk—owing to a jatre at Yedayur.

1 work in the Kunigal Taluk and 1 in the Turuvekere Sub-Taluk—owing to the prevalence of cholera.

1 work in the Tiptur Taluk—stopped pending completion of another work in the neighbourhood.

1 work in the Sira Taluk —transferred to the Public Works Department.

On 6 of the works, no coolies attended on the last day of the fortnight.

12 of the works were in charge of Shanbhogs and the remaining 103 under Patels.

The management and supervision were efficient.

The wages earned were from 2 to 4 annas per man, from 1½ annas to 2 annas per woman and from ¾ to 1 anna per child.

AMANI CULTIVATION.—A further sum of Rs. 22-9-8 was spent on this. The aggregate outlay up to the end of the fortnight amounted to Rs. 603-7-7.

No work was done during the fortnight on the Haldodkere tank by Revenue agency, as it was made over to the Public Works Department who had begun it. The outlay on it as a Relief work was Rs. 72-12-0.

In the Tiptur Taluk, the Attikatte tank work was stopped pending the completion of the Chikkere in the same village, and hence there was no outlay on it during the fortnight under report.

On 3 of the works in the Kunigal Taluk and one in the Gubbi Taluk, no coolies came to work during the fortnight under report. In the Kunigal Taluk, the absence of the coolies was owing to a jatre and a car festival.

On 3 works in the Turuvekere Sub-Taluk, no coolies attended on the last day of the fortnight.

On the Sujikal tank work in the Huliyar Sub-Taluk which was opened during the fortnight, a sum of Rs. 15—15—6 was spent for getting the necessary tools from the Public Works Department stores, but there was no progress and during the fortnight 85 of the works were in charge of Patels and the remaining 15 under Shanbhogs.

The wages earned were 3 to 4 annas per male cooly and 2 annas per female cooly. They were sufficient.

The management and supervision were efficient.

AMANI CULTIVATION.—A further sum of Rs. 58—8—0 was spent on Amani cultivation in tank beds. The aggregate outlay on this up to the end of the fortnight under report was Rs. 580—13—11.

II. DRINKING WATER WELLS.—The following table shows the number of wells sanctioned, the number completed and the number under construction :—

The following report on the condition of the Kolar District for the fortnight ending 30th April 1892, received with docket No. 511—121, dated 5th May 1892, from the Deputy Commissioner of Kolar :—

1. RAIN-FALL.—Towards the end of the fortnight, rain fell more or less throughout the District. Some of the tanks are reported to have received a small supply of water lasting from 8 days to a month. If the rain had continued, immense good would have been the result.

2. STATE OF CROPS.—Standing crops derived some benefit by the recent rains. Ploughing operations are progressing.

3. SUPPLY OF FOOD GRAINS.—Markets are well supplied.

4. WATER-SUPPLY.—Scarcity in this respect is somewhat mitigated. The progress of deepening old and sinking new wells appears to be slow owing to the services of Waddars not being available as the excavation of several irrigation wells are being undertaken by them.

5. FODDER-SUPPLY.—Still scarce. Leaves of trees, stumps of aloes and date leaves are used as fodder for cattle. General Assistant Commissioner states that the raiyats, though persuaded, are unwilling to feed their cattle with prickly-pear, for fear of unfavorable after effects.

6. PRICES.—Almost steady.

7. DEMAND FOR LABOR.—Coolies on the Relief Works are falling off in number owing to agricultural operations having commenced.

8. GENERAL CONDITION.—Is improving.

READ also :—

The following report on the condition of the Chikballapur Sub-Divison from the Sub-Division Officer for the same period :—

1. RAIN-FALL.—Towards the end of the month, showers of rain fell throughout the Sub-Division more or less heavy. The rain-fall was heaviest at Chikballapur where the quantity measured on the 26th and the 27th was 3 inches and 40 cents.

Several tanks have received water-supply of varying quantity. Ploughing has been commenced and is briskly carried on. The anxiety of the people has been somewhat allayed. The scarcity of water for cattle is, for the present, slightly mitigated in some parts. If these showers should be followed by others, the supply of fodder may improve.

2. STANDING CROPS.—Jola, sugar-cane and paddy have much benefitted by the rain-fall. Sugar-cane planting will soon be completed. Jola is being reaped in some parts.

3. MARKET AND PRICES.—The markets are fairly well supplied and the prices are stationary, except in a few places where they show a very slight tendency to fall.

4. DEMAND FOR LABOR.—Relief Works and Irrigation wells and private wells are affording ample labor. The number of coolies on Relief Works on the last day of the fortnight in the Bagepalli Taluk was 173.

5. HEALTH AND GENERAL CONDITION.—The public health continues to be good. The cattle are free from epidemic diseases, though suffering from insufficiency of fodder. The recent rain-fall has slightly cheered the prospects.

2 STATE OF CROPS.—

(*a*) STANDING CROPS.—Sugar-cane in the Shimoga, Channagiri and Honnali Taluks as well as in the Kumsi Sub-Taluk is in a fair state.

(*b*) CROPS HARVESTED.—All other crops, such as rice, &c., have been harvested.

(*c*) CULTIVATION.—In the Sagar Taluk, agricultural operations have been commenced for sowing paddy.

3. SUPPLY OF FOOD GRAINS.—Sufficient in all the taluks; markets are generally well supplied by imports and local stock; it is reported that raiyats have paddy in store in the Nagar and Tirthahalli Taluks.

4. SUPPLY OF WATER.—Sufficient in all the taluks except in parts of the Channagiri Taluk. Its want is felt in the Tyavanige, Basavapatna and Sante Bennur Maganis.

5. FODDER FOR CATTLE.—Fair in the Shimoga, Honnali and Shikarpur Taluks. Scanty in the Channagiri Taluk. Sufficient in the other Taluks.

6. PRICES.—

1. RICE.—Rising in the Kumsi Sub-Taluk, Honnali and Sorab Taluks. Falling in the Channagiri Taluk and stationary in the Shimoga, Sagar, Shikarpur, Nagar and Tirthahalli Taluks.

2. RAGI.—Rising in the Sorab Taluk; falling in the Shimoga, Channagiri, Shikarpur and Tirthahalli Taluks, and stationary in the Honnali, Sagar and Nagar Taluks.

3. JOLA.—Rising in the Sorab Taluk; falling in the Shimoga, Channagiri and Shikarpur Taluks; and stationary in the Kumsi Sub-Taluk and Honnali Taluk.

7. DEMAND FOR LABOR.—People find labor. Relief Works such as tank repairs, &c., in the Channagiri and Honnali Taluks are in progress.

8. GENERAL CONDITION.—Generally fair; cholera is prevalent in all the taluks except Sagar, Nagar, Tirthahalli and Kumsi. Fever in some parts of the Sagar Taluk.

Returns (of which an Abstract is given below) showing the progress of Village Relief Works and Drinking Water wells in the Bangalore District, for the fortnight ending 30th April 1892, received with docket No. 39, dated 7th May 1892, from the Deputy Commissioner of Bangalore.

ABSTRACT.

I. VILLAGE RELIEF WORKS.—The following table shows the number of works under progress during the fortnight under report, the number of coolies employed thereon and the amount spent :—

Taluk.	Number of Works.		Number of Coolies employed on the last day of the fortnight.				Total Number of coolies on the last day of the previous fortnight.	Amount spent.

To the total aggregate outlay shown above must be added a sum of Rs. 326—8—0, being the outlay on the works already completed, *viz* :—removal of silt from and deepening of the Lal-Bagh tank and the filling of pits at Bannerghatta in the Anekal Taluk; thus the outlay on the works in the Bangalore District up to the end of the fortnight under report amounts to Rs. 5,092—11—3.

On one work in each of the Taluks of Dodballapur and Nelamangala and in the Channapatna Sub-Taluk, no work was done during the fortnight under report as coolies were not available. The coolies on the work referred to above in the Dodballapur Taluk resorted to Irrigation Well works, where they were able to get higher wages.

On one work in the Bangalore Taluk, *viz* :—repairing the Kadamalleswara temple road, no payments were made as the work (given on contract) was not being satisfactorily carried out.

Most of the works were in charge of Patels and were carried on on the Amani system. A few of them (mostly in the Dodballapur Taluk) were given out on contract.

The wages paid were from 2 annas 4 pies to 4 annas per man, from 1 anna 6 pies to 2 annas 4 pies per woman and from 1 anna to 2 annas per child.

The following report on the condition of the Tumkur District, for the fortnight ending 30th April 1892, received with letter No. 1162, dated 7th May 1892, from the Deputy Commissioner of Tumkur :—

REPORT.

I. HARVEST.—The following crops were harvested :—

Jola in the Taluks of Tumkur, Sira and Pavagada.

Sugar-cane in the Taluks of Tumkur and Kunigal.

Sosi ragi in Sira Taluk and paddy under Gubbi, Jodi Timlapur, Sujikallu, Devikere and Tekalvatti Tanks and also in some parts of Tumkur and Pavagada Taluks.

II. STANDING CROPS.—Are in fair condition. Those that were fading away for want of water are now improving on account of the recent rains.

III. FOOD GRAINS.—Prices remain stationary generally. The supply is sufficient.

IV. FODDER.—Cattle die in pretty large numbers owing to the general scanty supply of fodder. Leaves of ala, goni, atti and date trees are used as fodder wherever available. In course of a few days, green grass may come up as there has been some rain-fall.

V. WATER.—Scarcity of water has diminished owing to the recent rains. Fresh water wells dug at Government cost are also proving very useful.

VI. DEMAND FOR LABOR.—People are engaged in tilling their fields ; so there is not so much demand for labor as there was, just before the rains.

VII. GENERAL CONDITION.—One Muhammadan woman that came from Sivasamudram died of cholera at Tumkur on the 29th ultimo. There has been no fresh attack. Cholera has almost disappeared from the Turuvekere Sub-Taluk but has made its appearance in the Hoblis of Nonavinkere and Dubbegatta in the Tiptur Taluk. There have been some fatal cases. In other parts of the District, the condition of the people is satisfactory.

READ ALSO :—

The following report on the condition of the Maddagiri, Sira and Pavagada Taluks, for the same period, received with letter No. 1169, dated 10th May 1892 :—

REPORT.

HARVEST.—Has now been completed.

STANDING CROPS.—The Vaisakha paddy and sosi ragi are in a better condition.

CULTIVATION.—There has been some rain in all the 3 taluks of this range during the fortnight, sufficient to secure supply of water in good many tanks for periods ranging from 15 days to 2 months. This has enabled the raiyats to plough their lands for cultivation. Although the usual crop to be sown is ragi, the raiyats in several places have preferred mungari cholam in the hope of realizing a crop at a comparatively earlier date. The result of the past cultivation of the tank beds and other moist lands with cholam appears to have convinced the raiyats of its advantages.

PRICES.—Are stationary. Markets are receiving fair supply of food grains. Rice sells from $7\frac{1}{2}$ to 8 seers a rupee and ragi from 16 to 20 seers a rupee.

DRINKING WATER.—Difficulty for drinking water has begun to lessen. Well works are being pushed on in all the taluks. Three-fourths of the work has been done in many places. The delay in completion is due to the difficulty in getting the services of Waddars for stone work as they have been employed by raiyats by competition for their irrigation wells, for which liberal advances have been made.

CATTLE FODDER.—Stalks of cholam are available in some places.

GENERAL CONDITION.—Complaint of want of employment is not at all heard anywhere. Takavi wells and other private works have drawn labor largely. The labor employed on our Village Relief works represents a small percentage. The Sira Amildar reports that some people in the neighbouring villages of the Anantapur District have employed themselves on the Tadakalur Relief Work in his Taluk.

The following letter No. 147, dated 9th May 1892, from the Deputy Commissioner, Mysore District, reporting on the present condition of the District:—

I have the honor to report for the information of Government that the rain-fall gauged at Head-quarters of the different taluks in the District proper during the month of April last are as given in the margin. Many of the tanks and drinking water kattes in the Nanjangud, Tirumakudlu-Narsipur and Mysore Taluks have received a full supply of water, especially the big tanks of Arsinkakere also called Narsambudhi and Holepura in the Nanjangud Taluk have discharged over kodi for the last one week. The pits dug as Relief Works have almost all been submerged, though, as they had all been checked previously, there is no doubt as to the correctness of the measurements of work done.

2. The timely and copious rain-fall we have had from the beginning of this new year and the thriving condition of the Mungar cholam and other dry crops in several taluks, are so far very hopeful signs, and it is hoped that these are indications of a coming prosperous season. I have issued orders to close Relief Works in the District proper as laborers who used to attend them are reported to have taken to their usual avocations.

No. D. 458, DATED CAMP MYSORE, 21ST MAY 1892.

ORDER THEREON.—The report is satisfactory. The action of the Deputy Commissioner in closing the few Relief Works which had been recently started in the Mysore, Nanjangud and Gundlupet Taluks, is approved.

*In the statement for the Davangere Taluk the outlay during the fortnight on other Taluks is shown as 2,065—7—4, whereas it ought to be 2,055—7—4 (*Vide* statement for the other Taluks.)

†The aggregate outlay on the Kalgere tank comes to 63 and not 73 entered in the statement. Hence the aggregate outlay on the Chitaldroog Taluk is 690—9—6 and not 700—9—6.

On the Bharmasagar tank in the Challakere Taluk and the Madenaikankote tank in the Hiriyur Taluk, no work was done during the fortnight under report. In the former case coolies went to work on Irrigation wells in their village and the neighbouring village of Bommasandra. In the latter case there was no demand for labor.

Of the 6 works in the Davangere Taluk, one (the Kumblur tank work) was struck off the list of Relief Works as directed by Government in Proceedings No. D 407, dated the 28th April 1892. On 3 others no coolies attended on the last day of the fortnight as they went to work in the fields after the recent fall of rain, while as regards the remaining two, no information had been supplied by the Amildar to whom strict orders had been issued. All the works, (with the exception of one under Shanbhog) were under Patels and, from enquiries made by the Deputy Commissioner and the reports received by him from the Assistant Commissioners, they were well managed and supervised.

The wages paid were 2 annas 3 pies per man, 1 anna 6 pies per woman and 1 anna per child.

Notes of Inspection of the Dodballapur Taluk received from the Deputy Commissioner, Bangalore, stating (in paragraph 13) that he had found a Madiga of middle age and his son aged about 12 years to be starving.

Letter No. D. 374, dated 22nd April 1892, to the Deputy Commissioner, Bangalore District, enquiring to what village the men belonged, whether there were no Relief Works near at hand, whether they wilfully refused to work, and, if not, under what circumstances they were allowed to become famished.

Memo No. 43, dated 9th May 1892, submitted by the Deputy Commissioner, explaining that the Madiga referred to, named Hanuma, settled himself at Chikka Devanapura about 5 years ago and has a wife, a widowed daughter with two infant children, 2 sons aged 9 and 7 years and another daughter aged 5 years, all depending on him; that he was subject to asthma and became worse in August last; that his wife too was laid up with fever about the same time; that the widowed daughter was thus the only working member, and shackled as she was with the care of the infants and her sick parents, she was only able to earn about 2 seers of ragi at irregular intervals; that the whole family was obliged to live on the kanji prepared from that scanty supply and there had thus been gradual starvation since August last and sickness due to it; that none in the family was in a fit state to work on the Relief Work, which was opened in the village on the 28th January last; that gratuitous relief was being given to the family since the 27th March; that the wife and daughter had sufficiently recovered to be employed on Relief Work, but that Hanuma and children, though improved in health, were in need of relief for some time longer.

No. D. 460, DATED CAMP MYSORE, 21ST MAY 1892.

ORDER THEREON.—It is evident that the village authorities failed to perform an important duty in omitting to provide charitable relief to this poor family, or to bring the matter to the notice of higher authorities in view to the distribution of Government gratuitous relief. It is fortunate, however, that the family have been saved by the timely extension of Government gratuitous relief.

The prescribed doles are ½ a seer of rice and 3 pies, or ¾ seer of ragi and 3 pies.

Besides the above, there is a private institution organized by Mr. A. Sreenivasacharlu and kept up from private contributions in which relief is given gratuitously to, at present, about 367 families of different castes. The contributions up to the 30th April 1892 amounted to Rs. 1,873 and the expenditure up to the same date to Rs. 1,966—2—5. A loan of Rs. 209 had been raised on the understanding that it should be liquidated from receipts for the month of May. The recipients are selected by the President and Executive Members of the Committee. The distribution of doles is undertaken by 2 of the Executive Members with the aid of a Mutsaddi and 2 peons. Each family is given from ½ to 1½ seers of rice or ragi and the quantity distributed daily is from 110 to 115 seers of rice and from 130 to 150 seers of ragi.

Letter No. 154, dated 10th May 1892, from the Deputy Commissioner, Mysore District, explaining, with reference to paragraph 2 of Proceedings No. D. 419, dated 4th idem, that the Kunchigars of Nagamangala live chiefly by the manufacture and sale of brass lamps, vessels and toys of various descriptions, that the demand for these wares has become slack owing to high prices of food grains, and the case of Kunchigars is similar to that of Weavers who do not find a sale for their cloths, and that it was his intention to devise a scheme of relief for them by offering to purchase from them articles for which they might find no sale in the ordinary market and to sell them afterwards as soon as trade revives.

No. D. 463, DATED CAMP MYSORE, 21ST MAY 1892.

ORDER THEREON.—Under the circumstances represented, the proposal of the Deputy Commissioner to afford relief to the Kunchigars of Nagamangala is approved. A sum of Rs. 1,000 will be placed at his disposal for this purpose, as requested in the above letter.

The following letter No. 37, dated 11th May 1892, from the Officer in charge of the Amrut Mahal Department :—

With reference to your letter No. D. 424 of the 5th instant, I have the honor to inform you that in accordance with instructions contained in the Proceedings of Government, No. D. 37 of the 19th December last, the Amrut Mahal kavals in question were thrown open to the village cattle only for a period of 3 months from 1st January to 31st March 1892, no fixed time having been given in the order. But as the Dewan wishes that this concession should be extended for a further period of 3 months (up to 30th June 1892), orders will be issued accordingly.

2. I must however point out that the kavals assigned to the Amrut Mahal Department for the use of the Government cattle have never been interfered with by the Revenue authorities even during the famine of 1876-77, and that if such requisitions are made especially when the seasons are bad, the Government cattle must suffer to some extent.

3. I trust, therefore, that at the end of the above period the kavals will be handed back to this Department and that instructions will be issued to the Revenue authorities to render every possible assistance to the subordinates of this Department in preserving the grass in these kavals from 1st July 1892, as otherwise it will be difficult to maintain the Government cattle in good condition during the current year.

No. D. 464, DATED CAMP MYSORE, 21ST MAY 1892.

ORDER THEREON.—The attention of Deputy Commissioners is drawn to paragraph 3 of the above letter.

2. It is hoped the recent rains, which in several parts of the Province were copious, will enable raiyats to find pasture for their cattle near their own villages a few days hence, and the Government trust that the Deputy Commissioners may be in a position to give back a number of the kavals earlier than the end of June. The Deputy Commissioners should take the necessary steps, as early as practicable, for the withdrawal of raiyats' cattle from the kavals lent by the Amrut Mahal Department, and for every assistance being rendered by local officials to the Amrut Mahal Department for the preservation of the grass in such kavals for the use of the Government cattle. No such kaval should be regarded as open to raiyats' cattle after 30th June next.

Diary (of which an Abstract is given below) of Mr. Kumarasami Naik, Probationary Assistant Commissioner on Special duty in the Bangalore District, for the fortnight ending 30th April 1892, received with docket No. 42, dated the 11th May 1892, from the Deputy Commissioner, Bangalore District :—

ABSTRACT.

The following statement shows the particulars of loans granted during the fortnight :—

Taluks.	No. of Loans granted for— New Wells.	Old Wells.	Total.	Amount of Loans sanctioned. Rs.	A.	P.	Amount paid on account of 1st instalment. Rs.	A.	P.	Remarks.
Bangalore	15	2	17	3,870	0	0	1,890	0	0	
Dodaballapur	23	4	27	5,030	0	0	1,825	0	0	
Closepet	3	...		900	0	0	450	0	0	
Kankanhalli	3	...	3	600	0	0	225	0	0	
Nelamangala	1	...	1	150	0	0	50	0	0	
Total.....	45	6	51	10,600	0	0	4,440	0	0	

Besides the above, a sum of Rs. 580 in the Bangalore Taluk and Rs. 100 in the Hoskote Taluk were advanced on account of the second instalments of loans previously granted. No applications for loans were received from the Magadi Taluk. In other taluks, loans had been sanctioned up to the extent of more than Rs. 32,000. The works were all progressing and more than a dozen wells had already been completed and were in operation. In the majority of cases, more than half the estimated quantity of work had been done and the remaining work was being pushed on.

There was very little demand for loans except in the Dodballapur and Devanhalli Taluks, which are assigned to Mr. Bapu Rao.

Nearly ten thousand rupees had been sanctioned in each of the Taluks of Nelamangala and Bangalore, and a few more applications were coming in slowly. There were very few applications from the Kankanhalli and Closepet Taluks. The Amildar of Kankanhalli explained that people were laboring under the impression that at the next Survey Settlement, the assessment would be increased wherever cultivation was carried on from Irrigation Wells. Mr. Kumarasami Naik impressed upon the people that such was not the intention of Government and drew their special attention to the guarantee given in Section 11 of the rules.

The following report on the condition of the Mysore District for the fortnight ending 30th April 1892, received with docket No. 162, dated 12th May 1892, from the Deputy Commissioner of Mysore :—

1. STATE OF CROPS—STANDING CROPS.—Kar-paddy under channel fed tanks in the Tirumakudlu-Narsipur Taluk, Lingambudhi tank, Mysore Taluk, and in the French Rocks Sub-Division, reported to be in good condition. Sugar cane under channel fed tanks in T. Narsipur Taluk and the French Rocks Sub-Division are doing well. Black-gram and horse-gram under channels in T. Narsipur and Yedatore Taluks and in the French Rocks Sub-Division and Cholam in Nanjangud and Mysore Taluks and mulberry in the T. Narsipur Taluk, javari and togari in the French Rocks Sub-Division are also reported to be thriving.
2. SEEDS SOWN.—Cholam has been sown in almost all parts of the District. Sowings of ragi in Nanjangud and togari and oil-seeds in T. Narsipur, Chamrajnagar and Gundlupet Taluks also reported. Some cotton has also been put down in the last 2 Taluks.
3. SUPPLY OF FOOD GRAINS.—Markets were as usual well supplied by local stock and imports.
4. SUPPLY OF WATER.—Good. Tanks and kattes have received a considerable supply of water during the recent rains. Water was also tapped in most of the wells that are under progress.
5. FODDER.—Available in all the Taluks. Owing to recent rains, the aspect of the season has begun to change. Cattle are still taken to jungles of Heggaddevankote Taluk from parts of Nanjangud Taluk.
6. RISE AND FALL OF PRICES.—Prices slightly falling.
7. DEMAND FOR LABOR.—Work not sought for by raiyats. Ordinary cooly class alone go to Relief Works in progress and works carried on by Public Works Department. The raiyats are busily engaged in agricultural operations in all taluks.
8. GENERAL CONDITION.—Cholera still lingers in most of the taluks of the District.

The following report on the condition of the Kadur District for the fortnight ending 15th May 1892, received with No. 9, dated 17th idem, from the Deputy Commissioner of Kadur :—

1. STATE OF CROPS.—The standing crops, *viz.*, paddy (Vaisakha) and sugar-cane are in a good condition. The maize plants in the bed of the Iswarhalli Tank in the Chikmagalur Taluk are thriving.
2. SUPPLY OF FOOD GRAINS.—The markets were well supplied with the chief food grains *viz.*, ragi and rice.
3. SUPPLY OF WATER.—Good in all parts. Well works sanctioned from District Funds and Local Funds General are in progress. The recent rains have supplied water to the tanks and small kattes in the District.
4. FODDER FOR CATTLE.—There is a fair supply of grass consequent upon the recent rains.
5. RISE AND FALL OF FOOD GRAINS :—

Grains.	Present fortnight. Seers per Rupee.	Past fortnight. Seers per Rupee.
Rice	7 to 13	8 to 12
Ragi	18 to 22	16 to 22
Gram	11 to 13	11 to 13

6. DEMAND FOR LABOR.—There is no demand for labor, the raiyats being busily engaged in ploughing and sowing.
7. GENERAL CONDITION OF THE DISTRICT.—Encouraging. Village Relief Works have not been started, there being no necessity for them. Public health is generally good. Small-pox continues to prevail in all the Taluks more or less.

The followng report on the condition of the Bangalore District for the fortnight ending 15th May 1892, received with docket No. F. D. 47, dated 18th idem, from the Deputy Commissioner of Bangalore :—

1. AGRICULTURE AND CROPS.—Sugar-cane in parts of Bangalore, Devanhalli, Dodballapur, Closepet and Magadi Taluks are reported to be in good condition. Raiyats are reported to be engaged in ploughing fields and carting manure. Punaji paddy, gingelly and haraka reported to be sown in parts of the Bangalore Taluk.
2. FODDER AND CATTLE.—Owing to recent showers, grass is just sprouting. Cattle are being still fed on leaves and taken to Government Forests and Plantations wherever such facilities exist. *Dod-roga* is stated to prevail in Anekal and cattle reported to be dying from it, and for want of sufficient fodder in Dodballapur Taluk.
3. WATER-SUPPLY.—There has been a good fall of rain. Following is the quantity gauged at Taluk head-quarters during the fortnight :—

	Inches.	Cents.
Bangalore	4	0
Hoskote	2	50
Devanhalli	1	5
Dodballapur	1	81
Nelamangala	3	49
Kankanhalli	3	11
Magadi	3	62
Closepet	1	62
Anekal	2	62
Channapatna	3	35

Tanks are generally reported to have received supplies of water, ranging from 8 days' to 3 months' supply.

4. PUBLIC HEALTH.—Good, save in parts of Dodballapur and Magadi. Fever is reported to prevail in the former and fever and small-pox in the latter taluk.
5. FOOD GRAINS.—Markets well supplied. Very little change is noticeable in the prices which prevailed in the fortnight as compared with those last reported.
6. GENERAL.—Outlook on the whole is encouraging

READ ALSO :—

The following report on the condition of the Closepet Sub-Division for the same period received with the above :—

1. STATE OF CROPS.—Sugar-cane is being planted in places where tanks have received supply of water in the Taluk of Closepet. Owing to the recent rains, agricultural operations such as ploughing, manuring fields are briskly going on everywhere.
2. PRICES OF FOOD GRAINS.—Supplies in the markets abundant and prices stationary.
3. FODDER.—Grass has sprouted and if the favorable season continues, it will be abundant in a month.
4. WATER SUPPLY.—Most of the tanks received supplies for one to four months, and there is flow of water in the Arkavati stream.
5. GENERAL HEALTH.—Fair.
6. LABOR.—No demand for labor. Tavarekatte work in the Channapatna Range is approaching completion. Raiyats are employed in field work

ORDER THEREON.—Recorded.

L. ANANTASWAMI RAO,
Under-Secretary.

C. No. 36, DATED 18TH MAY 1892.

ORDER.—The subject of appointing a standing Text Book Committee for Mysore has for some time been before Government. It is resolved to appoint a strong Committee as a consultative body to help Government in the selection and preparation of text books on the lines laid down by the Government of India. Their chief functions will be the following:—

(1) To select suitable text books for all Lower Secondary and Primary Schools of Mysore.

(2) To indicate how far the existing text books require revision.

(3) To lay down the lines on which new text books should be written and to arrange for their preparation.

(4) To correct the text and prepare expurgated editions of Kannada and Sanskrit books for the use of schools and of candidates for the Local Examinations.

(5) To suggest the text books for the Local Examinations both in the language and other subjects.

(6) To select and recommend books for prizes and reference.

(7) To review books offered by authors for patronage.

2. In the preparation of new text books for Vernacular Schools, care will be taken to see that the language and style adopted are such as are easily intelligible to a person ignorant of English. To make sure that this object is attained in the case of every new publication, it shall be approved by one or more Pandits on the Committee that are not likely to know the English books from which the subject matter may have been derived. It will also be necessary to see that the language and grammatical forms used in the text books are not too learned or pedantic to be easily understood by pupils and other readers ignorant of Sanskrit.

3. For the High Schools a preliminary list of selected books for every subject will be circulated every year in the month of June for remarks, suggestions or additions among the Heads of Colleges and High Schools as well as the members of the Text Book Committee. On the receipt of their replies, a final list of books authorized for use as text books in High Schools will be issued not later than the 15th of August. For every subject more than one text book will usually be selected from which the Head of each Institution will choose the text book he considers best for his pupils, the other books recommended for the same subject being kept for reference in the school library. Before the 15th of September if the Heads of Institutions will make their own selections from the list of authorized text books and indent for the number of copies likely to be required for use in their schools in the following year, the Curator of the Government Central Book Depôt will take steps to keep a supply of the books indented for ready at the commencement of the ensuing year. It is hoped that by the preparation and publication of an authorized list of text books for High Schools in the manner above mentioned, the newest books will be brought to the notice of all teachers especially of those in the District High Schools, and variety in the use of approved text books as well as a certain degree of fullness and accuracy in teaching will be secured. If a good school book is published after the authorized list for the ensuing year is issued, it may if approved by Government be used as a reference book immediately and adopted as a text book in the year following that for which the last published list of authorized books is issued.

4. The Education Secretary will be *Ex-officio* President of the Text Book Committee and he will appoint the Secretary to the Committee. The Committee may delegate any of its functions to Sub-Committees. The Secretary to the General Committee will be *Ex-officio* Secretary to every Sub-Committee. The General Committee will meet as often as the President may think it neces-

sary to convene a meeting or at least once in three months. The Committee will submit an annual report to Government of the work done by it during the year. If a member leaves the Province for more than six months, he shall vacate his appointment. The Committee will have the power to recommend from time to time additions to the number of its members.

5. Government is pleased to appoint the following gentlemen to form the standing Text Book Committee. Government, however, reserves to itself the right of publishing revised lists of members whenever it may seem necessary to do so. The names of the members of the Committee will be notified in the official Gazette :—

The following report on the condition of the Chitaldroog District for the fortnight ending 15th May 1892, received with docket No. 777—733, dated the 19th idem, from the Deputy Commissioner of Chitaldroog :—

In the fortnight under report, there has been a good fall of rain in all the Taluks of the District and raiyats are everywhere busily engaged in ploughing and sowing their lands. Tanks have generally received supplies of water varying from 2 to 3 months and all the Amildars report that there has been a change for the better in the prospects of the season.

The quantity of rain gauged during the fortnight at the several Taluk Head-quarters of the District was as follows :—

Taluks.	Inches.	Cents.
Chitaldroog	2	6
Davangere	...	30
Holalkere	2	27
Challakere	1	80
Hiriyur	2	99
Molakalmuru	1	15
Jagalur	2	26
Hosdurga	2	30

2. STATE OF THE CROPS.—The standing crops under kapile wells and streams are in fair condition throughout the District.

3. In the Chitaldroog Taluk, Vaisakha paddy and sugar-cane are generally in fair condition. Vaisakha paddy was harvested, the out-turn being estimated at 8 annas in the rupee. Cholam, yellu (sesamum) and caster seed have been sown.

4. In the Davangere Taluk, Vaisakha paddy and sugar-cane are in fair condition. Cholam, castor seed and yellu were sown. Paddy and sugar-cane were harvested, the out-turn being estimated at 6 annas in the rupee.

5. In the Holalkere Taluk, Vaisakha paddy was harvested and the out-turn is estimated at 8 annas in the rupee. Castor seed and yellu have been sown.

6. In the Jagalur Taluk, Vaisakha paddy, cholam and navane below kapile wells were harvested, the out-turn being estimated at 12 annas in the rupee.

7. In the Taluks of Challakere, Hiriyur and Molakalmuru, Vaisakha paddy, cholam and navane below tanks and wells were harvested and the out-turn is estimated at from 6 to 8 annas in the rupee. Cholam, castor seed, yellu, black gram and harka were sown.

8. SUPPLY OF FOOD GRAINS.—The supply of food grains is generally sufficient in all the taluks of the District. Ragi and cholam were exported to various places in British Territory from the Taluks of Holalkere and Davangere.

9. There has been no marked change in prices during the fortnight under report.

10. The market prices of the different food grains at the Taluk Head-quarters of the District for the present and past fortnights are given below :—

Taluks.	Present fortnight. Seers per rupee.			Past fortnight. Seers per rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	8½	24	22	8½	24	18
Challakere	8½	21	19	8½	22	21
Davangere	9	23	22	9	24	22

Molakalmuru	7½	16	15	7½	17	15
Hosdurga	9	28	24	9	24	22

The markets were generally well supplied.

11. SUPPLY OF FODDER AND WATER.—In the Taluks of Chitaldroog and Holalkere, the supply of fodder is generally sufficient. Raiyats from the Taluks of Hiriyur and Challakere come and purchase cholam straw from raiyats in the Chitaldroog Taluk.

12. In the Davangere Taluk, there is a moderate supply of fodder, while in the Taluks of Hiriyur, Challakere and Molakalmuru and parts of Jagalur scarcity of fodder is much felt, cattle being fed on date and other leaves.

13. The supply of water is generally sufficient in all the Taluks of the District, and in parts of Hiriyur where it was scanty, the recent rains have supplied the want to some extent.

14. DEMAND FOR LABOR.—The demand for labor is slack as the people are engaged in field work. There is sufficient employment available for those in need of work not only on Relief Works but also on Irrigation wells and Saguvali kattes.

15. RELIEF TO WEAVERS.—During the fortnight under report, cloths to the value of Rs. 630—5—2 were purchased from the Weavers at Molakalmuru.

GENERAL CONDITION OF THE DISTRICT.—The general condition of the people in the District is good. Cattle, however, are in the same condition as before.

The following report on the condition of the Shimoga District for the fortnight ending the 15th May 1892, received with docket No. 202—193, dated 20th idem, from the Deputy Commissioner of Shimoga :—

1. STATE OF CROPS—
   (*a*) STANDING CROPS.—Sugar-cane and paddy are in a fair state in all the Taluks except Tirthahalli where there are no standing crops.
   (*b*) CROPS HARVESTED.—None.
   (*c*) SEEDS SOWN.—Sesamum and green gram in the Honnali Taluk and paddy in the Kumsi Sub-Taluk.

   In the Shikarpur and Nagar Taluks, agricultural operations have commenced for the dry and Kartika crops.
2. SUPPLY OF FOOD GRAINS.—Sufficient ; markets were generally well supplied, except at the small santés of Tattur and Mudi in Sorab and Chilur in Honnali owing to cholera.
3. SUPPLY OF WATER.—Sufficient, except in the affected parts of the Channagiri Taluk.
4. FODDER FOR CATTLE.—Sufficient in the Malnad Taluks and scanty in parts of the Shimoga, Channagiri, Honnali and Shikarpur Taluks.
5. PRICES—
   1. The price of rice is rising in the Shimoga, Honnali and Sagar Taluks, falling in the Shikarpur Taluk and stationary in the other Taluks of the District.
   2. The price of ragi is rising in the Shimoga, Shikarpur and Tirthahalli Taluks, falling in the Channagiri Taluk and stationary in the other Taluks of the District.
   3. The price of jola is falling in the Channagiri Taluk and stationary in the Shimoga, Honnali and Shikarpur Taluks and Kumsi Sub-Taluk.
6. DEMAND FOR LABOR.—People find labor. Relief Works are in progress in the Channagiri and Honnali Taluks.

GENERAL CONDITION—

(*a*) PUBLIC HEALTH.—Generally good. Cholera still exists in parts of the Honnali, Shikarpur and Sorab Taluks. There are also a few sporadic cases in

the Shimoga, Channagiri and Sagar Taluks. Fever is prevalent in some parts of the Sagar Taluk.

(b) RAIN-FALL.—There was rain in all the Taluks of the District during the fortnight under report, and the quantity gauged is given in the margin. The rain was very useful and enabled the raiyats to commence their agricultural operations. In the Channagiri, Honnali and Sorab Taluks, some tanks have received a small supply of water.

The following report on the condition of the Kolar District for the fortnight ending the 15th May 1892, received with docket No. 754—172, dated 21st idem, from the Deputy Commissioner of Kolar :—

1. RAIN-FALL.—There was rain all over the District, except in Mulbagal and Malur. The rain-fall gauged at Bagepalli was 2 inches and 60 cents. Some tanks in the Bagepalli, Goribidnur and Sidlaghatta Taluks have received a supply of water lasting from 8 days to a month. The prospects of the season have somewhat improved, but more rain is wanted.

2. STATE OF CROPS.—Standing crops are reported to be generally in a good condition. Ploughing operations continue; harka, sajje, gingelly seed, jola and punaji paddy were sown in parts.

3. SUPPLY OF FOOD GRAINS.—Markets are generally well supplied.

4. WATER-SUPPLY.—Drinking water is procurable. Deepening of old and excavation of new wells continue.

5. FODDER-SUPPLY.—Scarce. Leaves of trees are still used as fodder for cattle. If rains continue, good grass may be expected.

6. PRICES.—There is a slight fall in the prices of ragi and jola.

7. DEMAND FOR LABOR.—The number of coolies attending Relief Works has a tendency to fall as laboring classes find work on fields.

8. GENERAL CONDITION.—Is improving.

READ ALSO :—

The following report on the condition of the Chikballapur Sub-Division for the same period received with the above :—

RAIN-FALL.—During this fortnight, copious showers of rain fell throughout the Sub-Division. Almost all the tanks and kuntes have received water-supply varying from 10 days to three months.

AGRICULTURAL OPERATIONS.—Raiyats are busily engaged in ploughing their dry lands. Jola has been harvested. The standing sugar-cane crop is doing well, the recent rain-fall having greatly benefited it where it was suffering from deficient water-supply. Rice crop under Talpargis is flourishing.

FODDER AND WATER FOR CATTLE.—It will be some time before the recent rains will induce grass to spring up. Till then, difficulty for fodder will continue. Date leaves and leaves of other trees are used for fodder in parts of Goribidnur, Gudibanda and Bagepalli. The distress from deficiency of water has been allayed. There is no sickness among cattle.

MARKET AND PRICE.—The markets in the Sub-Division are well supplied. The prices of the principal food grains—ragi and jola—have slightly fallen.

RELIEF WORKS.—The attendance on Relief Works show a falling off and will diminish still further with the commencement of agricultural operations. The number on the Relief tank works on the last day of the fortnight in the Sub-Division was 282. Six persons were engaged in the collection of tangadi bark as a Relief Work.

GENERAL CONDITION.—Anxiety has to a large extent been allayed and the prospects are hopeful. Public health continues to be good.

The following report on the condition of the Hassan District for the fortnight ending the 15th May 1892, received from the Deputy Commissioner of Hassan :—

CONDITION OF CROPS.—Sugar-cane and paddy in the Taluks of Hassan and Channarayapatna are in good condition. Mungar sesamum and jola are in fair condition in the Arsikere and Arkalgud Taluks. Ragi, jola and sesamum are sown in some Taluks.

PRICES OF FOOD GRAINS.—Stationary. Markets are well supplied.

SUPPLY OF WATER.—There has been rain-fall in all the Taluks. The raiyats are busily engaged in sowing operations. Most of the tanks in the District have received a good supply of water which in some tanks will last for 3 months.

FODDER FOR CATTLE.—Generally available. Date leaves are still used as fodder in the Arsikere Taluk. Green grass is also now available in all the Taluks.

PUBLIC HEALTH.—Generally good. Small-pox is still prevalent in some villages of the Belur Taluk. Cholera is prevalent in the Taluks of Hassan, Arsikere, Channarayapatna, Hole-Narsipur, Arkalgud and Grama Sub-Taluk. Amildars have been ordered to attend to village sanitation.

DISEASE AMONG CATTLE.—Murrain is still prevalent in Halebidu and Madihalli Hoblis of the Belur Taluk.

DEMAND FOR LABOR.—Is great and labor is not easily obtainable.

The increase in the number of works in the Srinivaspur Sub-Taluk was owing to the fact that 4 of the works which were reported in previous returns as having been completed were found to require some more work, and hence were included in the works under progress.

On 18 of the works, no coolies attended on the last day of the fortnight, and on 7 works, no work was done during the fortnight. On one of the latter (in the Mulbagal Taluk), the coolies did not attend because the soil was hard, and on another (in the Gudibanda Sub-Taluk), because they were able to get higher wages elsewhere. Two of the works were stopped as the tank received a supply of water.

All the works were in charge of Patels and were carried on on the Amani system. The wages paid were from 1½ to 3 annas per man, 1½ annas per woman and 1 anna per boy. In the Malur Taluk, however, the boys were paid at one anna and half each.

II. COLLECTION OF TANGADI BARK.—The following table shows the amount spent during the fortnight under report and the previous fortnight :—

3. The aggregate outlay on the Kottanahallikere in the Channapatna Sub-Taluk up to the end of the fortnight under report is Rs 187—2—0 and not Rs. 181—2—0. Hence the aggregate outlay in the whole Sub-Taluk is Rs. 466—0—9.]

On 4 works (3 in the Dodballapur Taluk and 1 in the Devanhalli Taluk) work was stopped during the fortnight as the tanks received a small supply of water. Coolies on these were attending other Relief Works.

Two other works in the Devanhalli Taluk were also stopped. For one of them coolies were not available.

Only one work was under progress in the Bangalore Taluk. Of the other works, earth work on three had been completed, and as regards the remaining three, measurements had not been taken yet. All the works in the Dodballapur Taluk were carried out on the contract system, while in the Devanhalli Taluk all except one were carried out on the Amani system. In the other taluks, a few were carried out on the Amani system and the others on the contract system.

Fourteen of the works were in charge of Patels, 8 under Shanbhogs, 2 under contractors and 1 under a Pensioned Amildar. The Amildars and Sheristadars supervised the works.

The wages paid were from 2 annas 4 pies to 4 annas per man, from $1\frac{1}{2}$ to 2 annas per woman and 1 anna per boy.

GRATUITOUS RELIEF.—Thirty-nine persons in the Dodballapur Taluk were given grain doles as they were quite destitute, incapacitated and helpless.

R. VIJAYINDRA RAO,

Director of Statistics and Agriculture in Mysore.

METEOROLOGICAL DEPARTMENT, GOVERNMENT OF INDIA.

RAINFALL CIRCULAR No. 5 OF 1891.

Instructions for use of Measuring Gauges.

On one side of the gauge for measuring the funnels of rain-gauges parallel lines of different lengths are drawn. The length of the middle line is exactly five inches, and this is shown by the mark 5″ at its ends. The others increase or diminish by 0·2 inch, and the lengths of the various lines are 4·94, 4·96, 4·98, 5, 5·02, 5·04, and 5·06 inches respectively. Except in the case of the middle line the last figure only is marked, so that 4·9 or 5·0 has to be supplied for the shorter or longer lines.

When using the gauge take hold of it in the middle by the thumb and first finger as shown in the above woodcut, and place it in the funnel of the rain-gauge with the longer side up, and the lines as nearly horizontal as possible. Should it then coincide with a diameter of the funnel, the length of this diameter will be indicated by the figures at the end of the line on the face of the measuring gauge joining the points where it touches the edge of the funnel. If this line be the middle one, the diameter of the funnel is five inches, but if the mouth be larger than it ought to be, the measuring gauge will go further down, say, till the next line above the middle one fits the mouth of the funnel. In this case its diameter will be 5·2 inches. If the mouth be less than 5,″ the lower lines (of 4·98 inches, 4·96 inches, or 4·94 inches) will enable the length of the diameter to be measured, and if more than five inches the higher lines (of 5·02, 5·04 and 5·06 inches) will enable the diameter to be gauged.

It is not likely that the diameter will be exactly the length of one of the lines drawn on the face of the measuring gauge, but sufficient accuracy will be obtained if the length be given correct to one hundredth of an inch. This may be easily done by observing whether the line joining the points of contract of the measuring gauge with the edge of the funnel coincides most nearly with one of the lines on the measuring instrument or with a line midway between two of the lines traced on the measuring gauge.

Care should be taken that the measuring gauge is not forced into the mouth of the funnel, but placed in it with the ends of the gauge lightly touching the edge at equal distance from the middle line. If this be attended to the lines on the face of the measuring gauge will be horizontal, and the diameter of the funnel may be measured correct to even less than a hundredth of an inch.

To test whether or not the measuring gauge lies along a diameter of the funnel, keep one end fixed and try if the other can be moved to the one side or the other. When this is no longer possible, the diameter has been found.

When the instrument is used to test a rain-gauge, it is employed to determine—

1. Whether the mouth of the funnel is truly circular.
2. Whether the circle is of the proper diameter.

In order to test if the instrument is truly circular or not, measurements should be made in different directions across the mouth of the funnel. If these agree within the hundredth of an inch, the rim may be accepted as circular. If not, the measurement of the greatest and least diameters or distance across the rim should be given, in order to enable, if desired, a correction to be applied to the actual measurements of rainfall to allow for the error due to the change of shapes of the rim.

If the mouth of the rain-gauge is found to be circular, the measurement of the diameter should be taken as carefully and exactly as possible, so as to be certainly correct within a hundredth of an inch, which is the limit of error adopted by the Meteorological Department for rain-gauges in actual use. If the error exceeds this, the instrument should be replaced as soon as convenient by a new instrument.

Official Papers.

READ :—

The following report on the condition of the Tumkur District for the fortnight ending 15th May 1892, received with docket No. 1205, dated the 26th idem, from the Deputy Commissioner of Tumkur :—

I. HARVEST.—Jola in the Taluks of Sira and Koratagere and Vaisakha paddy under Gubbi tank in the Gubbi Taluk were harvested.

II. STANDING CROPS.—In fair condition.

III. FOOD GRAINS.—Markets throughout the District were well supplied, with the exception of those in parts of Turuvekere Sub-Taluk on account of cholera. Prices rémain stationary generally.

IV. FODDER.—Insufficient, consequently the leaves of atti, ala, goni, arali and date trees are used as fodder. Green grass has not as yet come up. More rain is wanted.

V. WATER.—The rain that fell lately in the District lessened the water difficulty. The fresh water wells sunk at Government cost are of the greatest convenience to the people.

VI. DEMAND FOR LABOR.—Agricultural classes are busily engaged in tilling their fields. Generally Holayars and Madigars, Uppars and Muhammadans that have no fields attend the Relief Works. There has not been very great demand for labor.

VII. GENERAL CONDITION.—Cholera is subsiding. Fever and dysentery prevail in some parts of the Sira Táluk. The days are still warm.

READ ALSO :—

The following report of the General Assistant Commissioner, Tumkur, on the condition of the Maddagiri, Sira and Pavagada Taluks for the same period, received with the above :—

I. HARVEST.—Reaping of Vaisakha paddy has commenced.

II. STANDING CROPS.—Vaisakha paddy and sosi ragi have far advanced and are ready for the sickle.

III. CULTIVATION.—There has been some more rain during the fortnight. Raiyats have ploughed and sown their lands in many places.

IV. PRICES.—Have undergone no change. The market rates of rice varied from 7 to 8 seers a rupee and of ragi from 16 to 20 seers a rupee.

1078

V. DRINKING WATER.—The difficulties are beginning to disappear for drinking water. Well works are in progress. Tanks contain some small supply of water. More rains are needed.

VI. CATTLE FODDER.—The price of straw has risen very high. The present rate is 20 times the rate which prevailed during the last official year. Green grass has not yet begun to grow as the rains were not sufficient.

VII. GENERAL CONDITION.—People are not yet in need of employment on Government Relief Works. The tank Relief Works are going on to the extent of labor available. The laborers of the Anantapur District alluded to in the last report are still working on the Relief tanks in the Sira Taluk.

No. D. 502, DATED CAMP MYSORE, 3RD JUNE 1892.

ORDER THEREON.—Recorded.

READ:—

The following report on the condition of the Mysore District for the fortnight ending the 15th May 1892, received with No. 217, dated 30th idem, from the Deputy Commissioner of Mysore:—

STATE OF CROPS.—STANDING CROPS.—Kar-paddy under tanks in Tirumakudlu-Narsipur and Lingambudhi tank in Mysore Taluk and in the French Rocks Sub-Division is in good condition. Sugar-cane, black, green and horse gram in the French Rocks Sub-Division, under channels in Tirumakudlu-Narsipur and Mysore Taluks and in Gundalpete and Chamrajnagar Taluks are thriving well. Mungar crops are reported to be in good condition in all the Taluks of the District. It is also reported that these (Mungar crops) in Krishnarajpete and Malvalli Taluks require more rain.

Sowing of Mungar seeds still continues.

SUPPLY OF FOOD GRAIN.—There was a sufficient supply of grains in all the markets.

SUPPLY OF WATER.—No scarcity of water is felt anywhere, as most of the tanks and kattes have received a good supply of water.

It is reported that tanks in Mandya, Seringapatam, Nagamangala, Tirumakudlu-Narsipur, Nanjangud and Chamrajnagar Taluks have received water up to kodi level.

FODDER.—Available every where.

RISE AND FALL OF PRICES.—Prices slightly falling.

DEMAND FOR LABOR.—The raiyats have full occupation in their fields and do not care for other works. Relief Works stopped in the District proper.

GENERAL CONDITION.—The recent rains have improved prospects and a good season is hoped for. Cholera still continues in almost all the Taluks of the District.

No. D. 504, DATED CAMP MYSORE, 3RD JUNE 1892.

ORDER THEREON.—Recorded.

READ:—

Letter No. 1195, dated 23rd May 1892, from the Deputy Commissioner, Tumkur District, reporting for orders the objection made by the raiyats of the Sira Taluk to pay the Hulbanni for 1891-92, on the ground that there was no grass for their cattle in the present season of drought and that most of these died for want of fodder.

No. D. 505, DATED CAMP MYSORE, 4TH JUNE 1892.

ORDER THEREON.—That the pasturage failed throughout the greater part of the Sira Taluk during the past season may be admitted, but there is reason to fear that under the Hulbanni settlement under which the amount in one lump is distributed among the various raiyats, the share of each raiyat is very insignificant and has probably been paid already to the Patel or Shanbhog. Any remission of the tax would benefit the intermediary Patel or Shanbhog rather than the raiyat, and the clamour for remission of this item often proceeds from the former. The Deputy Commissioner will investigate the actual facts in the case of a few typical villages selected out of those the raiyats of which ask for the remission, and report whether, and if so, how, any remission if ordered

now, could reach the raiyat. It should also be reported whether the Hulbanni for 1890-91, 1891-92 and 1892-93 is likely to be the same for most villages, or whether considerable variations are expected.

A sum of Rs. 74—15—8 was spent on removing the silt from, and sinking a well in, the bed of the Dasarathakunte and Nagarakunte tanks in the Kolar town. The aggregate outlay on these works up to the end of the fortnight undert report was Rs. 324—6—9.

No. D. 506, DATED CAMP MYSORE, 4TH JUNE 1892.

ORDER THEREON.—It is noticed that there was a marked increase in the number of coolies on Relief Works in this District, while in the Districts of Bangalore, Tumkur and Chitaldroog, there was a falling off as shown below:—

	On the last day of the fortnight ending 15th May.	On the last day of the fortnight ending 30th April.
Kolar	2,228	1,748
Bangalore	479	1,247
Tumkur	1,216	1,540
Chitaldroog	890	1,029

2. In the Mulbagal Talúk where the increase was largest, there was no rain during the fortnight, but in the other Taluks excepting Malur, there was some rain-fall which in the Deputy Commissioner's opinion had somewhat improved the prospects of the season. The Deputy Commissioner stated in the same report that the number of coolies attending Relief Works showed a tendency to fall as laboring classes had found work on fields, but this expectation does not seem to have been realized.

3. The reason for this marked increase in the number of coolies on Relief Works notwithstanding the recent fall of rain should be explained.

On one work in the Malvalli Taluk, no work was done during the fortnight as the coolies were engaged in agricultural operations.

Three works (one in the Gundlupet Taluk and two in the Nanjangud Taluk) were stopped as the tanks received water.

All the works (except one under a Shanbhog) were in charge of Patels and were carried on on the Amani system.

The management and supervision were satisfactory. The wages paid were from 2 annas to 3½ annas per man, 1½ annas per woman and 1 anna per boy.

II. MISCELLANEOUS.—(1). A sum of Rs. 84—2—0 was spent during the fortnight in connection with the bamboo Depôt at Halagur in the Malvalli Taluk. The aggregate outlay on this was Rs. 124, while a sum of Rs. 258—6—5 was realised by the sale of bamboos up to end of April.

(2). A sum of Rs. 3—12—0 was spent on the collection of Tangadi bark.

III. RELIEF TO WEAVERS.—Cloths to the value of Rs. 219—4—0 were purchased from the Weavers in Krishnarajpete Taluk.

The following report on the condition of the Kadur District for the fortnight ending the 31st May 1892, received from the Deputy Commissioner of Kadur :—

1. STATE OF CROPS.—The standing crops, *viz.*, paddy, ragi, sugar-cane, maize, sesamum are thriving well.

2. SUPPLY OF FOOD GRAINS.—The markets were well supplied with food grains.

3. SUPPLY OF WATER.—Good in all parts. Well works sanctioned from District Funds are in progress. The south-west monsoon apparently burst on the 28th May. The tanks and kattes throughout the District have received a good supply of water.

4. FODDER FOR CATTLE.—There is a good supply of grass in the Malnad, but want of fodder is still felt in the Kadur Taluk to a small extent.

5. PRICES OF FOOD GRAINS.—

Grain.	Present fortnight.	Past fortnight.
Rice	7 to 12	7 to 13
Ragi	18 to 24	18 to 22
Gram	11 to 14	11 to 13

6. DEMAND FOR LABOR.—There is no demand for labor and the raiyats are taking advantage of the seasonable rain to continue their ploughing and sowing.

7. GENERAL CONDITION OF THE DISTRICT.—Encouraging. Village Relief Works have not been started, necessity not having arisen.

Public health is good. Small-pox continues in the Chikmagalur, Mudgere and Koppa Taluks.

There were some cases of cholera at Ajjampur and 2 other villages in the Tarikere Taluk and amongst the victims was the Hospital Assistant of Tarikere who went with the Amildar to Ajjampur to make the necessary arrangements. The epidemic had since ceased.

Cholera also appeared at Devanur in the Arsikere Taluk, brought from Arsikere, but that has also apparently ceased.

The following report on the condition of the Bangalore District for the fortnight ending the 31st May 1892, received with docket No. 56, dated the 4th June 1892 :—

RAIN-FALL.—The figures given below show the quantity of rain gauged at Taluk Head-quarters :—

	Inches.	Cents.
Bangalore	0	69
Hoskote	1	18
Dodballapur	0	28
Nelamangala	1	90
Kankanhalli	2	85
Magadi	1	77
Closepet	2	61
Anekal	0	71
Devanhalli	0	90

AGRICULTURE AND CROPS.—Sugar-cane, jola and yellu are reported to have been sown in parts of Kankanhalli, Magadi, Closepet and Anekal Taluks. Standing sugar-cane crop is reported to be in good condition. Kadle sown in the bed of Jigani Tank, Anekal Taluk, is reported to have withered. Raiyats are engaged in ploughing operations.

FODDER AND CATTLE.—Still scarce, cattle are being fed on leaves in some parts, grass is just sprouting and people make use of it by scraping.

WATER-SUPPLY.—No difficulty is felt for water.

PUBLIC HEALTH.—Generally good, except in parts of Devanhalli, Dodballapur and Magadi Taluks, where fever and small-pox prevail. There was an out-break of cholera in Bangalore and Magadi Taluks, necessary arrangements made to afford medical aid.

FOOD GRAINS.—Markets well-supplied. No material change in the prices.

READ ALSO :—

The following report of the Officer in charge of the Closepet Sub-Division on the condition of the Sub-Division for the same period, received with the above :—

STANDING CROP.—Sugar-cane, jola and yellu have been sown and the young crops are thriving.

PRICES OF FOOD GRAIN.—Are going down, supply in markets abundant.

WATER-SUPPLY.—Good. Tanks and wells have received supplies of water from the recent rains.

FODDER AND HEALTH OF CATTLE.—Procurable. Green grass has grown in the plains. Cattle disease which was prevailing in Kankanhalli Taluk has abated.

RELIEF WORK.—One hundred and sixty-three coolies are employed on Kuttanahalli Tank and Ramnarasaiya's pond works.

No. D. 514, DATED CAMP MYSORE, 8TH JUNE 1892.

Letter No. 795—751, dated the 1st June 1892, from the Deputy Commissioner, Chitaldroog District, soliciting orders with reference to Proceedings No. D. 428, dated 7th May 1892, as to whether any concession should be shown in the case of rice lands under tanks on which dry crops are usually grown.

No. D. 519, DATED CAMP MYSORE, 10TH JUNE 1892.

ORDER THEREON.—Under the terms of the orders already issued, the lands referred to are entitled to remission of half the assessment if they lay waste.

READ :—

The following report on the condition of the Chitaldroog District for the fortnight ending the 31st May 1892, received with docket No. 803—758, dated the 4th June 1892 :—

The rain-fall in the several taluks of the District during the fortnight under report has been less than in the preceding fortnight. Raiyats, however, are busily engaged in ploughing and sowing and are in expectation of getting more rain soon. In the Molkalmuru Taluk, ploughing operations are backward owing to scanty rain-fall.

2. The rain-fall gauged at the several Taluk Head-quarters of the District during the fortnight was as follows :—

Taluks.	Inches.	Cents.
Chitaldroog	0	28
Challakere	0	80
Hiriyur	0	75
Holalkere	0	36
Davangere	0	70
Jagalur	0	50
Hosdurga	0	20
Molkalmuru	...	...

3. STATE OF THE CROPS.—The standing crops under kapile wells and streams are in fair condition throughout the District. The harvest of Vaisakha paddy below tank is nearly over. The out-turn was about 8 annas in the rupee in the Chitaldroog Taluk, 4 to 8 annas in the Jagalur Taluk, 4 annas in the Hiriyur, Challakere and Molkalmuru Taluks. Mungar cholam, castor seed, yellu (sesamum), black gram and green gram have been sown in parts of all the taluks except Molkalmuru.

4. SUPPLY OF FOOD GRAINS.—The supply of food grains is generally sufficient in all the taluks of the District. Ragi and cholam were exported to various places in British Territory from the taluks of Chitaldroog, Holalkere and Davangere.

5. PRICES.—There has been no marked change in prices during the fortnight under report. The market prices of the different food grains at the Taluk Head-quarters of the District for the present and past fortnights are given below :—

Taluks.	Present fortnight. Seers per rupee.			Past fortnight. Seers per rupee.		
	Rice.	Ragi.	Cholam.	Rice.	Ragi.	Cholam.
Chitaldroog	8¾	23	18½	8½	24	18
Challakere	8½	21	20	8½	22	21
Davangere	9	21	20	9	24	22

Hiriyur	7½	18	17	8	16	15
Jagalur	7½	21	18	8	23	20
Molkalmuru	7½	16	15	7½	17	15
Hosdurga	8	28	24	9	24	22

The markets were generally well supplied.

6. SUPPLY OF FODDER.—Sufficient in the taluks of Chitaldroog and Holalkere, moderate in the Davangere Taluk and very scanty in the taluks of Jagalur, Hiriyur, Challakere and Molkalmuru.

7. SUPPLY OF WATER.—Generally sufficient in all the taluks.

8. DEMAND FOR LABOR.—The demand for labor is on the decrease. In the fortnight under report, the number of coolies employed on Relief Works was much smaller than the number employed in the previous fortnight. The progress on Irrigation Wells and Saguvali kattes has been somewhat slow owing to difficulty of procuring labor.

9. RELIEF TO WEAVERS.—During the fortnight under report, cloths to the value of Rs. 11,000—7—2 were purchased from the Weavers at Molkalmuru.

10. GENERAL CONDITION OF THE DISTRICT.—The general condition of the people in the District is good. Cholera is decreasing in the Taluks of Davangere and Jagalur. Cattle, however, are in the same condition as before.

R. VIJAYINDRA RAO,
Director of Statistics & Agriculture.

METEOROLOGICAL DEPARTMENT, GOVERNMENT OF INDIA.

RAINFALL CIRCULAR No. 5 OF 1891.

Instructions for use of Measuring Gauges.

On one side of the gauge for measuring the funnels of rain-gauges parallel lines of different lengths are drawn. The length of the middle line is exactly five inches, and this is shown by the mark 5″ at its ends. The others increase or diminish by 0·2 inch, and the lengths of the various lines are 4·94, 4·96, 4·98, 5, 5·02, 5·04, and 5·06 inches respectively. Except in the case of the middle line the last figure only is marked, so that 4·9 or 5·0 has to be supplied for the shorter or longer lines.

When using the gauge take hold of it in the middle by the thumb and first finger as shown in the above woodcut, and place it in the funnel of the rain-gauge with the longer side up, and the lines as nearly horizontal as possible. Should it then coincide with a diameter of the funnel, the length of this diameter will be indicated by the figures at the end of the line on the face of the measuring gauge joining the points where it touches the edge of the funnel. If this line be the middle one, the diameter of the funnel is five inches, but if the mouth be larger than it ought to be, the measuring gauge will go further down, say, till the next line above the middle one fits the mouth of the funnel. In this case its diameter will be 5·2 inches. If the mouth be less than 5,″ the lower lines (of 4·98 inches, 4·96 inches, or 4·94 inches) will enable the length of the diameter to be measured, and if more than five inches the higher lines (of 5·02, 5·04 and 5·06 inches) will enable the diameter to be gauged.

It is not likely that the diameter will be exactly the length of one of the lines drawn on the face of the measuring gauge, but sufficient accuracy will be obtained if the length be given correct to one hundredth of an inch. This may be easily done by observing whether the line joining the points of contract of the measuring gauge with the edge of the funnel coincides most nearly with one of the lines on the measuring instrument or with a line midway between two of the lines traced on the measuring gauge.

Care should be taken that the measuring gauge is not forced into the mouth of the funnel, but placed in it with the ends of the gauge lightly touching the edge at equal distance from the middle line. If this be attended to the lines on the face of the measuring gauge will be horizontal, and the diameter of the funnel may be measured correct to even less than a hundredth of an inch.

To test whether or not the measuring gauge lies along a diameter of the funnel, keep one end fixed and try if the other can be moved to the one side or the other. When this is no longer possible, the diameter has been found.

When the instrument is used to test a rain-gauge, it is employed to determine—

1. Whether the mouth of the funnel is truly circular.
2. Whether the circle is of the proper diameter.

In order to test if the instrument is truly circular or not, measurements should be made in different directions across the mouth of the funnel. If these agree within the hundredth of an inch, the rim may be accepted as circular. If not, the measurement of the greatest and least diameters or distance across the rim should be given, in order to enable, if desired, a correction to be applied to the actual measurements of rainfall to allow for the error due to the change of shapes of the rim.

If the mouth of the rain-gauge is found to be circular, the measurement of the diameter should be taken as carefully and exactly as possible, so as to be certainly correct within a hundredth of an inch, which is the limit of error adopted by the Meteorological Department for rain-gauges in actual use. If the error exceeds this, the instrument should be replaced as soon as convenient by a new instrument.

BANGALORE,
28th June 1892.

M. NARAIN RAO,
Under-Secretary.

Mysore Government Central Press, Bangalore.—1892.

1094

THE MYSORE GAZETTE.

EXTRAORDINARY.

Published by Authority.

BANGALORE, SUNDAY, FEBRUARY 28, 1892.

Notification by the Govt. of His Highness the Maharaja of Mysore.

GENERAL.

NOTIFICATION.

No. 453, *dated* 22*nd February* 1892.

1. It is hereby notified by the Government of His Highness the Maharaja of Mysore that the exclusive privilege of selling country spirits in the defined tracts specified in the subjoined schedule for the official year beginning 1st April 1892 and ending 31st March 1893, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates and at the places specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale, may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction at the upset prices mentioned in the aforesaid schedule, and will be knocked down to the approved highest bidder above those prices, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid. Should there be no bid above the upset price, the officer conducting the sale, may lower the upset price at his discretion.

3. Parties intending to bid must attend either in person or by duly authorized agents, and no person will be permitted to bid either on his own behalf or on account of any one else until he has deposited Rs. 200. The deposits made by the unsuccessful bid-

ders and not forfeited as hereinafter provided, will be returned at the close of the sale. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. The existing shops in each farm are specified in Appendix D.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the appended Form A, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1.) The exclusive privilege shall extend only to the sale of country spirits ordinarily of 20° under proof, and with the special permission and passes of the Deputy Commissioner or other officer authorized by him, to the sale of double distilled spirits and "Milk punch" in bottles duly corked and labelled in the Central Distillery.

(2.) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from April 1892; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on the 15th of the month following.

(3.) The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the farm. Failing payment of each monthly rent by the 15th of the next month, the Deputy Commissioner will recover the same under the rules in force for the recovery of land revenue, together with interest at 6 per cent per annum. No remission or abatement of the rent, shall, on any account whatever, be claimable by the licensee.

(4.) (*a*) The licensee shall purchase the spirits for issue to his shops from Messrs. Parry and Co., who have been appointed Distillers for the manufacture of country spirits for the State, or from any Bonded Ware-house established under the sanction of Government. The rate to be charged by such distiller for spirits supplied by him shall be 10½ annas per gallon of 20° under proof, and proportionate rates for higher or lower strengths in accordance with Cassella's rules. The spirits shall be sold to the public at Rs. 5—5—0 per gallon of 20° under proof, and at proportionate rates for higher or lower strengths.

(*b*) The above rate is in addition to excise duty which shall be prepaid into the local Government Treasury, as per condition (6), at the rates specified in the subjoined schedule, before the removal of the spirits from the Distillery, or from any Bonded Ware-house established under the sanction of Government.

(5.) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of the liquor covered by the receipt, and on payment of the prescribed price of such liquor to the distiller or his agent, or any person appointed by Government on this behalf, the Assistant Supervisor or other officer in charge of the Distillery or Ware-house shall issue the quantity of liquor equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer aforesaid as to the date and hour when the liquor was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form under the rules in force for the transport of the liquor from the Distillery or Warehouse. The licensee who obtains liquor from a Bonded Warehouse, shall pay both the price of liquor and duty into the local Taluk Treasury.

(6.) The licensee shall maintain at a place or places within his farm, where it may be considered necessary by him and the Deputy Commissioner, a Depôt or Depôts to which all spirits purchased by him, shall be conveyed in the first instance for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The Depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such Depôt shall be opened without a license from the Deputy Commissioner in the prescribed Form B. hereto appended.

(7.) The spirits shall be sold as issued from the Distillery or Ware-house, and shall not be adulterated or diluted in any manner in the shops.

(8.) The licensee shall keep true accounts of the quantity and strength of the spirits purchased by him and issued to shop-keepers. The passes issued with the liquor purchased by him, shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government hereafter.

(9.) The spirits shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10.) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11.) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling country spirits; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12.) The licensee shall be bound to take over any arrack which may remain as stock in hand on the 1st April 1892 in the existing wholesale Depôt in his farm, paying to the old contractors such compensation for the same as may be fixed by the Excise Commissioner.

(13.) The licensee shall be bound by the provisions of the excise laws and rules in force or by any additional rules which may from time to time be prescribed

under the excise laws. The licensee shall use such measures as may from time to time be prescribed by Government.

(14.) This contract shall not be transferable except with the permission of Government.

(15.) The remaining terms and conditions shall be as set forth in the shop license, Appendix C.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach of such conditions, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government ; and all loss thereby caused should be made good by the licensee. When a lease is cancelled, the rent for the whole period of the lease shall become due at once. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of Land Revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise Laws for the time being in force.

10. For the convenience of the farms which are far away from the Government Central Distillery, Bangalore, Bonded Warehouses are proposed to be established at the following places, namely, Bowringpet, Tumkur, Mysore, Arsikere, Kadur and Holalkere ; and any future alterations of localities of such Bonded Werehouses will from time to time be duly notified.

"By Order,"

T. ANANDA ROW,

Chief Secretary.

THE MYSORE GAZETTE.

EXTRAORDINARY.

Published by Authority.

BANGALORE, FRIDAY, MARCH 11, 1892.

Notification by the Govt. of His Highness the Maharaja of Mysore.

GENERAL.

NOTIFICATION.

No. 452, *dated* 22*nd February* 1892.

1. Notice is hereby given that the right of selling country spirits in each of the shops in the tracts specified in the subjoined schedule, for the year beginning 1st April 1892 and ending 31st March 1893, will be put up to public auction on the dates and at the places named in the said schedule, by the officers therein mentioned.

2. Each bidder at the auction will deposit a sum of Rs. 50 previous to bidding. The shops will be knocked down to the approved highest bidder above the upset price mentioned in the aforesaid schedule, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bid must attend either in person or by duly accredited agents. Should there be no bid above the upset price, the officer conducting the sale may lower the upset price at his discretion.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and not forfeited as hereinafter provided, will be returned to them. As the auction proceeds, the person whose bid is accepted for each shop, shall at once deposit a sum equal to half a month's rent for that shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop will at once be put up again on the above conditions, and he will be debarred from bidding again for the same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3, shall also, within seven days from the date of the auction, deposit such further sum as, with the first and 2nd deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses in the appended Form A on the conditions hereinafter set forth. On the failure of any person to make the deposit, or to take out licenses as aforesaid, the shop or

shops will be resold at the risk of such person, or if the auction hereby notified, has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Re-sales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the re-sale. In the latter case the forfeited deposit will be deducted from the loss arising from the resale, and the remainder if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. The details of the existing shops are given in Appendix B.

Conditions.

(1). The privilege conferred by the license, extends only to the sale of country spirits of the strength of 20° under proof, and with the special permission and passes of the Deputy Commissioner or other officer authorized by him, to the sale of double distilled liquors and "milk punch" in bottles duly corked and labelled in the Central Distillery.

(2). The amount for which the privilege has been purchased, shall be payable into the local Government treasury in equal monthly instalments commencing from April 1892; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on the 15th of the month following. The deposit of two months' rent made by the licensee will be taken in payment of the rents due for the last two months of the period of the farm. Failing payment by the 15th of the next month, the Deputy Commissioner shall at once proceed to recover the arrears together with interest at 6 per cent under the rules in force for the collection of land revenue. No remission or abatement of the rent shall, on any account whatever, be claimable by the licensee.

(3). The licensee shall purchase the spirits to be sold in his shop from Messrs. Parry and Co., who have been appointed distillers for the manufacture of country spirits for the State, at the rate of 10½ annas per gallon of 20° under proof delivered at the Distillery, or from any Bonded Warehouse established under the sanction of Government, and at proportionate rates for higher or lower strengths according to Casella's Rules. The spirits shall be sold to the public by the licensee at Rs. 5—5—0 per gallon of 20° under proof, and at proportionate rates for higher or lower strengths.

(4). The licensee of every shop in the Towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5). The above rate and fees are in addition to the Excise duty which shall be prepaid into the local Government Treasury, as per following condition (6), at the prescribed rate of Rs. 4 per gallon of 20° under proof, and at proportionate rates for higher or lower strengths, before the removal of the spirits from the Distillery, or any Bonded Warehouse established under the sanction of Government.

(6). The licensee shall pay the above duty into the local Government Treasury a[illegible] obtain a receipt in the prescribed printed form. On production of such receip[illegible] and an indent for the supply of the liquor covered by the receipt, and [illegible] payment of the prescribed price of such liquor to the distiller or his age[illegible], or any person appointed by Government on this behalf, the Assistant

P165

Supervisor or other officer in charge of the Distillery or Warehouse shall issue the quantity of liquor equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer aforesaid, as to the date and hour when the liquor was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in the prescribed form for the transport of liquor from the Distillery or Warehouse.

(7). The licensee shall use such measures as may from time to time be prescribed by Government.

(8). The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(9). The remaining terms and conditions shall be as set forth in Appendix (A).

7. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused shall be made good by him. When a lease is cancelled, the rent for the whole period of the lease shall become due at once, which shall be recovered as if it were an arrear of land revenue.

8. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise Laws or rules in force.

9. Bonded Warehouses in place of the existing Wholesale Depôts will be established the City of Bangalore, Town of Mysore and at Bowringpet. The shopkeepers in these eral places and in the vicinity of Gold Fields will draw their supply from such Ware-es, prepaying the price of liquor and duty, at the prescribed rates, into the respective treasuries as per following particulars:—The shopkeepers in the City of Bangalore and Town of Mysore will make their payments into the Taluk treasuries at Bangalore and Mysore respectively, and those of Bowringpet, Betmangala and other places near the Gold Fields into the Taluk treasury at Bowringpet.

By Order,

T. ANANDA ROW,

Chief Secretary.

APPENDIX A.

License for Retail Sale of Arrack (Sections 12 *and* 13 *of Act XXII of* 1881),

Retail Arrack License to Independent Shop-keepers.

Register No.

Name of License-holder

Names of Vendors and shopmen

Locality

I Deputy Commissioner, District,

do hereby grant a license for the retail vend of Arrack manufactured in the Mysore State

to at

in the

on the following conditions :—

I. This license is not transferable by sale, gift, mortgage or otherwise, and no persons except such as are named herein shall have power to act under it.

II. The vendor or vendors shall equally with the license-holder be responsible in the penalties herein set forth for breach of any of the conditions of the license.

III. The license-holder shall purchase the spirits from the distiller who is authorized to manufacture country spirits, or from a Bonded Warehouse established under the sanction of Government. The rates to be charged by distiller for spirits supplied by him are as under-per Imperial gallon (delivered at the distillery or warehouse) :—

	Rs.	A.	P.
For spirits 20° under-proof	0	10	6
For spirits of higher or lower strengths. Proportionately according to Cassela's rules.			

IV. The license-holder shall pay a Registration fee under Section 58 of the Municipal Regulations at the rate of Rs. (180) one hundred and eighty per annum or for any portion of the year in advance for the time this license is granted, and he shall pay a license fee of (4) four annas per gallon on all arrack sold by him in excess of 55 gallons a month.

V. The above rates are in addition to excise duty, which shall be prepaid to Government at the rates specified below per Imperial gallon, before the removal of the spirits from the distillery or from any Bonded Warehouse; namely, on spirits of 20° under-proof Rs. 4, and proportionately on spirits of higher or lower strengths.

VI. Sales of liquor under this license shall be made only in the shop for which this license is granted at the rate of Rs. 5 As. 5 per gallon of 20° under-proof, and at proportionate rates for higher or lower strengths. The measures to be used shall be only those as may from time to time be prescribed by Government. For sales of liquor of higher strength than 10° under-proof and of lower strength than 20° under-proof, the special orders of the Deputy Commissioner shall be obtained. Liquor of 10° under-proof shall be sold only to respectable individuals under special passes issued by the Excise Department, and in bottles duly corked and labelled by the Senior Officer in charge of the Distillery.

VII. They (license-holder or vendor or vendors) shall not sell nor give any arrack to any individual to convey out of their shops or premises, except that they may do so up to one quart bottle only to respectable persons on special passes issued by the Excise Department.

VIII. They (license-holder or vendor or vendors) shall not sell nor give any arrack in any quantity whatever, either directly or indirectly, to any European Non-Commissioned or Warrant Officer, or Private Soldier, or to any European or East Indian woman connected with or related to men of these classes, and they shall not permit drunkenness or disorderly behaviour in their shops or premises, nor suffer any gambling whatsoever therein, and shall not knowingly permit prostitutes or persons of notoriously bad character to meet or remain therein, or wilfully harbour or conceal therein soldiers or others, knowing or having reason to believe such soldiers or others to be deserters, nor shall they permit more than two drams to be drunk by the same person at the same time on their premises.

IX. They (license-holder, vendor or vendors) shall not receive any articles whatsoever in barter or pledge. Payment for liquor shall be received by them in ready money only, and they shall not knowingly sell or give any liquor to any person under 12 years of age.

X (*a*). The liquor 20 degrees below proof, as purchased from the Distillery, shall not be diluted or adulterated, and all liquor found to be below that strength shall, if there is reason to believe it became so owing to the conduct of the license-holder or his vendor, be seized and placed before a Magistrate, who, after testing it, shall summarily confiscate it, if he agrees that it is diluted or adulterated owing to the license-holder or vendor's neglect. In cases where there is evidence of dilution or adulteration, the case will be heard and tried under para XVIII of this license.

(*b*). No water or other beverage, or liquor other than arrack of any quantity whatever shall be kept or sold in the shop in which arrack is sold, or on the person or in possession of the license-holder or vendor or any of his employés in the shop.

XI. Bad characters shall not be allowed to resort to the shop, and gaming, disorderly conduct, &c., therein shall be prevented; and information of suspicious characters shall be given to the Magistrate or Police Officer.

XII. The license-holder shall fix in a conspicuous place outside of his shop a board on which shall be legibly printed his name and the number of his shop and the articles he is licensed to deal in.

XIII. The license and shop accounts which shall be true and correct, shall be produced for inspection to the Deputy Commissioner or any Magistrate having local jurisdiction, or any officer acting under the warrant of a Magistrate, or any Excise Officer authorized to require such production; and entry to the shop shall be allowed to any Police Officer of and above the rank of Chief or Head Constable or to any Excise Officer at any hour. The sales of liquor of higher or lower strength than 20° under-proof shall be accounted for separately in the prescribed forms.

XIV. The amount of fees payable from the shops under Condition IV above, shall, in the towns of Bangalore and Mysore, be paid to the Officers appointed by the President, Municipal Commission, to receive the same.

XV. The following stock shall always remain on hand and not be trenched upon :—

	Spirits (Arrack).	Remarks.
I. In the Towns of Bangalore and Mysore and in the Gold Fields	2 Gallons.	

XVI. The shop shall be closed by 9 P. M., and not be opened before 6 A. M., except on special permit in cases of festivals, &c.

XVII. The shop shall have only one door, and no windows or other openings shall be allowed to the rear or at the ends of the building. The bar at which the arrack is sold shall be opposite the entrance door, and so situated that all persons inside can be seen by any one passing to and fro in the street, and no second room shall be used for the sale of liquor, or be kept open for customers.

XVIII. A breach of any one of the above conditions and restrictions will subject the holder of the license and shops-vendor, on conviction before a Magistrate, to fine under Act XXII of 1881 or to forfeiture of the license under Section 13 of the Act, or both. THE MYSORE GAZETTE.

EXTRAORDINARY.

Published by Authority.

BANGALORE, THURSDAY, MARCH 31, 1892.

Notification by the Govt. of His Highness the Maharaja of Mysore.

GENERAL.

NOTIFICATION.

The 30th March 1892.

No. 495.—Whereas inconvenience is experienced, as the rules framed by the Government of His Highness the Maharaja under the Excise Act XXII of 1881, are scattered among detached Notifications, and whereas it is expedient to consolidate them and publish them in a connected form, the following rules framed by the Government of His Highness the Maharaja under the provisions of the Excise Act XXII of 1881, are hereby published for general information and guidance in lieu of all existing rules relating to the subjects herein dealt with :—

PRELIMINARY.

These Rules are divided into three parts, namely—

PART I.—The manufacture of country spirits and management and supervision of the Distillery, Bonded Warehouses and Bonded Depots ;

PART II.—The sale and transport of country spirits grant of "Vend farms" and "separate shops" and issue of Licenses and passes ; and

PART III.—Miscellaneous.

PART I.

THE MANUFACTURE OF COUNTRY SPIRITS AND MANAGEMENT AND SUPERVISION OF THE DISTILLERY, BONDED WAREHOUSES AND BONDED DEPÔTS.

I. The exclusive privilege of the manufacture of country spirits (or arrack) shall be disposed of from time to time in such manner and for such fixed period as the Government may direct and appoint in that behalf.

II. The person to whom this privilege may be granted (called the Manufacturer hereafter), shall exercise the same in strict accordance with the Excise Law and Rules thereunder passed by Government, which may be in force for the time being, and subject specially to the following conditions ;—

1. The privilege granted to the Manufacturer shall not include the manufacture or sale of toddy, of "foreign spirits and foreign fermented liquors", or of beer.

2. The Manufacturer shall manufacture the country spirits (or arrack) within the enclosure of the Government Distillery near Bangalore, or at such other place as may be approved by the Government. For the use of the Distillery building near Bangalore and the arrangements existing in connection with the water-supply, the Manufacturer shall pay such rent as may be fixed by Government.

3. The rate of price at which the Manufacturer is to supply country spirits to the Government, shall be fixed for 20° under proof, and this rate shall be the price at which the same shall be sold by him to separate shopkeepers and to renters of vend farms in defined tracts. For liquor of greater or less strength than 20° under-proof which may be specially manufactured and issued under Rules sanctioned by the Government, the price shall be calculated proportionately (upon the price for 20° under proof in accordance with Casella's rules.

4. The Manufacturer shall keep ordinarily the supply for a month's consumption, and never less than a minimum fixed by Government, in store at the Distillery. This minimum is fixed at 17,500 gallons until further orders.

5. The Manufacturer will be allowed to purchase liquor from any Sugar Factory which may be established in Mysore, and which may be authorized by Government to distil country spirits, the grant of the privilege of manufacture to the Manufacturer notwithstanding, the Government always retaining the power to authorize the distillation of country spirits in any Sugar Factory. Should the Manufacturer himself establish a Sugar Factory and distil country spirits therein with the permission of the Government, he will be bound to keep in stock such quantities of liquor at such Factory as may be fixed by Government.

6. In outlying tracts where, owing to small consumption or other causes, there is reason to suspect illicit distillation, Government shall be at liberty to establish outstills.

7. The Government may allow the Manufacturer to manufacture Colombo or other kinds of arrack or liquor, subject to such conditions as to the mode of manufacture, payment of duty, the Agency of sale, and other matters as the Government may prescribe on the application of the Manufacturer.

8. The Manufacturer shall, upon receipt by him of price at the rates fixed by his contract, sell the liquor at the Government Distillery or other place where he may be allowed to manufacture. Such sales shall only be—

1st. for the supply of such Bonded Warehouse, if any, as Government may decide to establish and maintain; and for issue to the Bonded Depots in charge of any Government Contractor appointed by Government to distribute the liquor to such vend farms in defined tracts or such separate shops in specified localities as may be fixed by Government;

2nd. to separate shop keepers (Retail vendors) licensed to sell in the Civil and Military Station of Bangalore, in the Cities of Bangalore and Mysore and in other places to which the separate shop system may be extended;

3rd. to renters of vend farms to whom the Government may sell the right to vend liquor in defined tracts.

III. The following rules shall regulate the relations of an incoming Manufacturer to an outgoing Manufacturer :—

1. The old manufacturer shall give, and the new manufacturer shall take over, any arrack which may remain as stock in hand on the last day of an expiring contract, the latter paying the former for the same such value as may be fixed by the Exise Commissioner. Such stock shall not ordinarily be in excess of that manufactured monthly on an average for the past 36 months.

2. Should the new Manufacturer so require, the old Manufacturer shall cease preparing "wash" during the last month of an expiring contract, and vacate the buildings to admit of the new Manufacturer commencing operations. Notice to this effect should be given in writing to the old Manufacturer at least one week previously. Should no such notice be given, the old Manufacturer will continue distilling only till the end of his contract, and must, by that date, utilize all the wash on hand, and cease distilling thereafter.

3. If any apparatus, stock and block belonging to the old Manufacturer be required by the new Manufacturer, he shall give notice to the old Manufacturer of his intention to purchase them at a fair valuation, at least a month before the expiry of the old Manufacturer's contract; and in case of dispute, the Excise Commissioner will decide what such fair valuation shall be. But if no such notice be given, the old Manufacturer shall be at liberty to remove the same, leaving the new Manufacturer to make his own arrangements in the matter. Improvements of a permanent nature shall be retained and not be disturbed, except with the approval of the Executive Engineer.

V. The following rules shall regulate the management and supervision of the Distillery and the manufacture and storage of country spirits in it :—

1. The Distillery shall be opened at sun-rise and be closed at sun-set, except on Sundays and authorized holidays, when it will be closed. Under the special order of the Excise Commissioner, and on such conditions as he may prescribe, the Distillery may be worked during nights and on holidays to bring up stock or to meet urgent demand.

2. The Distillery shall be open at all times for inspection by the officers of the Excise Department, or any other official appointed for the purpose. All locks of the Distillery shall be sealed after work is closed each day, and the keys delivered under seal to the officer in charge of the Distillery for safe custody. No arrack shall be taken out of the Distillery until it has been measured and tested by an official of Government appointed for that purpose. The Manufacturer shall promptly execute such repairs to the Distillery buildings and channels as may be pointed out by the Executive Engineer, provided the cost in the year does not exceed 50 rupees.

3. The spirits manufactured shall be of good quality. The articles used in distilling shall be approved by the Senior Officer in charge of the Distillery. No ingredients obnoxious to health shall be used in distilling, or put into the arrack after it has been made. Standard Saccharometors by Long and Dring and Fage for determining the gravity of the "wash" in its several stages till distilled, shall be kept by the Manufacturer, and a true and correct record maintained for verification and check by the Excise officers. Al "wash" shall be secured under lock and key and kept in closed rooms. All spirits shall be kept in a store-room which will be provided by Government for the purpose, and the key of which will be kept by the Officer in charge.

4. The liquor manufactured shall not be adulterated or diluted. But distilled water may be used at the Distillery under the supervision of the Senior Officer in charge of the Distillery, for the purpose of reducing the strength of the liquor.

5. The measure to be used at the Distillery shall be the Standard Imperial gallon; and $\frac{1}{51}$ part thereof shall be equal to one "arrack dram" of 1,500 minims. These measures shall be passed and sealed by the Excise Department.

6. Cartier hydrometers shall be supplied to the Distillery at the expense of the Manufacturer.

7. All liquor up to 16° Cartier shall be passed into stores as good liquor.

8. All liquor at 15° Cartier and below shall be designated (Chuppe)faints. No "Chuppe" or hot or warm liquor or any liquor which is discolored or tainted with venom or verdigris shall be passed into stores.

9. No liquor below 15·5° Cartier shall be allowed to be mixed either at the still or brought into stores to be mixed with good liquor.

10. Liquor in any way discolored or with a burnt or bad smell shall be re-distilled, and not admitted into the stores.

11. When "weak faints" are redistilled, either four pounds of common salt or a couple of baskets full of charcoal per still, shall be used.

12. In stills which have not been worked for more than three days, water shall be distilled prior to using them for distillation of liquor.

13. All still-heads, pipes and worms used for the distillation or reception of liquor shall be of cast tin; but if copper heads, pipes and worms are used, they shall be properly and efficiently lined with tin at prescribed intervals.

14. The Manufacturer shall keep true and correct accounts in the prescribed forms of his receipts and disbursements, and of the quantity and strength of the spirits manufactured in and issued from the Distillery, and of all the materials received and expended daily at the Distillery. The cash accounts of the Manufacturer shall be posted up daily, each item of purchase of stock being duly vouched; and an abstract of the cash accounts in the prescribed form shall be furnished monthly to the Excise Commissioner's Office, duly attested by the Manufacturer or his Agent. He shall produce all such accouuts, whenever required to do so, for inspection by the Excise Commissioner, or any other official appointed for the purpose.

V. The following rules regarding the issue of liquor from the Distillery shall be observed:—

1. Liquor shall ordinarily be issued at a strength 20° under proof (excepting in special cases hereinafter mentioned). Should a shop keeper or vend renter desire to have liquor at a higher strength than the above, the liquor so issued shall not be of a greater strength than 10° under proof. Liquor of strength at 10° under proof shall be issued from the Distillery in two dozen quart bottles, four dozen pints and so on for lower denominations of flasks as for English and Foreign spirits; the bottles shall be supplied by the shop keeper or vend renter, as the case may be, and the liquor shall be issued in such bottles from the Distillery, with the seals and labels affixed on them by the Senior Officer in charge of the Distillery, and under cover of his passes. In cases in which breakage in transit may be apprehended, the Senior Officer will arrange for the bottling and sealing being done by Range Supervisors to whom adequate supplies of such liquor may be sent in jars from the Distillery for the purpose.

2. Should the shop keeper or vend renter wish to have liquor of higher strength than 10° under proof, he shall obtain therefor the special orders of the Deputy Commissioner of the District for which the liquor is intended. Under these special orders, the liquor indented for will be issued.
